## TEACHERS ELECTED

### School Board Chooses Teachers of All Grades for next Year

The school board of Belen school district held a meeting on last Saturday night at which time teachers were chosen for the coming term. At a meeting held a couple of weeks ago, Prof. J. B. Gunter was chosen as superintendent of the schools, Miss E. Ruth Ziegler, assistant principal and teacher of the Grammar Grades, and Miss Lillian Pohl teacher in the grades. On Saturday night, Miss Olive Duer was re-elected to the position she so ably filled the past term, and Miss Underworth of Deming, Miss Kathrine Keenen of Bernalillo, Miss Raff of Los Lunas and Miss Scott of Belen, were chosen to fill the places as grade teachers. Miss Scott will have charge of the school at Sausal, just north of town, where the lower grades will be taught. This will not only help the overcrowded condition of the lower grades of the schools here in town, but also be an advantage in that the little folks residing in and near Sausal will not have to walk the greater distance to the main building.

All of the teachers chosen for the coming term hold first grade certificates, and have had several years experience in the school room, each one having made good. That the school board has the best interest of the Belen Public Schools at heart, is shown by the interest the members are taking in securing the best teachers obtainable.

## ROAD DRAG

Our friend, Fritz Becker, road supervisor of district No. 1, showed us a split-log road drag, which he had made after specifications furnished by the government, and which he has been using on the roads north of town. The drag is quite a massive affair and necessitates the use of a good heavy team to use it, but that it does the work is proven to the satisfaction of anyone who will take the trouble to inspect the work. It is the intention to use the drag on all the roads, but Mr. Becker has not as yet gotten his wires fixed so that the rains will come just as he wishes. The drag is supposed to be used immediately following a rain, to drag down any ridges or rough places and fill up ruts made by the wagons. Now if Fritz can just get the rains to fall on the roads he wants to drag, he certainly will build roads which will surprise all of us. Here's hoping that he may pull the right wires!

## Club Dance

The next dance given by the Social committee of the Commercial Club will occur on the night of July 3rd at the Club Hall. Barney's Orchestra will furnish the music. These affairs are always greatly enjoyed by the young people and this one will not be an exception to the rule. Admission has been reduced to one dollar.

## LEAGUE ELECTS OFFICERS

The members of the Luther League held a business meeting last Thursday for the purpose of electing officers for the year. Those elected are: Mrs. R. N. Snowden, president; George Harper, vice president; Ruth Ziegler, secretary; Frieda Becker, treasurer; Pearl Hayerford, organist. The society has good material and expects to accomplish great things during the coming year.

## Court Matters

On the 13th inst. a civil case for damages was filed in the district court of this county and district Pahlisch vs. Luis Baca, the A. T. & S. F. being named as garnishee.

During the past week two cases were up for hearing before Justice Padilla at Los Chavez, the first Pahlisch vs. Baca, assault with intent to murder, in which the defendant was bound over to await the action of the grand jury. Bail was furnished. The other in which larceny was charged was Byers vs. Francisco Chavez, wherein the defendant was dismissed.

## BUYS INSURANCE AGENCY

F. L. Walrath, who for several years has conducted a real estate and insurance business in Belen, on last Friday closed a deal whereby P. P. Simmons takes over the insurance business here, Mr. Walrath intending to give his attention to real estate in Albuquerque together with Col. D. K. B. Sellers.

With the going of Mr. Walrath, we lose one of our principal boosters, but not altogether, for Mr. Walrath proposes keeping his weather eye on real estate in and around Belen, in such a manner that he will still be able to turn a trick here semi-occasionally.

Mr. Walrath will continue to manage the business for the next sixty days, at which time Mr. Simmons will take charge. During the coming days the new mill office will be completed and Mr. Simmons will have charge of the flour mill and lumber business of the John Becker Company. He will be assisted by his daughter, Miss Virginia in both this work and the insurance business.

## Additional Local

C. W. Post, book salesman for the Roach-Fowler Publishing Company, has been soliciting here the past week.

Fred Faulkner sprained his ankle quite severely while playing ball, and was taken to the hospital at Las Vegas, Monday.

Hereafter George Witzel, P. H. Kremer and J. P. Hall will read the News regularly, having subscribed during the past week.

A hay ride is scheduled to take place this evening, a party of young people going out on the mesa west of town to spend the evening.

