THE BELEN NEWS

VOLUME I.

BELEN, NEW MEXICO, JULY 17, 1913

NUMBER 31.

BASEBALL ASSOCIATION IS ORGANIZED

Business Management will Work for Upbuilding of Local Sport

The matter of the local Baseball team, and its management was placed on a business foundation on last Monday night, when the Belen Baseball Association was organized. The local aggregation has been doing good work and has given Belen a lot of good advertising, and while the businessmen have lent both their moral and financial support, it was decided that this could be more effectively done through the organization.

More than a score of fans met at the Club rooms and after discussing the matter pro and con, proceeded to perfect the organization. John Becker, Sr., was selected as president, P. A. Speckmann vice president, A. H. Wetmore, secretary and L. C. Becker treasurer. The matter of dues was discussed and finally fixed at one dollar per month from May 1st to October 1st. The members paying dues regularly are to be exempt from further taxes, their badges admitting them to the games, etc.

All the businessmen and all the fans are invited and expected to join the association and help the game along, at the same time helping the town. We do not need look far to see sufficient proof that a good live team advertises a town, for our team has been doing this most effectively the past few months. With the right sort of backing, this can be increased several fold.

Next Sunday's Game

The 4-A team of Albuquerque, will be down next Sunday to try it out with the local team. This is a Santa Fe aggregation and they are sure they can give our boys, what we have been giving the other teams recently. A good game is looked forward to, as our boys are determined to hold their own, if such a thing is possible.

