REPUBLICANS ARE MUCH STRONGER

No Time For a Boy to go to Mill Now. That is the Way the Democrats Feel According to Albuquerque Journal

INTERESTING POLL FOR THE CHOICE OF CANDIDATES

The election this year is more vital to the state of New Mexico than was the election of 1911. This year, New Mexico will be called upon to cast her vote for the state and county officers and for presidential electors.

The republican leaders are at work. The democrats are not working, so far as anybody knows. The personnel of the republican ticket is now generally known. No one has the slightest idea who will be named by the democrats for any position on their ticket. They are as sheep without a shepherd—leaderless and not specially concerned when they talk of the election next fall. It is with the optimism of people who have not analyzed a situation, but believe, somehow or other, they will win. When a possible nomination for any one of the leading places on the ticket is mentioned, it is usually some man who would stand no more chance of election in New Mexico than he would of flying to the moon and back on the same day. Usually he would be all right as a democratic nominee in Texas or Mississippi.

Nothing is being done to promote an insurrection in the republican party, such as made possible the partial success of the democrats in 1911. The movement led by former Governor Hagerman, former Governor Otero, former Attorney General Prichard, R. H. Hanna, W. H. Gillenwater, and the powerful Reynolds family, to say nothing of a host of republicans in other sections of the state, cost the republican candidate for governor thousands of votes and added thousands to the vote of the democratic candidate. It was a powerful influence on the entire ticket.

For example, W. C. McDonald had a plurality of 1468 in the counties of Bernalillo and Sandoval. The symptoms are that the plurality this year for the republican candidate for governor will be quite as much, thus making a difference of approximately 3,000 votes in those two counties alone. What are the democrats doing to prevent this slump or to offset it?

The ticket nominated by the republicans will not be easily beaten at the polls. Elections in New Mexico are not exactly the same as elections in Iowa or Kansas, and because candidates nominated here would not be strong in an eastern state is no reason why they would not be vote-getters here. In measuring candidates for office we do not use exactly the same standard that is supposed to be employed in Ohio, for example.

Without the slightest prejudice for them or against them, as compared with their competitors for the nominations, the Journal says unhesitatingly that nothing short of a

merical will prevent the nomination of Holm O. Bursum for governor and Frank A. Hubbell for United States senator. For Hernandez there will be no opposition in the convention. Let it be said here that a careful survey of the situation in New Mexico fails to find a strong republican trio for the positions. Bursum is far stronger than he was five years ago, and there is no indication of a revolt against him. Certainly some of the most powerful influences in independent republican movement against him then will be for him now.

Frank A. Hubbell will hold the bulk of the Anglo-American republican vote. He will get the republican native vote, and, unless the democrats put up the strongest man they can find, he will get quite a percentage of the native democratic vote. On that point there is no need for delusion. There is a race sentiment in this state that is growing in insensibility, and considerably more than half of the voters are Spanish Americans. If you will study the composition of the various counties of New Mexico, it will be seen that about one half of the normal democratic vote is Spanish American. As "La Revista de Taos" said of Hubbell, "we consider him one of us." That is the native view of it.

And the race feeling on the part of the natives is not without some sort of justification. With more than half of the voters in the state, they found when they came to size up the results of the first state election that every native who ran against an Anglo American of any politics was beaten. The result was that the Anglos had the governor, two United States senators, two members of congress, three members of the supreme court, three members of the corporation commission, the attorney general, the treasurer, the auditor, the superintendent of public instruction, eight circuit judges, seven district attorneys, and the natives had a lieutenant governor, the secretary of state and one district attorney.

Was it to be wondered at that when the opportunity came, in 1914, there was a decided race feeling displayed in the congressional election? The race feeling is still there, and the party that fails to recognize it can have the fun of running—what ever fun may be had out of a campaign doomed, in the very nature of things, to defeat.

Still, the democrats have a chance to put up a ticket and make an organization that would win over any ticket the republicans might put in the field. But if they are to win they must stop running in circles, stop fighting among themselves, and get down to business.

LINCOLN COUNTY TEACHERS MEET

Lincoln County Teachers' Association Held a Successful Convention at Capitan Last Friday and Saturday

MANY PROMINENT EDUCATORS IN ATTENDANCE

The teachers of Lincoln County have just closed the most successful convention in the history of their association, at Capitan, where the county High School is located. The entire two days, Friday and Saturday, March 10th and 11th, were taken up with the various activities, and the work was so well planned, organized and executed, that there was not an idle moment for any one concerned.

