TWO GOOD BALL GAMES.

Saturday and Sunday two good ball games were played by the Fort Stanton and Carrizozo clubs. The first game was played at Capitan Saturday afternoon and the second at Fort Stanton the following morning. Carrizozo took the first, and it took twelve innings to decide it, the result at the end of the twelfth standing 3 to 2 in favor of Carrizozo. The Fort walked off with the Sunday game, winning by a score of 5 to 3.

The Carrizozo boys left here early Saturday morning, in two rigs, with eleven players, the manager, two rooters and a driver for the four-horse team, crossed the big hill and landed at Capitan about 11:15. There they were met by a committee of citizens and conducted to the two hotels of the town and their wants supplied. The Stanton boys arrived about 1 o'clock, and the word to "play ball" was given at 2 o'clock.

Fort Stanton went to the bat, scored a goose-egg, and returned the compliment when Carrizozo went to bat. In the second, third and fourth Fort Stanton failed to score, likewise did Carrizozo, except in the second, when they succeeded in getting one man over the home plate.

In the fifth, Stanton evened up with one run, Carrizozo passing up the count. Woe befell Stanton again in the sixth, and the boys on this side pushed another man around the circuit. The seven h, however, brought renewed hope to Stanton, for one more run was chalked up to their credit, and Carrizozo was again given a ring—not the ring.

The game was now even—two and two—the rooters for both sides were exerting every fiber of lung they possessed, encouraging and discouraging the players in a friendly rivalry, and the battle was on in earnest. The eighth, ninth, tenth and eleventh were played without either side making a score, and they were about the fastest four innings ever played on a Lincoln county diamond. Not that it was a battery game, although the work of both batteries was superb, but the ball was handled by the fields in a masterly manner, and it looked as if the tie was to remain a tie. The first half of the twelfth gave Stanton an additional circle, but Carrizozo came to the front nobly, put out some good balls, safely landed two men on bases, and when the next batter sent the sphere whirling into space, the fielder fumbled it, a Carrizozo man walked home—the game was over, twelve innings had been played, and every inch of it had been a contest.

Wm. M. Ferguson and Jas. A. Scott were the umpires, and their decisions were fair and accurate,

which, naturally, produced a game that was free of acrimony or bitterness.

After a night spent in Capitan—a night in which the people of that little town exerted themselves to entertain the boys, and succeeded admirably—the Carrizozo aggregation, made up of light running, care dodging, grown up kids, made an early start for Fort Stanton, a place with a history coexistent with the settlement of Lincoln county. The boys were piloted through places of interest, and shown every courtesy. At 10:30 the crowd began to assemble at the grounds and at 11 the game commenced.

The Carrizozo team, naturally, felt confident over their success of the day before, notwithstanding the fact that Stanton used two of the old Capitan players—Scott and Lamay—and went into the game with a lilt and a song that was calculated to disturb the equanimity of less seasoned veterans than the Stanton team.

A toss-up was made for choice of positions, Stanton won, and chose the field. The first two innings produced nothing for either side; yet it was partly due to the magnificent fielding of both teams, for the sphere was sent hurling several times, but without effect. In the third Carrizozo scored and gave Stanton another zero. The fourth was devoid of runs by either team, but in the fifth Carrizozo made 2 and allowed Stanton nothing. It certainly looked blue for Stanton at this stage of the game, for up to this time the Carrizozo boys had played a faultless game, and proceeded with such a jauntyness and such an air of certainty that there seemed little room for doubt as to what the result of the game would be.

But alas! overconfidence has lost more battles than it has won, and Sunday's game was no exception to the rule. The tide turned in the sixth. Carrizozo failed to score, yet had all the confidence in the world in being able to hand another lemon to the Fort men. The Fort waked up, nevertheless, made one run and had two men on bases: still two men had gone down and the third was expected before another tally could be made. Lamay was at bat and succeeded in driving a hot grounder through short, and it never stopped going until the two men on bases had come home. This error evened up the score, though Stanton was afterwards sent to the field without adding another run.

Both teams steadied down in the seventh, and as pretty an exhibition of ball playing was presented for a space of about six minutes as was ever seen in this section. The lightning-change artist wasn't it with these two teams at this critical moment;

for the scene shifted so rapidly that none but the scorekeeper could keep track of the teams and players. Both took nothing, with a rim 'round it, and Carrizozo came in the first of the eighth to break the tie; but there was nothing doing, and it was up to them to hold Stanton down in the latter half of the inning. This, they were in a fair way of doing; had two men out and, apparently, no score in sight. The third man shot a grounder to short, the ball was fielded and sent to first ahead of the runner, but again, fate decreed an error: the first baseman dropped the ball, the runner was safe, and a long fly by Scott brought him home and Scott went to third. A wild throw by the pitcher brought the big stick man home. Though Stanton was again sent to the field, these two runs made the game stand five to three, with only one more inning for Carrizozo to make good. The ninth was another Waterloo for Carrizozo, and the game was over.

