## STABBING AFFRAY AT JICARILLA.

A very serious stabbing affray occurred at Jicarilla last Friday night, or in the early hours of the following morning. Liberetto, a step-son of Maximiano Guebarra, cut and slashed Matias Sedillo in such a manner that the latter's life was endangered.

Dr. Paden was called from this place, and went to Raventon, expecting to attend the wounded man at his home; but upon his arrival there learned that Sedillo was in such a precarious condition that he could not be moved from the scene of the affray. A night drive was made to Jicarilla, and it was while making this drive that the doctor met with his accident, which, for a time, put him out of business and he was delayed in reaching the injured man.

Ultimately reaching the scene, however, the wounded man was found to be suffering greatly and quite weak from the loss of blood. An examination disclosed no less than twelve knife wounds, some slight, while others were deep and dangerous. The knife in one instance had penetrated the right lung, which, indeed, produced a condition from which the worst results might follow. All the wounds were dressed and the patient revived, and later reports induce the belief that he will recover.

The difficulty took place at a dance, but as to its cause and its merits we are unable to say. We are informed, however, that the man who wielded the knife was given a preliminary hearing before the Jicarilla justice, and was placed under a five hundred dollar bond for his appearance at the next grand jury.

## EARTHQUAKE KILLS OVER 100,000.

The island of Sicily and southern Italy were visited by an earthquake Monday of this week, the greatest single disaster recorded in history. A tidal wave succeeded the shock, a large portion of Sicily and the mainland of Italy was submerged, many populous cities entirely wiped out and more than 100,000 lives lost. The devastation is complete, and the worst is to follow—pestilence and famine—notwithstanding the aid that is being rushed to the unfortunate survivors from all parts of the world.

## ELEVEN CHINAMEN CAPTURED.

A bunch of almond-eyed gentry got past Carrizozo Sunday night, notwithstanding the vigilance of immigration officers Curtis and Sensner, and went on east, no doubt feeling good over their success in eluding the officials. However, their joy, it was felt, was of short duration; for Conductor Clavel, who had charge of the train, was better on hearing than the officers were on seeing, and when Duran was reached, he went to a car from whence emanated the noise, and discovered a lot of live freight in what was supposed to be an empty fruit car, with seal unbroken. Conductor Clavel reported his find to the agent and watchman, the car was opened and eleven slant-eyed sons of the flowery kingdom were taken into custody. The government officials at Carrizozo were notified and pig-tailed bunch was brought back Monday and carried to Alamogordo.

A large amount of provisions and a quantity of water were found in the car, sufficient, it is said, to have maintained the crew until they could have reached the Atlantic seaboard. The authorities do not know where the cargo got aboard, but it is believed El Paso was the point, and evidence seems to bear out the belief that the Celestials had plenty of assistance from private individuals in securing passage, without purchasing tickets at the union depot.

## WORK ON THE PIPE LINE EXTENSION PROGRESSES.

The ditch for the pipe line, running north from Coyote, has practically been completed as far as Ancho. The piping has not yet arrived, but as soon as it does pipe-laying will begin. From Coyote for quite a distance north the pipe material will be iron, and where the pressure is less wood will be used. A pumping station will be put in at Coyote, and a reservoir and another pumping station between Coyote and Corona. From Corona to Duran the water will be carried by gravity. The length of this line will be nearly sixty miles, and the company hopes to have it completed within six months.

### WEDDING BELLS.

Nogal was the scene of a number of weddings Christmas week, and furnished most of the principals.

Harry K. Allen and Miss Minnie Morgan, both residents of Nogal, went to Lincoln Monday of last week, secured a license and were there married by the justice of the peace.

On Thursday evening of the same week, at 4:15 o'clock, Wm. Hust and Miss Lukey Cochran were pronounced husband and wife by Justice Koonce. The contracting parties live at Nogal.

The same evening, at the hour of 11:15, the services of Justice Koonce were again called into requisition, and, in the dining room of the Nogal hotel, united in marriage Samuel W. Kelsey and Miss Lou Anne Johnson. The groom, formerly a resident of Nogal, now resides at Bonito, where he is engaged in teaching

school; and the bride, recently with her parents at Carrizozo, grew to womanhood in Nogal.

To these three young couple, just embarked upon the sea of matrimony, the News extends best wishes, and trusts that they may enjoy long lives of peace and happiness.

### AT WHITE OAKS.

A quiet wedding was held at White Oaks on the evening of December 25th. The contracting parties were Fred A. Gibson of this place and Sarah Olnier of White Oaks. The ceremony was performed by Justice of the Peace H. C. Cray at the residence of D. L. Jackson.

Dillard Shortzer and Myrtle McNew, both of Ancho, were united in marriage at White Oaks on December 25th. Rev. Southwell, Methodist minister, performed the ceremony.

## Corrizzo News

CARRIZO, NEW MEXICO

It is naturally hard for a woman masquerading in male attire to be a man among men.

The fall styles in football yells are reported to be somewhat louder than last year's patterns.

A man while trying new boots on in a store fell and broke his leg. Must have been a pretty slippery customer.