Early in the day teachers began to arrive from all parts of Lincoln County. The Carrizozo delegation, consisting of ten teachers, together with the majority of the important talent, arrived over the E. P. & S. W. about 10 a. m. They were immediately assigned to the various homes of Capitan for entertainment during their stay there. The remainder of the forenoon was occupied with the display of school work entered for prizes and the first regular session began at 1:30 p. m. with president Andrew McCurdy of Carrizozo in the chair.

The meeting was addressed by president E. L. Enloe of the Silver City Normal, Hon. Filadelfo Baca of the State Department of Education at Santa Fe, and Prof. Deane A. Worcester of the chair of psychology in the University of New Mexico, at Albuquerque. Every address was full of merit and was well-received. Similar addresses were delivered at every session and to enthusiastic audiences.

On Friday evening Prof. Rupert Stewart of the State A. & M. College delivered a stereopticon lecture on the work of the institution in general. Some excellent slides were shown, and an excellent idea of the work was given, having a tendency to interest high school graduates and others in what is being done at this great New Mexico educational plant.

A general forenoon session was held Saturday, an afternoon session and an evening session. The main feature of the evening session were the declamatory contest and the debate, between the two high schools of the County, Capitan and Carrizozo. The declamatory contest was represented by Jenny Boone of Capitan and Lorena Haley of Carrizozo. Both declamations were full of merit, but Miss Boone met with the greater consideration from the judges.

The debate on question of a literacy test to restrict immigration was won by Seth Smith and Maud Bryan of Capitan, Louis Adams and Dan Mayes defending the negative side for Carrizozo in a most creditable manner. In other contests, Little Creek afforded the best speller, and Clarissa Leggett of Carrizozo captured the Arithmetic medal with a perfect score, the next nearest con-

testant having finished with two columns of figures untouched and a much longer time. On spelling the same candidate represented Carrizozo with a grade of 94 per cent. Little Creek made 96 per cent.

Through the courtesy of local automobilists, practically the entire high school from Carrizozo was able to attend the Saturday evening meeting. The chorus from Carrizozo rendered two selections. The Capitan chorus also were programmed for a selection.

The people of Capitan deserved much credit for the manner in which they provided for the entertainment of the large number in attendance. The homes of the townspeople were thrown open for the occasion and the Capitan garage and private owners offered taxi service at all time and gave a free trip to Fort Stanton the last afternoon. It will be a convention long remembered. Elsewhere in this issue will be found the report of the resolutions committee and the acknowledgment of thanks to local automobile owners for their making it possible for so many pupils to attend the Saturday evening session.

LINCOLN COUNTY LAND SALE

A public sale of Lincoln County lands involving several thousand acres, located in different parts of the county, was held here yesterday morning at the court house by the Land Commissioner Robt. Ervin, as had previous been advertised in the Outlook. None of the land was sold for less than \$3.00 per acre and with only a few exceptions did the bidding exceed the minimum price. A tract of nineteen acres located near the mal pias was sold for \$65.00 per acre, Ed. Harris being the successful bidder against M. B. Foreman. Another tract, located at Jake Springs, also exceeded the minimum price. This was bid in by Truman A. Spence at \$10.00 per acre. W. J. Ayers, section foreman at Jake Springs, being the other contestant.

DESTRUCTIVE FIRE

The ranch house of Mr. and Mrs. Joe R. Adams located about one mile and a half south of here was destroyed by fire last Sunday evening about nine o'clock. The house was not occupied at the time of the fire, but the family was making preparations to move out in a few days. Most of their household effects which had just recently been taken to the place were also destroyed. Neither the building or contents were insured. The origin of the fire is unknown.

ENTERTAINS PASTIME CLUB

Mrs. H. S. Campbell was hostess yesterday afternoon to the Pastimers. The usual form of diversion, fancy work, was indulged in and plenty of music was furnished with the player piano to while away the hours. Refreshments were served showing much careful forethought for the comfort of the guests. Beside the regular membership Mrs. J. M. Gardner and Mrs. A. F. Roselle were present as visitors. Mrs. E. D. Lewis will entertain the Club at its next regular meeting.