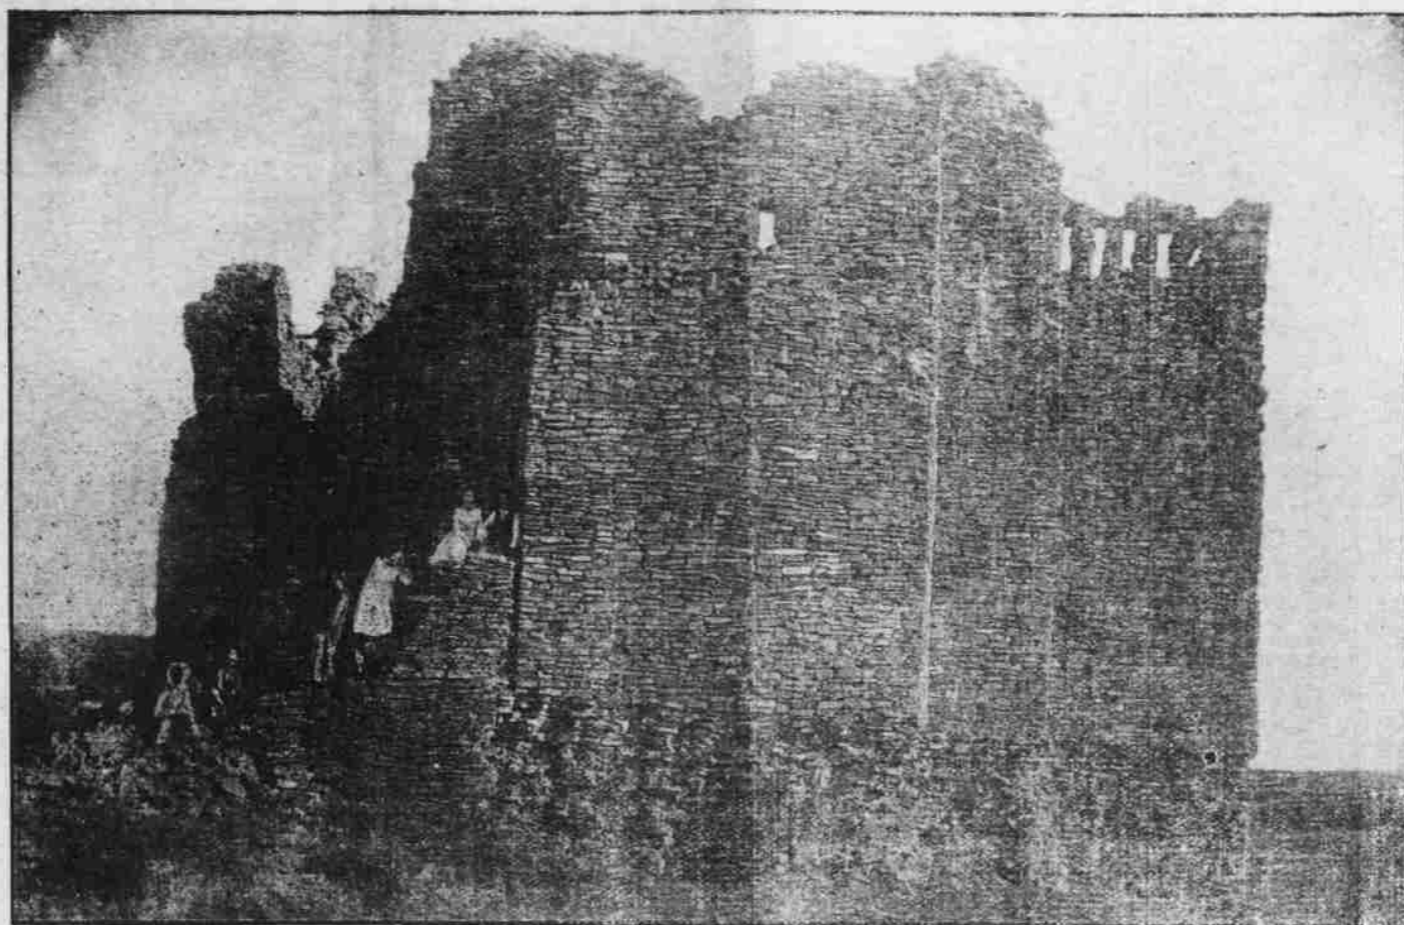

A good crowd of fans should be on hand to cheer our boys to success. And don't forget to bring a quarter or a half along to help meet the expenses of the visiting boys.

Continue the Good Work

The Belen Ball Team is still bringing advertising of the right sort to our town. On Monday the boys received an offer of \$75.00 to come to Gallup and play a game next Sunday, and almost immediately after an offer from Amarillo, Texas. Then San Marcial came forward wanting a game here with a return game at that place.

On account of the distances, the first two offers can hardly be accepted, although an effort is being made to do so, provided ways and means can be found. In case it can be arranged, the fans of these cities may be shown a game of real baseball.

The Wednesday afternoon Thimble Club has disbanded during the warm weather.

The Ruins of Cuaraí at Punta de Agua

"HAPPYS" AGAIN LOSE TO LOCALS

Every member of local Team makes one or more Scores

The ball game last Sunday between the local team and the Happy-go-Luckys of Albuquerque was not nearly so good a game as the one played by the same teams a few weeks previous on the local grounds. The home team had the best of it right from the start, and although the visitors tried to redeem their poor start by changing pitchers, this availed them nothing.

Burford pitched a splendid game for the locals, striking out nine men. He had good support from the whole team, Voelker at first putting out ten men. The visitors for some reason did not play together as they did in the former game. Only five strikeouts were credited to both Clark and Spencer, during the whole game. The two scores of the visitors were made by Shipley in the sixth, and McKee in the seventh. Each of the home boys made a score, Burford making three and Voelker two, bringing the total score to twelve, as against the two of the visitors. The locals have but two errors to their debit, while the Happys have five.

The umpires were Branch and Dalies.

The Happys took their defeat in good spirits, and after the game cheered lustily for the Belen boys. They are satisfied that our boys can play ball, and Manager Keleher spoke words of praise for the entertainment provided for the visiting team, claiming that each member had a royal good time every minute while in town.

Just Any Old Stamps

It has been ruled by the department recently that on and after July 1st any stamp, whether parcels post, or otherwise, may be used thereon. This is good news, as the classification was very difficult for the ordinary person. Also any old stamp, even that of parcels post may be used on a letter, so remember this may be useful.

RUINS OF CUARAI TO BE EXCAVATED

This church was built under the direction of Father Est van de Perea some time between 1617 and 1630 at the pre-historic Tigua city of Cuaraí, seven miles north of Mountainair. The Cuaraí people were overcome and driven from their homes by the Apaches about the year 1674 and the town has not been habited since.

