WRECKING CAR HAS HISTORY

Once Used as Private Car of Abraham Lincoln in the East

New Mexico is a land of antiquities and almost every day some "new" old thing is being dug up in various parts of the Sunshine State. Belen has come into its own and is boasting an "antiquity," if credence is to be given the boys at the local division foreman's office, and they ought to know. The wrecking car in the local yards is a car with a history, it being the identical car on which Abraham Lincoln rode to his first inauguration as president of these United States. Of course it was not a wrecking car in those days, but a regular palace on wheels—perhaps not so palatial as our modern electric lighted, elegantly upholstered, modernly equipped itinerant coaches which are placed at the convenience of the chief executive of today, but a palace in its day and age.

After having served its purpose in bearing eastward the greatest statesman of the land—Honest Abe—the coach had a variegated career. One step at a time it passed through all the uses to which a well built car could be put. At one stage in its journey, it served as a bunk car at Amarillo, Texas, though perhaps the bunks never dreamed that they were filling the place of Abraham Lincoln. From the Texas division point, the car was transferred to Belen, where it was again transformed into the head car for the wrecking crew. Like Honest Abe himself, it has almost filled its position, however humble, well. When its career of usefulness shall have been ended in the yards, the old car should not ruthlessly be consigned to the scrap heap, but should be given a place of honor in regard for past usefulness, although to view the car today, one is forced to believe that its days of service will yet be many.

William McGrath has recently purchased the Dr. Williams residence on Didier avenue and on Tuesday moved into the same. This is one of the neatest cottages in town and will make the McGraths a pleasant home.

The meeting of the Valencia County Teachers Association last Saturday was one of the best ever held. The attendance was splendid, not only of teachers, but visitors as well, and the program showed greater interest than past meetings.

UNCLAIMED MAIL MATTER.

The following is a list of letters and other unclaimed mail matter remaining in the post office at Belen, New Mexico, for the week ending

November 6, 1913

Persons calling for this unclaimed matter will please say "Advertised." A charge of one cent will be made for each piece of advertised matter delivered, as required by Section 668 Postal Laws and Regulation, 1902.

Belasques, Prospero
Cacias, Ramona
Hill, Harry
Jimenez, Sibina R.

If unclaimed by Nov. 20, 1913 the above will be sent to the Dead Letter Office.

JOHN BECKER, P. M.

BYRON'S TROUBADOURS NEXT SATURDAY NIGHT

Byron's Troubadours, which will play at Didier's Hall next Saturday night, November 8, is advertised as one of the leading musical organizations of the country. The program to be presented will be both instrumental and vocal, various instruments being used by the company, both in unison and solo work. The following is taken from the advertising matter being distributed by the company:

In organizing this company the management has exercised special care in the selection of its members, both as to ability and morals. Each member, in his own particular specialty, has had the advantage of years of training with American and European masters. The galaxy of artists comprising this company place it in a class by itself, the greatest constellation of stars in the firmament of concert companies ever before the American and European public.

In the native songs and chants of the tropics, to the more finished compositions of modern composers, their voices blend in harmony, rarely equaled and never excelled, always pleasing the most fastidious audiences.

The programs presented are instructive, entertaining, amusing, and always contain something to please every one. This company has gained a broad idea of the public's taste for a clean and wholesome entertainment through their experience in touring America and the countries of Europe.

The great variety of instruments played by the Troubadours, each artist being a thorough master, combined with their harmonious songs, gives an evening of pleasure long to be remembered.

Throughout the program they introduce several original compositions by members of the company. Also songs in English, French, German, Spanish and Hawaiian.

BIG GAME HUNTERS

The hunting party consisting of Adolph Becker, F. A. Delgado, George Harper, Paul Simmons and Claus Bredehoft returned Friday evening from the vicinity of San Pedro, where they had spent a week in quest of big game. They were successful in bagging one great big stray rabbit, which in some manner to affiant unknown, got in the way of one of the guns just as the holder of said gun was about to pull the trigger. But don't mention the rabbit to any member of the party.

