VOLUME 3.

ALBUQUERQUE, NEW MEXICO, SATURDAY, APRIL 1, 1893.

NUMBER 21.

OUR NOMINEES.

Every Man will Run from "Eend to Eend" and Win.

Meyler for Mayor, Yondorf for Clerk, Walker for Treasurer.

A TICKET WITH WRIGHT.

One of the biggest and decidedly the most respectable political convention ever held in Albuquerque was that of the city republican party at Grant's opera house Tuesday evening.

There was no band present to bring out a big crowd. The people appeared of their own accord, to personally protest by their presence against the incompetency of democratic officials and to give their approval to the nomination of a business man's ticket, composed of men who will work for the interest of the city and who will not cripple the stability of the metropolis by unnecessary burdens, but will keep up necessary improvements, such as sidewalks, lighting the city, keeping the streets clean and abating nuisances where disease and corruption are hidden.

And the ticket nominated will do all these things and more too—it will place Albuquerque where she was before the democratic took charge of her affairs and run her "down at the heel."

The convention was called to order at 8:30 o'clock p. m. by Thos. Hughes, chairman of the city republican central committee, who stated the object of the convention, and requested harmony in the ranks.

F. H. Kent, of the Fourth ward, then nominated Chas. F. Hunt for temporary chairman.

R. B. Meyers, of the Third ward, arose and placed in nomination the name of G. W. Meyler for the office, but on Mr. Meyler declining the honor, Mr. Hunt was chosen the temporary chairman by acclamation.

The presiding officer was escorted to the rostrum by Messrs. G. H. Moore and G. W. Meyler amid a storm of applause, fully attesting the popular approval of his selection. Mr. Hunt made a few remarks in his usual happy strain, thanked the convention for the honor conferred upon him, and declaring himself in the field for the ticket to be nominated.

T. A. Finical was then named for temporary secretary.

R. B. Meyers moved that a committee of five—one for each ward and one at large—be appointed by the chair on permanent organization.

The motion prevailed, and the following gentlemen were appointed: A. E. Walker, of First ward; F. G. Pratt, of Second ward; Henry Brookmeier, of Third ward; F. H. Kent, of Fourth ward; Perfecto Armiño, at large.

F. H. Kent moved that a committee of five on credentials on the same order be appointed, and the chair named the following gentlemen: F. L. Pearce, of First ward; J. H. Laurie, of Second ward; R. B. Meyers, of Third ward; E. W. Dobson, of Fourth ward; G. W. Meyler, at large.

In order to give the committee time to meet and formulate their reports, the convention took a recess for fifteen minutes, and several gentlemen left the hall to look up B. S. Rodey, but that gentleman could not be found. A speech was desired from him.

After the convention was again called to order, the report of the committee on credentials was submitted and read by the secretary, the following being entitled to seats:

reclough by John Oaks proxy, M. S. Otero by W. A. Rankin proxy, F. E. Sturges by C. E. Honsell proxy.

It was moved by F. H. Kent and seconded that the report be accepted.

The permanent organization committee reported as follows:

Permanent chairman—W. H. Whitman. Secretary—E. W. Dobson.

The report was accepted and Messrs. Meyers, Kent and Denham were named a committee to escort the new presiding officer to the chair.

After being introduced, Major Whitman showed up the many false promises and shortcomings of the democratic administration in a vigorous ten minutes' speech, which was received with hearty cheering.

It was then moved by Ferd. Lowenthal that nominations for mayor be in order. The motion was seconded and carried.

J. H. Britton moved that all speakers be restricted to five minutes, while Wm. Cook thought the longer they talked the better for the party.

Mr. Britton's motion having been voted down, F. H. Kent was recognized and in a few complimentary words placed in nomination the name of G. W. Meyler for mayor.

A. E. Walker, who nominated Mr. Meyler for the same office in the spring of 1889 when he was elected by a good majority, heartily seconded the nomination.

W. A. Rankin moved that the nominations be closed and that Mr. Meyler be declared the unanimous choice of the convention.

The chair so declared, and amid intense cheering Mr. Meyler was called to the platform. He was introduced by Chairman Whitman as "The Next Mayor of Albuquerque," and in a few timely and appropriate remarks he thanked the convention for naming him as their standard-bearer and referred to the many abuses of public trust put into execution by the democratic administration during the present year. His words were heartily received.