The work of developing the ruins of ancient cities in this vicinity, inaugurated last year by Dr. Edgar L. Hewett, director of the New Mexico branch of the American School of Archaeology, will be continued this year, and the first systematic excavating ever done at any of these ruins will be commenced at La Cuaraí, immediately after Chautauqua under the direction of Dr. Hewett. The excavations will continue at the ruins for some time after the close of the Chautauqua and the work will be accompanied by the regular lectures of the Summer

School, one week of which will be held here at this time, during which the regular Summer School work will be continued. Dr. Hewett has arranged for camping equipment and accommodations at nominal cost will be afforded those who will attend these meetings and witness this most interesting work. These rusty old ruins nestle among the evergreens at the foot of the Manzano Mountains and aside from the historic interest of the place, it is a most attractive camping site with an abundance of water and shade and all other conditions necessary to a pleasant and inexpensive outing. Those desiring accommodations in camp should notify Dr. Hewett or the Chautauqua management as early as possible. Among the noted speakers who will attend this meeting is Dr. Lewis B. Paton, formerly director of the American School of Archaeology at Jerusalem.

GUNTER TO RECEIVE DEGREE OF B. P.

The News is in receipt of the announcement of the Commencement Exercises of the New Mexico Normal School at Silver City, Thursday evening, July 17. Among the list of graduates we note the name of John B. Gunter, upon whom the degree of Master of Pedagogy will be conferred. The program also contains the name of Mr. Gunter on "Changing Conditions in the High School." Mr Gunter has spent the greater part of his time, when not actively engaged in the schoolroom, during the past several years at Silver City fitting himself for better work, and his many friends will rejoice with him over the honors he has thus won.

People who put in most of their time looking for the mistakes and shortcomings of others are apt to stumble over something and fall down. Make your own pathway straight before you begin to watch for the zigzags in the other fellow's. --Lakewood Progress

JUNIORS LOSE GAME WITH LOS LUNAS

The revived "Juniors," went to Los Lunas last Sunday where they crossed bats with the Los Lunas Club, the score resulting 11 to 10 in favor of the Los Lunas boys. Homppwell, Sais and Aguirre were the batteries for the county seat aggregation and Baca and Garcia for the visitors. P. Torres is credited with a home run, his heavy hitting attracting attention. Jaegels and Burs acted as umpires. Bases on balls were allowed as follows: Homppwell 6, Sais 4, Baca 0. Struck out Sais 1, Baca 6.

The Juniors are expecting to have the county seat boys here next Sunday to play on the home grounds, when they expect to hold the greater end of the score.

A little boy was told by his school teacher to write an essay on "Woman." He executed the following: "Woman is what men like to marry. Man's logical; woman is zoological. Both man and woman sprang from monkeys, but woman sprang the farthest." --Exchange

TRACTION GRADER IS ORDERED

Road Board Secures Needed Power machinery for Road Work

The Valencia County Road Board held a meeting on Tuesday of this week at which time the contract was let for a tractor and grader. It is expected to have the outfit here and working early in August. The first work with the new outfit will probably be done just north of the Los Lunas bridge.

Several petitions for opening of roads between Los Lunas and Los Chavez were presented to the board, and approved, and referred to the county commissioners for the naming of viewers to pass on the same.

Work is to begin at once on the Abo canyon road, east of Sais, to place that road in condition for auto travel in time for the Chautauqua at Mountainair.

E. C. de Baca will visit the western part of the county the last of the month, to inspect the work being done on the roads and to investigate the matter of building several bridges which have been petitioned in that part of the county.

The board adopted a resolution to the effect that ten hours will constitute a days work on the roads and the supervisors are to be informed accordingly. The compensation of the supervisors will remain the same as heretofore.

The board is also perfecting arrangements to have the roads dragged systematically after each rain to keep them in good condition.

Car Whacker Injured

On Monday night while inspecting cars in the local railroad yards, Ignacio Aragon, was injured, when the train was set in motion. Just how the accident occurred is not known. Aragon's left leg was broken above the knee, and two fingers crushed off his left hand. Aragon was taken to Albuquerque and placed in St. Joseph's hospital, where he is reported as doing fairly well.

FIESTA DE BELEN TO BE GALA DAYS

Three Days to be Given to Sports and Jollification during August

At a meeting Monday night at the Club room, steps were taken on preparation for the celebration of "La Fiesta de Belen," it being the sentiment that the celebration should begin on Thursday night, August 14th, and continue till Saturday night, the 16th. A general arrangement committee was named which will have general supervision of the affair, and is authorized to name sub-committees, as soon as the program is outlined sufficiently to warrant the committees getting to work.