An aeroplane garage has been constructed on the roof of a building in Paris. It is probably reached by a flight of stairs.

"War would be a crime," said the mayor of Tokyo. War is a crime, but are all the great defenders criminals? There's the rub.

It is rumored that Pullman fares are to be reduced. Nothing has been said about a readjustment of the scale governing "ups."

Kaiser Wilhelm says he told Queen Victoria how to run the Boer war. Does the Kaiser mean to imply that he wants all the blame for its conduct?

Such persistence as that shown by the British suffragettes seldom fails. Within a few years we are likely to hear them discussing the fall styles in ballots.

If the testimony of the doctors is to the effect that the ordinary firecracker stands in the way of a safe and sane Fourth of July, the ordinary firecracker must go.

"How," wails a stenographer in a Sunday paper, "can we girls escape the unwelcome attention of our employers?" Might try climbing a tree, suggests the Cleveland Lender, and making a noise like a suffragette.

The 10,000 Japanese school children who sang "America" at the welcome to the fleet probably knew the words all right, but imagine teaching 10,000 American school children the words of the Japanese national hymn, whatever it may be.

The Harvard professor who asserts that it is criminal for a man to marry on less than \$800 per year should accompany that positive opinion with a schedule showing the man who wishes to marry where and how he can secure the needed \$800 job.

Let's see, didn't Wilhelm II. compose an opera or something of that sort. But now nothing more nor less than the drama can possibly appease his universal genius. Mr. Frederick Thompson might ask him to write a play. Think of the accumulated material!

Dr. Story, the late principal of Glasgow university taking a holiday in the country, was met by the minister of the district, who remarked: "Hullo, principal! You here? Why, you must come down and relieve me for a day." The principal replied: "I don't presume to relieve you, but I might relieve your congregation."

Canada has, once and for all time, rejected the 10-foot canal as grossly impractical and its canal from Georgian bay to the St. Lawrence by way of the Ottawa and Mattawa rivers will be 21 feet deep, making Chicago and Milwaukee and Duluth ocean ports, subject only to sail of several hundred miles through exclusively British soil.

The distinguished Catalan architect, M. Augustin Rey, appears to be gradually getting reconciled to New York's skyscrapers. He now concludes that he would have the height of buildings limited by law to 20 or 30 stories, with a few taller buildings here and there to pleasantly diversify the outline. Or is M. Rey indulging in sarcasm at New York's expense?

## SHAFT TO MARTYRS

COLUMN MARKING TOMB OF SHIP PRISONERS DEDICATED.

Commemorates Horrors Endured by Captured American Soldiers— Movement Begun Ten Years Ago—Big Sum Raised.

New York.—Brooklyn had a big day recently when the ceremonies and celebration incident to the unveiling of the stately monument to the prison ship martyrs of the revolution took place at Fort Green park. Extra interest was lent to the occasion by the presence, among other notables, of W. H. Taft, who made his first public appearance in New York as William Howard Taft, president-elect of the United States. Mr. Taft some months ago accepted the invitation to deliver the oration of the day. Among other prominent men who took part in the ceremonies were Gov. Charles E. Hughes, Gen. Luke E. Wright, secretary of war; Mayor McClellan and Gen. Haratio C. King.

The celebration also was noteworthy from a military viewpoint, as there was a parade of several thousand men from both the army and navy.

The parade was in charge of Maj. Gen. Charles E. Roe. Stephen V. White, president of the Prison Ship Martyrs Monument association, formally turned over the monument to Gen. Luke E. Wright, representing the war department. President-elect Taft then delivered the oration.

The dedication ceremonies mark the end and climax of a movement begun ten years ago by those who deemed the sufferings of the American men and soldiers imprisoned on the foul British prison ships during the war of the revolution in and around New York harbor should be commemorated fittingly. Popular subscription books were opened, but not much headway was made until the war department

patriots who perished on board the prison ships as could be collected. The names of 8,000 of these martyrs were obtained from the revolutionary records of the war office in England, this being no small part of the labor of the association.

The prison ships mentioned were mostly anchored in Wallabout bay, off what is now Wallabout market, during the war of the revolution. They were old sugar-carrying ships, used in bringing sugar from the south to northern points, and were converted into prison ships by the British. On these old hulks the British authorities herded thousands of captured American soldiers who refused to take an oath of allegiance to England. The majority of these prisoners perished miserably and this monument is erected to commemorate the horrors they endured.

### NEXT GERMAN AMBASSADOR.

Kaiser Selects Count Von Bernstorff for Washington Post.

Berlin.—Count Johann Heinrich von Bernstorff, who recently had represented the German government in

Count Von Bernstorff.

Egypt, has been selected by Emperor William to succeed the late Baron Reech von Sternburg as ambassador to America. Countess von Bernstorff is a daughter of Edward Lockmeier of New York.

Count von Bernstorff was assigned lately to Egypt. He was first diplomatic agent and consul general at Cairo, but was raised to the rank of minister plenipotentiary early in 1908. He is the fourth son of Count Albrecht von Bernstorff, who was a distinguished contemporary of Bismarck and he was born in London in 1862 while his father was German ambassador to the court of St. James.