HALLOWE'EN SOCIAL

The Hallowe'en social by the Luther League in the carriage house of Jose E. Chavez drew a much larger crowd than was anticipated. The building was suitably decorated with corn stalks, pumpkins and other farm products, bales of hay answering for seats. One of the special features of the evening was the "Chamber of Horrors," where three witches held sway. The boiling cauldron was in evidence, from which the witches coaxed everything imaginable from freshly cooked mice and rats for the hungry onlookers to the headless man, fortunes for the crowd being produced later on. The large number of ghosts in various out-of-the-way corners made things extra pleasant (?) for the visitors. Coffee and gingerbread, apples and pears were served.

CONVICTS TO WORK ON ROADS HERE

To Commence Work about the First of the New Year

The Valencia County Road Board held its regular monthly meeting yesterday at which time Surveyor Hitchcock was authorized to complete the survey of El Camino Real from the line of Bernalillo county on the north to Socorro county on the south. This is being done to establish the road in preparation for the work of convict gangs, which are expected to be put to work on this road about the first of the year.

Steps were taken to establish a highway on both sides of the river throughout the county.

An experimental test will be made in the near future with oil, which if successful will lead to the use of oil on all the roads in the county.

The principal streets of Belen, as also the road to the old bridge site were graded during the week.

The supervisors in the western portion of the county are doing good work from their reports which have made to the board, showing quite a number of bridges now being put in, which have been badly needed.

Work on the big bridge across the Rio Grande goes on apace. The piling is being driven and all material is being freighted to the grounds, ready for construction.

A new road district was created, that of Los Chaves precinct, with Doroteo Gabaldon, as supervisor.

The Camino Real to the south of town has been viewed and final action of establishing the said road is now up to the county commissioners. It is expected that they will take action on the report at their next meeting. This road will then be straightened and graded completely, as quickly as possible.

The board decided to adopt the nine hour day during the winter months, the ten hour day having been the rule during the summer time.

PUBLIC SCHOOL

Silvestre Baca was absent from his place in school Wednesday.

Mary Seery was compelled to be absent two days this week. Mary is a good student and is never unnecessarily absent.

The flowers in Miss Ziegler's room, a gift from Mrs. Reinken and Miss Mary Seery, are much appreciated and are doing nicely.

Some pretty pumpkin and cat decorations are to be seen in the 1st and 2nd grade rooms, as a result of their Hallowe'en busy work.

Miss Lillian Pohl seems to be making fine progress with her pupils in Spanish. At any rate, it seems to be a favorite study with them.

All the teachers seem to appreciate finding a nice warm room these crisp mornings. With Mr. Frank Jaramillo as janitor, they are sure the good work will go on.

Langdon Watson and Eunice Waters have been absent from their places in school, owing to the sickness and death of their grandmother, Mrs. Holloway.

Some of the boys are missing

WANTS PLACE ON PHILIPPINE COMMISSION

Otero announces Candidacy when Curry Quits the Race

Santa Fe, N. M., Nov. 4.—Word was received here today from Washington that Former Governor Curry had withdrawn as a candidate for a place on the Philippine commission. Until a few days ago it was understood that Captain Curry was being favorably considered for the appointment by President Wilson and that his nomination was only a matter of a short time. Those who profess to have inside information from Washington, however, now claim that Captain Curry is persona non grata in the Philippines and for this reason he was advised to withdraw as a candidate for the place. It is also said that President Wilson has lately insisted that the man for the place must be college bred.

The announcement of the withdrawal of Captain Curry at once revived the report that Former Governor Miguel A. Otero was a candidate for the place and that he enters the race with such a strong backing that he can not well be overlooked. Under the law, which makes the Philippine commission a bi-partisan body, the president is obliged to appoint one member not a Democrat, and it is believed he would prefer a Progressive rather than an old guard Republican.

FUNERAL TODAY

Mrs. Isaac Holloway, after an illness of several weeks, was relieved on Tuesday morning by death. Her daughter, Mrs. Watson arrived last night from Long Beach, California. Another daughter from Globe, Arizona is also here. A third daughter, residing in Silver City, has been unable to come. The funeral will occur this afternoon at 2 o'clock, from the Episcopal Mission, being in charge of Archdeacon Warren of Albuquerque.

Miss Virginia Simmons entertained a number of her gentlemen friends last Tuesday evening.

school to go hunting and trapping. Boys in the High School should begin to see the importance of their school work and not miss it for any unnecessary reason.

The interest in embroidery is again revived among the girls. Next week at recesses, Miss Ziegler will conduct a "sewing guild" in her room for her girls and any of the 6th and 7th grade girls who wish to join them.