A committee, consisting of A. H. Wetmore, Oscar Goebel, Kaufman Mandell and P. A. Speckmann was named to see if a Carnival Company could be secured, and if it is thought advisable to secure same for the three days.

The following is a list of the members of the general committee, which will hold a meeting on Friday evening at 8 o'clock, at the Club rooms to arrange the program and sports:

A. Didier
F. W. Campbell
Antonio Gilbert
Chas. Reinken
Victor Duran
P. A. Speckmann
Rev. J. A. Picard
John Becker Jr.
Fred Raff
Kaufman Mandell
Oscar Goebel
J. M. Garcia
Fred Carlisle
Louis Becker
Saturnino Baca
Ramon Baca y Chaves
H. E. Byers
Geo. Hoffman
Isiderio Garcia
J. M. Lee
Wm. LeBrun

Where's Your Girl?

We were impressed with the remark of a stranger in Aztec recently. In walking around town at night he discovered a young girl and boy in the outskirts of town sitting in a dark corner and from remarks that he heard them make he shook his head gravely. "The marshal of Aztec makes it a part of his duty to watch young couples," we said, "in their nightly strolls." "Can't do it," replied the stranger emphatically. "The only thing to do is for that policeman to go and tell the mothers of the girls whom he sees, and believe me, if she is a right-minded true mother, she will take a hand with the girl and stop such night racket. If a boy has honorable intentions toward a girl he will not take her to secluded spots but will go to her home to see her. If he has not honorable intentions, then the girl's mother should rise in the strength of all that is good and pure and point out to her daughter the terrible danger that threatens. Occasionally a strong boot tip on father's right foot has been found efficacious for the boy. But mother is the one to protect the girl." --Aztec Index.

Have you joined the Baseball
Association? If not, get busy, or
you may be the last one. Help
boost. This is the national game
and everyone enjoys good clear
baseball. Do your share and Be-
len can have the championship
of the state.

Belen enjoyed a splendid cel-
ebration of the Fourth. The next
thing is the Fiesta of Belen, Au-
gust 14, 15 and 16. Let everyone
do his share and we will have a
better celebration and a larger
crowd. "If you can't push, pull,
if you can't pull, get out of the
way."

If there is a man who thinks a
woman has an easy time of it,
why, just let him pin on a pound
of false hair and get inside a pair
of corsets and put on a pull-back
overskirt and be a woman him-
self, and see how he likes it.—
Tucumcari News.

What's the matter Hawkins,
did you try it?

Luna county will vote on the
establishment of a County High
School on August 9th. Guada-
lupe county voted last week, the
vote being almost unanimously
in favor of the same. Socorro
county will vote on August 9th
on a similar proposition. Valen-
cia county will probably be the
last county in the state to vote on
the matter. Why?

Apparently the Belen Ball Team
has gotten into the habit of tak-
ing all the games played on the
home grounds, and can't break
the habit, nor can the visiting
team do so. Twice has Albuquer-
que sent down a picked team to
do the work, but they failed to
make good in this point. Al-
buquerque has some good ball
players and they play and lose
like gentlemen. The home boys
hated to do it again last Sunday,
but its hard to break a habit.

The idea of investing the per-
manent school fund of the state
in the State Road Bonds appears
to be a good investment. Look-
ing to the safety of the school funds
and as to the sale of the road
bonds. The fact that some banks
have offered a little higher rate
of interest on the money than
the bonds will pay is nothing
against the plan, when it is con-
sidered that the time this higher
rate is offered is not limited.
The banks may cut their rate of
interest at any time they see fit,
which would probably be as soon
as they once had the money in
their possession. For when banks
offer only four per cent. on time
deposits, they certainly will not
and cannot pay almost double
that amount for the school funds,
as some have proposed doing.
Even at the difference in the
rate, if the banks should con-
tinue the rate offered, the loss
would be only about four cents
per pupil, as shown by the report
of the governor and attorney
general. State treasurer Marron
has set himself against the pro-
position, but he probably will not
be able to stand his ground long.

