UNM News Minute #593 – July 9, 2009

BIOLOGY PROFESSOR Mary Anne Nelson was named today by the White House and President Barack Obama as one of 22 individuals and/or organizations to receive the National Science Foundation's Presidential Award for Excellence in Science, Mathematics and Engineering Mentoring (PAESMEM). Colleagues, administrators, and students from their home institutions nominate candidates for the prestigious Presidential Mentoring Award. <http://www.unm.edu/~market/cgi-bin/archives/004110.html#more>

SURGEONS AT UNM Children's Hospital have successfully performed the state's first-ever pediatric robotic surgery. Led by Dr. Jason Wilson, associate professor in the UNM Department of Surgery and section chief of Pediatric Urology at UNM, the surgical team performed the procedure on a three-year-old boy who had a non-functioning kidney that required reconstructive surgery.

STUDIES AT THE Mind Research Network in Albuquerque could soon help clinicians predict and discover ways to prevent relapse in individuals combating substance abuse. MRN Scientific Director Dr. Vincent Clark says brain imaging and psychiatric evaluation have found that the makeup of the brain influences a recovering addict's tendency to relapse. <http://www.unm.edu/~market/cgi-bin/archives/004096.html#more>

ALL UNM E-MAIL account holders, including "salud" account holders, should look out for e-mails claiming to be from a UNM IT department and requesting personal information. These are phishing attempts and should be deleted immediately without responding. Contact your departmental IT administrator or the ITS Support Center at 277-4848 for assistance.