The 8th grade has just finished an exhaustive study of the "Civil War" and is preparing for a test. The members are doing excellent work and if they keep up their interest, will not need to fear the state examinations—the dread of every 8th grader.

The Hallowe'en prank of destroying the basket ball back stops and baskets, has put the Athletic Association to a great loss of time and expense. It will only delay but not prevent the long-looked for "first game," which could have come off Monday.

KEMPENICH TALKS ON GOOD ROADS

Eugene Kempenich, the well known merchant of Peralta, Valencia county, and chairman of the board of county commissioners, was in Albuquerque yesterday for the day to meet state engineer James A. French, who spent the day in the city returning from Santa Fe after a three weeks' trip through the state inspecting road work.

"I am here," said Mr. Kempenich, "to consult with Mr. French concerning proposed road work in our county to be carried out in the immediate future. We are not prepared to tell you in detail of our plans as yet, and would prefer that the roads speak for themselves, but I believe I am safe in saying that we are going to show you road boosters here in Bernalillo county what real good road work means. We are going right to it and will be prepared to give you a demonstration very soon."

"There is much good road work under way in the state," said Mr. French, "and we hope for some substantial showing of results before the end of the year. The engineer's office, however, is badly hampered by lack of funds and much of the work we had hoped to carry out at once may be delayed unless some means is found for supplying funds."

"I hope that we may proceed at once on the work on the Albuquerque-Jemez road. The funds provided, \$6,000, are hardly sufficient, but this will mean immediate completion of the preliminary work. I think, in fact, that my assistants have completed the surveys and that when I get to Santa Fe we will be prepared to proceed."

"There is not very much activity in irrigation construction in the state just now. Several of the big companies are doing some work, but on the whole the situation is quiet. Work at Elephant Butte is continuing steadily and storage of water, probably, will begin at the big dam in 1915. It is an enormous project and as a matter of course must move slowly. Everything considered fair progress has been made on the work."

Mr. French left for Santa Fe yesterday afternoon and Mr. Kempenich returned to his home at Peralta last night.—Albuquerque Herald.

ZION CHURCH.

Evangelical Lutheran

John A. M. Ziegler, D. D. Pastor. Max F. Dalies Sunday School Superintendent. Preaching Services 11 a. m. and 7:45 p. m. School and Bible Class 10 a. m. Luther League 7:00.

This Sunday, November 9, is Luther Home Mission Day, in celebration of the 430th anniversary of the birth of Dr. Martin Luther that falls on November 10. The day will be appropriately celebrated by a special sermon in the morning, and a Home Mission Service of song at 7:45. The Sunday School and both choirs will take part in this service. An offering for Home Missions will be made by the school.

Luther League at 7 o'clock, led by Mrs. L. C. Becker and Miss Pearl Harper.

Aid Society on Thursday afternoon.

The Bazaar will be held on Tuesday, November 18, in Commercial Club Hall.

BELEN MAN IS CHOSEN SECRETARY

Of Ocean-to-Ocean Highway Association at Los Angeles

Los Angeles, Oct. 27.—Amid scenes of unprecedented enthusiasm, D. K. B. Sellers, of Albuquerque, N. M., was Saturday elected president of the Ocean-to-Ocean Highway association in annual convention here, succeeding C. A. Wilder, of New York. Other officers elected were John Becker, Jr., of Belen, N. M., secretary, and Frank McKee, of Albuquerque, treasurer, the custom being to elect these officers from the same section to facilitate their work. The association's work for the next year will be directed from Albuquerque, where headquarters will be established.

The association elected Fred. T. Colter, vice president from Arizona, and C. O. Baker vice president from California. The executive committee for New Mexico includes J. A. French, of Santa Fe; W. M. Borrowdale, of Magdalena, and H. M. Dougherty, of Socorro.

The Los Angeles Chamber of Commerce extended the visiting delegates a hearty welcome. The Southern Automobile association yesterday took the delegates for a fifty-mile automobile ride over the city, and today the new president was the guest of John S. Mitchell, the first president of the association and the father of the organization, on a 100-mile automobile ride over Los Angeles county's macadam roads.

The next convention of the association will be held at Yuma, Ariz., in 1914, and in 1915 the association will meet at Springerville, Ariz.