The University News is the

latest addition to New Mexico
newspaperdom, being published
by and in the interest of the Uni-
versity of New Mexico. It is
full of news of interest to anyone
contemplating taking a university
course. That the state school is
well prepared to care for all the
young people who desire to take
the advanced courses, is proven
by the work of the graduates of
the institution. When it is con-
sidered that the people of the
state pay heavy tribute in the
way of taxes to support the state
university, it is somewhat of a
mystery that so many of the
young people seek the institutions
of other states to take up the
advanced courses. Judge Rich-
ardson in the Commencement
Address last month, made the
statement that not one-half of
the people of the state knew of
the University of New Mexico.
It is to acquaint them with the
work of the school that the paper
has been launched. In older
states it has been found that such
a course does not have the desired
results. These states have found
that the use of the columns of
the county newspapers have
reached more people and have
brought better results than the
publication of a distinctive uni-
versity paper. Such a paper can-
not reach the homes which are
reached by the county papers,
nor is such a paper read as is the
home paper. News stories of
happenings at the school, pub-
lished in the county papers in the
news columns, will reach more
people and be read by more peo-
ple than will ever glance at a
distinct school paper. Nine out
of every ten of the county papers
of the state will make special
rates for this class of advertising,
but it is rubbing it in a wee bit,
after the University pays the cost
of publishing its own paper, to
have them send a circular letter
along with the copy, asking the
county paper to boost the U. of
N. M., "free, gratis for nothing."

After all, the best crop raised
in this country is children, which
suggests the thought that while
not for a moment would one dis-
count the value of improving the
breed of hogs, horses and cattle,
nor find fault with the money
devoted to improving the quality
of grains, very much more atten-
tion ought to be given to promote
the health and welfare of children.
It is a melancholy fact that thou-
sands of little children die every
year because not enough atten-
tion is given them.—Silver City
Enterprise.

The convention which was held
here by Mr. Larrazolo last week
does not appear to have been
given the attention it should have
had by the newspapers of the
state. Few of the newspapers
outside of Santa Fe appear to
have heard of the convention or,
having heard of it, did not con-
sider it worth while to report the
proceedings. It is to be regretted
that the newspapers of New Mex-
ico choose rather to give space to
base ball games than to a great
political movement. Is not Mr.
Larrazolo's political future of
more importance than a base ball
game?—The Eagle.

Said the groceryman to the
butcher man, "Really it is a sin
that you buy your salt on the
wholesale plan and I never see
the tin." Then hied him back to
the grocery store and quickly an
order sent, for a few choice hams
for family use and a box of fish
for Lent. Said the clothing man
to the hardware man: "You cer-
tainly don't do right when you get
a suit from an eastern house with
my big stock in sight." But the
clothing wanted a new steel range,
and it came, as the neighbors
know in a box that he tried to
hide in a barn, marked Gee, Haw-
buck & Co. The business men
then called a meeting to see
where the trouble lay, and they
all agreed it was the editor man
and not the devil to pay. "Why

don't they roast the mail order
stores?" these grouchy knockers
said "and stand by them who
patronize him and give him his
daily bread?" So they drew up
a contract long and strong, for
the editor to peruse, and waited
on him with aspect grim, as he
solemnly dug for the news, but
the editor laughed a big horse
laugh till the gang all took to the
woods, for 'twas written on axle
grease letter heads that came
with the bill of goods.—Ex.

The discussion of the big tax
question at the chamber of com-
merce Tuesday brought out, as
does every live discussion of pub-
lic matters, the crying need of a
law that is just and honestly ad-
ministered and one that will real-
ly and effectually equalize taxa-
tion.

We believe that the fight for it
should begin now, and that the
next legislature should be made
to understand that dilatory action
will be tolerated no longer.—
Santa Fe New Mexican.

What the Santa Fe Chamber
of Commerce has been doing the
business men of Farmington have
been doing and perhaps those of
all the live towns of the state.

We agree with the New Mexi-
can that the fight should begin
now, and made so hot that the
next legislature will not dare to
fail to meet the public demand.
This new state must have a bet-
ter tax system before it can prop-
erly develop its wonderful
natural resources. The men who
oppose a better system are ene-
mies of our state's progress.—
Farmington Times Hustler.

Isn't it queer how easy it is to
to transform friends into ene-
mies?

A frank enemy is more to be
desired than a false friend.

Don't look up to people. It
encourages them to look down
on you.