WHY NOT A "SPOTLESS TOWN" FOR CARRIZOZO

We Should "Clean Up and Paint Up" This Town at Once. "Spotless Town" Means a Healthier People

TREE PLANTING SHOULD ALSO HAVE SOME ATTENTION

It is getting about time for the annual spring Clean-Up to take place in Carrizozo and the town ought to have a cleaning as never before. We should not only start our Clean Up campaign, but we should also advocate a "Paint-Up" campaign as well.

It is also time for us to be considering the matter of planting more trees on our streets and every one who is interested in seeing Carrizozo come to the front in the way of a "Spotless Town" should be interested in the planting of trees as well.

Town improvement should be looked upon as home improvement multiplied. It is the sum of all the efforts made to make our homes and places of business look attractive and beautiful.

Town improvement illustrates the influence of a good deed well done. On a dingy street one householder starts to improve the appearance of his home. He keeps yard and house spick and span. He paints his house, fences and out-buildings. He plants grass, flowers and shrubbery. Soon his neighbors notice the improvement. They begin to clean up, paint up and green up. Within a few months the street is transformed.

It not only looks better, but it is better. People are happier and more neighborly. Property values have increased. Neighborhood improvement has worked a "before and after" change that is really wonderful.

In many villages, towns and cities Clean Up and Paint Up effort has become popular in recent years. The immediate results have been a marked improvement in the appearance of the places in which they have been attempted.

The people of Carrizozo as a whole are lovers of beauty, whether natural or artificial. The attractiveness of homes and yards is just as important as anything we know of in town building.

To make a truly beautiful town requires the cooperation of every inhabitant, so when the Clean Up and Paint Up week arrives in our town, do not close your doors and sleep through such a campaign.

The town has improved wonderfully in the past year and from all indications there are many good things in sight for Carrizozo that will be sure to materialize before the summer is ended.

So let's get together and do our part towards making Carrizozo the best place on earth in which to live.

Rev. Geo. H. Givans, Presiding Elder of the Albuquerque district was in Carrizozo Wednesday. He held the second quarterly conference of the Methodist Church at 7:30 and preached at 8 o'clock, leaving on No. 2 that evening for his home in Albuquerque.

"CASCARETS" ACT ON LIVER; BOWELS

My sick headache, biliousness, bad taste or constipation by morning.

Get a 10-cent box. Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartics, Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons to the bowels.

A Cascaret tonight will make you feel great by morning. They work gently on sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipation. Adv.

TRY THE GREAT KIDNEY REMEDY

It always gives me pleasure to recommend anything that is right and so I feel it my duty to laud the praises of Dr. Kinner's Swamp-Root.

For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several patent remedies and at last tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

No now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,

WALTER SHIVER,

317 North Main Street, Hope, Ark. Subscribed and sworn to before me, this 5th of March, 1912.

A. V. WARE, Notary Public.

What Swamp-Root Will Do For You. Send ten cents to Dr. Kinner & Co., Birmingham, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention this paper. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Adv.

FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. of Rum, a small lot of the compound, and 1 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any drug store has this and you can mix it at home at very little cost. It will gradually remove dandruff, faded gray hair, and restore the hair to its natural color. It is excellent for falling hair and will make hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

AMERICANS GROW RICH IN CANADA

Testimony Proves Falseness of Statements as to Onerous Taxation and Conscription.

"The attempt to check emigration from the United States to our prairie provinces by publishing alarming statements about the enormous war taxes that are being paid here—\$500 on a quarter section yearly—about forcing young men to enlist for the war; about the cold, no crops and any old story that by their extravagant boldness might influence men and women from venturing north to Canada, is really in the list of curios to our people. Knowing the country, we can hardly take it seriously. Our governments, however, dominion and provincial, are taking steps to expose the false statements that are being made, and thereby keep the channel open for continuing the stream of settlers that has been flowing to us for the past decade. We have thought to assist in this work, and to do so purpose giving, from time to time, actual experiences of Americans who have come to Saskatchewan during late years. We give the statements of two farmers in this issue as follows:—

STATEMENT OF M. P. TYSDAL.
I lived near Los, Illinois, for 46 years. I came to Saskatchewan in the spring of 1912 and bought land near Briercrest. I have farmed this land, 1,600 acres, ever since. I have had grand crops. In 1914 I had 100 acres of wheat that yielded 40 bushels to the acre. I sold this wheat at \$1.50 per bushel.