The dance given at the Club Hall Wednesday evening proved to be a great success. The Barney Orchestra furnished the music and was the equal of any orchestra we have had.

## COUNTY ROAD MATTERS

### Board Authorizes Work on Abo Canyon Road as far as County Line

At a recent meeting of the Valencia County Road Board, the construction of three bridges between Seboyetta and Laguna were ordered, which had been recommended by Engineer Marmon. Likewise the construction of several smaller bridges in the vicinity of Marquez, as well as a bridge at Grants, between the settlement and the new station.

The report of the viewers of the road connecting Laguna and the new station was approved and passed on to the county commissioners for action for the purpose of securing the right of way.

A joint meeting was held on Saturday, June 7th with the Board of County Commissioners at which time matters were considered looking toward harmony and unity of action between the two boards.

The board has not secured a road engineer as yet, but is making efforts to secure such and permanently lay out the roads of the county.

The permanent work on the road between Los Lunas and Los Chavez is nearing completion. This road will be dragged after each rain and it is hoped ere long to have same in first class condition.

One member of the board will visit the western portion of the county shortly to look over the work which has been done there.

The board has authorized work on the road through Abo Canyon as far as the county line, with the intention of having this road in condition for Automobile traffic in time for the meeting of the Chautauqua at Mountainair. This work is being done jointly with the Torrance County Board, which will care for the road from the county line eastward.

## MOVING BEES

The first of this week, Thos. B. Gunter purchased some bees of Mr. Tisdale, and on Wednesday morning went to take them to his apiary east of the track. Al Flick had prepared a wagon, with oiled canvass top, all screened in, in which he contemplates starting on a trip through Texas into Oklahoma, shortly, and Gunter decided this would be the very thing in which to transport the bees. The first wagon load was moved without mishap. In loading the second, however, the fun began. Several of the hives were home-made affairs, made out of apple boxes. On placing these in the wagon, one broke open and let out the bees. The smoker was used to quiet the insects, and apparently with fair success. However, some of the little fellows had taken a strange liking to the team, and were trying to get acquainted with them. Both men were busy pacifying the team, when they discovered the oiled canvass top of the wagon had caught fire from the smoker. By hard work the wagon was saved, but wagon bows, the canvass cover and a couple of the hives of bees are a complete wreck.

For rent—4-room house, \$12.50. People's Lumber Company.

## BALL GAME SUNDAY

### Happy-Go-Luckys of Albuquerque Will Play the Belen Team here

A good clean game of baseball is always interesting to the American people, and Belen fans will have an opportunity of witnessing such a game on Sunday afternoon, June 22, when the home team will cross bats with the Happy-Go-Luckys of Albuquerque. Our boys realize that they will have to "play ball" from the very start, as the Happys have recently been carrying off the honors from the stronger teams. In recent games the Happys carried off the scalps of the Old Albuquerque Browns and the Santa Fe Apprentice team of Albuquerque. Our boys are game, and with the right backing on the part of our home people, will put up as good a game as is in their power—and that is going some. If our boys don't win, it will not be their fault.

Local fans should also remember that it takes funds to produce a good game, that the necessary expenses must be met. A committee will be sent out to allow all to assist in this interesting part of the work. The boys will appreciate being met with a smile and a ready response.

The line-up for Sunday's game will be:

Belen.	Hall
Happy.	Moore
left field	left field
third base	third base
center field	center field
short stop	short stop
second base	second base
right field	right field
first base	first base
pitcher	pitcher
catcher	catcher
umpire	umpire
Spencer, substitute.	

The above will also be the order of batting on the part of the Belen team.

## FROM DEVIL TO EDITOR

A. L. Runyon, whom everybody in Belen knows, is at present employed on the Magdalena News, as printer, foreman, devil, and, judging by recent issues of the paper, as editor as well. The proprietor of the paper, Rev. Mr. Hodges has been away attending the Presbyterian Assembly at Atlanta, Georgia, leaving his daughter, Miss Eunice the editor in charge. A party of jolly fishermen and ladies started for the White Mountain on a fishing and camping tour, and the call was too strong for the editress, so she too joined the party, leaving the "devil" in charge. That Runyon was equal to the occasion is shown by the appearance of the sheet. His write-up of the "jolly Fishing Party" will call for an answer on the part of the fair editress on her return, no doubt. According to Runyon the editress will have a complete stock of whale and fish stories to enliven the columns of the paper on her return. We shall watch the paper with interest.