Many a man's soiled character
has been washed in a woman's
tears.

Does a girl wish to be hated?
asks Beatrice Fairfax, and then
proceeds to show how a girl may
achieve this ambition. And
some of them succeed admirably
well.

The greatest thing that par-
ents can do for their children is
to teach them concentration of
the mind as soon as their intelli-
gence begins to bud—and that
is very early. The mind of a
child generally takes its bend
long before the school days be-
gin. The proper education of
children begins from the cradle,
and if it were pursued as it ought
to be the mental force of mankind
might be quadrupled in a single
generation.

Worn Out?

No doubt you are, if
you suffer from any of the
numerous ailments to
which all women are sub-
ject. Headache, back-
ache, sideache, nervous-
ness, weak, tired feeling,
are some of the symp-
toms, and you must rid
yourself of them in order
to feel well. Thousands
of women, who have
been benefited by this
remedy, urge you to

TAKE

Cardui

The Woman's Tonic

Mrs. Sylvania Woods,
of Clifton Mills, Ky., says:
"Before taking Cardui,
I was, at times, so weak I
could hardly walk, and
the pain in my back and
head nearly killed me.
After taking three bottles
of Cardui, the pains dis-
appeared. Now I feel as
well as I ever did. Every
suffering woman should
try Cardui." Get a bottle

Why Belen has Grown

The reason why Belen has grown is because there
are men of push and energy in it, who are not afraid to spend
their time and money in boosting the town. They have erec-
ted substantial buildings, organized stock companies, encour-
aged railroads, worked for public improvements, and used all
legitimate means to induce people to locate in their city.
Wherever they go they tell of the advantages of their city,
they write about them in every letter; they send circulars and
newspapers to all whom they think they can get to visit the
town, and, when anyone visits them, they treat him so kindly
that he falls in love with them and their town at once.

It is this enterprise, in addition to the natural ad-
vantages and location, and all pulling together, that make a
progressive town. If you are a "live wire" Belen offers you the
glad hand. Come and investigate conditions for yourself.
Come and meet our people, breath our pure air, and enjoy our
life-giving sunshine, and you, too, will become a booster for
Belen and the Rio Grande Valley.

Fresh vegetables every day at Didier's.

Mrs. Wallace Branch left Tuesday for a visit to Texas.

M. Lindsay is here on a visit to his family from Deming.

Mrs. J. M. Lee will return from a visit to the east the latter part of the week.

Frank Lemaster has returned from a month's visit to his parents in Los Angeles.

Paul Simmons is holding down the job as night clerk at the Santa Fe Reading Rooms.

Attorney M. C. Spicer returned from Santa Fe Monday evening, where he had been on business.

Loudon's Fancy Brick Ice Cream and Sherbets. See Buckland Bros.

Mr. and Mrs. F. Delgado returned from Chicago Monday, where they have spent several weeks.

Postoffice Inspector Moran spent Wednesday in town checking up the accounts of the local office.

When you entertain, you want the best Ice Cream. See Buckland Bros.

Mrs. B. S. Hill and Miss Bertha Abell entertained at 500 last Friday afternoon at the home of the former.

FOUND—Bunch of keys. Owner can have same by describing property and paying for this notice. Call at Goebel & Sons.

An item which we overlooked last week is the birth of a girl to Conductor and Mrs. Reese on Sunday, July 6th. All concerned are doing nicely.

FOR RENT—Three 4-room houses, pantries and water. Near depot. Newly painted, fresh and clean. Apply or phone F. W. Campbell. 30-1f

Mrs. Emma Stauffer came in from Albuquerque Monday evening for a visit with her sister, Mrs. John Dils of the New state Hotel.

Word has been received by friends of the death in Texas of Mrs. Weatherspoon, a former resident of Belen.

Mr. and Mrs. V. H. Wilson and Mr. and Mrs. H. L. Abell will leave Saturday evening for a month's visit to points in California.

The Valencia county Road Board held a special meeting on Tuesday of this week, at which time the matter of purchasing a traction engine for road work in the county was considered.

W. E. Albright, manager of the Central Auto Company of Albuquerque was in town Tuesday evening with one of his Hupmobiles. He had made the trip to Sabinal, and claims to have made the trip with his machine in "high" all the way, in spite of the sand.