I like the country and my neighbors. My taxes on each quarter section (160 acres) are about \$32 a year. This covers municipal tax, school tax, hall insurance tax—everything. There is no war tax, so-called. I like the laws in force here. There is no conscription to me in any way. I am just as independent here as I was in Illinois, and I feel that my family and I are just as well protected by the laws of the province as we were in our old home in Illinois. What I earn here is my own. I have seven children and they take their places at school, in sports and at all public gatherings the same as the Canadian born.

(Signed) M. P. TYSDAL, February 9th, 1916.

STATEMENT OF STEVE SCHWEITZBERGER.

I was born in Wisconsin, but moved with my parents when a boy to Stephen Co., Iowa. I was there farming for 50 years. I sold my land then for over \$200 an acre. I moved to Saskatchewan, and located near Briercrest in the spring of 1912. I bought a half section of land. I have good neighbors. I feel quite at home here the same as in Iowa. We have perfect safety and no trouble in living up to the laws in force. My taxes are about \$45 a year, on the half section for everything.

I have had splendid crops. Wheat in 1915 yielded me over 50 bushels to the acre. That is more than I ever had in Iowa and yet the land there costs four times as much as it does here. The man who comes here now and buys land at \$50 an acre or less gets a bargain.

(Signed) S. SCHWEITZBERGER, February 9th, 1916.

If parents realized the fact that coffee contains a drug—cafféine—which is especially harmful to children, they would doubtless hesitate before giving them coffee to drink.

"When I was a child in my mother's arms and first began to nibble things at the table, mother used to give me sips of coffee. And so I contracted the coffee habit early."

"I continued to use coffee until I was 27, and when I got into office work I began to have nervous spells. Especially after breakfast I was so nervous I could scarcely attend to my correspondence."

"At night, after having had coffee for supper, I could hardly sleep, and on rising in the morning would feel weak and nervous."

"A friend persuaded me to try Postum."

"I can now get good sleep, am free from nervousness and headaches. I recommend Postum to all coffee drinkers."

Name given by Postum Co., Battle Creek, Mich. Postum comes in two forms: Postum Cereal—the original form—must be well boiled, 15c and 25c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly, 30c and 50c tins.

Both forms are equally delicious and cost about the same per cup.

'DARK HORSE' MAY WIN G. O. P. RACE

REPUBLICAN LEADERS LOOK FOR
PRACTICAL BUSINESS MAN
TO HEAD TICKET.

**COLEMAN DU PONT NAMED
AS LIKELY CANDIDATE**

Delaware Man Has Splendid Reputation as a Self-Made Leader in Constructive Business.

With the Republican convention only a scant twelve weeks away, the most popular topic of conversation in political circles these days concerns the G. O. P.'s choice of a candidate to run against Wilson.

The Republicans will probably go back to old principles and look for a candidate who will command the support of the same army of voters who elected McKinley, when a wave of patriotic common sense swept the country, and business men by the hundreds of thousands marched the streets demanding a practical government. It is interesting to note that the name of General Coleman du Pont, of Delaware, has been repeatedly mentioned recently as the man eminently qualified for the nomination. To those who look upon the government as a big business concern demanding the supervision of a trained business man, the name of General du Pont carries a strong appeal, for there is no man more qualified to handle the big problems of today than this same self-made leader in constructive business. Moreover, both the public and private record of General du Pont will stand up well under the searchlight of political opposition.

GENERAL COLEMAN DU PONT.

Coleman du Pont was born in Kentucky and started his working life in the mines of the Blue Grass State. He stands today as one of the few successful men who have acquired their positions by methods that will stand scrutiny. He has been a producer—not a stock jobber. He has never antagonized any class of people. Capital and Labor alike admire him.

Without self-advertisement he does more charity than do most men. He is an ardent advocate of good roads and believes that a really perfect system of highways will enhance the farmer's income and reduce the cost of living to the cities. He has built roads and given them to his state, always with a sound business scheme to perpetuate them and save them from being a burden to the taxpayers.

