FOREWORD

The Associated Women Students of the University of New Mexico wish to present this booklet to the Freshmen women and to the upper-class women who are entering the University for the first time.

We are attempting, with its aid, to acquaint the new women students with the history, tradition, customs, and regulations of the University, as well as the many little things which go to make university life.

By the CO-ED CODE we sincerely hope you will become more quickly acquainted with the University and will find a place for yourselves among the varied student activities. It is from co-operation with the University, its faculty, and its student body, through its organizations and activities, that the student reaches a fuller realization of college life.

LENA C. CLAUVE
Dean of Women

**MESSAGE FROM THE DEAN OF
WOMEN**

May I take this opportunity of extending a most cordial welcome to all our new women students. We are pleased that you have chosen to come to the University of New Mexico and we want you to be happy here

with us. The administrators, faculty, and students are anxious to help you get acquainted as soon as possible with all phases of University life so that you may receive all the benefits you have anticipated.

Enter into things wholeheartedly. Study, but also take part in some activities so that your University life is not one-sided. Look into your future and plan now.

Not only is your co-operation urged in carrying on the traditions of the University, but it is also urged in carrying on the ideals, traditions, and standards of women students.

The Associated Women Students, an organization in which you have membership upon enrollment in the University, is your organization. Our young women have made many plans to help you and they seek your assistance. You are asked to call upon the splendid leaders or upon the "Big Sisters," who have been selected to assist you in every way, particularly during your Freshman year.

I am here to help you, so please feel free to come to me whenever you wish. Let us get acquainted as soon as possible so that I may be of service to you.

Again let me say—a most hearty welcome to you and may your University life be all that you have hoped for. It will be whatever you choose to make it.

LENA C. CLAUVE,
Dean of Women.

MARION ROHOVEC
President of A. W. S.

*A MESSAGE FROM THE PRESIDENT
 OF A. W. S.*

As president of A. W. S. I wish to welcome every new woman student to the University and into our organization.

On enrollment into the University of New Mexico each woman student becomes a member of the Associated Women Students.

The purpose of this organization is to foster a living school spirit, co-operation, and friendliness among women students, to secure uniform and individual representation in student activities, and to promote broad social interests among University women.

We hope to fulfill every one of these aims, and we can accomplish such aims with the co-operation of every A. W. S. member. Every girl will reach a fuller realization of college life through participation in some campus activity. We are anxious for each new woman student to find her place in the University.

May I, as president of the Associated Women Students for the coming year, extend a hearty welcome and the hope of every A. W. S. member—that you will be happy on our campus.

MARION ROHOVEC,
President of A. W. S.

RUTH HERON, *Vice-President*
of A. W. S.

JANE BALDWIN, *Secretary-Treasurer*
of A. W. S.

BIG SISTERS

Every Freshman girl who enters the University of New Mexico will be assigned a Big Sister. She is to be your advisor and friend throughout your Freshman year. She will be glad to have you bring any of your troubles or questions to her for her help, so feel free to call on her at any time.

More than half the battle of happiness in college life is becoming acquainted with your new surroundings and knowing how to meet your problems properly. The Big Sisters, who are Juniors and Seniors, were selected because of their leadership and good judgment and are qualified to aid you.

If, for some reason, you have not been assigned a Big Sister, notify Dean Clauve or any member of the Big Sister group.

We want you to be happy with our choice for you and to look upon your Big Sister as your friend and advisor.

THE SECTION LEADERS

The section leaders are a group of fourteen women, selected because of their leadership, to guide you through your first few days at the University. They are to aid you in becoming acquainted with the buildings of the University and the Campus. They will help you find your way to and from the various first activities. Let them be your guides until you feel sufficiently acquainted with the campus to find your way around.

Dean Knode has charge of this group and will give you any information concerning them.

ORGANIZATIONS FOR WOMEN

Maia

Maia, the honorary society for senior women, was organized on the New Mexico campus in 1923 for the purpose of upholding the traditions of the University and to this end to honor women who had achieved prominence in scholarship and extra-curricular activities.

Within this group rests the responsibility for the selection of the Sophomore Vigilance Committee, composed of outstanding Sophomore women, and the general guidance and instruction of the Freshmen women in the traditions and activities of the University.

Five women are selected at the end of each school year by the graduating members of Maia to become members for the following year. The selection is made upon a basis of scholarship, leadership, and interest in the University.

Women's Athletic Association

Hockey, basketball, archery—these are a few of the sports sponsored by the Women's Athletic Association. Organized to create a

more active interest in women's athletics on the campus, W. A. A. offers the chance to meet and make friends with many outstanding women through the good fellowship of sport.