The News is in receipt of a copy of the Laws of the State of New Mexico, passed at the second session of the first legislature, at the hands of Secretary of State Lucero, distribution of which was provided for by the legislature. The volume is more handily arranged than former volumes have been, and the index is much more complete.

## TEACHERS ASSOCIATION

On next Thursday afternoon the Valencia County Teachers Association will hold its annual meeting for the election of officers for the coming year. The program which will begin at 1:30 p. m., is as follows: Meeting called to order by president, Frank Sanchez.

## Legal Notice

Notice is hereby given that by virtue of the judgment and decree of the District Court in a certain cause pending in the county of Valencia, New Mexico, wherein Neill B. Field as executor of the last will and testament of Solomon Luna, deceased is plaintiff, and Demetrio Vallejos, Peregrina L. Vallejos and W. F. Wittwer are defendants, being No. 1316, reference to which said decree is hereby made, I, the undersigned special master appointed by said judgment and decree, will, on the 22nd day of July, 1913, at the front door of the county court house of the county of Valencia, at the hour of ten o'clock in the forenoon, offer for sale and sell at public auction, to the highest and best bidder for cash, the following real estate situate in the county of Valencia, state of New Mexico; to-wit: Eight (8) acres of alfalfa land and seven (7) acres of rough land situated on the west side of the railroad tracks and bounded on the north by Tondre Brothers; on the south by lands formerly owned by Solomon Luna; on the west by land of the said defendants; and on the east by the railroad track; and measuring from north to south six hundred and eighty-eight (688) feet, and from the west to the east six hundred and forty-one (641) feet for the alfalfa land and four hundred and eighty-five (485) feet from the east to the west and six hundred and thirty (630) feet from the south to the north of the rough land, being the same land covered by deed of trust and recorded in Book M-4, page 164 of the records of Valencia county, reference to which is hereby made; said sale of real estate being made to enforce the collection of the amount found due in the above judgment of eight hundred sixty-two and 12-100 dollars [\$862.12] with interest at the rate of ten per cent. per annum from the 19th day of March, 1913, together with costs of said suit and costs of advertisement and expense of making said sale.

W. G. Logan,  
Special Master.

While riding to town last Sunday morning from his new home at Jarales, Paul J. Feil, had an accident which might easily have proven more serious. His steed caught its feet in a barbed wire, falling heavily to the ground, pitching the rider some distance ahead. Feil struck the ground on his right side, cutting a gash through his trousers and into the knee. He was lucky to escape with a good shaking up.

## CELEBRATION OF FOURTH

### Arrangements being made and Funds being Solicited for Grand Time

Shall Belen celebrate the Fourth of July, or shall we sleep on and allow our people to drift hither and yon to spend the National Holiday? This question is now up to the people. Members of the Baseball Team, headed by Victor Duran have taken the matter up, and if given the encouragement of the people, a celebration worthy of the day and the city will be the result. It is proposed to have various games and contests, races, etc. with a ball game during the afternoon, and possibly a short program.

The Belen Brass Band has offered to donate its services for the day. Certainly the rest of us should be as liberal as the young men. Subscription papers are now being circulated, both for the general celebration, and the securing of a ball team to cross bats with the local boys. With the right kind of financial support, the young men will give us a celebration which everyone will enjoy and which will show that we are alive and awake.

## NORMAL INSTITUTE NOTES

Miss Manette A. Myers, state director of Industrial Education arrived in Belen this morning to assist in the work of the Teachers Institute, now in session at the High School Building. She will address the teachers this afternoon, as well as tomorrow morning. Patrons of the schools are invited to attend these lectures, which will be of interest to all. The work of Miss Myers comes more closely in touch with the homes than any other department of school work, and the mothers, especially, are urged to visit the institute and learn the details of the work.

The enrollment has increased during this week, several more of the county teachers being now in attendance.

On Monday morning, P. B. Dalies addressed the students at the opening exercises. Col. W. M. Berger made a short talk on Tuesday morning, while on Thursday Misses Hayerford and Hoffman entertained the members with instrumental music.