He comes from a family more American than most—a family identified with the building of the nation since the Revolution. His grandfather was Thomas Jefferson's most valued personal friend and advisor in the time of great need during the dark days of the Republic.

The great Powder Company with which he was formerly identified has supplied our government with all its powder at a price always named by our government officials themselves and never by the company.

Because of his great executive ability and high standing in the business world, some of the shrewdest political minds in the country consider him as being one of the most likely "dark horses" for the Republican nomination. They point to the fact that his success in life would eliminate any need for a friendly Colonel House, or any other financial influence standing ever behind the presidential chair. Nor would he be compelled to take orders from any man or group of men.

Another factor that the supporters of General du Pont are pointing to is his knowledge of military affairs.

ANNOUNCEMENT FEES

During the coming campaign the Outlook will carry the names of all candidates who desire to present their names to the voters through these columns. This will necessitate the use of our columns for several months and at our regular rate is well worth all that is asked for the service which is as follows: For all county office announcements the sum of \$10.00 will be charged and for district and legislative announcements \$15.00, cash in advance. Each candidate announcing will be given a brief write-up, but if an extensive notice is desired it will be charged for at our regular advertising rate.

EITHER IS SAFE

The Sun, like every other paper of the state, we suppose, has received the announcement of Hon. T. B. Catron as a candidate for the United States senate to succeed himself. The Hon. Frank Hubbell, the astute politician of Bernalillo county, has also notified the public that his hat is also in the ring for senatorial honors. Personally, we believe that the interests of our young state are perfectly safe in the hands of either one of these competent gentlemen. Mr. Catron has resided in the state so long, ever since the close of the Civil war, in fact, that we consider him as almost a native of New Mexico, while Mr. Hubbell is in fact a native son. There will probably be others, however, in this contest before the closing of the entries, and while we do not believe that there will be another one more genuinely fitted and qualified for this important office than the two gentlemen named above, in justice to the late comers we reserve judgment until the entries are all in.

We expect to have something to say in regard to the county ticket in a short time and have our opinions that we intend to express and fight for. If it means a fight to be made on a part of the republican ticket, we welcome the fight because we believe that the proper place to purify party politics is in the party and not by bolting a convention and joining some other party, but if the party is once firmly convinced that party adherents and party voters will support only that part of the ticket which is clean, then we will have a ticket that can be conscientiously voted by the rank and file of the party, but until we do convince them of that fact we will have a ticket put out by a few of the leaders and with an object of pacifying certain prominent families.—Mosquero Sun.

BRITAIN ABANDONING FREE TRADE

The doom of the British free trade policy and the establishment of Great Britain's commerce on a protective basis are foreshadowed by proposals set forth in the "White Paper" of the advisory committee of the British Board of Trade, recently made public. For years free traders of this country have pointed to Great Britain as a practical example of a country operating successfully under free trade, ignoring the fact that the per capita customs receipts from such articles as spirits, sugar, tobacco, tea and coffee, alone, were nearly 30 per cent greater than the customs receipts from the entire import list of the United States.

Protective rates of duty were submitted to the committee on such industries as paper manufacture, printed matter, cutlery, fancy leather goods, all forms of manufactured glass, china and earthenware, toys, brushes and brushware. Importations from Germany and Austria of table and lighting glassware and mechanical toys, are to be prohibited for specified periods of time. The proposals not only contain plans for a commercial warfare against the Central Powers, but the duty rates submitted for imposition after the war are declared to be "nothing more than approximate indications of the amount of protection which the British firms thought necessary in each case."

Undoubtedly the list will be extended as study of the subject progresses, and free trade in England will soon be a thing of the past.

Some days ago an announcement was received in this country of the unanimous adoption of a resolution presented to the Vienna Chamber of Commerce looking to a trade combination between Austria and Germany for the protection of their commercial interests, and an alignment against the Allied Powers. These extensive preparations for warfare on enemy commerce have such deep significance to the people of the United States that only a return to the Republican policy of protection will give them a feeling of security. If there is to be a warfare of tariffs and trade combinations in Europe, a shifting of the currents of trade must inevitably follow, and that country which has the lowest tariff wall will be the country which is submerged with those goods which are denied European ports of entry. The Underwood law is permitting 74 per cent of our imports to come in free of duty to day. The present average rate of duty on all imports coming to our shores is less than ten per cent.

