PH Informatics Session Two

Med 2 Classroom after First Segment (in Dom 2112 4:00-5:20pm)

5:25pm	Transition to Med 2 Classroom
5:30pm	Overview of session: (1) questions about PubMed answered; demo a couple of searches (2) PsycInfo demo; (3) Social sciences databases handout, briefly; (3) statistics sources reports; (4) Editorial peer review? (5) restrooms & water
5:33	Answer questions about PubMed; demo a couple of searches; Jon highlights common problems seen in student peer assessments; Jon distributes helpful MeSH terms handout (color = yellow)
5:40	PsycInfo demo: thesaurus, limits by publication date, and history
5:50	Web of Knowledge Cited Author Search
5:55	Summarize social sciences databases from HSLIC & University Libraries handout
6:00pm	Statistics (pink) sheet distributed: find your resource and be ready to report
6:05	Statistics homework reports: (1) value to Principles course 30 seconds; (2) value to MPH Program 30 seconds.
6:25	Replication: What makes for a clear text description? Went to State Fair & looked at baked goods. If you read a recipe, what information do you need? Assignment due via EMAIL to <jeldredge@salud.unm.edu> next week before class
	Editorial peer review, if time permits
6:28	Questions & clarifications
6:30pm	END

Preparation:

Students emailed me their statistics assignment on which they'll report tonight

Jon returns graded PubMed assignments and peer reviews of the assignments

Med 2 key

Handouts:

MeSH Terms (yellow)

Statistics websites handout to distribute (pink)

Social and Behavioral Sciences databases (color copy)

Seven (7) printed copies of the sample replicable searches

Due two weeks from today: Replicable search assignment
