A GUIDE TO THE LITERATURE OF THE SOUTHWEST

Lyle Saunders

THIS BIBLIOGRAPHY, a service of the Inter-American Section of the University of New Mexico's Research Bureau on Latin America and Cultural Relations in the Southwest, attempts to list, with as much thoroughness as time and resources permit, current materials dealing with the Southwest. The Southwest, as here defined, includes all of New Mexico and Arizona and parts of Texas, Utah, Oklahoma, Colorado, Nevada, and California.

The symbol (F) designates fiction; (J) is used to indicate materials on the juvenile level. Included here are mainly those items which were published or came to our attention between January 1 and March 31, 1946.

Materials for this issue were mainly compiled by Richard Niditch and Robert G. Conway.