The enrollment to date is:

Mrs. Lucy Lies, and Misses Mary Fitzgerald, Adelaide Sais, Rafaelita Sais, Margarita Sanchez, Gertrude Zamora, Mercedes Chavez, Gladys Ormsby, Lena Turner, Alicia Sanchez, Eula Gooch, Velma Pederson, Childress, Raff, and Wieborg.

Messrs. Fred Baca, Luis Zamora, M. L. Aragon, Alberto Sanchez, Manuel Sanchez, Manuel Sanchez, Manuel A. Baca, Miguel Salazar, Ramon Castillo, Pablo Garcia, Dionicio Sanchez, Herman G. Baca, Norberto Padilla, Frank Sanchez, A. R. Cordova, Martin Baca and E. H. Rushworth.

B. C. McCray came over from Torrance Saturday for a short visit with Mrs. McCray, returning again on Wednesday morning.

"If you're a man, smile; if  
you're a dog, wag your tail."

There are always a few who  
see the dark side of every picture.

A safety razor will often do its  
party toward promoting an ap-  
pearance of prosperity.

Any fool can ask questions,  
but it takes a wise man to give  
answers that he can understand.

The prosperity of a town de-  
pends chiefly upon the confidence  
the people have in it. No town  
can prosper whose citizens are  
untrue to it.

The other fellow's job looks  
easy from the outside looking in,  
but it appears different somehow  
to the fellow having the inside  
job. In other words, there are  
always folks to tell other folks  
just how to run their business.  
Higgins, Texas News.

We may preach peace, law and  
order, sobriety and chastity, and  
shed horse apple tears over con-  
victs and fallen angels all the  
days of our dear lives, but as long  
as the kids read dime novels and  
run loose on the streets at night,  
it will be the same old story—over  
and over again.—Gallup Inde-  
pendent.

"Is the paper read?" No doubt  
each editor asks himself this  
question. There is one sure way to  
find out. Just publish something  
that someone doesn't like and  
you will find out it is read. An  
editor may use columns of his  
paper in boosting his city or  
county; he may say nice com-  
plimentary things about every  
citizen, and nine out of ten times  
he will hear nothing from it. But  
let him say something that in the  
least manner reflects upon the  
greatness or ability of some one  
and then he hears from it in  
strong son-dam-nation.—Ex

Where are the children of your  
home after dark? we fear that in  
only too many cases the parent  
must answer: "We do not know."  
They may be at the neighbor's,  
they may be at the church, they  
may be at the moving picture  
show or they may be on the street  
but the parents do not know. They  
may be learning something of  
what true mankind and woman-  
kind is, or they may be taking  
lessons in youthful depravity  
from precocious companions, but  
the parents do not know. Where  
are the horses or cattle or even  
chickens? All safe in well fenced  
pastures or secure barns.—Ex

Why worry about death? If life  
were not limited in some way it  
would not be worth living. Gold  
is valuable because the supply  
is limited; if it were not so the lives  
spent in gathering the precious  
metal would be expended in  
some other way. If no end to this  
existence could be expected there  
would be no incentive to accom-  
plishment, because whatever

was left undone today could just  
as well be consummated a thou-  
sand years from now. A day's  
task performed in a week gives  
no sense of satisfaction because it  
has caused a waste of all things,  
is most precious. An hour spent  
in slumber which is not required  
to refresh the mental and phys-  
ical being is a prodigal use of  
time which should appall the  
most reckless spendthrift. Be  
convinced of this that when the  
Grim Reaper reaches us we will  
worry less about death than the  
record of how we spent the lim-  
ited time entrusted to our keep-  
ing.—Deming Graphic.

### The Deadly Fly

This will kill this year more  
Americans that will ever be lost  
in a battle. We talk about the  
Japanese invasion and prepare  
for it, wisely. Why do we toler-  
ate and ignore the annual in-  
vasion of an enemy more deadly  
and dangerous than all the yellow  
men of Asia? It is not very in-  
teresting to talk about flies.  
They are not so huge and impres-  
sive as wild elephants or roaring  
lions. But the fly is more pois-  
onous today than all the snakes  
of the world combined, infinitely  
more dangerous than all the  
ferocious animals. And here in  
our civilization and so called  
perfect science the fly destroys  
life on a scale that may fairly be  
compared with the ravages of the  
plague in days when the popula-  
tion was smaller, ignorance and  
indifference greater.