W. A. Rankin moved that the convention proceed to nominations for city treasurer, which was amended by R. B. Meyers to read "for city clerk," and carried.

Chas. F. Hunt, speaking for the Fourth ward "where so many good men reside," nominated Chas. Yondorf for city clerk.

G. G. Montgomery, another young republican representative of the same ward, in a few flattering remarks, seconded the nomination of Mr. Yondorf. T. A. Finical, on behalf of the First ward, in one of the best speeches of his life, named for the office Siegfried Grunfeld.

F. O. Pratt, of the Second ward, seconded the nomination of Mr. Grunfeld. W. A. Rankin, who held the proxy of M. S. Otero and also "one of the young men of the Fourth ward, with his proxy," also seconded the nomination of Mr. Grunfeld.

J. E. Elder, of the Second ward, nominated W. B. Henneshees for the clerkship, which nomination was pleasantly seconded by S. M. Saltmarsh.

R. B. Meyers moved that nominations be closed, while C. F. Hunt moved that the members of the convention vote individually, the lowest being dropped.

Thos. Hughes moved that the first ballot be informal. It was so ordered, and the chair appointed the following tellers: Perfecto Armiño, F. G. Pratt and C. F. Hunt.

INFORMAL BALLOT.

Yondorf..... 44
Grunfeld..... 29
Henneshees..... 25

Total ballot..... 98

FIRST BALLOT.

Yondorf..... 40
Grunfeld..... 28
Henneshees..... 21

Total vote..... 98

Per rule adopted by convention, Henneshees' name was dropped.

SECOND BALLOT.

Yondorf..... 50
Grunfeld..... 48

Total vote..... 98

A majority of the votes tendered Henneshees were thrown in favor of Grunfeld but not enough to win for him and the chair declared Mr. Yondorf the choice of the convention for clerkship.

T. A. Finical, who nominated Mr. Grunfeld, moved to make the nomination of Mr. Yondorf unanimous, which motion prevailed.

The nominee was then called for, and his address to the convention was received with genuine cheering.

Nominations for city treasurer being in order, R. P. Hall named Calvin Whitting.

and he thanked the convention for the honor.

The ward caucus nominations were then called for, and ratified and confirmed in open convention as follows:

First ward—D. H. Rohrs, alderman; Prof. G. S. Ramsey, school trustee.

Second ward—A. C. Briggs, alderman; Martin Kellogg, school trustee.

Third ward—J. E. Matthews, alderman; G. W. Fisher, school trustee.

The following executive committee was then chosen:

For first ward—J. F. Luty and T. A. Finical.

For second ward—R. P. Hall and Calvin Whitting.

For third ward—J. E. Matthews and Henry Brookmeier.

For fourth ward—C. F. Hunt and C. C. Crockett.

At large—W. H. Whitman and E. W. Dobson.

After the motion for adjournment was put and carried, Major Whitman proposed "three cheers and a tiger" for the whole republican ticket and the wails of the opera house fairly echoed with noise.

It is the general verdict of our citizens, irrespective of party affiliations, that the ticket nominated is strong from top to bottom, and every man is sure of election.

HEACOCK SURPRISES CUNDIFF.

The city democratic convention met at Grant's opera house Wednesday evening, being enlivened on the occasion by music from the Silver Cornet band.

At 10:25 o'clock George M. Cundiff, by virtue of his position as chairman of the central committee, called the convention to order, after which the call was read by the secretary of the committee, Gordon F. Pearce.

The chair then announced that the convention proceed to the election of temporary officers, when W. W. Hite nominated Dr. G. W. Harrison for temporary chairman.

No other nominations, Wm. Gravelle moved that a committee of two be appointed to escort the doctor to the platform.

The captain appointed Wm. Gravelle and Policeman Edward Cooper.

The doctor appreciated the honor conferred upon him in a very pleasant manner, and stated that it made him feel good to preside over the deliberations of his party, although he was not a very handy presiding officer.

Dr. J. F. Pearce nominated for temporary secretary C. C. Hall, and on motion the chair appointed Dr. Pearce and Capt. Cundiff to escort the gentleman to the platform.

Mr. Hall made a few remarks thanking the convention for choosing him as its secretary.

It was then moved that a committee of five on credentials be appointed by the chair.