Fifty points earned by making a team in any of the sports sponsored by W. A. A. entitles any woman student to membership. Interclass, intramural, and color tournaments are sponsored in over fourteen sports.

The College League of Women Voters

One of the most recent of campus organizations to be formed is the College League of Women Voters. The membership now includes between forty and fifty young women attending the University, the majority of whom are of pre-voting age. This organization is not a league of women who are already voting, but those who will be expected to vote in the next few years and desire to know something of voting rules and regulations, as well as deciding factors in voting.

During the year, the program is varied at the fortnightly meetings to include talks on local conditions, on national and international affairs given by speakers fully qualified to

address the group on each question. Open forum meetings are held, in which members participate freely.

Any woman student may belong to the College League of Women Voters.

Hokona Hall

Hokona Hall, the women's residential hall, is located near the center of the University campus.

All women students who are not living with parents, relatives, or in a sorority house are required to live in the dormitory.

At the first of each year the girls elect officers and become an organized group. During the year Hokona gives a formal dance, holds open house and are tea hostesses, as well as other such social functions.

Freshmen and sophomores live in Center hall, juniors and seniors in North hall, and graduates in the South hall.

Panhellenic Council

The Panhellenic Council exists for the purpose of creating and promoting greater cooperation between the women's Greek organizations on the campus.

The Council is the agency for the control of sorority activities, and is composed of representatives from each of the member houses and acts in an advisory and judicial capacity in inter-sorority affairs.

Sigma Alpha Iota

Sigma Alpha Iota is a professional musical sorority. SAI was installed on the University campus in June, 1935. Pa-Yat-Ya-Mo was the local organization.

This organization is primarily for the purpose of furthering the appreciation and study of music.

Scholarship, interest in music, and upper-class rating are the basis of election to membership.

Phrateres

Phrateres was founded at the University of California in 1924. Epsilon chapter of Phrateres was installed at the University of New Mexico in 1931. Although a comparatively young organization, Phrateres has grown rapidly and has assumed an active place in campus affairs.

Founded for the promotion of friendliness among the women students of the Uni-

versity, Phrateres furthers the ideals of friendship and co-operation with other groups on the campus. The organization is open to all non-sorority women.

There are three sub-chapters of Phrateres, governed by a general executive committee composed of the general officers, elected by the entire group. The three sub-chapters are Las Damitas, Laughlin, and Wicincila.

Kappa Omicron Phi

Kappa Omicron Phi is the national professional Home Economics fraternity. Its purpose is to further the interests of Home Economics among the girls on the campus. All girls majoring or minoring in Home Economics, ranking in the upper twenty per cent of the Home Economics students, are eligible.

2. The dues of the Panhellenic Association shall be two dollars and a half a month for each organization represented, payable at the first regular meeting of the semester. Delinquency of any fraternity shall cause that fraternity to forfeit the right to vote, until accounts are paid in full. Dues are considered delinquent after the second regular meeting of the semester.

(a). The treasurer shall be required to make a financial report at the opening of each meeting.

3. There shall be a standing committee representing three different women's fraternities, which committee shall be responsible for placing all women's fraternity magazines in the Library. They shall notify any editor whose magazine is missing from the files and shall report at each meeting the magazines to be found in the Library. They shall every two years provide the librarian of the University with funds for binding of all such magazines at the expense of Panhellenic, if the librarian thinks it necessary.

4. There shall be a rushing contract printed each year and a copy of this contract handed to each girl registering.

5. A system of bidding and pledging shall be used that shall not invite publicity.

6. The current Rushing Contract approved by the University Panhellenic and the University authorities shall be binding to each chapter and its members in the organization.

7. All sororities shall conform to the rules of fair play and the honor spirit, and any sorority breaking these, although adhering to the specific letter of the rules, shall be con-

sidered dishonorable and subject to penalty as selected by the board of penalties and Panhellenic, according to the seriousness of the offense. No sorority member should ever speak disparagingly of any other sorority member or sorority.

8. There shall be no pre-pledging. Pre-pledging is defined as asking a girl to become a member of a sorority or talking personally to rushees leading them to believe that a personal invitation is being extended to them to join a group before the time set by the Panhellenic Association. Any promise made by a rushee is a violation of this law and shall not be considered binding upon the girl. Oral bidding is defined as any communication whatsoever of a chapter with a rushee in regard to her preference for a sorority.

9. (a) No girl may be invited into membership in a sorority unless she is eligible for activities under the University Eligibility Rules. This means that a student must be regularly enrolled and carrying twelve or more hours of University work.

