BUYS INTEREST IN MATSON'S

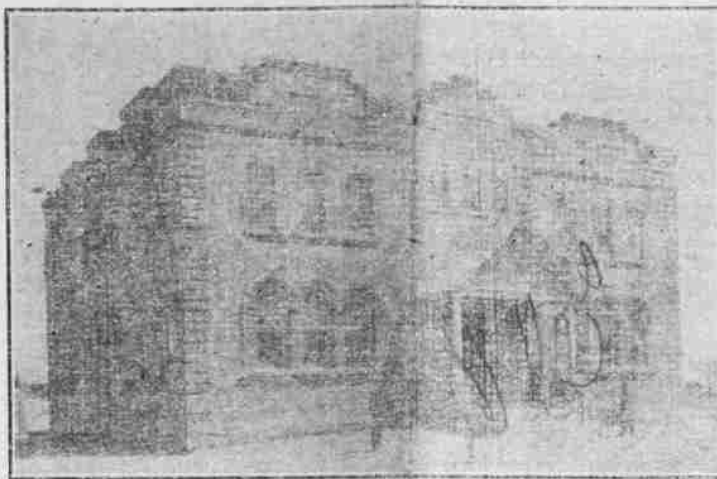

It is announced that H. Emory Davis, for several years with the John Becker company in Belen, and recently with the Babbitts in Winslow, has purchased an interest in O. A. Matson & company, a popular Central avenue

stationery and book establishment, and will hereafter be associated with O. A. Matson in the conduct of the business. Mr. Davis is very well known in Albuquerque and the combination of Matson and Davis is an ideal one, both being young men of progressive and aggressive business methods. — Albuquerque Herald.

Tax Notice

The last half of 1912 taxes will become delinquent June 1st. A penalty of one per cent. will then be added.

GEN. VILLA A BELEN VISITOR

Noted Mexican Fighter spent last Sunday here en route to Chihuahua

Although the fact was known to only a few of our citizens, Belen had as its visitor last Sunday one of the most distinguished warriors and citizens of the Republic of Mexico, none other than the General Francisco Villa, known among his followers as General "Pancho" Villa, commander of all the troops of the State of Chihuahua. He was accompanied by Colonel Pascual Orozco, Jr., a grandson of General Pascual Orozco, who has been fighting so valiantly during the past years on the side of the federalists, while the stranger man is winning his laurels on the side of the constitutionalist.

General Villa was not telling just what his business in this part of the United States was, but that he had been in Albuquerque was gained from the conversation. In discussing the reports which have come from the battlefield, General Villa said that these are censured to such an extent that no reliability can be attached to them. For example the reports from the battle of Empalma, near Guayam were to the effect that there were 500 killed and wounded, when as a matter of fact not to exceed 300 participated in the fight. He claimed that in dead and wounded the loss was 78. The General claimed to be getting his troops in position to attack the city of Chihuahua sometime during this week, not later than Saturday. His plan is to cut off the forces of General Mercado, who left Parral headed for Chihuahua, with 1500 men, artillery and infantry. The latter was driven from Parral by General Maclovio Herrera, constitutionalist, who now holds that city. The taking of Parral was effected without the firing of a shot.

The visit of General Villa was cut short on account of the fact that he had just received his appointment as Commander of the State Troops of Chihuahua from Dr. Navarro, and was hastening to the front to take active charge of the movements of the army.

BOARD CHOOSES TEACHERS

Prof. Gunter Re-elected Superintendent for next Year

At a meeting of the local school board last Saturday night, the matter of teachers for the coming year was discussed. Prof. J. B. Gunter, who has worked faithfully as superintendent during the past year was re-elected to that position. Miss E. Ruth Ziegler was again chosen to have charge of the Grammar Grades and High School work. Miss Lillian Pohl, who has had charge of the 3d and 4th grades the past year was also re-elected for the coming term. The other positions were left vacant for the present, a meeting having been called for early in June, when these will be filled.

SCHOOL CATALOGUE

The catalogue of the Belen Public Schools, giving the complete Course of Study Grades, Rules and Regulations, Explanations, etc. and a list of the pupils enrolled during the past term, is just off the News Press. The booklet also contains cuts of superintendent, teachers and both old and new school boards. The booklet is replete with information concerning the schools of interest to the patrons, and shows that Belen has a system of schools of which everyone may well be proud. Through the liberality of the merchants and businessmen of Belen and Albuquerque, the booklet has been prepared for free distribution. Get a copy for your own use and also mail copies to friends and advertise the fact that Belen's Schools rank with the best. The News office will supply you.

