## **Inter-American Studies Library Program Annual Report 2012/2013**

**Who are we:** Coordinator and Collection Curator, Dr. Suzanne M. Schadl, Administrative Coordinator- Pauline Heffern, Graduate Library Fellow provided by the Center for Regional Studies – Jacobo Baca (ABD), and Graduate Library Fellows provided by the Latin American and Iberian Institute from Title VI, NRC funding –Molly Nelson and Marina Todeschini (MALAS 2013) and lots of promotional support from Wendy Pedersen (in DACS)

**What do we do:** Inter-American Studies oversees collection development in Spanish and Portuguese and in Latin American and Southwest Regional studies. It also provides advanced bibliographic instruction and research mentorship to UNM scholars in American, Chicano, Iberian and Latin American Studies as well as Spanish and Portuguese. This library program collaborates with the Latin American and Iberian Institute (LAI), Center for Regional Studies (CRS), and El Centro de la Raza to facilitate regional, national and international outreach and teaching initiatives, including lecture series, exhibits, workshops, brown bag presentations and conferences highlighting UNM's long term commitment to Hispanic and Latin American research and teaching.

**Where is our Space:** The Herzstein Latin American Reading Room (HLARR) on the second floor in Zimmerman Library is what we call an uncommons. It is an alternative form of laboratory in which scholars practice their disciplinary crafts between their professor's classrooms and published scholarship in the library. Our goal is to bring aspiring academics, such as advanced undergraduate and graduate students, together with established specialists so they can learn by example and engagement—socially with other scholars and academically with texts.
