## HSLIC's Biomedical Informatics Seminar Series Presents: Lewis Worley, BE, and Robyn Gleasner, MLIS

by Brandon Carroll on March 30th, 2023 in [Anatomy & Physiology](#), [Epidemiology](#), [Family & Community Care](#), [Health Justice & Equity](#), [Health Policy](#), [Indigenous Health](#), [Neurosciences](#), [New Mexico](#), [Orthopaedics & Rehabilitation](#), [Psychiatry](#), [Behavioral Sciences](#), & [Mental Health](#), [Teaching & Learning](#) | [o Comments](#)

The graphic is a vertical rectangle with a teal background featuring a faint network diagram of nodes and lines. It is divided into three horizontal sections. The top section is teal and contains the text 'HSLIC'S BIOMEDICAL INFORMATICS SEMINAR SERIES PRESENTS: HSC CITATION ANALYSIS PROJECT' in white, with the speakers' names 'Lewis Worley, BE' and 'Robyn Gleasner, MLIS' below it. The middle section is a solid red band with the text 'Thursday, 4/6/2023 at 10:00 A.M. via Zoom' in white. The bottom section is teal and contains the logo for the Health Sciences Library & Informatics Center, which includes the letters 'NM' in a stylized font and the text 'HEALTH SCIENCES LIBRARY & INFORMATICS CENTER' to its right.

**Lewis Worley, BE  
Robyn Gleasner, MLIS**

**Thursday, 4/6/2023 at 10:00 A.M. via Zoom**

**NM HEALTH SCIENCES LIBRARY  
& INFORMATICS CENTER**

You are invited to join us on Thursday, April 6th, from 10 A.M - 11 A.M. for a virtual seminar by Lewis Worley, BE, and Robyn Gleasner, MLIS.

Topic: HSC Citation Analysis Project

Description: The HSC Citation Analysis Project set out to answer the following questions: where are faculty at the HSC publishing, does HSLIC/UNM provide access to these journals, what journals are the authors citing, and does HSLIC/UNM provide access to those journals. The answers to the questions would assist in the evaluation of HSLIC's journal collection and determine potential gaps. This session will show how we went about attempting to answer these questions from pulling data from Web of Science, analyzing it, and wrangling and parsing it using a number of programs and

scripts including excel, open refine, SQL, and python.

Learning Objectives:

We will discuss:

What citation analysis is and why it is beneficial for collection evaluation

Our process of pulling, cleaning, wrangling, and parsing the data to meet our needs

Next steps to analyze the data and how to apply the analysis to future collection development decisions

Please email [BLCarroll@salud.unm.edu](mailto:BLCarroll@salud.unm.edu) to request Zoom info.
