# Complete Streets for Small Towns & Rural Communities presentation at UNM PRC

October 17, 2017 at 12:00 pm

**Prevention Research Center  
Noon Conference Series:  
Research Seminar**

## **Complete Streets**

Streets are carefully engineered to move automobiles as safely and efficiently as possible, but they don't always accommodate the numerous other road users such as transit riders, pedestrians, and bicyclists. This presentation will discuss the elements of complete streets design and policy, how to implement them in context-sensitive ways, particularly in rural areas, and lastly, potential funding sources that can help these projects become realities.

**Presenter:** Maida Rubin (Regional Planner, Mid-Region Council of Governments)

**Date:** Tuesday, October 17, 2017

**Time:** 12:00 noon to 1:00 pm

**Place:** Research Incubator Building (RIB) Commons  
UNM Campus, 2703 Frontier Ave NE  
Albuquerque, NM 87131

For more information, please contact Sally Davis at 505-272-4462 or by email at [SDavis@sehsd.unm.edu](mailto:SDavis@sehsd.unm.edu)