Republicans are unanimously for a protective tariff. Democratic leaders, like Senators Simmons and Underwood, Speaker Clark and Chairman Kitchin, still cling to the present law and believe it is adequate. Other Democrats are seeking to delay tariff revision by organizing a tariff commission to make an investigation which would require at least five years to complete. Five years ago, when we had a tariff board, the Democrats killed it by refusing to appropriate for its maintenance. President Wilson is for "everything by turn and nothing long", provided it will catch votes.

Considering the temper of the country, the lack of cohesion in the Democratic ranks, and the proved efficiency of the Republican protective policy, it is not difficult to decide which party is best suited to handle the situation, and which one will be entrusted with that job after March 4, 1917.

THE "SCRUB" IS PASSING

It is doubtful if the demand for real good cattle was ever stronger in this country than it is at this present time. The sure and safe route to success in this great and growing country is the livestock route, especially in this true high grade cattle is handled.

More and more our people are coming to realize the fact that "scrub" cows do not pay. Consequently they are demanding better stuff, and this part of the country is being stocked with high grade cattle, the money making sort. True it costs a bit more to buy the high grade cattle but there is positively no comparison in the returns to the owners of the "scrub" cow and the well bred cow. It pays to get the best regardless of the difference in price.

This fact is patent, both to the dealers and the buyers, hence we believe the dealers of this section are trying to get better cattle for the buyers of this section. The News appreciating the vital worth of well bred cattle to the small stock farmer as well as to the big cattle man, is always pleased to mention the good bunches of cattle brought here. Six hundred head of young, high bred, Hereford cows were shipped into Farwell this week by Dunn & Harrison.—Clovis News.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

BROOKLYN TABERNACLE

HOPE FOR THE SODOMITES.

Genesis 19:12-17, 23-25—March 9.
"Come ye out from among them, and be ye separate, saith the Lord, and touch no unclean thing."—2 Corinthians 6:17.

WHEN Abraham was ninety-nine years old—in 2021 B. C.—his encouragement was at Hebron. There the Lord and two angels appeared to him as men. He knew them not, but entertained them. (Hebrews 13:2.) This one called the Lord was doubtless the Logos, subsequently man's Redeemer. The Lord on this occasion told Abraham that Ishmael would not be the heir of the Promise, but that shortly Sarah would have a son. The next year Isaac was born.

As Abraham walked a little distance with his visitors, he learned who they really were, and that the destruction of Sodom was imminent. Nobly and generously he petitioned God's Mercy on the Sodomites. The Lord gave assurance that if there were even ten righteous in Sodom, it would be spared.

Thus of the Sodomites and the "Erech shall have a son." made illustrations of the great lesson. "All the wicked will He destroy." We are to remember that these are not illustrations of eternal torment, but of destruction. These merely passed into destruction a few years sooner than ordinarily; for the death sentence passed upon humanity in Adam. But since "Jesus Christ by the grace of God tasted death for every man," all of Adam's children will eventually come from the tomb.

"And Delivered Righteous Lot."

St. Peter informs us that Lot was not in sympathy with his surroundings. (2 Pet. 2:7, 8.) The flight of Lot, with his wife and two unmarried daughters, is simply told in our lesson. The intimation of verse 20 is that God's Mercy toward Lot was because of his relationship to Abraham. This view is consistent with all Scriptural statements on the subject.

Adam's entire race was condemned to death in him. Hence Divine Justice owed them nothing. Divine Mercy had entered into a special Covenant with Abraham, but that Covenant extended to none others, except Abraham's seed. Therefore Lot's relationship to Abraham was the only reason why God should favor him.

"There's a Wideness in God's Mercy."

This does not signify that God is merciless, but that, having provided a way by which He will exercise Mercy, He rarely exercises it outside of that channel. The channel of God's Mercy is Christ Jesus, who declared, "No man cometh unto the Father but by Me." St. Peter substantiates this statement. See Acts 4:12. The Scriptures clearly teach that none were saved until Jesus died. This is the key which unlocks the wonders of God's grace even though to some the statement may seem astounding.