STRAWBERRIES AND CREAM

The ladies of the Methodist Episcopal Church will give a Strawberry and Ice Cream Festival at the church on Friday evening, May 30th—Decoration Day. There'll be plenty of the good things to eat, accompanied by music by the Belen Brass Band. An invitation is extended to everyone to come and enjoy the evening and at the same time to assist the ladies in a good cause. You'll regret it if you are not there.

Mesdames Woods and Baber entertained the Ladies Aid Society of the M. E. Church this afternoon at the home of the former. Delectable refreshments were served before adjournment.

VALENCIA COUNTY INSTITUTE

The Valencia County Normal Institute will be held in the High School Building of Belen, commencing on June 2 and continuing until June 27. The institute will be followed by the teachers examination.

Mrs. Nora Brumback, who is well known in Belen and Valencia county, having been principal of the Belen schools for two terms, and also conducted the Normal Institute one year, will have charge of the work. Superintendent Baca has been busy working for the success of the Institute for some time past. A good attendance is promised, and good work is anticipated.

County Superintendent Baca has just issued a booklet of information concerning the Institute, the text of which is as follows:

GREETING

It is with pleasure that I announce the Annual Valencia County Teachers Institute of Valencia County, which will be held at the Belen Public School building June 2 and continue for a period of four weeks.

The success of our schools depends upon the united co-operation of teachers. Let us all labor to give the 3,500 boys and girls of this county able and efficient teachers.

Saturnino Baca,

County Superintendent.

ATTENDANCE

We wish to advise and insist that every teacher that desires to teach in the County or outside the County another year attend this Institute. If you fail to do so, please do not try to insist or call on the County Superintendent afterward for approval of an excuse for non attendance, or for the issue of a permit, as has often been done in the past. I wish to say that no excuses or permits for non attendance to the Institute will be granted, this will only be done in case of emergencies or extraordinary conditions. Teachers who attend the summer Institute deserve the preference over those who do not attend and later ask for permits.

ANNOUNCEMENT

The stand pat press is solemnly asserting that the sheep industry of the country is about to be destroyed, but we have not heard of any extensive raisers of sheep going out of business on account of the impending "destruction." There is an excellent opportunity for all the sheep raisers who desire to go out of business to dispose of their flocks at high prices. Now is the time for the timid ones to convert their sheep into cold cash.—Eagle.

Don't throw away your magazines after having read them, but save them and send them to the boys at the Reform School. Thus the magazines will be doing double service. In last week's issue of the Springer Stockman, the editor tells of the appreciation of the boys in receiving such magazines, as follows:

The bundle of papers received this week from the Superintendent of the city Schools at Raton to the Reform School boys is highly appreciated by the management of the institution. Send them in, such literature is good work. Good books and papers will be highly appreciated. Boys are sent to the Reform School to make better boys of them and good literature aids greatly in the work.

President Wilson has shown many times since he took office that he is an unusual kind of a president; that when he does the obviously right thing, in spite of politics, it causes little if any comment. For instance, the president is of the opinion that men over 70 years of age should not occupy positions as judges of the higher courts, and he put his theory into practical operation a few days ago by refusing to appoint a very warm friend who, being 69 years of age, would not promise to retire when he had reached 70. The president is right in his contention concerning the age of judges, for though there may be an occasional exception to the rule, most men ought to quit active life at 70. The important point of the whole matter is not so much that the president knows what is right, but that he does what he thinks is right, even at the sacrifice of what would be good politics.—Silver City Enterprise.

Secretary McAdoo has been shaking up things very energetically since he became Secretary of the Treasury and he recently discovered that an employee of one of the Standard Oil banks had a desk in the Treasury Department where he was supposedly an employee of the Treasury Department but in reality a paid clerk of the bank for which he was furnishing exclusive information from the Treasury Department of the Standard Oil interests and banks. If the Republicans had continued in power much longer probably in a few years the Secretary of the Treasury would have merely occupied desk room in the office of the Standard Oil Co. where he would

he must not do. Woodrow Wilson and his able aides were badly needed for cleaning up and straightening out the "irregularities," but what a plain blunt man would call absolute "crookedness," that had been growing up in the Departments at Washington under republican rule.—Springer Stockman.

