## DISTRICT COURT OPENED LAST TUESDAY

Pederson vs. Beardsley, first case to come before Jury

Los Lunas, N. M., Sept. 3, 1913—District Court for Valencia County was called on Monday morning by Judge Reynolds, of Albuquerque, in the absence of Judge Mechem, and adjourned until Tuesday morning. On Tuesday morning Judge Mechem called court, with the following court officials present: John E. Griffith, district attorney by H. A. Wolford, assistant; Jesus M. Luna, clerk by W. D. Newcomb, deputy; Ruperto Jaramillo, sheriff; E. S. Stapleton, interpreter; Roberto Chavez, court crier; Mrs. M. C. McNitt, court stenographer; Harry P. Owens, grand jury stenographer; Federico Baca, grand jury bailiff; Teofilo Chaves, grand jury interpreter.

The case of Anthony C. Pederson vs. J. W. Beardsley, et al, which is being heard by a jury will probably occupy the court's time for several days, this being the second day of taking testimony.

The case of Bessie Matthews vs. H. A. Matthews was heard by the court, in Chambers, and decree granted plaintiff.

The case, State of New Mexico vs. Toribio Griego and Liguides M. de Griego will be taken up at the conclusion of the case now pending, and will probably last for several days. Modesto C. Ortiz appears as counsel for the defendants and Elfege Baca, special prosecutor for the State.

In the case State of New Mexico vs. Lucario Candelario, Larceny of neat cattle, Defendant withdrew plea of Not Guilty heretofore entered and enters a plea of Guilty. Judgement and sentence, term in penitentiary of not less than 3 nor more than 5 years and pay a fine of Fifty dollars and costs of prosecution. Sentence suspended upon payment of costs and pending good behavior.

In the case of State of New Mexico vs. Manuel Gomes, Unlawfully drawing a deadly weapon, defendant pleads Guilty Judgment and sentence reserved.

## PRIZES ON POULTRY

Albuquerque, September 2—In addition to the list of premiums already published by the fair management, Superintendent John Rueb, of the Annual Poultry Show, announces that forty-two special prizes have been offered and the entries are coming from all parts of the country, California, as usual, sending a fine delegation of blue ribbon fancy birds to be viewed by the fair crowds.

The show this year is held under the auspices of the American Poultry Association, with a licensed and experienced judge in the box. The trophies offered are unusually handsome and the management expects almost twice as many birds as last year, when a highly successful show was held. Growing interest in the Great American Hen in New Mexico is largely responsible for the growth of the annual poultry exhibition. The farmers are finding out that there is money in chickens and better money in

## SHOW DAY ALMOST HERE

Barnes' Big Three Ring Trained Wild Animal Shows at Belen Tuesday, Sept. 9

When the celebrated Al. G. Barnes Three Ring Trained Wild Animal Show comes here, people will have an opportunity never before offered, to see the finest collection of trained animals ever placed on exhibition. They are not the animals that have been educated with the cruel whip as an educator, but kindness. They are educated by fearless male and female trainers. They seem proud of what they can do, and appreciate the applause as much as the most vain artist. Barnes Animal Circus, has been seen in all the leading cities, and in every one they have been accorded the palm for their merit and perfect organization. Col. Barnes is as well known throughout the Show world as any Show Man, and the very fact that it is under his personal supervision is a guarantee that it will be up to the highest standard. Among the special features will be:

Maude Rollins introducing "Nero," the African Lion, who rides a swift running horse; Captain Stonewall's educated Sea Lions; "Florence" the French Animal Trainer, and her group of Persian Leopards, Lions and Pumas; Thornton's 12 Siberian Bears, Emery's Siamese Elephants; Dolly Castle, dancing in a group of lions. "Blondin" the rope walking shetland pony; "The riding Four" Lions, bear, monkeys and dog, on Aviation Stalls; Calliham's goats, dogs and baboons; Morrows famous ponies, Sands Zebras, Zubus, and Sacred Cattle—high school horses dancing ponies, Doris Man Eating Hyenas, the finest draught horses in earth. Tote Ducro, the famous clown with ten other fun making assistants, making a host of high class sensational attractions.