(b) Girls entering school at any time during rush week are eligible for pledging on the regular bid day.

(c) Girls entering school after the regular rush week may not be asked to join a fraternity until the second regular bid day.

10. A broken pledge must be reported to the Dean of Women and to the Panhellenic Association, immediately. No girl whose pledge is broken to one women's fraternity shall be asked to join another for one calendar year from the date on which her pledge is broken, and until her financial obligations to the first group have been paid in full; this applies to transfers.

11. Pledges expire one calendar year after the girls are pledged; this applies to girls leaving college before they have been initiated and to transfers.

12. *The signing of a preference card in acceptance of a bid shall be considered as a binding pledge.*

13. No chapter may initiate a girl until she has made an average of 1.0 in all her work during the semester immediately preceding initiation. She must have completed at least twelve hours during the previous semester and be enrolled in the University of New Mexico for twelve additional hours.

This 1.0 average will be estimated from the official grades in the registrar's office. Permission for initiation must be approved by the Registrar and the Dean of Women.

14. The following penalties may be imposed by the Board of Penalties, which shall not extend beyond the current college year:

- (1) Deferred pledging.
- (2) Deferred initiation.
- (3) Deprivation of social privileges (social privileges to mean all entertaining beyond or exclusive of formal rushing).

15. All complaints concerning the breaking of Panhellenic rules shall be reported to the president of the local Panhellenic. All complaints shall be acted upon within one week of the date of offense, except violations of the rushing contract, which occur during formal rush week. These complaints shall be acted upon immediately before the first bid day of the school year.

16. There shall be a Board of Penalties composed of the Dean of Women as chairman and two other suitable faculty members to be elected by the Association at the time of installation of officers, to serve for one year.

This Board shall handle complaints appealed from the local Panhellenic and impose penalties. An appeal from the decision of this Board shall be made to the National Panhellenic Congress.

WORD TO THE RUSHEE

Many inquiries are made each year by girls who for the first time are entering the University of New Mexico, concerning the nature of sorority membership and of "rushing." The following information is given in the hope of answering some of the questions:

1. A sorority is a group of congenial girls who have elected to establish a close affiliation with one another for four years as University students and thereafter as alumnae. They are organized for mutual help in getting an education and mutual pleasures in campus activities. Members and pledges, with a few exceptions, live in chapter houses under the direction of a chaperon.

2. A sorority is an invitational affair, each group choosing its own members who, it judges, will fulfill its requirements. Alumnae members of each sorority send recommendations to their groups if they have sisters, relatives, or close friends entering the University. These recommended persons largely make up the group of rushees in the fall rushing.

3. Since membership in a sorority is somewhat limited, and since many women do not choose to affiliate with a group, only about one-third of the women students are sorority members. The fact that a girl is not asked to join a sorority should not make her feel badly, and it is not a handicap to her college life unless she so regards it. To regard a sorority as a social aristocracy is harmful and inaccurate.

4. There is no set standard of sorority rating. The date of national or local founding does not necessarily accord sororities "relative rating" on a campus. Sororities change; the group to which your relatives belonged may not be the one in which you will find your closest friends. Your own ideals should be the standard for your judgment.

5. The procedure of securing new members is called "rushing," which simply means that a sorority entertains women at tea or dinner in order to become better acquainted. Formal rushing includes the period of rushing at the beginning of the first semester; however, there is informal rushing during the remainder of the school year. The sororities

desiring new members invite women to become pledges. This is known as "bidding," and the invitation is called a "bid."

6. Rushing is the time to make friends, so take advantage of it and get acquainted. You are not required to spend all your time with one group except at the "preference party." It is possible for you to divide your time so that you may visit several houses each afternoon during the first part of formal rush week, gradually limiting your acceptances as the week continues (see General Rushing Rules, (No. 7A)). Rushees are cautioned to leave parties promptly in order that they will not place themselves and the sorority in an embarrassing position.

7. The "preference party" is given by every group on Saturday night. Your acceptance of an invitation to one of these parties is an indication of your preference in sororities, but does not necessarily mean that you are pledged to be a member of that group. It is possible to accept only one "preference party" invitation with one group.

8. No rushee should continue to accept the hospitalities of sororities unless she is interested in receiving an invitation. If she does

not intend to pledge a sorority on bid day she should so inform the groups who are inviting her to social affairs. This does not mean that she will be ineligible at some future time, for girls may be pledged at any time during their college life.

