Basic Description of the Appropriation Request:

The American Medical Association is an organization of medical students, residents, and physicians dedicated to the advancement of healthcare policy for the betterment of health in America. To this end, the AMA endeavors to connect physicians and physicians in training nationwide to promote the values of leadership, excellence and integrity in the medical field. The AMA holds two national meetings annually, an annual and an interim conference, to discuss current issues and revise policies. The prelude to these meetings are medical student section meetings in which hundreds of medical students from all over the nation gather to exchange ideas and refine policy recommendations of their own, some of which may then be referred to the physician section.

Requests must be filled out completely including detail sheet on the back and submitted to the GPSA Legislative Finance Chair via email (legfin@unm.edu) no later than 5:00 PM ON THE FRIDAY before the scheduled committee meeting. The LFC Chair should contact the organization to notify them of the time and location of the meeting after the appropriation is received.

Chair Update
-Casarez thanks all the committee and working group members for their time, attention to detail, reflection, and participation.

Annual Report Discussion
-Making decisions (or at least offering concrete suggestions) in the recommendations is helpful for Council, something more than editing. Council can always respond to a position, but having a position is helpful to motivate discussion. Still, weight of LSC recommendation on Council decision needs to be recognized.
-Use Dropbox and make it easier to use by developing naming conventions for documents. It also helps archive original documents.
-Submitting Conflict of Interest forms in advance forces committee members to be prepared.
-Use of GoogleDocs helped simultaneous editing and live tracking. It was not prohibitive even for committee members without a computer at the meeting, and accommodations were made for members of the public in attendance. Also, tracking changes in the document helps Council's discussion to see what changes are really being made.
-The work of the LSC can be time-consuming, so members should be aware that items can require extended discussion and attention.
-Prioritize business items and recognize time constraints, with the understanding that we can utilize working groups.
-When doing long reviews, separating substantive and nonsubstantive issues helps move the meeting along and focuses on what's important.
-Read the Constitution and Bylaws, especially pertaining to LSC and Council. Put Constitution and
Bylaws in Dropbox for permanent reference, and have hard copies available for meetings if possible. This LSC was a small group that worked well together; dynamics could change which processes worked. We were able to be more informal (rarely using Roberts' Rules), because people respected each other's right to participate. (Leave personal conflicts outside committee activity. The Chair should be cognizant of these issues and facilitate fruitful and cordial discussion.)
