Re: subscription rates for 1983 for NAT. RESOURCES J. and N.M.L. REV.

Soon we need to order the invoices for next year's subscriptions, so we need to make a firm decision on pricing now. The chart below sets out current pricing and cost (printing charges only) information, along with possible projected rates.

---

N.M.L. REV.	1982 subscription price (raised from \$10. 1980)	approximate per copy cost (avg.)	approximate per subscriber cost
1,000 copies # 2 & 3	\$12.00	\$10.65	\$32.00
1,100 copies # 1	1982 single copy price \$7.00	paid subscriptions approx. 650	mailed out approx. 750

---

NAT. RES. J.	1982 subscription price \$17.00	approximate per copy cost (avg.)	approximate per subscriber cost
2,400 copies # 1, 2, 3, 4	(raised from \$15. 1981)	\$3.75	\$15.00
	1982 single copy price \$6.00	paid subscriptions approx. 1875	mailed out approx. 1925

---

During 1981-82, two-year subscriptions were offered at reduced rates: NMLREV. offered two years for \$21.00; NRJ offered two years for \$32.00. A small number of these are extant.

---

For 1982, raising N.M.L. REV. to \$18. would produce approximately \$4,000. additional revenue.

Raising NRJ to \$18. would produce approximately \$2,000. additional revenue.

---

1981-82 year estimated printing costs NMLREV. \$33,000.; NRJ, \$36,000.  
1982-83 year estimated printing costs NMLREV. \$21,000 (250 page maximum per issue)  
1982-83 year estimated printing costs NRJ \$30,000.