It was stated by delegates attending the convention that over \$1,000,000 are now available for work this year on Arizona and California portions of the Ocean-to-Ocean highway.

The delegates will be the guests of the Los Angeles Chamber of Commerce tomorrow on a trip to San Diego.

Colonel Sellers, in his speech of acceptance, declared that New Mexico had more good dirt roads than any other western state, the only difficulty being that they were not logged so the motor car tourist could find them. He gave Governor McDonald and State Engineer French special credit for the road improvements so far accomplished.

METHODIST CHURCH NOTES.

Clyde Keegan, pastor; P. P. Simmons, Sunday school superintendent. Preaching services at 11 a. m. and 7:45 p. m.; Sunday school at 11 a. m.; Epworth League at 7:00 p. m.

The Ladies Aid will meet on next Wednesday with Mrs. Disbrow.

On Monday night the Epworth League will hold a business meeting at the home of P. P. Simmons. All members of the League and others interested in League work are invited.

On Sunday morning the Sunday School will give a Temperance program. There will be songs and recitations and a talk by the pastor. Everybody is invited.

You owe it to your children and
to the community in general to
co-operate with the teacher in
suppressing influences that inter-
fere from the attendance at school
and demoralize pupils whose in-
terest must be safeguarded. Vis-
it the school occasionally and
stand by the teachers in their
work for the community.—Ex.

An Echo from Last Winter.

An echo from the work of the
last legislature has just come back
in the decision of the supreme
court handed down on Thursday
regarding the pay of the mounted
police of the state.

This valuable and long estab-
lished institution was not actually
legislated out of existence by the
bosses last winter, but took as
effective a method and failed to
make provision for the pay of the
members of the mounted police.

It was of course a cowardly
method, but that was to be ex-
pected of such a body as com-
prised the membership of the last
legislature which was dominated
by political commanders who had
no thought beyond the interests
of party which was in reality their
own personal interests.

Outside of a few politicians and
their subservient tools whom they
had chosen as members of the
state senate, particularly, the
mounted police was regarded as a
protective body, and in the loss of
it as a state organization, the peo-
ple have been deprived of a real
protective force of the life, the
property and the interests of the
citizens of the state.

The time has not come when we
can rely, in New Mexico, on the
local officers who comprise the
sheriffs and their deputies, no
matter how faithful they may be
and however they may try to car-
ry out the law.

This state is sparsely settled as
yet and a body of what may be
termed "minute men" is needed
to reach at as early a moment as
possible, a given point when a
crime has been committed.

The action of the last legisla-
ture, at least as far as the senate
is concerned, showed at no time,
however, any inclination to do
those things which were for the
benefit of the people of the state,
unless, perchance, the action did
not interfere with the plans and
the interests of the bosses and
could be made to appear like an
act in the interest of the citizen-
ship at large.

The effective abolition of the
mounted police in the manner
adopted by the legislature of this
state is an outrage, pure and sim-
ple, and should be remembered,
among other acts and failures of
acts on the part of the legislative
manipulators and their tools, when
next the opportunity is offered to
select the membership of the leg-
islature of this state—Santa Fe
New Mexican.

DENVER, COLO.

The Business Men and Irrigation.

The business men in every town
in the southwest, in districts
where it is practicable to irrigate
by pumping, should organize this
fall and secure the services of gov-
ernment and state experts to
make a thorough survey of the
water supply. Exact information
should be secured of the quantity
of water available, its depth and
the best methods of raising and
distributing it.

Reliable manufacturers of well
digging machinery, distillate using
engines, pumps and other devices
for raising water on a large scale
should be invited to submit plans
and estimates for furnishing an
ample supply of water for various
sized tracts. The electric light
people should be invited to make
plans for furnishing the power
and equipment for pumping for
five, ten, twenty and forty acre
tracts. The plans should be made
to cover the entire area that can
be irrigated and be arranged for
starting with a few pumping
plants and gradually increasing
the number to the full limit.

The importance of the business
men securing accurate informa-
tion before irrigation projects are
started can be appreciated fully
only by those who have seen be-
ginners in irrigation go "wild" and
lose their money when a little
reliable information would have
started them on a profitable basis.
One man, ignorant but stubborn,
spent \$6,000 in trying to get a
well, failed and then went to an
expert who showed him how to
secure one cheaply. Another man
spent \$4,000 for two wells and
had to abandon them. He learned
enough to build a third at a rea-
sonable cost and it furnished an
abundance of water for 320 acres.
An enormous amount has been
spent by beginners on pumps that
either could not deliver the water
required or else took too much
power. Even more has been
wasted on worthless engines and
on engines that could not furnish
enough power.

