—continued from page 8 notes on reading

The forty-four well chosen illustrations are of high quality both technically and artistically. Many are new views of familiar buildings or excellent details which add immeasurably to one's enjoyment of the plates. Also included is a very useful bibliography.

Thus the major contribution of this new biography is in its amplified account, often enriched with new information, about the life of Louis Sullivan. With architectural discussions minimized a broader, non-technical audience can be reached and introduced to the life and work of this revolutionary American architect.

H. Allen Brooks
University of Toronto

—continued from page 15 study trip

is. Like a thoroughbred horse each has a pride or even arrogance of manner tempered by a gentlemanly consideration for its neighbors.

These two ideas were the principal souvenirs I brought home from my trip.

Among the places visited were: Colorado Springs, Kansas City, Chicago, Toledo, Firelands district of Ohio, Buffalo, Finger Lakes, Salem, Ipswich, Marblehead, Brandeis, New Haven, New Hope, Washington, D. C., Williamsburg, Charlottesville, plantations along the James, Columbus, and Louisville.