Barnes Military Band of 30 artists, give free concerts daily, one hour before the Big Show begins, Mercerized waterproof tents give ample protection for all patrons; no gambling games of any nature permitted, and Col. Barnes has a polite corps of polite ushers so that ladies and children, who are with our escorts will receive special attention.

Two performances daily rain or shine, at 2 and 8 o'clock p. m. The street parade takes place at 10:30 a. m.

## TEACHERS' MEETING

Superintendent J. B. Gunter of the Belen Public Schools has called a meeting of the teachers for Saturday afternoon at 2:30 o'clock at the school building, for the purpose of arranging the work which will begin on Monday next. He invites the members of the school board, the county superintendent and any and all patrons of the school who care to attend to be present, and offer any suggestion touching the work.

Goebel's Curio Store is offering a number of bargains of exceptional value at only 10 cents each. See display in show window.

better chickens and the gratifying prospects for this year's exhibition are significant of the progress of the industry in the state.

## LOS LUNAS ENTER- TAINED THOUSANDS ON MONDAY

Special Train from Belen loaded to the Guards. Good program and Splendid entertainment

On last Monday Los Lunas entertained more people than ever before in the history of the town, and probably more than will ever congregate at that place again. The special train from Belen was more than crowded, almost five hundred tickets being taken up by the conductor besides the smaller children who went free. Probably a couple hundred more drove from this vicinity. The nine o'clock train from Albuquerque brought in a crowd from the Duke City, and the special from Belen was run to Albuquerque bringing in another crowd soon after dinner. Wagons and carriages of all descriptions were pressed into service from all portions of the county, swelling to total number of people to something like four thousand. It was a veritable babbling of tongues, English, German, Spanish and Indian dialects being heard on all sides.

Mass was celebrated at the church of San Clemente at 9:30, that edifice being crowded to the very doors. Fathers Docher, Roulliere, Picard and Dastemnie being in charge. After the service at the church, the procession led by the Belen Band wended its way to the courthouse building, in front of which a speakers stand had been erected. Here blessings of the new edifice were pronounced by the Fathers, after which Eugene Kempenich, chairman of the board of county commissioners acting as chairman, with Nestor Montoya of Albuquerque as interpreter, introduced Hon. W. C. McDonald, governor of New Mexico. The Governor made a short address, as simple and democratic as the man himself. The attention given him proved that the people expect to hear something whenever the first man of the state rises to speak and they were not disappointed.

Secretary of State, Antonio Lucero, was then introduced, and made an excellent address, using his native tongue, at the request of the crowd, the tongue he claims to use when talking love and poetry and saying his prayers. Mr. Lucero says he resorts to the english language when talking business and using "cuss words." He easily proved that he is a past master in the use of the beautiful castellian.

Frank W. Clancy, attorney general of the state, who was present at the dedication of the old courthouse, some thirty-seven years ago, was the next speaker. Mr. Clancy has been in the public eye for a long time, for years having been district attorney of this district before being elevated to his present position. With his locks whitened with age, he showed that he has not lost the confidence of the people among whom he has so long lived and labored.

Father Mandalari of Albuquerque, on being introduced, asked the people, in their striving for better things materially, not to overlook the higher and better spiritual side of their lives. He

urged the thought that good schools and churches tended toward the uplift of the people and the nation in a far greater degree than anything else.

That Valencia county is making steady progress educationally, was the theme presented by Hon. Alvan N. White, state superintendent of public instruction. He showed that every district in the county had had at least five months of school during the past year, and this without calling for state aid. This together with the fact that the districts are building new, commodious and convenient school-houses is a good omen for posterity.

Col. Ralph E. Twichell urged the people to work for better roads, better schools and brotherly fellowship. The Colonel is always happy when making an address and his vast researches in to history assure his listeners that they will be amply rewarded for close attention.