When a homeseeker, without
experience in irrigation, can go
to a town and call at the commer-
cial club or on one of the banks
and get accurate information
about the land, water supply,
equipment needed and methods of
irrigation, he has an unusually
strong inducement to locate.

Cities like Hutchinson and
Wichita have a supply of water
for irrigation that can be cheaply
and quickly made available. Each
of these towns could locate 2,000
families in a few months if the
business men would follow vigor-
ously the plans suggested in this
article. Many other towns in
Kansas and Oklahoma have like
opportunities.—H. M. C. in South-
west Trail.

Now Well

"Thedford's Black-Draught
is the best all-round medicine
I ever used," writes J. A.
Stelman, of Pattonville, Texas.
"I suffered terribly with liver
troubles, and could get no relief.
The doctors said I had con-
sumption. I could not work at
all. Finally I tried

THEDFORD'S BLACK- DRAUGHT

and to my surprise, I got better,
and am to-day as well as any
man." Thedford's Black-
Draught is a general, cathartic,
vegetable liver medicine, that
has been regulating irregulari-
ties of the liver, stomach and
bowels, for over 70 years. Get
a package today. Insist on the
genuine—Thedford's. E-70

A COLUMN FOR THE KITCHEN

Nut Sandwiches.

Chop the kernels of English wal-
nuts, butternuts, pecans or hick-
ory nuts, and to every tablespoon
of these allow half as much cream
cheese. Season to taste with salt,
soften with cream until it will
spread easily, and use with thin
slices of white or brown or whole
wheat bread.

Nut and English Cheese Sand- wiches.

Chop English walnuts fine; put
with them an equal quantity of
grated English cheese; moisten
with thick cream or butter to a
consistency which will spread,
season to taste, and spread on
thin slices of bread or of crisply
toasted and buttered toast. If the
latter, serve hot.

Save Celery Leaves.

Put celery leaves in the oven to
dry. When perfectly dry, crush
them into a powder and put away
in a tightly sealed vessel. A
bottle well stopped is excellent.
This makes a fine flavoring for
soup and gravies.

Baked Coffee Custards.

Heat three cups of milk, add
one cup of strong coffee, six ta-
blespoons sugar, four eggs well
beaten and one-half teaspoon van-
illa. Pour into cups and place in
a pan of boiling water. Bake
slowly until a silver knife insert-
ed comes out clean. Serve cold.

Baked Pork Chops.

Take as many thick slices as
are needed for the meal, place in
a pan with a little water, lay a
thin slice of onion on each, sea-
son with salt and pepper and bake
till done.

Honey Vinegar.

If you want some fine vinegar,
pure in quality and very tasty,
make it from honey. Add a pound
and a half of strained honey to a
gallon of water. Then keep in a
warm place for a few months and
it will be ready. If it is not strong
enough add more honey. Three
pounds of honey to a gallon of
water is a good proportion. While
not suited for all purposes, in the
making of salads and for ordinary
table uses there is nothing that
can be compared to honey vinegar

Sponge Pudding.

Scald one pint of milk over boil-
ing water and add one-half cup
butter. Add a smooth thickening
of one cup of flour mixed with
cold milk. Let it cool. When
cold add the yolks of four eggs;
have the whites beaten stiff, and
stir in lightly. Bake an hour in
a pan of water.

Cold Sauce—One-half cup but-
ter, one cup powdered sugar; four
tablespoons of milk may be added
and flavoring to suit.

Golden Dream Cake.

Separate the yolks and white of
four eggs, beat the whites with
an egg-beater until you can turn
the bowl wrong side up and the
egg white will hold its position
solidly. Then with the egg-beat-
er beat the yolks for five minutes
when they will be thick and
creamy. Then beating all the
time with beater, gradually pour
in one cup granulated sugar. Beat
until sugar and eggs form a cream
light and foamy. Then add one-
half teaspoonful of lemon or van-
illa. Last of all add one cup of
pastry flour, sifted three times,
with saltspoon of salt in it. Fold
in the flour very carefully with a
spoon. Turn into a buttered and
well floured tin and bake a pretty
golden brown. In cutting for the
table crease each piece deeply and
then break. To cut sponge cake
spoils the grain and makes it seem
heavy. There is no rising in this
cake except the eggs. But you
will find it all right and a most
delicious cake.