We do not wish to convey the idea that our boys were the only error-makers, nor that the two batters mentioned in the Stanton team as having made such good hits were the only stickers in that club; but we do say that the errors on our part and the stick work on the part of Stanton occurred in each instance at crucial moments, and were therefore more fatal and noticeable.

These two teams have again been matched, and will cross bats on the Carrizozo diamond for two days, Saturday and Sunday, September 5 and 6.

The following is a summary of the two games.

SAME OLD PROMISE.

Sixteen years ago the republican party in its national platform promised the people of New Mexico statehood. For the greater portion of that time that party has had absolute control of the national government, and the people of this territory are still waiting for statehood. The truth is, the republicans of this nation never were in favor of separate statehood for New Mexico, and never will be. The statehood issue this year, as in the past, is merely a trick to catch votes. The people of New Mexico are not children, even though they do not possess full citizenship. That old gag will no longer be effective as a campaign asset to New Mexico republicans.

GLOOMY REPORTS FROM QUAY COUNTY.

Startlingly gloomy reports of distress come from the farming region of southern Quay county, where no rain has fallen since early spring. A large percentage of the settlers in the drought area are new comers, who have spent the most part of their money in improving their homesteads, depending on this year's crops to carry them over to another season. A large number have pulled their stakes, abandoned their claims and left for other parts. Those who remain are in a bad way and are seeking government aid to tide them over, as crops have been a total failure. About 90 per cent of the settlers have no money, cannot borrow money and cannot make crops.

A mass meeting of business men was held in Tucumcari on the 17th, when the question of furnishing seed wheat to the farmers who are in need was discussed, and committees appointed to confer with the governor of the territory with a view to alleviating the distress. It was reported to the meeting that some families were in need of immediate assistance. A general relief fund was suggested, some of those present offering amounts as large as \$100 and others \$25.

A committee of the settlers on the 19th of August sent a petition to President Roosevelt asking for government aid, but nothing has been heard from it.

If some relief is not extended before the winter sets in the case will be more serious, as there is no fuel to be had within a hundred miles.

A BIG CAMP MEETING.

Mr. and Mrs. Milton Reed and G. R. Hyde, who reside some miles from Capitan, stayed over in Carrizozo Monday. They were on their way to San Marcial, where they expect to participate in a big camp meeting advertised to take place there from the 25th to September 4th. A large gathering of the faithful from all points in the southwest is expected to take part in the revival. Rev. F. M. Dye, well known in this part of the territory, will have charge of the meeting. He will be assisted by Dr. Yookum of the Holiness church, Los Angeles, and others.

George Hyde is a young man who has been deaf and dumb from infancy, and goes to the camp meeting filled with the hope that Dr. Yookum can give him the power to hear and speak, having been informed that the reverend doctor is endowed with the power to cure the afflicted.

LITTLE BOY HAS LEG BROKEN.

Last Monday morning, at Capitan, Ralph Peters, the five-year old son of Mrs. Emma Peters, was thrown from a sled, and sustained a broken leg. The leg was broken just below the hip joint, and was very difficult to adjust and keep in place. Drs. Cowart and Laws set the member as soon as possible, and hope to be able to avert any serious consequences. The sympathy and assistance of that community were tendered the family.

ADDITIONAL LOCAL.

Grandma Bourne, who lives at Capitan, is reported to be still more feeble this week than she has been in the past.

J. E. Koonce, who dispenses law and equity in the Temple of Justice at Nogal, and who is noted for his impartial decisions, came down Sunday evening and remained here this week.

Mr. and Mrs. F. C. Noessel entertained a number of friends at their home one night this week. Progressive high five furnished the means of entertainment for the evening. Mrs. M. Coffey won first prize, and George B. Johnson succeeded in capturing the booby prize.

M. L. McReynolds was down from Parsons the first of the week. He reports the mine and also four of the Huntington ore mills running on the Eagle property. A large amount of rain has fallen there during the past thirty days, but no wash-outs or damage resulted.

Chas. Stevens, of Parsons, a candidate for the nomination for sheriff on the republican ticket, spent two days in town this week transacting business, and, incidentally, feeling the pulse of the voters in this bailiwick. Charlie is a good man, but we believe he chose the wrong year to make the race.