Do not allow decaying material  
of any sort to accumulate on or  
near your premises. All refuse  
should be removed at once or cov-  
ered with lime or kerosene. Cover  
food after a meal. Burn or bury  
all table refuse. Screen all food  
exposed for sale. Buy no food  
that has been exposed to flies.  
Use the utmost precaution  
against the fly and he will fail to  
accumulate.—Springer Stockman

### Lesson for Young Men

There is a lesson in physical  
culture for young men and boys  
in the Roosevelt trial, the force  
of which should not be lost. The  
most eminent physicians of the  
day have gone on the stand and  
testified that if Roosevelt had  
been addicted to the use of al-  
coholic drinks he could not pos-  
sibly have stood the severe phys-  
ical strains that he has gone  
thru at different periods in his  
life. These men also swore that

if his system had been tainted  
with the poison that alcohol  
leaves where it is used contin-  
uously, that he would never have  
recovered from the gunshot  
wound he received during the  
last campaign.

This is far more important  
than whether the Michigan edi-  
tor libeled the ex-president. For  
our part, tho we heard it fre-  
quently when last a candidate,  
we never have believed that  
Roosevelt was a hard drinker.  
Our belief was based on the know-  
ledge to which the doctors re-  
ferred to above have testified.

If a man wants to conserve his  
physical, moral and mental pow-  
ers he must leave alcohol and all  
other narcotics alone. Every  
young man should have this les-  
son indelibly stamped on his mind.

Roosevelt is entitled to credit  
for having these facts so widely  
made public, and in doing this  
has overcome any possible dam-  
age that could have been done his  
character.—Farmington Times  
Hustler.

The man who will swindle a  
newspaper out of a years sub-  
scription, will rob the bank of a  
thousand dollars if he has the op-  
portunity. The difference is  
that the newspaper man is "ea-  
sy," and it requires work and  
courage to get the banks money.

When a good man is called up-  
on to pass in his checks, and re-  
nder his final account, it is a pleas-  
ure to publish his virtues to the  
world, and to enlarge upon his  
honesty and goodness of heart.  
But we are well acquainted with a  
few individuals for whom we will  
never spread any rose water, nor  
put forth any efforts in trying to  
usher them into the Pearly Gates.  
Any man who will beat a strug-  
gling newspaperman out of a few  
years subscription, or a few of his  
hard earned dollars, will never see  
the Pearly Gates, and all the  
whooping and-boasting we can do  
will never land him in Paradise.

### Prevention vs. Cure

By Joseph Malins

'Twas a dangerous cliff, as they  
freely confessed,  
Though to walk near its crest  
was so pleasant  
But over its terrible edge had

Miss Myrtle Cothrum,  
of Russellville, Ala., says:  
"For nearly a year, I suf-  
fered with terrible back-  
ache, pains in my limbs,  
and my head ached nearly

### Cardui

The Woman's Tonic

I took two bottles, in all,  
and was cured. I shall  
always praise Cardui to  
sick and suffering wo-  
men." If you suffer from  
pains peculiar to weak  
women, such as head-

ant;  
So the people said something  
would have to be done,  
But their projects did not at all  
tally.  
Some said, "Put a fence around  
the edges of the cliff;"  
Some, "An ambulance down in  
the valley."  
But the cry for the ambulance  
carried the day,  
For it spread through the  
neighboring city,  
A fence may be useful or not, it  
is true,  
But each heart became brimful  
of pity  
For those who slipped over that  
dangerous cliff;  
And the dwellers in highway  
and alley  
Gave pounds or gave pence, not  
to put up a fence,  
But an ambulance down in the  
valley.

Then an old sage remarked, "It's  
a marvel to me  
That people give far more at-  
tention  
To repairing the results than to  
stopping the cause,  
When they'd much better aim  
at prevention.  
Let us stop at its source all this  
mischief," cried he.  
"Come, neighbors and friends,  
let us rally:  
If the cliff we will fence we  
might almost dispense  
With the ambulance down in  
the valley."

Better guide well the young than  
reclaim them when old,  
For the voice of true wisdom  
is calling:  
"To rescue the fallen is good,  
but 'tis best  
To prevent other people from  
falling."  
Better close up the sources of  
temptation and crime  
Than to deliver from dungeon  
or galley;  
Better put a strong fence 'round  
the top of the cliff,  
Than an ambulance down in  
the valley!