Lye in the Sink.

Every morning pour into the
sink a boiling hot lye solution,
then rinse with clear hot water.
Lye is unexcelled for this use be-
cause it actually removes all
grease and filth from the pipes as
well as acting as a deodorizer,
according to the Woman's World.
A sink cared for in this manner

will never be "stopped up" or
have a disagreeable odor.

Cleaning Carpet.

Many housewives dislike to
clean carpet. This discovery may
make it easier. Get one ounce of
wormwood salt from the druggist,
put it into a pail of warm water,
then wash your carpet as you

would a floor, or if it is very dirty,
scrub it. You will find when fin-
ished all the dirt and grease spots
have disappeared and the carpet
looks equal to new.

Date Nut Butter.

Something new! A combina-
tion of dates and peanut butter.
Simply fine. Try it. Goebel's

DO IT NOW!

Now is the logical time to secure a home in Belen.
With the completion of the connecting link of the Santa Fe to
the Gulf and the installation of regular through passenger
and freight service before the first of the new year, the value
of Belen property is sure to advance. The increased business
on the railroad will mean an increased payroll, more em-
ployes and a greater Belen.

Get in on the ground floor. Select your lot now, and
build that home you have been planning. Your investment
will grow in value, and you will be saving rent at the same
time. This is your opportunity, don't let it pass.

Remember "Procrastination is the Thief of Time." DO
IT NOW.

The Belen Town & Improvement Co.

John Becker, president; John Becker, Jr., vice president
W. M. Berger, secretary; L. C. Becker, treasurer

THE CORPORATION DIFFERENT

Every once in a while we run across a business man of strength and
capability who is under a misapprehension regarding our company.

Because of a lack of knowledge he classes us with those who pay big
dividends on watered stock.

He thinks our rates are too high because he doesn't know that we have
no bonds, no preferred stock, and no water in the common stock.

A little straight talk, with figures back of it, is enough to set such a
man right.

We have facts and figures to prove that we pay out in dividends a rea-
sonable return, (7 per cent.), on the actual money invested in tele-
phone plant.

Perhaps you are one of those who didn't know this.

You want to be fair, don't you?

You want to do everybody justice, don't you?

Well then, let us prove to you what we've proved to others.

us if you are in doubt.

rite us if you have any idea we are not "on the square."

we can prove ours to be the "corporation different."

The Mountain States Telephone and Telegraph Company

PERSONAL

Oscar Goebel, Jr., is building an addition to his home.

Mrs. R. D. Cox spent Sunday in Belen with her mother, Mrs. Rigney.

The Ladies Aid of the Lutheran church will meet with Mrs. Claude Wilson Thursday.

Mrs. R. D. Cox and children have moved to town from the ranch, for the winter.

Fred Scholle was in Albuquerque looking after business affairs the first of this week.

V. D. Romero has moved his barber shop into the Didier building, next door to the Purity Bakery.

Born, on Sunday morning, to Mrs. Hendrin, a son. Mother and babe are reported as doing nicely.

Mrs. F. H. Lane and Mrs. J. M. Lee spent Saturday evening in Albuquerque, returning Sunday morning.

Miss Lillian Gildersleeve, principal of the Felipe Chavez Academy, spent the week-end in Albuquerque.

The brick work of the new bank building is just about completed, and the carpenters are busy with their work.

Miss Rose Neale is visiting her sister, Mrs. Charles Eaker and will in all probability spend the winter here.

Roman Gabaldon and Apolonio Castillo of Los Chavez were business visitors in Belen Wednesday of this week.

Archdeacon Warren of Albuquerque is here to conduct the funeral services of Mrs. Hollo-way this afternoon.

A nice shower of rain fell during Monday night. The Manzanos, east of town, have donned their white cap for the winter.

The bazaar of the Ladies Aid of the Lutheran church will be held at the Club Hall November 18. Turkey supper will be served.

Mrs. W. W. Lucky left the first of the week for Ogden, Utah, where she will join Mr. Lucky, and where they will make their home.