The body of W. M. Lane, who was killed near Santa Rosa last week by the premature explosion of a twenty-pound charge of nitro-glycerine with which he was in the act of shooting a well, was shipped to White Oaks and buried there last Saturday. A large number of people who knew the deceased in life attended the last ceremony.

A party of rest and recreation seekers left here Monday morning for the foothills south of town on a week's camping. The party consisted of Dr. Sugg and wife, Rev. Ray, wife and mother; Mrs. Meek; Mrs. H. B. Tompkins and daughter Ruth, and Miss Nettie Lee. They anticipated having a happy time, which nothing could mar, except, perhaps, the planetary showers peculiar to the foothills at this season.

Two brothers named Pancake, from San Angelo, Texas, spent several days here this week, looking over the country, partly on pleasure and business. While here they visited the Mal Pais and other points of interest. They are old-time friends of W. Kahler, the Gray Bros., John Adams and W. Winfield. They left Wednesday for points up the line. We learned since that they represent considerable Texas capital, and are on the look out for improved farms and ranches with titles, and that their objective point was the drought region in southern Quay county.

Geo. A. Chamberlain, formerly a resident of Capitan, but for two years past Consul at Pernambuco, Brazil, will take a vacation and visit the United States. Before coming home, however, he will make a trip to Portugal, Spain, touch Africa, take in Gibraltar,

and return to Uncle Sam's dominions via England. He expects to reach New York by October 1st, and remain long enough to carve the great American bird at Thanksgiving, but will likely return to his post of duty before Christmas. The far west will not see him this time, as his visit will be confined to the region east of the Mississippi.

Real Estate Bargains.

A good four-room adobe house and two lots in Highland Addition, with good well of water; will be sold cheap on easy payments.

A good three-room adobe house and two lots on east side of track; good location; a bargain.

Two small frame houses that can be moved; suitable for home-steaders; will sell at a sacrifice.

For any of the above, see the Carrizozo Trading Co.

Mr. Smith of the territorial irrigation survey was taken sick at Lincoln last Sunday, and was compelled to suspend work for a few days.

Five cases of scarlet fever still exist at Lincoln, but all are held under strict quarantine, and it is believed the disease will spread no further.

J. J. McCourt, traveling for Armour Packing Co., was in Car-

rizzo this week, and visited his mother, Mrs. W. C. McDonald, while here.

Sergeant W. A. Dudley of the Territorial Mounted Police, appeared in town Monday, and disappeared as suddenly—business, you know.

Mr. and Mrs. W. L. Gumm and little son, Dean, returned Saturday from Lincoln, where Mrs. Gumm had been attending the county normal.

Ray Hall took a position with the Carrizozo Trading Co. Monday morning, after a two days strenuous campaign of baseball over the big hill.

Bob Ransom this week finished the plastering on a four-room residence for Conductor Bell. It will be ready for occupancy in a week or two.

Howard Hall went to Corona Wednesday to look over a reservoir site and to make a survey for a dam. The proposition is to impound flood waters.

Mr. and Mrs. Hagee of Angus spent several days in town this week. While here they made arrangements to make final proof on their homestead.

Mrs. Meliton Otero and children who have been visiting the family of Manuel Aragon at Lincoln the past month, left on Monday's train for Albuquerque.

O. P. Humphrey, who owns a farm and ranch on Little Creek, has just completed a dwelling house on a five-acre tract in the

McDonald addition, and will soon occupy the same.

J. L. Van Zant and Postmaster Brown of Fort Stanton, returned Sunday evening from a week's visit in El Paso, and left the next morning for the Fort.

Jesse D. Perry, of Glencoe, spent a few days in town this week, arranging to make final proof on his homestead, and transacting other business.

W. M. Reily is having his lately purchased residence plastered and renovated generally. He will let the contract to build an additional three rooms to the place as soon as he arrives here.

A prospector from Oro Grande, who has some iron claims close to Corona, was in town Sunday. He has given a sixty-day bond and lease on the property to the Colorado Fuel and Iron company, whose agent seemed favorably

impressed with the indications. If the company take up the option it will mean considerable business for this end of the county.

Miss Nancy Abarr and daughter Miss Mary, of Long Beach, Mississippi, respectively aunt and cousin of Mrs. George Spence, left yesterday for their home. They have been visiting the Spence family for three weeks past.

A large number of the members of the local democratic club met at the old store building on Alamo-gordo avenue last Saturday night, spent a pleasant hour and decided to meet again tomorrow night at the same place. All members please take notice.

