2. DR. PAUL ROTH, UNM School of Medicine dean and associate vice president for Clinical Affairs for the UNM Health Sciences Center, was named to the Council on Public Health Preparedness. The 21-member panel, assembled by U.S. Department of Health and Human Services Secretary Tommy Thompson, will advise the department on appropriate actions to prepare for and respond to public health emergencies, including acts of bioterrorism.

3. UNM COLLEGE OF EDUCATION faculty traveled to the Presidential Residence of Los Pinos in Mexico City at the invitation of Mexican President Vicente Fox to witness the signing into law of the Consejo Nacional para las Comunidades Mexicanas en el Exterior (National Council for Mexican Communities Abroad). UNM's role will be to provide input into the policies developed by the council and to help define the role of the Institute for Mexican Communities Abroad.

4. ANNE C. FITZPATRICK, an instructor at UNM-Los Alamos is providing a comparative history of scientific computing in the United States and former Soviet Union as driven by the demands of nuclear weapons science. Her research, "War by Numbers: Computers, Nuclear Weapons and the Arms Race," is funded by the National Science Foundation's Science and Technology Studies unit in the Behavioral, Social, and Economic Sciences Directorate.