John Becker is back from his trip to Los Angeles, where he attended the Ocean-to-Ocean Highway Convention as a delegate from New Mexico.

Justice of the peace, Veneciano Baca, and family left Tuesday morning for El Paso, for a visit with his daughter. They expect to be gone eight or nine days.

John Fleming who was in Belen last week, returned to his home in Albuquerque. While here he gave his several houses a fresh coat of paint.

H. R. Wetmore, the genial "attorney," was off duty Monday on account of sickness. Rumor had it that he suffered an attack of croup, but the News refuses to believe this.

The fronts of the buildings occupied by the Cut-off Bar, the Old Reliable Barber Shop, Judge Spicer's offices and the Old Kandy Kitchen have been refreshed with a coat of paint, adding greatly to the appearance of the same.

Notice of Appointment of Administrator

In the Probate Court of Valencia County, New Mexico.

In the matter of the estate of Max Luna, deceased.

To all persons interested in the above mentioned estate:

Notice is hereby given that at the regular November term of the Probate Court in and for the County of Valencia, at Los Lunas, the county seat on the 3d day of November, 1913, Demetrio Vallejos was duly appointed as administrator of the estate of Max Luna, deceased, to succeed J. H. Vaughn, who having been appointed as such administrator at a former session of said court, has tendered his resignation as such administrator. All persons having claims against the said estate will present the same within the time and manner prescribed by law. All persons indebted to the said estate will pay said indebtedness to the said administrator without delay.

J. M. Luna, County Clerk of Valencia County, and ex-officio clerk of the Probate Court of said county. 11-3-27

SANTA FE SAFETY FIRST

Tony Brick, machinist, is laying off on account of a sick foot.

Thomas Mason, night goat driver, is on the sick list and taken a lay-off.

Frank G. Fischer, of the John Becker Company, paid the division foreman's office a short visit yesterday afternoon.

W. H. Becker, bonus clerk at the round house, expects to spend the week-end in Socorro, his new suit having arrived.

N. M. Rice, head of the store department of the Santa Fe, paid the local storekeeper a business visit Monday. Mr. Rice is making a tour of the entire system.

Casey Jones, engineer, was caught in Scholle by the sixteen hour law the first of the week, and compelled to spend the night there. He reports the sleeping quarters as "poco bueno."

Henry Abell, engineman on No. 900, has changed his occupation, having cut out hunting and gone to farming. He has not announced what line of agriculture he will follow, but he has his land in fine shape.

A. H. Patterson, machinist's handy man, is off duty, after having let a unit pin drop on his foot, severely crushing that member. While the accident was quite painful, Amos is recovering rapidly, and is able to be out on crutches.

F. A. Delgado, night watchman, returned from the notorious hunt but empty handed, and has again taken his old position. John Craig, machinist's handy man, who relieved Mr. Delgado, has taken an extended lay-off.

Business is picking up on the Santa Fe recently, as shown by the fact that from seven to ten crews are called every day to handle the freight business out of Belen. Fruit, cattle and hardware compose the bulk of the business at present, with a fair sprinkling of hoboes.

A. S. Charles, machinist, went goose hunting the first of the week, but came back empty handed. It is not known whether he was hunting for geese or horse tracks the greater part of the time, as the horse he drove out took French leave, and after playing with the buggy a while left it in a dilapidated condition.

A Warner Fits Well

A Warner gives Figure Distinction.

A Warner outwears any other Corset.

A Warner Figure is easily distinguished by its Graceful Bearing.

Women who once get the "Warner Habit" seldom care to change. For this reason we are constantly renewing our stock of these models, and are always seeking the new ones.

To-day it is the Warner Front-Lace

You Must See Them. Perhaps you have worn a Front-Laced in another make but have always wanted a Warner, and since there was no Front-Laced in the Warner line you sought it elsewhere. Now, if you are a devotee of the Front Laced, in the future let it be a

Warner Front Laced Model

There are Ventilating Backs of strong, durable net, preventing heat or pressure over the spinal column. Boned Marquessette Protectors are found under the lacings to support and protect the abdomen, and some models show the patented Warner Double Skirt,—an absolute guarantee against ripping and tearing. Of course the Front-Laced carry the strong Warner guarantee of quality:

Every Pair Guaranteed Not to Rust, Break nor Tear

Sold at our Counters Prices \$2.00 to \$3.00