Nestor Montoya, speaking in the Spanish language urged the doing away with all antagonism and race feeling, that all were brothers and all were New Mexicans. He expressed his pleasure at the signs of progress in old Valencia, and urged the people not to rest on their laurels but to press on to greater achievements.

Following the speaking, the crowd was led to the Huning grove, where barbecued beef and mutton, with the necessary "fixings," including several tons of watermelons, were served free.

The ball game attracted the greatest crowd of the day. Not only was the immense grandstand, built especially for the purpose crowded to overflowing, but the fans were banked in solid masses along the side lines.

Late in the evening, a tired but happy throng started homeward, the roads leading in all directions being mere streaks of dust, while the trains, both north and south bound were loaded to the guards.

Hon. M. C. Mechem, judge of the seventh judicial district, could not be present on account of an automobile accident on Sunday at Socorro, and District Attorney J. E. Griffith was kept away on account of illness.

Belen people were pretty well labeled for the occasion, thirteen dozen carnal canes and pennants of red and silver grey ribbon, the latter with "Belen" in red, and several dozen dadges were taken by the crowd.

On Tuesday Ernesto Gutierrez, pitcher for the Belen Baseball Nine received a message that his mother was very ill at El Paso, Texas. He prepared to leave at once, but before departing a second message brought the information that she had passed away. Gutierrez has not only proven himself an artist in the box, but an all-around good fellow and has made many friends while here, who extend sympathy at this time.

## ALL IN A BEAUTIFUL MESS

Road Board can Collect Tax, have Work done, but can't Pay for it, says District Court

The work of that sweet legislature keeps cropping up here and there. The latest is in regard to road matters, the district court in San Miguel county having decided that under the new road law the county road board has no power to pay out money for road work. The law provides that the road board shall collect the road tax, and expenditures for road work shall be under the supervision of the road board, but according to the decision mentioned the board cannot pay for work. Thus those wise law makers fixed it so that the board of county commissioners can't collect road tax and have road work done, while the road board can collect the tax and have work done but can't pay for it. Beautiful, indeed. Also it appears from proceedings had in Dona Ana county that delinquent tax sales are in as bad a muddle as the road matters, all because of the tinkering of the law by that same set of jackleg legislators. — Estancia News.

## NEW ROAD MACHINERY ARRIVES, IS TRIED OUT

The new road building machinery recently purchased by the County Road Board arrived the first of the week, and was tried out on several streets in town on Wednesday. Becker avenue from the depot towards the John Becker Company store was gone over and also a block on south Main street between Didier's and the John Becker Company store. The demonstrators showed that good work can be done with little effort with this outfit.

The outfit consists of a 15-30 Horse Power Kerosene Traction engine and an Indiana grader. It was the intention of the board to send the outfit to Los Lunas to put the road near the bridge there in shape, but on account of the weight of the outfit, it will be necessary to rebuild some of the bridges between here and the county seat before sending up the outfit. Possibly this will be a good thing in itself, as it will insure better bridges. A couple of culverts near the railroad tracks here in town gave way under the weight of the outfit.

## BALL GAME GIVEN TO GALLUP

Belen Team Plays Good Game but Umpires' decided against them

Yes, that was some ball game at Los Lunas, the two teams being quite evenly matched. The score of runs shows that Gallup won 5 to 2, but that score does not tell all about the game by a jugfull. While a great deal of work had been done to get the grounds in shape recently, there was a world of difference between them and the fast grounds our boys have been used to. A few errors on the part of our boys during the first three innings, allowed the Calup bunch to run their score up to five. But they found out they had to play ball, for throughout the rest of the game they failed to score, altho the umpiring was in their favor, not single close decision being awarded our boys throughout the game. Moore, who has been playing third, was put in outer field, a position he has never played. Salazar, who played third, made a costly error by running away from a throw to him at third. Later, with bases full and two out, Salazar struck out, which did not enhance him in the opinion of local fans. In fact these two plays on his part, together with the fact that he was nob-nobbing in the camp of the enemy during the morning, make things look suspicious to say the least.