The new ambassador began his diplomatic career in 1899 when he was made attaché at Constantinople. From Turkey he was transferred to the foreign office in Berlin, after which he advanced from one grade to another, serving in Belgrade, Dresden, St. Petersburg and Munich. He was counselor of the embassy and first secretary in London in 1902.

While in England the count came especially under the notice of Emperor William as a result of his work in ameliorating the existing bad feeling against Germany. He drew up a series of lucid and comprehensive dispatches on the situation.

Count Ernst von Bernstorff, the founder of the collateral branch of the family, also had an American wife. He was married in 1891 to Amerika Riedesel, Baroness zu Eichenbach, who was born in New York in 1789.

The new ambassador to the United States is a man above middle height, of slight figure, and wears a blond mustache. His knowledge of English is well-nigh perfect and he is known as a successful after-dinner speaker and to be a witty conversationalist.

### As She Understood It.

"No," said Mrs. Jenner Lee Onégo, "my husband doesn't swear, except when he talks politics. I suppose I've heard him say a thousand times: 'Ding the tariff!'"

### SEEMED WORSE EVERY DAY.

A Dangerous Case of Kidney Complaint and How It Was Checked.

Mrs. Lucy Quebeck, Mechanic St., Hope Valley, R. I., says: "Eight years ago I contracted severe kidney trouble and my back began to ache continually. Every day it seemed worse. The least pressure on my back tortured me, and I could not stoop without a bad twinge.

The kidney secretions passed irregularly with pain, and I bloated badly. My head swam and spots flitted before my eyes. One doctor said I was incurable. However, I found prompt relief when I started using Doan's Kidney Pills, and the troubles I have related gradually disappeared."

MISS SOPHIA KITTLESEN.

HEALTH VERY POOR— RESTORED BY PE-RU-NA.

Catarrh Twenty-five Years— Had a Bad Cough.

Miss Sophia Kittlesen, Evanston, Ill., writes:

"I have been troubled with catarrh for nearly twenty-five years and have tried many cures for it, but obtained very little help.

"Then my brother advised me to try Peruna, and I did.

"My health was very poor at the time I began taking Peruna. My throat was very sore and I had a bad cough.

"Peruna has cured me. The chronic catarrh is gone and my health is very much improved.

"I recommend Peruna to all my friends who are troubled as I was."

PERUNA TABLETS:—Some people prefer tablets, rather than medicine in a fluid form. Such people can obtain Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet equals one average dose of Peruna.

Prison Martyrs' Monument.

was prevailed upon to appropriate \$100,000 toward the erection of the contemplated monument. New York state followed with an appropriation of \$50,000, and the city with \$25,000. Twenty-five thousand dollars was then raised by popular subscription. This last amount was collected largely by the efforts of Mrs. Haratio C. King and Mrs. Stephen V. White, to whom much credit is due. The corner-stone was laid two years ago.

The monument is one of the largest and most beautiful of the kind in America, being the last design of the gifted Stanford White. It is 200 feet high, built of Maine granite. It is in the form of a replica of a column from the Parthenon, rising on three large stone steps, or terraces, in pyramidal shape. Below the column is the opening to the crypt, in which are interred such remains of the 12,000

## NINETY-EIGHT FEET SHY.

Mr. Gouty—Thank heaven, I'm not a centipede.

## BAD ITCHING HUMOR.

Limbs Below the Knees Were Raw—  
Feet Swollen—Sleep Broken—  
Cured in 2 Days by Cuticura.

"Some two months ago I had a humor break out on my limbs below my knees. They came to look like raw beefsteak, all red, and no one knows how they itched and burned. They were so swollen that I could not get my shoes on for a week or more. I used five or six different remedies and got no help, only when applying them the burning was worse and the itching less. For two or three weeks the suffering was intense and during that time I did not sleep an hour at a time. Then one morning I tried a bit of Cuticura. From the moment it touched me the itching was gone and I have not felt a bit of it since. The swelling went down and in two days I had my shoes on and was about as usual. George B. Farley, 56 South State St., Concord, N. H., May 14, 1907."

## Well Prepared.

"I learn," she said reproachfully, "that you were devoted to no fewer than five girls before you finally proposed to me. How do I know that you didn't make desperate love to all of them?"

"I did," he replied promptly.

"You did?" she exclaimed.

"Certainly," he returned. "You don't suppose for a moment that I would be foolhardy enough to try for such a prize as you are without practicing a little first, do you?"

## BREAKS A COLD PROMPTLY

The following formula is a never failing remedy for colds:

One ounce of Compound Syrup of Sarsaparilla, one ounce Tonic Compound and one-half pint of good whiskey, mix and shake thoroughly each time and use in doses of a tablespoonful every four hours.

This if followed up will cure an acute cold in 24 hours. The ingredients can be gotten at any drug store.

The average woman can change her mind in half the time it takes a man to change his collar.