An editor of a county weekly was recently making up a page of his paper when he pried a wedding notice and a notice of public sale. He gathered up the pried type without taking a proof of it and this is the way it read. "William Smith, the only son of Mr. and Mrs. Josiah Smith, and Miss Lucy Anderson were disposed of at public auction at my farm, one mile east, in the presence of 70 guests, including two mules and twelve head of cattle. "Rev. Jones tied the nuptial knot for the parties, averaging 1,250 pounds on hoof. The beautiful home of the bride was decorated with one sulky rake, one set of work harness nerly new, and just before the ceremony was performed Mendelssohn's wedding march was rendered by one milch cow, five years old one one jersey cow and one sheep, who carrying a bunch of bride's roses was very beautiful. She wore a light spring wagon, two crates of apples, three crates of potatoes, three ricks of hay and a grind stone, trimmed with about 100 bushels of spuds. The bride couple left yesterday for an extended trip. Termse cash.—Call, LeGrange, Ind.

The Man with Sand

If you're down and out—discouraged—
And your very soul hangs loose
And you ask yourself the question
Weary—heart sick—what's the use?
Just remember that you're needed
In this grim old world of ours;
That you're part of it; we need you
In its sunny times and showers,
And although it may seem useless;
More than human soul can stand
You belong to the Creator, and the
Lord loves men with sand.
Never quit; God hates a quitter.

Force a smile, it's only right.
Other fellows, worn and weary,
Stumble in life's dreary night,
And you owe them, and must pay them—surely you can understand
That with God you must be honest,
and must show that you have sand.

Throw aside your fears of failure
look about you every where;
See the fellows sad—discouraged
who are victims to despair,
And it's up to you to show them
by
the way you fight and stand
That the world deserts the quitter
and backs up the man with sand— Exchange.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs.
Burton, Under the
Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor. My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my household work. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

WHY BUY AT HOME? I Buy At Home—

Because my interests are here.
Because the community that is good enough for me to live in is good enough for me to buy in.
Because I believe in transacting business with my friends.
Because I want to see the goods I am buying.
Because I want to get what I buy when I pay for it.
Because my home dealer "carries" me when I run short of cash.
Because some part of every dollar I spend at home stays at home and helps work for the welfare of the city and county.
Because the home man I buy from stands back of the goods, thus always giving value received.
Because I sell what I produce to my home people, be it labor or goods.
Because the man I buy from pays his share of the county and city taxes.
Because the man I buy from helps support our poor and needy, our schools, our churches, our lodges and our homes.
Because if ill luck, misfortune or bereavement comes, the man I buy from is here with his kindly expressions of greeting, his words of cheer, and if needs be, his pocketbook.

HERE I LIVE AND HERE I BUY.

Let us make Belen and Valencia County a good place in which to work and live.
It's easy and certain if everyone will contribute his share.

Why Belen has Grown

The reason why Belen has grown is because there are men of push and energy in it, who are not afraid to spend their time and money in boosting the town. They have erected substantial buildings, organized stock companies, encouraged railroads, worked for public improvements, and used all legitimate means to induce people to locate in their city. Wherever they go they tell of the advantages of their city, they write about them in every letter; they send circulars and newspapers to all whom they think they can get to visit the town, and, when anyone visits them, they treat him so kindly that he falls in love with them and their town at once.

It is this enterprise, in addition to the natural advantages and location, and all pulling together, that make a progressive town. If you are a "live wire" Belen offers you the glad hand. Come and investigate conditions for yourself. Come and meet our people, breath our pure air, and enjoy our life-giving sunshine, and you, too, will become a booster for Belen and the Rio Grande Valley.

DECORATION DAY PROCLAMATION

From the dawn of history until today men have rendered grateful, admiring homage to the memory of those who had risked or nobly laid down their lives for what they believed to be the honor and safety of their fellow-men.

Pericles once said: "The whole earth is the sepulchre of illustrious men;" and Edward Everett continued: "All time, he might have added, is the millennium of their glory."

The day which has been set apart for honoring the memory of the dead and paying tribute to those who still survive from the struggles where they risked all for their country, will soon be here.

Now therefore, I, William C. McDonald, Governor of the State of New Mexico, do hereby designate and appoint,

Friday, May 20th, 1913, As Memorial Day, in the State of New Mexico.

I recommend that all of our people cease from labor on that day except such as may be absolutely necessary, and that they join in such demonstration as may be practicable in the various localities with the usual exercises and ceremonies suitable for the occasion.

By these annually recurring memorial exercises we typify the beautiful ideas of a memory kept green in the minds, and the blossoms of gratitude and hope blooming in the hearts of a great, free people.

Done at the Executive Office this 17th Day of May, 1913. Witness my hand and the Great Seal of the State of New Mexico.

William C. McDonald, Attested: Antonio Lucero, Secretary of State.