The batteries were: Heyman and Wing for Gallup; Gutierrez and Chavez for Belen. Heyman allowed 7 hits and struck out 9, while Gutierrez allowed 9 hits and struck out 10.

It is hoped that a return game can be arranged to be played on the Belen grounds. Whether the Gallup boys will agree to come here is questionable, for they know that our boys were not outclassed last Monday, and they may not care to risk another chance. The last six innings of the game were as pretty baseball as anyone could desire to see, and proved that the teams are evenly matched, and one game should not be allowed to decide the matter.

## KEMPENICH ON ROADS

Last night at the Commercial Club, Hon. Eugene Kempenich addressed a number of our people on County Roads. During his talk reference was made to the state road leading westward from Los Lunas, through Laguna, into McKinley county. It had been proposed to run this road south of the mountain west of the county seat, giving both Los Lunas and Belen the advantage of this western outlet. Upon inspection by the state engineer's office, this has been found impracticable, on account of the great expense involved in making of it a good road. Mr. Kempenich suggested that instead, this road be run north of the mountain, and that another road be built from Belen westward over the Mesa, and thence northwesterly, joining with the first road at some point between here and Laguna, thus giving both cities a western outlet. This is thought to be the more practical solution of the problem and will probably be undertaken.

The Albuquerque Journal in  
writing up the ball game at Los  
Lunas, nicely forgot (?) to pub-  
lish the box score, but claimed  
"the Gallup players clearly out-  
played and out-hit the cut-off ex-  
ponents of the national game." The  
publication of the full score  
would have proved differently,  
so 'tis better to forget.

The program of Races at the  
State Fair, October 6-11, is now  
being circulated by the officials.  
While the purses are not so large  
as in some years past, they are  
plenty large to attract horse  
owners, and the races will with-  
out a doubt be an event. Other  
phases of the Fair will be more  
general than heretofore, and de-  
tails are being looked after bet-  
ter. President Ely of the com-  
mission has called attention to  
the practice of some of the hotels  
of Albuquerque having raised the  
rates at previous fairs, and asks  
that this be not done this year.

Belen Public Schools open next  
Monday for the winter term.  
Every pupil should be on hand to  
begin the work with the class  
and the parents should see to it,  
that the attendance is regular  
and as nearly perfect as possible.  
This will aid a long way in as-  
sisting both the children and the  
teachers, for with irregular at-  
tendance good work is not possi-  
ble. Every parent ought take at  
least sufficient interest in his  
children to know whether they  
are in school or not and if not,  
why. The formation of regular  
and punctual habits by the chil-  
dren is in itself worth striving  
after by the parents.

Belen people have been pat-  
ronizing the Coombs Hotel quite  
liberally since that institution  
opened for business at Albuquer-  
que, but since the obnoxious per-  
formance of the proprietor at  
Los Lunas last Monday, our peo-  
ple will think twice before turn-  
ing their shekels into the Coombs  
treasury. His rooting for the  
Gallup bunch was so intense that  
the officers had to be called upon  
several times to warn him off the  
diamond. Had he been a Gallup  
man, it might have been over-  
looked, and maybe in the future  
he will see more Gallup people at  
his hostelry than Belen people—  
which has not been the case in  
the past.

Some of us who are not politi-  
cians, and don't care a hang  
which party is on top so long as  
we get enough to eat, and a few  
extras, can't see any particular  
difference between Secretary  
Bryan giving a few lectures to  
help his own pocketbook, and  
some other past secretaries going  
on the platform for months de-  
livering political speeches for the  
benefit of some president who  
wants a second or a third term.  
—Southwestern Stockman.

Sulzer and Tammany

The country has been shocked  
at the audacity of Charles F.  
Murphy the notorious and in-  
famous leader of Tammany Hall

is going up to Albany and virtual-  
ly kicking Governor Sulzer out of  
the executive mansion. It is not  
believed that the courts will sus-  
tain the impeachment because no  
legislature has the right to im-  
peach an official except for acts  
committed while in office and  
Sulzer is being impeached for  
acts committed before he became  
governor. Sulzer is not being  
impeached for being a bad gover-  
nor, but is being impeached be-  
cause he is a good governor and  
would not appoint Tammany  
crooks to good offices, and he has  
also refused to pardon Tammany  
murderers who are under death  
sentences. This is why Tam-  
many wants Sulzer kicked out  
of office. Is New York going to  
stand for it and hang her head  
in shame?—Springer Stockman.