Al Flickinger left with his family Tuesday for Antlers, Oklahoma. They drove overland, going by way of Palomas Hot Springs, where they will stop a few days for a rest, during which time Al will take a course of baths. They have prepared a comfortable "Prairie Schooner," all enclosed with wire screen, and will make the journey by easy stages.

Saturnino Baca, county superintendent of schools, returned Sunday night from Salt Lake City, Utah, where he spent five days attending the National Educational Association. He reports a splendid meeting, well attended and much enthusiasm. The only drawback was the intense heat. He says its nice and cool here in the valley of the Rio Grande, in comparison, and is glad to get back.

Mr. and Mrs. J. R. McMichael came in this morning from Arizona, where they have been making their home for some time. They will leave this evening for Arkansas City, Kansas.

A few of Mrs. S. K. Cotton's friends surprised her last evening, the occasion being her birthday. 500 was played, dainty refreshments were served. She was presented with a cut glass jell dish.

UNCLAIMED MAIL MATTER.

The following is a list of letters and other unclaimed mail matter remaining in the post office at Belen, New Mexico, for the week ending

July 10, 1913

Persons calling for this unclaimed matter will please say "Advertised."

A charge of one cent will be made for each piece of advertised matter delivered, as required by Section 668 Postal Laws and Regulation, 1902.

A COLUMN FOR THE KITCHEN

To make the Tough End of Porterhouse Edible.

The tough ends of porterhouse steak cannot be eaten if broiled or fried with the rest of the steak, so it is much wiser to cut them off and put them through a meat chopper, then season and form into flat cakes which may be fried or broiled and served with the steak.

Pressed Beef

Boil a nice beef shank in plenty of water until the meat will fall from the bones and the water is reduced to one pint. Remove bones and gristle and chop the meat very fine. Salt and pepper to taste, add the liquor, stir thoroughly, put in a mold and set away to cool. Serve cut in slices.

American Plum Pudding

2 cups graham flour.
1 cup molasses.
1 cup sweet milk.
1 cup raisins.
1 teaspoon soda, dissolved in milk.
Steam 3 hours, serve with whipped cream or sauce.
Serves 8 persons.

Prune Whip.

20 prunes, well cooked, pitted and broken up; 2 eggs; 2 tablespoons sugar; 1-2 teaspoon cream of tartar. Whip whites of eggs until very stiff, add sugar, then cream of tartar, then prunes. Bake in a covered dish placed in a pan of water to avoid burning.

To make the sauce, bring to a boil 1 cup milk and add, stirring all the time, the egg yolks, mixed smoothly with 2 tablespoons of sugar. When slightly thickened remove from fire and flavor.

Another Prune Whip.

Cook 1 pound of prunes, adding 1 cup sugar. Cool, pit and break up. Add 1-2 pint of whipped cream, then the beaten whites of 2 eggs to which 1-2 cup of sugar has been added. Pile whipped cream on top.

This may be prepared from cold stewed prunes and for those who have plenty of whipping cream is an easily prepared and dainty desert.

Rice in French Style

Wash well a quarter pound of rice and blanch in boiling water for ten minutes and boil it in a saucepan with an ounce of butter, three tablespoonfuls of sugar, a pint of milk, two bitter almond macaroons, a half ounce of orange peel cut into shreds, a half teaspoonful of orange flour water, 15 or 20 candied cherries cut in halves, the same number of large muscatel raisins, stoned, and a quarter ounce of candied angelica thinly sliced. When the rice is done pour the mixture into a mold. When cold turn on a platter. Serve it with a sauce flavored with a gill of sherry or rum.

Apple Snow

Separate the whites and yolks of 2 eggs, dropping the whites into a deep bowl. Grate into the unbeaten whites 1 large peeled apple and as quickly as possible, before the apple becomes discolored, begin beating. Beat until stiff, add about 2 or 3 table-spoons of sugar, judging according to the tartness of the apples. Beat until very stiff so it will hold its shape. Bring a large cup of milk to a boil, add the yolks mixed with 2 table-spoons of sugar and 1 heaping teaspoon of corn starch. Cook, stirring constantly until it thickens. Remove from fire, add a pinch of salt and flavoring. Cool, put in a bowl or individual dishes and pile the beaten mixture on top. This will serve three or four persons.