We should rid ourselves of the thought that the holy men of the past went to Heaven, and the remainder of mankind to eternal torture. The Bible most distinctly declares that all

both good and bad, "slept with their fathers." They still sleep, awaiting the time when Abraham's Seed (Galatians 3:16, 29) will be completed, and set up God's Kingdom on earth, overthrow sin and death, and deliver the captives from the tomb.

The First, or Chief Resurrection.

The First Resurrection began with our Lord Jesus and is not yet complete; for all the Elect are to share both His sacrificial death and His Resurrection. These will reign with Christ a thousand years, and as the Seed of Abraham, fully empowered, will bless all those redeemed by the precious blood of Calvary.—Revelation 20:4.

St. Paul emphasizes this point in Hebrews 11:38-40, declaring that while the Ancient Worthies received indications of God's favors, nevertheless that favor can come only through Christ. Consequently they cannot reach everlasting life until the Spiritual Seed of Abraham shall have been completed. Jesus also attested that they had not gone to Heaven, saying, "No man hath ascended up to Heaven."—John 3:13.

BACKACHE, RHEUMATISM

Dear Mr. Editor:

For a long time I suffered from backache, pain in left side, frequent urination (bothering me at all times during the day and night), and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of the new discovery of Dr. Pierce, of the Invalid Hotel, Buffalo, N. Y., called "Anurie." After giving "Anurie" a good trial I believe it to be the best kidney remedy on the market today. I have tried other kidney medicines but these "Anurie Tablets" of Dr. Pierce's are the only ones that will cure kidney and bladder troubles.

(Signed) HENRY A. LOVE.

NOTE:—Experiments at Dr. Pierce's Hospital for several years proved that "Anurie" is 37 times more active than Hiba. Send Dr. Pierce 10c for trial package.

—Run-down?

—Weak?

Every Spring most people feel "all out of sorts"—their vitality is at a low ebb. Through the winter months the blood becomes surcharged with poisons! The best Spring medicine and tonic is one made of herbs and roots without alcohol—that was first discovered by Dr. Pierce years ago—made of Golden Seal root, blood root, &c., called Dr. Pierce's Golden Medical Discovery. Ingredients on wrapper. It eliminates disease-breeding poisons from the blood, makes the blood rich and pure, furnishes a foundation for sound health.

ENDS DYSPEPSIA,
INDIGESTION, GAS

"Pape's Diapepsin" cures sick, sour stomachs in five minutes—Time It!

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.

GIRLS! GIRLS! TRY IT,
BEAUTIFY YOUR HAIR

Make It Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise for You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandarine hair cleanser." Just try this—moisten a cloth with a little Dandarine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandarine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Dandarine from any store and just try it. Adv.

CANADA'S PLANS
FOR WAR REVENUE

So Wisely Distributed That Taxation Will Affect Farmers to a Degree Practically Unnoticeable.

So many rumors have been circulated regarding war taxation in Canada that the statement made by Sir Thomas White, Canadian Minister of Finance, of the Government's plans for raising war revenue should be given the widest circulation. Sir Thomas made it clear that the revenue will be raised by taxing the profits of incorporated companies whenever those profits exceed seven per cent, and the profits of unincorporated firms or partnerships when the profits exceed ten per cent. On all such excess profits these companies or firms will have to contribute one-quarter to the Government. Transportation companies, banks, mining, milling, and other companies will be subject to this taxation, but life insurance companies, and companies with less than fifty thousand dollars capitalization, and companies, firms, or individuals engaged in agriculture or stock raising, are exempt, and pay no part of this taxation. The only other additional taxation proposed is an increase of fifty cents a barrel in the customs duty on apples, and one-half cent a gallon in customs duty on certain kinds of oils.

It will be noticed that this taxation is being applied in such a way that it does not affect farmers in the slightest degree, except, perhaps, through a small increase in cost of apples and oil. The war revenue is to be paid out of the profits of the big firms and companies with capital of over fifty thousand dollars, and even these are allowed seven per cent in some cases, and ten per cent in others, of clear profits before they have to pay any part of this taxation. It will be seen that the whole policy is to place the war expenditure taxation on those who have been making big profits and are able to pay it, and to encourage farming and stockraising by exempting farmers and stockraisers from the taxation. This ought to set at rest every rumor that the farmer or the farmer's land is being taxed to pay the cost of the war.—Advertisement.