### The Devil's Workshop

Attention has been called to a  
bunch of young "skylarkers"  
who are hanging around town  
these days. They have been get-  
ting into mischief and are caus-  
ing the good neighbors no end of  
annoyance. The last racket they  
got into was their raid on a wa-  
termelon patch, but were caught  
and the owner made them stand  
for the damage. The boys mean  
no harm, but as they are doing  
nothing but loafing their minds  
can be taught but the devil's  
workshop. Parents, see that  
your boy is in school from now  
on, and if he isn't see to it that  
he is at least not on the streets  
or in some alley sucking the  
loathesome weed, cursing, or get-  
ting into the neighborfolks  
patches. If you neglect to do  
this, then be not surprised nor  
resentful if the marshal takes  
this duty upon himself. The  
street is no place for a young  
boy, especially your boy. He  
learns habits there that you,  
fond parent, would not have him  
acquire, but when you allow him  
to run wild, are the habits he  
gets to be laid solely at his door,  
or do you not think that the  
blame rests largely upon your-  
self?—Farmington Enterprise.

### NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs.  
Burton, Under the  
Circumstances.

Houston, Texas.—In an interesting  
letter from this city, Mrs. S. C. Burton  
writes as follows: "I think it is my duty  
to tell you what your medicine, Cardui,  
the woman's tonic, has done for me.

I was down sick with womanly trouble,  
and my mother advised several different  
treatments, but they didn't seem to do  
me any good. I lingered along for three  
or four months, and for three weeks, I  
was in bed, so sick I couldn't bear for  
any one to walk across the floor.

My husband advised me to try Cardui,  
the woman's tonic. I have taken two  
bottles of Cardui, am feeling fine, gained  
15 pounds and do all of my housework.  
Friends hardly know me, I am so well."

If you suffer from any of the ailments  
so common to women, don't allow the  
trouble to become chronic. Begin taking  
Cardui to-day. It is purely vegetable,  
its ingredients acting in a gentle, natural  
way on the weakened womanly constitu-  
tion. You run no risk in trying Cardui.  
It has been helping weak women back to  
health and strength for more than 50  
years. It will help you. At all dealers.

man who smokes in his wife's parlor  
is no better than a skunk. But sup-  
posing the man smokes in his own  
parlor.

A Chicago woman advocates kiss-  
ing being taught as a fine art. If it  
isn't a fine art, it is not due to lack  
of practice among the younger gen-  
eration.

The supreme court of Oregon thinks  
that 700 years is too long a sentence  
for any crime. Still, it might have  
been the proper thing in the time of  
Methuselah.

A man named Katz had it changed  
to Firestone because his friends  
made fun of his first name. Why  
didn't he make it Firewater and be  
done with it.

A Philadelphia man broke his back  
the other day and surgeons success-  
fully repaired it with silver wire. It  
days to come every back may have  
a silver lining.

A New York woman is said to have  
found \$200 in a newspaper. It is be-  
lieved, however, that the story was  
started by the paper in question as a  
circulation booster.

A soiled greenback is restored to its  
original pristine glory by washing  
and ironing at the cost of 1-10 cent.  
But the average man worries not at  
all whether his greenbacks be dirty.

A professional baseball umpire has  
brought suit for divorce because his  
wife called him names. Probably her  
defense will be that she was training  
him preparatory to the coming sea-  
son.

## BELEN, VALENCIA COUNTY, N. M.

Belen is the metropolis of Valencia County. Located in the  
wonderfully fertile valley of the Rio Grande, it is surrounded  
by an agricultural country whose richness equals that of the  
famous Nile.

