National Public Lands Day

September 30, 2017 at 12:00 am

“NEEF (National Environmental Education Foundation) National Public Lands Day (NPLD), sponsored by Toyota Motor Sales, USA, Inc., is the nation’s largest, single-day volunteer effort for public lands. Through NPLD, NEEF works to connect people to public lands in their community, inspire environmental stewardship, and encourage use of public lands for education, recreation, and general health.”
