Envision NM 2.0 Maintenance of Certification (MOC)
American Board of Medical Specialties (ABMS) Multi-Specialty Portfolio Program
Sylvia Negrete, MD; Patricia Roldan, MS; Elizabeth Yakes Jimenez, PhD, RDN, LD; Alberta S. Kong, MD, MPH; Vanessa Will, PhD, CIP

Background
There are four MOC requirements for physicians:
• Part I: Professional Standing
• Part II: Knowledge Assessment
• Part III: Cognitive Expertise
• Part IV: Improvement in Medical Practice (IMP)

IMP/Part IV of MOC requires board-certified physicians to demonstrate competence in systematic measurement and improvement in patient care.

ABMS Multi-Specialty Portfolio Program Sponsor
Envision NM 2.0:
Offers a streamlined mechanism for health care teams to obtain performance in medical practice credit for quality improvement (QI) activities that meet specific criteria:
➢ 25 MOC Part IV Improvement in Medical Practice credits (pediatricians)
➢ 30 Category 1 PI-CME credits (physician assistants)
➢ 25 UNM CME credits for (physicians, physician assistants and other health care professionals)

QI activity requirements for MOC Part IV Credit:
At least
• Baseline Data Review*
• 2 PDSA’s or other metric tested
• 2 additional Data Reviews*
• Project Summary

*Must include patient demographics & insurance type and at least 50% Medicaid patients

Envision NM 2.0 MOC Process

Outcomes
• Streamlined mechanism for faculty and their teams to obtain MOC credit for QI activities in NM
• Improved approach for Pediatrics Residents to bank MOC credits for QI activities completed during residency to apply toward their first post-certification MOC cycle
