FOR PRESIDENT:

HORACE GREELEY.

FOR VICE PRESIDENT:

B. GRATZ BROWN.

The *New Mexican* of Oct. 8th contains a letter from Hon L. G. Murphy, of Lincoln county addressed to the "Editor of the BORDERER."

Had the letter been sent to us we should gladly have given Mr. Murphy the use of our columns, but as it is long, the reply we have to make will touch the essential points.

Mr. Murphy takes us to task for giving too easy credence to reports touching the honesty and good behavior of Cadette and his band of Mesquero Apaches at Stanton. Our article to which his letter seems intended to reply was an inquiry as to the mode the Indians have of raising stock so rapidly, and he denies that they were destitute when they arrived at the reservation. If this is so, current report at the time and we think official report also was at fault. Mr. Murphy says: "I cannot but regret to see you on all occasions where you mention anything concerning the Mesquero Apaches invariably misrepresenting facts."

We remember to have made a note some time since of the fact of Cadette driving Indians from his camp because as was alleged these Indians had stolen stock, and we gave him proper credit for the act. Was that a misrepresentation? We remember also to have noted the theft of stock from Paraje, which was found at Stanton reservation, and that subsequently Mr. Curtis recovered a part of the stock and returned it. If this was a misrepresentation our informant whose stock was stolen, recovered and returned to him was very unreliable. Whenever an act of honesty has been performed by those Indians or duty by the agent, has come to our knowledge we have always been glad to record it. Mr. Murphy again says: "Again I ask, has there ever been a single hair of a stolen animal traced to the Indians of this reservation?"

Well now let us repeat what among other cases was assured us by a gentleman who ought to know and we suppose did know, did not Mr. Boisselier of Tulare lose a horse some time ago, was not that horse sold by an Indian to a soldier at Stanton—did not that soldier upon his discharge sell this same horse to a citizen at the same place, and when Mr. Boisselier sued out a writ of replevin for said horse and brought the matter before a court and jury, with his own sworn testimony and the sworn testimony of several of his neighbors as to the identity and ownership of the animal—was he not met in court by a bill of sale made out by Mr. Curtis, the agent, to the present possessor of the horse as such Indian agent, and that too dated since the purchase of the horse from the soldier—and did not this bill of sale, and the statement of Mr. Curtis in court as to his powers as Indian agent prevent Mr. Boisselier from recovering the horse that had been stolen from him by the Indian and sold to the soldier at Stanton? These are the facts as reported to us by Mr. Boisselier himself, and he is a gentleman whose word is sufficient guaran-

ty of its truthfulness. Mr. Murphy then goes on to compare our "constituents" as he calls them, meaning the citizens of Doña Ana, and relates the case of Mr. Wilcox who lost mules from Lincoln, and which were traced through this county. We may be mistaken, but we believe the facts were about these. No citizen of Doña Ana county had or was supposed to have anything to do with the theft. They were traced through this county, and caught at El Paso in Mexico; were imprisoned, awaiting a requisition from the proper authorities, and by the action of the U. S. Consul at that place were liberated and allowed to make their escape; and we are quite confident we commented freely upon this action of the Consul, notwithstanding the assertion of Mr. Murphy, that we took no notice of the case. As to the action of Mr. Curtis during the last term of court in Lincoln, we know nothing and believe we have never said a single word and we cannot see what it has to do in this connection. We have heard that Mr. Curtis was well liked by the people generally; and we supposed did his duty as well as most of agents. As to his having received a present from Catette of a fine span of mules, which Mr. Murphy emphatically denies—the matter lies between Mr. Murphy's denial and the positive assertion of several gentlemen who have told us the fact and of seeing the animals in possession of the agent. Neither Mr. Murphy himself, nor Mr. Curtis the agent can be more anxious than ourselves and the citizens of Doña Ana, to know that the Mesquero Apaches do not steal. We have long been satisfied that they give less trouble to their white neighbors than most of the Indians of the territory, and we have always attributed this gratifying fact to the known influence of Messrs. Fritz and Murphy over the band, but it will hardly do for Mr. Murphy to deny that they do sometimes get a horse and a mule, or undertake to make a comparison between these savages and the citizens of Doña county.

FROM APACHE PASS.