## Why Belen has Grown

The reason why Belen has grown is because there  
are men of push and energy in it, who are not afraid to spend  
their time and money in boosting the town. They have erec-  
ted substantial buildings, organized stock companies, encour-  
aged railroads, worked for public improvements, and used all  
legitimate means to induce people to locate in their city.  
Wherever they go they tell of the advantages of their city,  
they write about them in every letter; they send circulars and  
newspapers to all whom they think they can get to visit the  
town, and, when anyone visits them, they treat him so kindly  
that he falls in love with them and their town at once.

It is this enterprise, in addition to the natural ad-  
vantages and location, and all pulling together, that make a  
progressive town. If you are a "live wire" Belen offers you the  
glad hand. Come and investigate conditions for yourself.  
Come and meet our people, breath our pure air, and enjoy our  
life-giving sunshine, and you, too, will become a booster for  
Belen and the Rio Grande Valley.

## The Editor

Last evening I was talking  
With an editor aged and gray,  
Who told me of a dream he had,  
I think 'twas Christmas day,  
While snoozing in his office  
The vision came to view,  
For he saw an angel enter,  
Dressed in garments white and new.

Said the angel: "I am from Heaven;  
The Lord just sent me down  
To bring you up to glory,  
And put on a golden crown.

You've been a friend to everyone,  
And work hard night and day;  
You've supported many thousand;  
And from few receive your pay.

"So we want you up in glory,  
For you have labored hard;  
And the good lord is preparing  
Your eternal just reward."  
Then the angel and the editor  
Started up toward glory's gate,  
But when passing close to Hades  
The angel murmured, "Wait!"

"I have a place to show you;  
It's the hottest place in Hell,  
Where the ones who never paid  
you

In torment always dwell.  
And, behold the editor saw there  
His old customers by the score;  
And grabbing up a chair and fan  
He wished for nothing more.

But was bound to sit and watch  
them  
As they'd sizzle, singe and  
burn;  
And his eyes would rest on deb-  
tors

Which every way he'd turn.  
Said the angel: "come on editor,  
There's the pearly gates to see."  
The editor only muttered:  
"This is Heaven enough for  
me."

## Notice of Sale

In the District Court of the Second Judicial District in and for the County of Socorro, state of New Mexico.

Juan Sanchez y Apodaca, Plaintiff,  
vs. No. 1804  
Juan B. Otero and Manuelita Chavez de Otero, Defendants

Under and by virtue of an execution issued out of the District Court of the Second Judicial District of the State of New Mexico, within and for the county of Socorro, directed to me the undersigned Sheriff of Valencia County, which said execution was issued upon a judgment in a certain cause lately pending in said District Court, wherein Juan Sanchez y Apodaca was the plaintiff and Juan B. Otero and Manuelita Chavez de Otero were defendants, and which cause is numbered on the docket of said district court as No. 1804, I have levied upon the following described property of the defendants, to-wit: All the land described in Patent No. 1052 from the United States of America to Manuela Chavez de Otero, under date of November 14, 1902, and better described as follows: Claim One thousand and fifty-two, being a part of section one, township six north range two east of New Mexico Principal Meridian, containing forty-six and eighty-five one-hundredths acres, said patent being recorded in Volume A-17 Folio 108, Records of Valencia County.

And to satisfy the said execution as I am therein commanded, I will on the 25th day of June, A. D., 1913, at the hour of twelve o'clock noon of said day at the front door of the new court house of the County of Valencia at the town of Los Lunas, expose for sale and sell to the highest bidder for cash the said real estate above described.

The amount of said judgment and the costs of suit, is the sum of \$289.30, with interest from the 25th day of February, 1913 at the rate of six per cent. per annum, making the total sum of \$293.64 due on the date of the sale, and the costs of this notice and the sale to be added thereto.

**WANTED—A RIDER AGENT** IN EACH TOWN, and district to ride and exhibit a sample latest model "Hedgehorn" bicycle furnished by us. Our agents everywhere are making money fast. Write for full particulars and special offer at once.