## Habitual Constipation

May be permanently overcome by proper personal efforts with the assistance of the one truly beneficial laxative remedy, Syrup of Figs and Elixir of Senna, which enables one to form regular habits daily so that assistance to nature may be gradually dispensed with when no longer needed as the best of remedies, when required, are to assist nature and not to supplant the natural functions, which must depend ultimately upon proper nourishment, proper efforts, and right living generally. To get its beneficial effects, always buy the genuine

## FOR CANDIED ORANGE PEEL.

Delicacy That May Very Easily Be Made at Home.

This is so nice to use with mince meat or in fruit puddings, and it can be made at home so reasonably that it will pay the housewife if she has time to prepare it now. Cut oranges in half and scoop out all the pulp, or if the rinds of peeled oranges are to be used, keep in as good shape as possible. Put the rinds into a basin, cover with lightly salted water, and let them soak for a week. At the end of that time drain and put in a stew pan containing a thin sirup made with two pounds of sugar to every two quarts of water. Boil half an hour. In another sauce pan have a sirup made from two pounds of sugar and a cup of water, and cook over the fire until a thick sirup. Put the rinds into this thick sirup and cook until the sugar candies on them. Take out, put on a sieve laid on a platter to save all the sirup that might drip, and dry in a coolish oven. When quite dry put in wide mouthed bottles or glass cans and fasten securely.

## Child's Bib.

An excellent way for making children's bibs, and one that fully answers the purpose, is made by using the regular yoke pattern, cutting the back deep enough so that a narrow piece of the goods comes under the arm. Instead of the same depth yoke, in front, cut the material as long as the child's dress, rounding the goods at the side if you prefer. Join the back yoke to the front piece; cut the sleeves, and sew in; face the yoke, neck and sides with bias strips of the material. Two buttons will be sufficient for the back. When finished you will have a bib that not only entirely covers the front of the child's dress, but also protects the sleeves.

## Fruit Punch.

Into a large bowl put one heaping cup of medium dark brown sugar, and pour over this two cups of rather strong hot tea. Let this stand until the sirup is perfectly cold. Add to this one cup of orange juice, one cup of lemon juice, a small can of preserved strawberries, a small can of shredded pineapple and a bottle of cherries. Mix the fruit and the sirup well. Into the punch bowl from which it is to be served put a large block of ice and then add the mixed fruit. Now open two bottles of ginger ale and pour into it, then two or three large bottles of apollinaris water. Mix well and serve. If not sweet enough, add more sugar to suit the taste.

## Blitz Kuchen.

One cup sugar (granulated), one heaping iron spoon butter, three eggs beaten separately, one lemon, juice and grated rind, one tablespoon water, one pint sifted flour (sifted), one heaping teaspoon baking powder, one-fourth pound blanched almonds, cut fine; one-half cup granulated sugar into which one teaspoonful of cinnamon has been mixed. Pour mixture into long greased pan and cover with sugar, cinnamon, and almonds. This is fine and much like coffee bread.

## Carrot Pie.

Shit two cups of stewed carrots, add one and one-half cups boiling milk, one cup sugar, one-half teaspoon salt, one teaspoon cinnamon, one teaspoon cloves, one-half teaspoon ginger, and two eggs, beaten lightly. Mix in order given. Line pie tin with paste, put on rim, fill with the above mixture and bake in moderate oven. This is an excellent substitute for squash pie.

## Prune Pudding.

Perhaps some one would like this prune pudding. Make a crust as for cream of tartar biscuits. Stew the prunes and when soft roll out the crust and lay on the prunes, then fold up and steam.

Sauce.—Take the water the prunes were boiled in and thicken it a little. This is nice for a change.

## Getting His Own Back.

"The giraffe has a tongue 18 inches long," said Mrs. Talkmore. "And knows how to hold it, too," growled Mr. T., who had had a long curtain lecture the night before.—Answers.

ED GEERS, "The grand old man," he is called for he is so honest handling horses in races. He says: "I have used SPOHN'S DISTEMPER CURE for 12 years, always with best success. It is the only remedy I know to cure all forms of distemper and prevent horses in same stable having the disease." 50c and \$1 a bottle. All druggists, or manufacturers, Spohn Medical Co., Chemists, Goshen, Ind.

## A Nice Hint.

"I know what I'll do," said the girl whose bashful lover would not propose. "I'll go out as a trained nurse." "But that is a profession. You know nothing about it," he replied. "Haven't I had six months' experience sitting up nights with you?"—Illustrated Bits.

## Reassuring

Mr. Timmid—Have you noticed, Miss Maud, that the chandelier seems to be shaking? Are you sure that the foundations of your house are—quite secure?

Miss Maud—There's nothing to be alarmed about, Mr. Timmid. Papa's room is just overhead, and he's snoring.

## Prefer Cash to Checks.

The bank check has taken small hold as yet upon the citizens of Mexico, especially when amounts of less than \$1,000 are concerned. They consider it much easier to pay spot cash than to give a check for amounts of \$50 and \$100 and maintain with some amount of reason that a business deal can be put through with better advantage when the cash is in sight.

