**Directions Part Two:** Answer the following questions on your one designated website above and email your answers to Dr. Eldredge. You will need to answer the following questions about *only the statistics aspects* your website:

Name of Website/ Website Sponsor

Principal Category of Sponsor Organization (Government agency; health organization; advocacy group; other)?

Does this site offer primarily self-reported or observed statistical data?

What geographic area does the coverage primarily focus upon (National, State, County, Census tract, police beat, etc.)? Secondly?

Does the website offer either comprehensive or representative sample data?

Primary health-related subjects covered (examples: diseases such as diabetes or other subjects such as injuries)?

Limitations to the statistical data reported on this website (example: age of the information) (50-100 words)

How will this website be useful to you as an MPH student and as a future public health practitioner? (70-150 words)
