MPH Theory & Practice Seminar Students

September 22, 2002

Name _____

Pre-Instructional Assessment

To the best of your ability, please complete the following brief exercise *alone* so we can tailor our instructional session to your needs. If you do not know the answer to any of the following questions, do not worry about it. Simply circle "DNK" after the question. In our experience, *most* students new to the Health Sciences Center mark most of their responses "DNK" so please do not hesitate to make such a response.

1. How are books arranged at the UNM Health Sciences Library and Informatics Center? DNK
2. How are print journals arranged at the UNM Health Sciences Library and Informatics Center? DNK
3. How does one gain access to electronic journals at the UNM Health Sciences Library and Informatics Center? DNK
4. How would you determine the number of books owned by the UNM Health Sciences Library and Informatics Center on the subject of Social Medicine? DNK
5. How would you locate health statistics such as mortality and mortality data for different ethnic groups in New Mexico? The United States? Costa Rica? DNK
6. How would you find an article in the Medline database by Nina Wallerstein? DNK
7. What would be the most precise way to identify articles in the Medline database on the epidemiology of diabetes? DNK
8. How would you find a Reference/Reserve textbook published since 1995 on Communicable Diseases via the online catalog for the UNM Health Sciences Library and Informatics Center? DNK
9. For the following citation, please identify the requested component parts:

Roth PB, Gaffney JK. The federal response plan and disaster medical assistance teams in domestic disasters. *Emerg Med Clin North Am.* 1996 May;14(2):371-82.

Number _____ DNK Volume _____ DNK
Year _____ DNK Journal Title _____ DNK
Pages _____ DNK

Return this completed assessment to Dr Eldredge. Thank you.