## Not Open to Everybody.

"A most peculiar effect was produced by an announcement in the advertisements of a county fair to be held in my state," says Congressman Champ Clark. "Among other things, the announcement said that 'attractive features of this great fair will be highly amusing donkey races and pig races.' Then, to the amazement of the audience, this note was added: 'Competition in these two contests will be open to citizens of the county only.'"—Lippincott's.

## LIVING ADVERTISEMENT

Glow of Health Speaks for Postum.

It requires no scientific training to discover whether coffee disagrees or not.

Simply stop it for a time and use Postum in place of it, then note the beneficial effects. The truth will appear.

"Six years ago I was in a very bad condition," writes a Tenn. lady, "I suffered from indigestion, nervousness and insomnia.

"I was then an inveterate coffee drinker, but it was long before I could be persuaded that it was coffee that hurt me. Finally I decided to leave it off a few days and find out the truth.

"The first morning I left off coffee I had a raging headache, so I decided I must have something to take the place of coffee." (The headache was caused by the reaction of the coffee drug—caffeine.)

"Having heard of Postum through a friend who used it, I bought a package and tried it. I did not like it at first but after I learned how to make it right, according to directions on pkg., I would not change back to coffee for anything.

"When I began to use Postum I weighed only 117 lbs. Now I weigh 170 and as I have not taken any tonic in that time I can only attribute my recovery of good health to the use of Postum in place of coffee.

"My husband says I am a living advertisement for Postum. I am glad to be the means of inducing my many friends to use Postum, too."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## It Reminded Him.

Nick Altrock, one of the real funny actors on the ball field, boarded at the same hotel with "Jiggs" Donohue last winter and one morning at the breakfast table in conversation with "Jiggs," said:

"The buckwheat cakes at this hotel remind me of a baseball game."

"How's that?" asked Donohue.

"The batter doesn't always make a hit."—Washington Star.

## A Scientific Theory.

"Now they claim that the human body contains sulphur."

"In what amount?"

"Oh, in varying quantities."

"Well, that may account for some girls making better matches than others."

## High Diplomacy.

Mrs. Park—It's no wonder. It's so trying to find out from your friends what they'd like to have for Christmas without conveying the impression that they may expect it from you.—Smart Set.

## A Scheme?

"A certain girl agreed to marry a man in case Taft was nominated. Now, of course, she has to make good. What do you think of that?"

"I think that girl was playing very safe."

The old year is dead. Ring out the Old, ring in the New.

1908-1909.

The old year, with its joys and its sorrows, its sunshine and shadows, closed its eyes last night in eternal slumber, and today Old Father Time bears an infant in his arms—1909. The old year, to many, if not most, has been one of sorrows and reverses rather than one of joys and successes, and few are found weeping at its bier.

It has been characterized by hard times, depression in business, financial unrest, industrial failures, resulting in idleness for thousands who labor for their daily bread and entailing untold suffering, especially in the larger cities, where the unemployed congregate. On the rail, in the mine and at sea the casualties have been great, and many disasters caused the loss of thousands of lives and millions of dollars of wealth. Just as the old year was breathing its last came the report of the most dreadful disaster in the annals of history—an earthquake, followed by a tidal wave that engulfed many cities in the island of Sicily and on the Italian mainland, carrying death and destruction in its wake, leaving 100,000 human bodies inextricably mingled with the wreck of homes, all mute witnesses of an indescribable catastrophe.

In this country, the old year has witnessed the death of our only ex-president—Grover Cleve-

land—and the making of a new one—William H. Taft. It has seen the corporations, which the president told us he had lassoed, slip the noose and become more exacting than ever. And on the side of labor it has witnessed the prosecution of the labor leaders and the rendering of a decision by a judge, the wording of whose verdict proved him to be most highly prejudiced, thus bringing odium to the bench and creating sympathy for the men he showed such a willingness to punish. Graft has been rampant, involving municipal, state and national officials; some of the grafters have been punished, but more have escaped; and the catalogue of disaster and corruption runs on indefinitely.

But let us turn our faces to the future; let us forget the reverses of 1908 in the contemplation of the victories to be won in 1909. Let us begin over again—start the new year with a smile, and trust that the promised prosperity may be realized; that labor will find remunerative employment and capital profitable investment, and that peace and plenty may journey side by side. It is the hope of the future that makes the present endurable. Let us, then, hope for the best.

## Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physies, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only

a partial digester—and physies are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

# CHRISTMAS TREE CUSTOM UPHELD BY FOREST BUREAU.

Washington, Dec. 26.—The country's forests again have been called upon to supply about four million Christmas trees, and again many persons have asked themselves and have queried the United States Forest Service, "Is the custom a menace to the movement for forest preservation?"

In the millions of happy homes over the country where the younger generation has made the Christmas tree the center of play since early Friday morning, there are many mothers and fathers who have given the question more or less thought. From Sunday schools and other organizations also, which hold an annual celebration around a gayly trimmed evergreen for the benefit of the little ones, has come the question whether it is consistent to urge conservation of forest resources and then to cut millions of young trees every year to afford a little joy in the passing holiday season.