Located at the junction of the Rio Grande Division of the Santa  
Fe and the Eastern Railway of New Mexico, it has direct  
railway communication to all points of the compass, north,  
south, east and west. Santa Fe repair shops with the only  
roundhouse which will accomodate the immense Mallett en-  
gines in the west, and a division point, make it a city whose  
future is assured.

The school system of Belen compares most favorably with  
that of eastern cities of much larger population. Her people  
pride themselves on the excellence of their schools and im-  
provements are constantly being added.

Churches are well provided for. The Lutheran, Methodist  
Episcopal, Catholic and Episcopal people have building, and  
all but the last named have resident pastors.

The Belen Roller Mills with a capacity of 100 barrels daily,  
are the largest of their kind in New Mexico. A ready market  
is thus assured for all the wheat grown at favorable prices.  
The climate is delightful the year 'round, excessive heat in  
summer and cold in winter being unknown. An abundance  
of good water underlies the whole valley surrounding Belen,  
assuring not only sufficient for domestic use but also irrigation.  
Investment in Belen property is sure to bring good returns.

## A COLUMN FOR THE KITCHEN

### Nut Roast

Two eggs, one cup milk, one-half cup chopped nuts (pecans best), two cups crumbs; sage or savory to taste; salt and paprika to taste. Combine ingredients; roll in wet cloth; tie. Do not leave too much room to swell. Steam three-quarters of an hour.

### Dutch Currant Bread

Beat two eggs with half a teaspoonful of salt till they are very light, add a pound of flour, and then, very slowly, a third of a cup of milk, making a light batter. Add now three-quarters of a pound of currants, four ounces of chopped lemon peel, half a cup of butter, melted, and a cake of yeast dissolved in a little water. Let it raise one hour, then bake in a bread tin buttered and slightly sprinkled with flour, one hour in a moderate oven.

### To Clean White Silk Gloves

Add a sufficient quantity of powdered borax to cold water to soften. Then make a suds of the water and Ivory soap. Wash the gloves clean in the suds, but do not rub any soap on them. When clean, rinse well in cold water and again in a cold slightly blue water. Hang in the sun to dry. If carefully done the gloves will come clean and white, without the yellow look that cleaned silk gloves so often have.

### Canned Beets

Only tender young beets, about an inch and a half in diameter, can be canned successfully at home. Scrub the young beets, being careful not to bruise the skin, first cutting off the leaves, leaving at least an inch of stem. Cook until tender in boiling water, drain, cover with cold water, and with the hands push off the skins. Put them into hot sterilized fruit jars and set them on a rack in a steam kettle or boiler. Add a teaspoonful of salt and two tablespoonfuls of sugar to each quart and fill the jars with lukewarm water. Pour water in to the boiler until it comes halfway to the top of the jars. Put the covers in the water beside the jars, cover the kettle and let the beets steam an hour; adjust new rubbers and the covers and cook another fifteen minutes and then set aside to cool.

### Danish Pickle

Cut three medium-sized heads of Danish cabbage, commonly known in America as purple cabbage, and three quarts of firm onions in moderate-sized pieces. Mix thoroughly with the vegetables one large cupful of salt. Put in a thin bag to drip overnight. The next morning wash the cabbage and onions through several waters, and boil them until tender in a porcelain or granite vessel. Then squeeze all the water from the mixture.

In one pound of brown sugar mix two tablespoonfuls of ground cinnamon and add three quarts of the best cider vinegar. In a little cheesecloth bag put one tablespoonful of prepared pickle flavoring, which can be bought in ten-cent packages, and place it in the vinegar. When the liquid begins to boil add the cabbage and onion. Separate thoroughly two packages of seedless raisins and put them into the boiling cabbage-and-onion mixture. Let all boil ten or fifteen minutes; then take up and put in jars. The pickle will be ready to eat when it becomes cold. The cabbage when put into the vinegar will immediately turn a pink color, which adds to the attractiveness of the pickle.

The torrid spell came right in the midst of the office-seekers' winter of discontent.