Martin May of Nogal, an old-time patron of this paper, while in town this week renewed his subscription. He says the prospects are good for large crops, although more rain has fallen in his section lately than is good for growing stuff.

The labors of Prof. E. L. Enloe of Silver City Normal, in conducting the county teachers' institute at Lincoln, have been eminently successful. He has been alone in the work, but all agree that he has kept the teachers the busiest and accomplished better results than any institute for several years. Less than half enough teachers were in attendance to supply the schools of the county, but it was stated that several are attending summer schools in other places.

A LINCOLN COUNTY EXHIBIT AT THE TERRITORIAL FAIR.

It is high time for the people of this county to bestir themselves with a view to sending a respectable collection of exhibits to the Territorial Fair, which opens at Albuquerque the last week in next month. Few counties in this vast territory are in as good position, this year, as Lincoln county to send exhibits, and for variety of products none are equal. What would have most effect in drawing the attention of the thousands of outsiders who will attend the Fair, would be cereals, fruits and other farm products. Those who have adjoining farms could make up a combination exhibit of the best that each produced. Several mining companies have agreed to send valuable collections of mineral specimens. Some live stock, fruit and farm products, grown with or without irrigation, and exhibited at the Fair, would, we believe, be the means of bringing hundreds of good farmers, with money, into this county. The National Irrigation Congress will meet at Albuquerque during Fair week. Delegates from every state and territory in the Union will attend, besides governors, deputy governors, statesmen, and hundreds of others interested in irrigation, which is another good reason why Lincoln county should be represented at the Fair.

A MASONIC LODGE.

On Wednesday evening next, September 2, there will be a meeting of the Masonic fraternity in the law office of Barber & Gierke, at 7:30 o'clock. Business of an important nature will come before the meeting, not the least important of which will be the signing of a petition for a dispensation and the election of officers. Other matters pertaining to the establishment of the lodge will come up for discussion at the meeting, and brethren from outside points are especially requested to be present. It is understood that the paraphernalia belonging to the old White Oaks lodge, which has passed out of existence, can be had. The new lodge will start out under very favorable auspices, and from the amount of good material in Carrizozo and vicinity, it would be safe to predict that in a very few months it will compare favorably with some of the older lodges in the territory.

DURAN HAS A KILLING.

J. W. Miller, commonly known as "Smoky," shot and killed C. D. Marquez, a saloon keeper, at Duran, Monday of this week. Miller was an officer, and had taken a pistol from Marquez, who was drinking, and had become disorderly. Marquez, however, had another pistol, which he pulled and shot Miller twice, hitting him in the right shoulder and right hip. Miller, although partially paralyzed, managed to draw his weapon, and shot Marquez four times, killing him. Mounted Policeman W. E. Dudley, who happened to be in Carrizozo at the time, received notice of the trouble, went to Duran and placed Miller on a southbound

train and lodged him in the hospital at Alamogordo, where his injuries were attended to.

AN INTERRUPTED PIC-NIC.

A happy little party of picnickers, consisting of Mrs. Ira O. Wetmore, Miss Georgia Lesnet, Miss Lena Boyd, and P. E. Lacey, left Sunday for a day's outing on the Bonito. The ladies brought baskets along, well-filled with good things. When Angus was reached the cloth was spread on the green sward, beneath fragrant fruit trees, drooping with their loads of delicious fruit, and the party had luncheon, after which they rambled over the ground, once the favorite camping place of the red man. When the party got ready to return they filled their baskets with the choicest fruit from the orchards. One little incident occurred after luncheon which may be worth relating. The ladies were suddenly startled by seeing several wild little animals, something smaller than domestic cats, scamper across the lawn and hide behind the trees, as if getting ready to spring at them. The ladies screamed, and Doc Lacey, who is an ex-ball player, reached for a buckwheat biscuit, let fly an in-curve and brought down one of the varmints; another quick in-shoot accounted for the other. This is no reflection on the biscuits, as a biscuit, no matter how light, when it leaves Doc's hand, travels as if shot from a catapult, and invariably means sudden death if it connects. Investigation, however, revealed the fact that the cause of the excitement was a couple of harmless little squirrels. Doc roasted the squirrels and ate them, and said the wild flavor was fine. Of course he had fruit, crackers and gingersnaps too. Notwithstanding the scare the party claim that Angus is certainly a delightful place and that they enjoyed every minute there, except the few moments when they were rudely disturbed by the squirrels. Returning in the evening they were joined at Nogal by Ray Hall and Phoebe Guthrie, who were returning from the ball game at Capitan. Doc held the ribbons, and the 62 miles traveled that day did not disturb a hair on the pretty pair of black mules.