"Yes, it is consistent and proper that the custom should be maintained," has been the answer of United States Forester Gifford Pinchot in every case. "Trees are for use, and there is no other use to which they could be put which would contribute so much to the joy of man as their use by the children on this one great holiday of the year.

"The number of trees cut for this use each year is utterly insignificant when compared to the consumption for other purposes for which timber is demanded. Not more than four million Christmas trees are used each year, one in every fourth family. If planted four feet apart they could be grown on less than 1,500 acres. This clearing of an area equal to a good-sized farm each Christmas should not be the of much worry, when it is remembered that for lumber alone it is necessary to take timber from an area of more than 100,000 acres every day of the year.

"It is true that there has been serious damage to forest growth in the cutting of Christmas trees in various sections of the country, particularly in the Adirondacks and parts of New England, but in these very sections the damage through the cutting of young evergreens for use at Christmas is infinitesimal when compared with the loss of forest resources through fires and careless methods of lumbering. The proper remedy is not to stop using trees but to adopt wiser methods of use.

"It is generally realized that a certain proportion of land must always be used for forest growth,

just as for other crops. Christmas trees are one form of this crop. There is no more reason for an outcry against using land to grow Christmas trees than to grow flowers."

CAPITAN.

A Happy New Year to all our friends and patrons.

Mr. and Mrs. Elbert T. Collier and children were down from White Oaks Wednesday.

Turn over a new leaf, and resolve to do better.

Mr. and Mrs. W. R. White were down from the Mesa yesterday and the day before.

Captain Paris returned to Fort Stanton yesterday after spending the holidays here.

Have you sworn off your bad habits, and formed good resolutions for 1909? If not, why not?

Mr. and Mrs. Ross Coe were over from Glencoe this week visiting relatives.

Geo. S. Treat was down from White Oaks Tuesday, and called at this office to say "How-do."

Prof. C. F. Davis, who is engaged teaching school at White Oaks, spent the holiday week in Carrizozo.

A number of young people were down from White Oaks on Christmas night, guests of the Carrizozo Pastime Club.

A. C. Wingfield, who has been over on the Ruidoso the past two months, was in Carrizozo several days this week. He later went to White Oaks where he will be engaged for some time.

Mr. and Mrs. John Norton of Capitan spent Christmas week with Mrs. Norton's father, P. G. Peters.

W. S. Kirby and family returned Wednesday from Goldthwaite, Texas, where they spent the holidays.

Engineer John Harris returned Tuesday from El Paso, where he had gone to spend the holidays with his family.

Attorney Wm. F. A. Gierke, Surveyor-elect Frank E. Theurer, and A. A. De Camp went to Lincoln yesterday.

James Hubbert, car inspector in the local yards, with his family went to Alamogordo last night. They will return Sunday.

George Roslington left Wednesday for Albuquerque where he will enter the office of the Occidental Life Insurance company.

Machinist Jerry Simpson, of the shops, spent two days this week on his homestead east of town, making improvements on the same.

From the number of weddings that took place during the past week, it would appear as if the girls were making up for lost time. It will be four long years before another leap year rolls around.

Wm. S. Bourne was over from Capitan two or three days this week, looking at a bunch of live stock, with a view of making a shipment.

Engineer W. C. Hudnall is again holding a throttle, after a ten days absence in Alamogordo, where he was called by the illness of his wife.

W. K. Collier, clerk in General Foreman Kimbell's office, who spent the holidays with relatives in Texas, is expected home this evening.

Mr. and Mrs. M. B. Parker and children and Mr. and Mrs. J. J. McCourt and children, of El Paso, spent the holidays at the Bar W ranch.

James Robinson, of Bonito, passed through Carrizozo Tuesday on his way to Corona. He will go to work in the Gallina Mountain mines.

J. W. Stephenson and J. W. Stuart, owners of a fine flock of Angora goats in the Eagle Creek country, were in Carrizozo Wednesday and Thursday.

Judge G. B. Greer was in town Tuesday from his home on the Bonito. He was on his way to the Estancia Valley, where he annually delivers fruit trees for a Denver nursery.

Miss Cora Kelly leaves tonight for Estancia, where she has been engaged to teach school the coming five months. She will live with her brother, J. T. Kelly, who has with the family here the past month.

Frank Theurer has purchased the real estate and insurance business of George Roslington. Mr. Theurer thus becomes the owner of the Highland Park addition which adjoins the townsite on the south.

Mr. and Mrs. O. S. Poage are the happy parents of a fine baby girl, born on Tuesday morning. Mother and babe are doing well—and Poage is, too, though unable to take his place in the yards until today.

A. A. De Camp of Beggs, Oklahoma, arrived here last week and may decide to locate here. Mr. De Camp is an old friend of Attorney Gierke, who formerly lived at Beggs, and took an active part in making Oklahoma a "dry" state.

The drawing for the two large boxes of candies at the Carrizozo Trading Company's store took place on the evening of the 24th. The lucky ones were W. M. Reilly who won the large box with No. 9, and Pablo Mancha who won the other box with No. 25.

