New Mexico Department of Game and Fish Annual Report Scientific Authorization Permit

INSTRUCTIONS: This form is for reporting activities conducted under a New Mexico Department of Game and Fish Scientific Permit. When entering information, place only **one species per line and exact date of collection (Month/Day/Year)**. **Multiple individuals of that species may be entered as long as the date, age, sex, locality and disposition are the same.** Always specify the number of individuals in an entry, along with the ages and sexes where known. Disposition refers to what was done with the animals reported, e.g., “banded and released” or “deposited in the Museum of Southwestern Biology.” **Include all animals taken or handled during the current permit year**, even if some have not been fully identified when this form is submitted. In such case, report the identity as unknown and then supply complete information within one year in a follow-up report. Spreadsheets, catalogues, accession logs, or similar documents may be used in lieu of filling in the report portion of this form, **as long as ALL of the information requested in this form is included** (Geographic location information is recommended. Please note to have complete geographic information you must supply **both** the Coordinate System and the Datum). Filing an annual report is a condition of your permit. Continual failure to file a timely report or an incomplete report could result in suspension of your permit. You must submit a report even if you had no activity during the year. **Please email to DGF.Permits@state.nm.us** . You may also submit to: **New Mexico Department of Game and Fish, Field Operations Division, P.O. Box 25112, Santa Fe, NM 87504. The deadline to submit this report is Jan. 31.**