9. Remember that it takes a unanimous vote of a group to bid a girl. Be yourself at parties; don't be affected. Do not rely upon men's judgment as far as sororities and rushing are concerned. You should also consider the expense of membership and whether belonging will benefit you educationally. You may receive information from the Dean of Women concerning the financial obligation of joining and belonging to any sorority.

10. We use the preferential form of bidding. On Saturday evening you may receive a preferential card, which means you have received an invitation to pledge a sorority. You are to fill out the card, indicating in order preferred the sororities in which you are most interested. In no case should you indicate a sorority whose invitation you would not accept. Sign your card plainly and return the card in person to the office of the Dean of Women, Administration Building,

on Sunday morning between the hours of 9-11:30 A. M. You are then notified of the sorority which has extended you an invitation and you will go to the sorority house that afternoon at the hour indicated in your invitation.

11. You should consider each group carefully before you accept a bid and pledge yourself to a sorority, for you are more or less choosing friends for a whole college career and for life. Look for the group which suits your ideals and with whom you will be congenial, whose friendships will mean something to you, and not for history or past reputation.

12. If you are undecided at the end of the rushing period, it is better to wait and be sure of your choice than to make a hurried one and find yourself in an uncongenial group. Many are pledged during the school year.

13. When you accept a bid by signing your preference card and pledge yourself to a sorority, you may not become a member of any other social sorority for one year from the date of pledging or for one calendar year from the date of a broken pledge.

14. When you are asked to join, remember everything is not settled. You are then entering upon a period of trial, a pledge trial which leads to initiation.

15. *Do not pre-pledge.* Pre-pledging is defined as asking a girl to become a member of a sorority or talking personally to rushees leading them to believe that a personal invitation is being extended to them to join a group before the time set by the Panhellenic Association. Any promise made by a rushee is a violation of this law and shall not be considered binding upon the girl. Oral bidding is defined as any communication whatsoever of a chapter with a rushee in regard to her preference of a sorority. Because a sorority does not ask for your preference is no evidence that you are not being considered. Continued invitations are an indication that you are liked by a group.

16. Do not double-date with anyone affiliated with a sorority until after bid-day. Formal rush week is "no date week" for all rushees. This is interpreted to mean no dates with men at any time on or off the campus. The penalty for violation of this rule is postponed pledging for one semester.

17. Each rushee must register at each of the sorority houses which she visits on the day of open house. She must give her full name and *local* address.

GENERAL RUSHING RULES

1. A meeting will be held during Freshman Week to which attendance will be compulsory for all rushees, pledges, and active members of each sorority represented in the University of New Mexico Panhellenic Association. It shall be the duty and responsibility of the president of each sorority to inform the mothers, patronesses, alumnae, actives, and pledges, as to rushing procedure.

2. Copies of rushing rules shall be given to sorority girls, to every prospective rushee, and house-mothers of each group. These rules are binding alike for all. *Ignorance of the law is no excuse.*

3. The word "rushee" refers to any woman student not affiliated with a national social sorority.

4. There shall be no rushing of new girls at trains or busses.

5. There shall be no rushing during Freshman Week. Sorority jewelry is not to be worn at any time during Freshman Week.

6. (a) No rushee may live in a sorority house or have any baggage sent to a house until she has been pledged.

(b) Rushees shall not be housed at the home of an active pledge, alumna, patroness, or mother of those affiliated with a group unless such an arrangement is to be permanent through the semester.

7. (a) Formal rushing season shall begin the first Monday following Freshman Week and shall close on the next Saturday at 12:00 P. M. On the first day, from 2:00 to 6:00 P. M., all sororities will hold open house to all women students who are interested in the organizations. The parties for the remainder of the week are invitational and all, except the "preference party," are held in the sorority houses. The hours are from 4:00 to 9:00 P. M. except on Saturday, when rushing begins at 6:00 P. M. It is possible for a rushee to visit several houses during an afternoon or evening. *Rushees may accept all invitations they receive on Tuesday and Wednesday; however, they must limit their acceptances to three on Thursday and two on Friday.* Sororities shall not keep rushees more than the appointed time unless there is no conflicting date. Rushees must keep all dates promptly.

(b) Each sorority shall have its "preference party" on Saturday night from 6:00 to 12:00 P. M. When a rushee accepts an invitation to one of these parties it indicates her preference of sororities.

(c) The invitations and acceptances for all parties are made through the office of the Dean of Women. The organizations shall have their invitations for all parties at the office by 8:30 A. M. each day, and the acceptances must be made between 9:30 and 12:30 of the same day. Lists of names and addresses of rushees, alphabetically arranged, must be presented each day with the invitations to be issued, which are also alphabetically arranged and correctly addressed.

