MD Recipients and Former Residents

Facts about MD Recipients[†] and Former Residents[‡] of the UNM School of Medicine^{*}

TABLE 1: TOTAL NUMBER OF UNM SOM MD RECIPIENTS AND FORMER RESIDENTS

	In Training	Out of Training	Total	Total Out of Training in NM
MD Recipients	174	1,396	1,570	312 (22%)
Former Residents		3,851	3,851	759 (20%)
Individuals with Combined Status [§] (MD Recipients and Residents)	120	793	913	395 (50%)
Total	294	6,040	6,334	1,466 (24%)

- 707 MD recipients of the UNM School of Medicine (UNM SOM) have completed their residency training, are licensed to practice in New Mexico, and have a New Mexico address. This represents 32% of the total number of living MD Recipients and individuals with Combined Status (N=2,189) (Table 5)¹
- 1,466 physicians who received their MD and/or completed their residencies at the UNM School of Medicine are licensed to practice in New Mexico. This represents 24% of the School's total number of MD recipients and former residents (N=6,040) (Table 1).
- MD recipients who are also former UNM SOM residents are twice as likely to remain in New Mexico (50%) as MD recipients who train elsewhere (22%) or former UNM SOM residents who graduated from another institution (20%) (Table 1).
- Of the 4,312 physicians licensed to practice and in New Mexico^{**}, 34% are MD recipients and/or former residents of the UNM School of Medicine (Table 2).
- MD recipients and former residents of the UNM School of Medicine are located in 27 of New Mexico's 33 counties (Table 2).
- Of the 1,466 MD recipients and former residents licensed to practice in New Mexico (Table 2), 717 (or 49%) are in primary care specialties (Table 3).
- 749 MD (or 51%) recipients and former residents² licensed to practice and in New Mexico are trained in specialties other than primary care. Three hundred thirty-two of them are represented in four specialties, anesthesiology, general surgery, emergency medicine and psychiatry, and are practicing in 22 of New Mexico's 33 counties (Table 4).

† MD Recipients – individuals who received MD degree from the UNM School of Medicine

‡ Former Residents – individuals who participated in or completed residency training or fellowship at UNM SOM

§ Combined Status – individuals who received MD degree and participated in or completed residency training or fellowship in the UNM School of Medicine

Our interest in this report is to provide the best available evidence about UNM School of Medicine MD recipients and former residents who were in New Mexico in 2007. It is important to note that any recent moves or change in location by these individuals may not be reflected in our data.

A number of sources were used in the compilation of this report. The lists of University of New Mexico School of Medicine MD recipients (1968-2007) and former residents (1955 to 2007) were obtained from two sources: the University of New Mexico School of Medicine's Office of Student Services and Office of Graduate Medical Education (GME), respectively.

Several additional sources were used to confirm both names and New Mexico address/location. These included the New Mexico Board of Medical Examiners' 2008 Official List, the on-line Database of Osteopathic Physicians and a dataset of over 1,600 UNM School of Medicine graduates maintained by the Office of Program Evaluation, Education and Research at UNM School of Medicine.

We confirmed the specialty and location of 1,426 physicians in New Mexico by telephone, email, or mail between November 2007 and April 2008. We were unable to reach 40 of 1,466 physicians included in our total. The basis for including individuals in the confirmation effort for this report was threefold:

- 1) individual was included in *Location Report, 2007* or
- 2) individual was included in the on-line database of Osteopathic Physicians, or
- 3) State of New Mexico Board of Medical Examiners' 2008 *Official List* included:
 - information about physicians returning to New Mexico, or
 - information about physicians who completed residency training in the past year, were licensed to practice and were practicing in New Mexico.

We developed several strategies to obtain information about the current location for those individuals

included in the *Location Report, 2008*. We contacted the Medical Staffing Offices at major hospitals throughout the state. We received assistance from UNM School of Medicine residency coordinators in locating former residents/fellows. We used the American Medical Association Online Doctor Finder to obtain addresses for the other individuals in our database with no current telephone number.

A list of UNM School of Medicine MD recipients and former residents who were believed to be deceased was confirmed through the Social Security Death Index. For those individuals whose whereabouts remain unknown or unconfirmed, further investigation will follow.

In addition to self-report, the New Mexico Board of Medical Examiners' 2008 *Official List* and the on-line Database of Osteopathic Physicians became the gold standards for inclusion in this report. These sources which are based on self-reported license applications, provided information about the current license status and address of both UNM School of Medicine MD recipients and former residents. These data sources do not always distinguish between home and work address. A few individuals in these rosters may work and live in different counties. However, they are reported only once in our data. Individuals who live in New Mexico but are not licensed are reported in our data in the column "Not in New Mexico" which represents those with no known NM license and/or no known NM address.

Physicians who work for the federal government are not required to be licensed by the New Mexico Board of Medical Examiners (example could be an Indian Health Service physician). To the degree we are able, we confirm physicians in this category.

There are 25 osteopathic physicians who are included in Table 2 in the Resident Only column and in the Total Column. Twelve of the 25 are in Family Medicine, and ten of the 25 are located in rural and frontier counties. They are not included in the All MD Physicians in New Mexico column (Table 2) because they are osteopathic physicians.