# NEW NAVAL CHIEF

**NEWBERRY SUCCEEDS METCALF AS SECRETARY.**

Has Held Post of First Assistant in Department Since 1905—is a Business Man But Has Had Naval Experience.

Washington.—Secretary of the Navy Victor H. Metcalf tendered his resignation to the president to take effect on December 1. The president accepted his resignation and appointed Assistant Secretary of the Navy Truman H. Newberry as his successor.

Ill health was the cause of Mr. Metcalf's resignation. He has been suffering for a year from nervous breakdown that has rendered it impossible for him to remain at his desk for any length of time, and the chronic nature of his trouble has caused him to abandon hope of recovery while burdened with the cares of office.

In accepting Mr. Metcalf's resignation, the president recognized the impossibility of his retaining office, and expressed his reluctance to give up the assistance which Mr. Metcalf had given him both as secretary of commerce and labor and as secretary of the navy.

The appointment of Mr. Newberry comes as no surprise, for it has been generally understood that he was the man for the navy portfolio should Mr. Metcalf find it necessary to retire. The appointment also is recognized as one which is almost certain to continue into the term of Mr. Taft. Mr. Newberry has been a close friend and staunch supporter of the president-elect.

Secretary Newberry has had naval service. He took great interest in the Michigan state naval brigade a few years ago, serving successively as landsman, lieutenant, and navigator. He volunteered for service in the Spanish war and was given a commission as a lieutenant of the junior

Truman H. Newberry.

grade in May, 1898. He served throughout the war on the Yosemite.

Mr. Newberry entered the naval department as a business man, having been director in several manufacturing concerns at Detroit. Several years ago Mr. Newberry served successively as superintendent of construction, paymaster, and general freight and passenger agent of the Detroit, Bay City & Alpena Railway Company.

As assistant secretary of the navy he has taken an important hand in the business work of the department and has held extremely close relations with President Roosevelt. Having held the position of assistant secretary of the navy at one time himself, President Roosevelt experienced satisfaction in advancing Mr. Newberry.

## COMING WITH CHINESE THANKS.

Emperor Gratified for Course Pursued in Collection of Boxer Indemnity.

New York.—The influence of a western education on the Oriental of today is again evidenced in the fact that Yang Shao Yi, his excellency, the governor of Mukden, who is now on his way to this country at the head of one of the most important missions ever sent by China to the United States, is a graduate of Columbia, class of '82. Several of his accompanying suite are also alumni of leading American uni-

versities and colleges, and, naturally, they speak English fluently. The special object of Excellency Yang Shao Yi's mission is to convey the expressions of deep gratitude from the imperial government and the personal thanks of the Chinese emperor and his mother, the dowager empress, for America's action in remitting and exempting from payment the unearned portion of the Boxer fines.

Tang Shao Yi is not only one of the most eminent of the younger school of Chinese statesmen and one of the most successful and modern of China's executive officials, but he is thoroughly imbued with western ideas, an educator and a reformer.

## NEW PRESIDENT OF CUBA.

Gen. Gomez, Liberal Candidate. Honored by Countrymen.

Havana.—Gen. Jose Miguel Gomez, the Liberal candidate for president of Cuba, who has been elected to that office, is 53 years of age and a native of Santa Clara province, where he has always enjoyed extraordinary popularity and influence. He participated in two great revolutions, in the first of which he reached the rank of major, and in the second that of major general. He was one of the commissioners sent to Washington to advise as to a practical method for dissolving the revolutionary army.

Gen. Gomez was selected as governor of Santa Clara province by the government of intervention, and when his term expired he was elected governor as a Republican or Conservative. During his term in the gubernatorial chair he won a high reputation for ability and progressiveness.

In August, 1906, Gen. Gomez was arrested, charged with conspiring against the administration of the late President Palma.

Gen. Gomez was unanimously nominated for the presidency by the Miguelista convention which was held last March at Havana.

## Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a duck medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best known herbs, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. F. J. CLEMENT & CO., Props., Toledo, O. Sold by Druggists, price 50c. Take Hall's Family Pills for constipation.

## Inartistic Pottery.

We wonder that some of our enterprising firms with the great resources at their command do not produce cheap artistic pottery, for it would possibly create its own market after a time. One cardinal fault among most shopkeepers appears to be that art with a big A must be paid extra for. Until we get rid of this foolish belief we shall not make much progress in popularizing art.—British Architect.

## CHANGE IS COSTLY

### EFFECT OF VOGUE OF THE ONE-PIECE COSTUME.

Means a Variety of Wraps to Match Similar Variety of Dresses—Some Suggestions for Remodeling a Gown.

After a reign of nearly a decade the separate skirt is forced into retirement, the independent blouse is tossed into the discard. From the jumble of fall fashions, the one-piece costume, with a practically unbroken line from the shoulder to hem, has emerged triumphant.

The well-gowned woman of the moment builds her wardrobe almost exclusively from one-piece costume, with matching or harmonious wraps.

This is not an economical change by any means, for there has never been a style so altogether pleasing to the thrifty woman as the tailored or semi-tailored suit with its various separate blouses. Wraps are always an expensive item in the fall and winter wardrobe, and with a variety of one-piece costumes, a similar variety of wraps is almost essential.