(d) *At no time* shall parties be given earlier or held later than the hours indicated above. *At no time* is a sorority member to miss classes or to detain a rushee so that she is unable to attend classes regularly. It is important that registration take place on the days so designated. Your University work must come first.

(e) *There is to be no rushing at any place or any time outside the sorority house except the "preference party."*

(f) Silence shall begin on Saturday night at 12:00 o'clock and continue until Sunday noon. Silence is interpreted to mean no rushing or communication of any sort between rushees and all pledges, actives, alumnae, patronesses, and sorority mothers. Exception is made with sisters, daughters, and relatives in whose homes they are living. No active member, pledge, or alumna shall be on the campus during the hours the rushees call for bids.

(g) Men shall not be permitted in sorority houses or the Women's Residential Halls during rushing hours and shall in no way participate in rushing.

(h) No rushee shall be called for or taken from a chapter house by any sorority woman, nor shall she be provided with a car by a sorority woman, directly or indirectly, except for the "preference party."

8. Formal rush week is "no date week" for all rushees. This is interpreted to mean—no dates with men at any time on or off the campus. The penalty for violation of this rule is postponed pledging for one semester.

9. There will be informal rushing after the first bid day of the year. At no time shall rushing interfere with the University program of classes, or activities. Non-sorority women are included at social affairs only as representatives of the women's residential halls or Phrateres just as representatives from other sororities are invited to attend dances, formal teas, and banquets. There shall be equal representations from each group.

10. (a) The preferential bidding system is used. The first date of the school year for issuing sorority invitations is on the last day of formal rush week, usually Saturday. These pledging invitations from each sorority shall be delivered to the office of the Dean of Women by 2:00 P. M. of that day (Saturday).

The preference cards will then be sent out the same afternoon (Saturday) by messenger. Girls receiving the preference cards *will take them in person* to the office of the Dean of Women between the hours of 9:00 and 11:30 A. M. Sunday. At 12:00 o'clock the president of each group will call for the list of pledges.

(b) The invitations of each sorority shall designate the hour pledges are to be at the sorority house. Open house may begin at 2:00 P. M.

(c) After formal rushing season, pledging invitations are brought to the office of the Dean of Women by 12:00 (noon) on the last Thursday of each month. The preference cards will be sent out after 1:00 P. M. of the same day. Rushees will bring their preference cards to the Dean of Women on the following day between the hours of 2:00 and 4:00 P. M.

(d) The name on each pledging invitation must be correctly spelled and the correct address given.

11. (a) There shall be no rushing of high school seniors. This is interpreted to mean that any high school girl who is to enter a university or college the following fall should not be invited to a party given by a sorority pledge, active, alumnae, patroness, or mother of those affiliated with a sorority unless representatives of not less than two other sororities are present. In localities where it is possible each national sorority having a chap-

ter at the University of New Mexico must be represented. High school girls shall not be permitted to attend sorority parties except when paid in a professional capacity. Senior high school girls in town shall not be allowed in sorority houses except on occasions sanctioned by Panhellenic. In emergency cases special provision shall be made by the president of Panhellenic and the Dean of Women, provided they are notified previous to the occurrence.

(b) No money is to be spent on summer rushing; that is, no sorority girl, pledge, alumnae, mother, or patroness shall spend money on a prospective student.

(c) No out-of-town parties shall be given for rushing purposes.

12. (a) Rushing expenses shall not exceed \$125.00 for the entire year. This does not include flowers used as decorations. A written expense account must be given the Panhellenic Association and the Dean of Women not later than two weeks after the close of formal rush week and at the end of each semester.

(b) Food shall not be served at any of the parties during formal rush week, except the first day of open house and at the preference party. No favors shall be given at any party. The giving of favors is interpreted to mean giving any gift that can be taken away from the house.

13. In order to insure an equitable distribution of pledges among all groups and to maintain the fundamental spirit of co-operation and inter-fraternity feeling, members of the Panhellenic Association of the University of New Mexico mutually agree to a quota system as follows:

(a) Each group will be limited to 22 pledges throughout the year. Daughters and sisters of members count as a one-half pledge; re-pledges are not included in the total number.

(b) Vacancies in the pledge group caused by initiation cannot be filled.

(c) Each sorority will prepare two "bid" lists for bid day. The second, the alternate list, will be arranged in preferential order.

(d) In the event that each group fills its quota before the end of the school year, further pledging will be decided by the Panhellenic Association.

That a smile and a word makes a chap-

Who acts like the friend you admire most.
- Z Zest in work and vim in play
Makes school life be its best today.