We are permitted to make the following extract from a letter from Apache Pass of October 9:

"General Howard is still in Dragoon Pass, having a bit talk with the great Cachise. Capt. Sladen was in here to-day and informs us that there is no doubt of General Howard making a permanent peace with Cachise. They are now waiting for Cachise's people to come in and all will be settled. The place where he is to have his reservation has not yet been decided upon, but Captain Sladen thinks Cachise will choose Canada Alamosa. In that case you may expect him over your way soon. General Howard has purchased quite a lot of manta and other stuff for presents for Cachise and his people. Five men were killed near Crittenden a few days ago, supposed to be done by some of Cachise's band. Cachise acknowledged to having or rather some of his people killing Lieut. Steward and others a few weeks ago, but excuses himself on the ground that he had not then met General Howard; but now all would be quiet and peaceable again. Cachise wanted Apache Pass as a reservation, provided all troops were removed, and he has permission to dig up all the bones in the cemetery and burn them, and says that he can then start anew. Old scores would be wiped out and forgotten. I suppose he wanted to start a new graveyard. We hope Howard may get the old thief in, and that he and all his band may stay."

GOOD NEWS.

Just as we go to press a letter arrives from Mr. Hamor of Apache Pass, stating that Gen. Howard has made peace with Cachise. Cachise has been granted a reservation from San Pedro east to Stein's Peak. From Dos Cabezas to the Sonora line. He agrees to keep the road clear that distance, but beyond that he has no control. Rations are to be furnished him at Apache Pass. Capt.

Jeffers is made temporary agent. The writer gives Gen. Howard, Maj. Sumner and other officers of the post at Apache Pass great credit for their success, and hopes the peace may be permanent. In this we sincerely echo his wish. Cachise has now about three hundred of his people with him. At the time of writing, Capt. Jeffers and several Indians were at Apache Pass for rations.

POLITICS.

We heard a gentleman on Wednesday last offering a bet to a Grant man, that he could name on a hundred dollar bet, 25 states that would go for Greeley, and a four hundred dollar bet that a majority of the balance of states would also go for Greeley. And the radicals don't dare to take him up.

A herder in the upper country lately was dragged to death by fastening his lariat around his body and falling asleep while upon his horse. The horse took fright and threw the herder, dragging him a long distance.

The President has appointed the 28th November as a day of fasting and prayer.

A new railroad is projected in Colorado, running from Denver into South Park.

From the *Colorado Chieftain*, we learn that the fair at that place is a success.

Trouble is anticipated with Mexico, on account of difficulties with the claim commission.

The question of the change of the capital from Austin to some other point, is eagerly discussed in the papers of Texas.

Satanta, and Big Tree are sick in jail in St. Louis. Confinement don't seem to agree with their health so well as a life on the plains.

The law authorizing Davis, the radical Governor of Texas, to suspend the writ of *habeas corpus*, has been declared by the Supreme Court of that state unconstitutional and void. Yet the radical administration of the state has never published the decision.

A few nights since the Indians made another raid on Silver City. The people were aroused and firing commenced in the dark. Three or four days after a dead Apache was found upon the hill just back of town.

The *Denver News* says that apples in New Mexico are so large that editors use them for hats. We understand it was *Bones* of the *New Mexican* who performed this wonderful feat, and if he could get another apple it would be well to trade it for a head.

The acting Judge of Probate of Las Animas county Colorado, backed by a couple of friends with cocked revolvers made an assault recently upon the editor of the *Trinidad Enterprise*. It seems that the club the judge undertook to use soon changed hands. At last reports no one was seriously hurt.

A band of Texans recently followed a lot of Mexican cattle thieves over the river into Mexico and attacked them in a town. The house of the alcalde was burned during the fight and several were killed on both sides. The Mexicans afterward gathered about two hundred strong and

threatened to invade Texas. Lieutenant Davidson of Fort Clark has been sent with a company of troops to watch their movements.

A colony of two thousand Englishmen have just located in Minnesota with a large capital.

SIGN AND CARRIAGE PAINTING.

We are glad to note the arrival of Mr. Hiram K. Summers, painter and engraver. Mr. Summers is master of his business and has already secured a large amount of work. We hope soon to see a handsome new sign over the door of every merchant in town. Such chances do not often occur, and Mr. Summers should be well patronized.

We publish with pleasure the following letter from Maj. Piper, U. S. Indian Agency, Tularosa N. M., Oct. 5th 1872.

Mr. BENNETT: I have two horses in my possession supposed to have been stolen by the Indians from or near Las Cruces. One is a small chestnut sorrel mare; the other a small dark brown horse—both have brands on them. Please do me the favor of giving notice to the citizens of your place that have lost animals recently. All that will be required is for the claimant to prove property, and it will be delivered free of cost. I have succeeded in recovering quite a number of horses and mules during the summer and delivered up to claimants on satisfactory proof.

Yours Truly,

O. F. PIPER.

U. S. Indian Agent.