IF BACK HURTS CLEAN
KIDNEYS WITH SALTS

Drink Lots of Water and Stop Eating Meat for a While if the Bladder Bothers You.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

DRINK HOT WATER
BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from your druggist or at the store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.—Adv.

HUSBAND SAVED
HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told my husband if he did not do something for me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ill, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

I will preach at Oscura March 20th at three o'clock in the afternoon in the school house. Every body plan to come.—E. D. Lewis

We have just received a large and beautiful line of Rugs. This shipment is the largest we have ever attempted to handle at one time. All are of a superior quality although a few moderate priced ones are included in the shipment. We cordially invite your early inspection of these home beautifiers.—Kelley & Son

Mrs. A. O. Hearne has taken over the management of the Grandview Hotel, formerly in charge of H. R. Leggett, and will continue to accommodate the traveling and boarding public to the best of her ability. She is an experienced hotel proprietress and understands the business accordingly. Carrizozo is a good hotel town and it was not for want of business that caused the change of hands, as the Grandview is well located and of easy access to people at home and from abroad.

Rev. C. P. Moore Sunday school field secretary of the Los Angeles and New Mexico Conferences of the Methodist Episcopal Church, South will be here next Thursday, March 23rd, to conduct an Institute and Conference at the Methodist Church. All teachers, officers and Sunday school workers are urged to be present. Remember the time and place and be present at 8 o'clock Thursday evening.

Kelley & Son have this week received their line of general hardware which they have been expecting for the past several weeks. Their fixtures, which are the Warren System of Shelving, arrived some time ago and have been installed. They are now ready to take care of the public's wants in the hardware line.

CARD OF THANKS

The pupils of the Carrizozo High School wish to express their thanks and appreciation to the people of Carrizozo who, at the request of the Commercial Club, donated the use of their automobiles on last Saturday evening for the purpose of carrying the High School Glee Clubs to Capitan and return. We feel that, as individuals, we were both entertained and benefited by the trip, and further, we feel that it was a great favor to the school as a unit. We wish to humbly commend them for their public spiritedness and loyal support of the school, assuring them that will in the future do all in our power to be worthy of this and other such accommodations.

BAPTIST CHURCH

(REV. J. M. GARDNER, Pastor)

The pastor will preach at Fort Stanton Sunday in place of Capitan on account of measles. He will give a Lecture on the Philippines at Glendon, Friday, Fort Stanton, Saturday, and Lincoln Monday. He did not go to Angus and Alto as he expected on account of the measles there.

There will be Sunday school at 10 a. m. B. Y. P. U. at 6:30 p. m. and Prayer meeting on Wednesday at 7:30 p. m.

OSCURO

Jay Arnett made a business trip to the county seat Saturday.

Mrs. Maud Blaney and Miss Mary Monroe attended the teachers' meeting at Capitan Friday and Saturday.

Lorenz Olsen has the contract for painting R. E. Blaney's house and has applied the priming coat.

Tom Keehn is making some improvements to his already efficient pumping plant. Nothing short of the best satisfies Mr. Keehn.

Our genial post master "Bob" Burns has installed a fine new clock in the post office. Bob believes in being strictly on time.

E. F. Jones accompanied by Dr. and Mrs. Guido Ranniger took a trip to El Paso by the automobile route the last of the week, returning Sunday. They report good roads and a pleasant trip.

Mrs. Maud Blaney resumed her school duties last week after an absence of two months which she spent in Chicago taking medical treatment. Mrs. Helen Castle had charge of her school work during her absence.

Attorney Seth Crews has five acres of ground prepared for planting fruit trees, but owing to a mistake in the order made by the agents from who he ordered the trees, he is delayed in his planting. We hope the matter will be adjusted soon so that Mr. Crews may not be further delayed.

At the residence of the bride's parents, Mr. and Mrs. A. J. Perrett, occurred the marriage of their oldest daughter Miss Gertrude, and G. E. Richelt, Sunday at 2:15 p. m. The ceremony was performed by the bride's grandfather, Rev. Latham of Alamogordo, in the presence of the near relatives and a few chosen friends. The bridal couple left for El Paso at 3:15 p. m. where they will spend their honeymoon. The bride is one of our most popular and estimable young ladies and the groom is a promising young railroad man. They have the heartiest good wishes for their future happiness of a host of friends.