**NO MONEY REQUIRED** until you receive and approve of your bicycle. We ship to anyone, anywhere in the U. S., without a cent deposit in advance. Prepay freight, and allow **TEN DAYS FREE TRIAL** during which time you may ride the bicycle and put it to any test you wish. If you are then, not perfectly satisfied or do not wish to keep the bicycle ship it back to us at our expense and you will not be out one cent.

We furnish the highest grade bicycles it is possible to make at one small profit above actual factory cost. You save \$10 to \$15 middlemen's profits by buying direct of us, and have the manufacturer's guarantee behind your bicycle. **DO NOT BUY** a bicycle or a pair of tires from anyone at any price until you receive our catalogue and learn our unheard of factory prices and remarkable special offers to rider agents.

**YOU WILL BE ASTONISHED** when you receive our beautiful catalogue and study our superb models at the wonderfully low prices we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are satisfied with \$1.00 profit above factory cost.

**BICYCLE DEALERS**, you can sell our bicycles under your own name plate at double our prices. Orders filled the day received.

**SECOND HAND BICYCLES**. We do not regularly handle second hand bicycles, but usually have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from \$3 to \$8 or \$10. Descriptive bargain lists mailed free.

**COASTER-BRAKES** single wheels, imported roller chains and pedals, parts, repairs and equipment of all kinds at half the usual retail prices.

**\$8.50 HEDGEHORN PUNCTURE-PROOF \$4.80**  
**SELF-HEALING TIRES** A SAMPLE PAIR TO INTRODUCE, ONLY

The regular retail price of these tires is \$8.50 per pair, but to introduce we will sell you a sample pair for \$4.80 with order \$4.50.

**NO MORE TROUBLE FROM PUNCTURES**  
Nails, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use.

**DESCRIPTION:** Made in U. S. of India. It is a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have never been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of this, specially prepared fabric on the tread. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.50 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent (thereby making the price \$4.28 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

**IF YOU NEED TIRES** don't buy any kind at any price until you send for a pair of the special introductory price quoted above, or write for our Big Tire and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices. **DO NOT THINK OF BUYING** a bicycle **DO NOT WAIT** or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

##### Hints on Canning Preserves and Jelly Making

In straining the juice for jelly, do not press or squeeze the bag through which it is strained or the jelly will not be clean. Hang the bag up and let the juice drain out.

For making currant jelly use the currants just before they are altogether ripe.

Strawberry juice, will not "jell" but by adding 1 measure currants to 5 measures of strawberries a very nice jelly may be made.

After filling a can with fruit, run a knife around the inside to break bubbles, then fill to overflowing and seal. Rubbers should be put on the jars before filling.

Do not try to tighten the lids after the jars have become thoroughly cold as it loosens the rubbers and lets the air in.

##### Canning Cherries

The recipe given in a previous issue of this paper for canning strawberries may be followed for canning cherries, except that the syrup should be made sweeter. The rule given for strawberries was 1 part sugar to 2 parts water but for those who like fruit very sweet the proportion of sugar may be increased in canning berries as well as cherries.

##### Currant Jelly

Wash the currants, drain and put in a preserving kettle, and crush them as they are heating. When just at the boiling point remove from the fire and strain. Add a quart of sugar for every quart of juice, return to the fire and cook about five minutes. It is well to test it by putting a little in a shallow dish to see if it is the right consistency before turning into the glasses.

##### Pickled Peaches

Make a syrup of 4 pounds of sugar to 1 quart of vinegar; add to the syrup 2 tablespoons of whole cloves and of stick cinnamon, broken and tied up in a piece of muslin. Cook whole peaches, a few at a time in the syrup until tender, then place in a jar and after boiling the syrup down a little, pour it over them.

##### Baked Peaches for Desert

Pour boiling water over the peaches, then remove the skins; arrange in a layer in a pan, sprinkle plenty of sugar over them; add a little water and bake until tender. Serve with cream.

##### Another Peach Desert

Arrange a peeled half peach on a slice of sponge cake or three or four lady fingers. Surround with whipped cream which has been sweetened and serve.

##### Strawberry Sherbet

1 quart of strawberry juice; 1 pint of sugar; 1 quart of water; 1 tablespoonfull of gelatin soaked in a little cold water for about 5 minutes. Boil the sugar and water together and add the gelatin, stirring until dissolved. Allow this to cool, then add strawberry juice, and put in the freezer, just before freezing add the stiffly beaten egg whites.
