1. **THERE IS REASON** to be optimistic that a healthy compensation increase, plus Educational Retirement Contribution, might pass this session of the state legislature. That’s the view of UNM’s legislative team in Santa Fe. A five percent compensation increase is the goal approved by the Council of University Presidents and supported by all the member institutions.

2. **PHYSICS AND ASTRONOMY** Professor and Regents' Professor Wolfgang Rudolph has been named as one of 58 new fellows of the Optical Society of America (OSA). Rudolph was recognized for pioneering contributions to ultrashort pulse physics and groundbreaking research in femtosecond pulse microscopy and spectroscopy. Fellows are selected on a variety of criteria such as record of publications related to optics, service to OSA, achievements in optics and or management ability.
