A GUIDE TO THE LITERATURE OF THE SOUTHWEST, XXXVI

THIS BIBLIOGRAPHY, a service of the University of New Mexico's Research Bureau on Latin America and Cultural Relations in the Southwest, the School of Inter-American Affairs, the Department of Sociology, and the New Mexico Quarterly, attempts to list, with such thoroughness as time and resources permit, current materials dealing with the Southwest. The Southwest, as here defined, includes all of New Mexico, Arizona and Texas, and parts of Utah, Oklahoma, Colorado, Nevada and California.

In order to conserve space, items from periodicals that are indexed in the Readers' Guide to Periodical Literature, the Education Index, and the Industrial Arts Index have been eliminated.

Included in this issue are mainly those titles which were published or came to our attention between September 1 and November 30.