The semi-tailored costume should come first in every woman's plans, certainly in those of the woman who has much shopping to do, or who goes to business each day.

The latest demand of Dame Fashion along this line is for the princess creation in medium weight cloth, especially rich colorings with blue half stripes of black or deeper hue, made with bias bands of satin or with silk braid and a chemise and half-sleeves of net, either dyed to match the fabric in the costume or of cream, cream or white.

This princess gown is apt to have a giraffe of self-tone silk or soft satin, built high to stimulate the popular, short-waisted effect, and with it will be worn a long, semi-fitted coat, with rather a short waist line in the back at least. Most of these coats have long skirts cut in deep points, and the really smart ones for hard wear show little trimming beyond the silk braid or satin bands.

With such a costume or suit is worn a hat of beaver, satin or felt, trimmed with braids and wings, never ostrich

tips. A popular trimming for tailored satin hats is the algrette, and algrettes sufficient to encircle one of the new satin shapes will cost all of \$25. Stunning braids and wings in shaded effects to harmonize with all the new shades of cloth can be had at much lower prices and are far more durable.

Suggestions for remodeling a gown: Perhaps you have a long-plaited skirt left from last year with some odd pieces of the material which was not used. Rip up the skirt and, after sponging and pressing, cut out as economically as possible one of the new mounted skirts.

With the pieces left from the skirt, which will be not a few if you use a narrow skirt pattern, you can fashion the parts of this bodice which should match the skirt, then with the aid of a messaline girdle in self-tone, messaline bands, a little soutache braid and net or all-over lace, you can evolve a matching blouse so harmonious that the costume complete will simulate one of the new one-piece gowns. These self-tone girdles and sashes, as well as the nets dyed to match the cloth or silk in the gown, are first aids to home dressmakers, bent on remodeling gowns.

## Split Ends of Hair.

It is essential for the proper growth of the hair that the split ends should be clipped off with the scissors. The easiest way to do this is to separate the hair into strands, going to work at it systematically, beginning at the front on one side and taking one strand after another around to the front of the other side. Twist each strand tightly and the hairs of different length will stand out so that they may be easily clipped. This is better than slugging the hair by means of lighted tapers passed quickly along the strand so that the hairs which stand out will be burned off. Unless this is done by one who is an expert the other hairs will become burned and the hair will become uneven.

## Cleaning French Gloves.

This excellent cleanser is used principally for the medium shades of kid gloves. It is as follows: Gum tragacanth, one-half ounce; white castile soap, one ounce; rose water, one pint; and tincture of musk, ten drops.

## HAT OF OLIVE GREEN.

A choice bit of millinery is shown in the above cut. The attractive shape is a rich shade of olive green with a band of velvet, a shade darker edging the under brim. On top there is a chic arrangement of richly colored velvet dahlias with foliage of natural shadings, which almost entirely covers the medium-high crown.

This woman says that sick women should not fail to try Lydia E. Pinkham's Vegetable Compound as she did.

Mrs. A. Gregory, of 2555 Lawrence St., Denver, Col., writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

## FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

## PISO'S CURE

#### A VISION OF THE PAST.

The following verses were written many years ago by Colonel D. J. M. A. Jewett, of Capitan, while a citizen of Louisiana, and as they have never been in print, and are apropos of the present season, we take pleasure in presenting them to our readers, some of whom may have reason to feel that those who should have succeeded them have gone before, and have become their ancestors, as it were, in another life:

In the silent hours of the dying year  
I turn my treasury o'er,  
And lovingly linger with what remains  
Of the loves of days of yore.

Whips and tops and bits of strings,  
Bits of toys and broken rings  
And threads of golden hair;  
Little shoes, a picture torn,  
Pretty suits my babes have worn,  
A battered broken chair.

Childish letters stained with tears,  
Relics of the buried years,  
A tattered, scented glove;  
Lace that curtained baby beds,  
Curls once shed from baby heads,  
Last legacies of love.

Downy fingers as snow-flakes falling,  
Baby voices in whispers calling,  
Almost my buried youth restore;  
Childish fingers my hair is turning,  
Childish kisses my lips are burning,  
It would seem as in days of yore.

These be not mere dreams. These silent hours  
Are peopled by other forms than ours;  
On our earthly senses stealing,  
Half their heavenly forms revealing  
Glimmering shadows—airy gnomes,  
Fragments of their heavenly homes.

In the silent hours of the dying year  
I turn my treasury o'er,  
And lovingly linger with what remains  
Of the loves of days of yore.

D. J. M. A. JEWETT.

#### ACCIDENT TO DR. PADEN.

Dr. M. G. Padén, while driving in the Jicarilla country last Saturday night met with a painful accident. His team became unmanageable and dashed down a hill. The bad condition of the roads and the darkness militated against control of the team and the doctor was thrown out, bruised and temporarily rendered unconscious. The team ran a short distance, came in contact with a tree, overturned the buggy and broke it into kindling wood. The team was recovered next day, but it has required all this week to say as much for the doctor.