This did not exactly suit W. C. Heacock, who was a delegate from the Fourth ward by proxy, and he suggested that the wards be called and the chairmen name one committeeman each, the chair naming the committeemen at large.

Capt. Cundiff then appeared in a ruling position and requested time, for the reason that the delegates from his ward, the Fourth, had overlooked the selection of a chairman.

Judge Heacock, with his proxy, arose and stated that he was surprised at the audacity of the captain, for he had just been chosen by several delegates chairman of the Fourth ward delegation.

Dr. Pearce stated that he was a member of the Fourth ward delegation and he did not know that Judge Heacock had captured the chairmanship of the delegation. He was in as much doubt about his proxy usurpation as Capt. Cundiff.

Seeing, however, that there was no backing down by the judge, the captain withdrew his request for more time, and the committee on credentials was named as follows:

From the First ward Gordon D. Pearce nominated Policeman Edward Cooper.

Second ward—I. W. Kuhns named M. F. Ryan.

Third ward—Wm. Gravelle named Robert E. Shannon.

Fourth ward—Judge Heacock nominated J. Edward Priest.

The chair appointed Edward Dodd at large.

On motion the committee on permanent organization was named in the same manner, as follows:

First ward, W. W. Hite; Second, L. W. F. Kuhns; Third, John Lynch; Fourth, John Trimble; Gordon D. Pearce, at large.

Judge Heacock moved that a recess of ten minutes be taken in order that the committee might have an opportunity to retire and report. The motion prevailed.

Capt. Cundiff suggested that the colored quartette club give the convention several songs, and the Pastime boys marched on the stage, singing several appreciative songs. The brass band also played a piece to give encouragement to the democrats.

On the reconvening of the convention, the report of the committee on credentials was read by the secretary and the following delegates entitled to seats:

First ward—Policeman Edward Cooper, G. B. Day, W. W. Hite, G. D. Pearce, Donald McRae, Nelson J. Hyde, W. B. McLaughlin, Policeman Ernest Ringelstein, Caesar Grande, James Mahan.

Second ward—Richard Gentry, F. M. Eddings, P. Murphy, John Arntsen, L. F. Kuhns, R. K. Cassell, M. F. Ryan, Samuel Sterne, William Mason, William Hye.

Third ward—John Spelley, Mike Moran, M. Tierney, R. E. Shannon, C. M. Tyler, C. C. Hall, Mike Brown, William Gravelle, Jas. H. Madden, John Lynch.

Fourth ward—Edward Dodd, George M. Cundiff, J. Edward Priest, John Trimble, Austin Goodall, Dr. G. W. Harrison, W. Y. Walton, Dr. J. F. Pearce, William Sanguette by W. C. Heacock proxy.

The report of the committee was accepted.

The committee on permanent officers reported that they had agreed upon the temporary officers as permanent. The report was accepted.

Without a motion to the effect that nominations for mayor be in order, Judge Heacock walked down the aisle toward the stage and in a very exalted speech named N. B. Field as the convention's candidate for mayor. Among the many things the judge treated upon, before he reached the name of his

candidate, he stated that "it had been said that he (Mr. Field) was opposed to the vacant, when he knew that the gentleman was in favor of building a name." It was apparent to all that Judge Heacock had not acquainted himself with Mr. Field's mind before making his speech, and it was proved to be correct a few minutes later when Mr. Field appeared to accept the nomination. He declared himself against the vacant. Donald McRae seconded the nomination of Mr. Field, after which Robert Shannon moved that he be declared the unanimous choice of the convention.

Mr. Field was called upon and when he reached the front of the stage, Capt. Cundiff suggested that he be supplied with an interpreter. Mr. Field, however, objected. Although requested to mount the platform, he positively refused and spoke from the floor. He stated that he did not accept the nomination as a partisan but as a citizen, although a democrat, and would not accept any nomination from any other party. He touched on the vacant question, directly in opposition to the nominating speech of Judge Heacock, and opposed it, but if the contract was according to law and legal, he was not in favor of the city repudiating the contract but standing by it. He spoke briefly on the water question; said he did not antagonize the water works, for he was running his own water works, but believed that the people by their votes should regulate water rates. He referred to the mesa lands, and said that if they belong to the city the city should have them, if to the Turcotte Land company all right, but this matter should go into the courts for settlement.

Nominations for city clerk next in order, M. F. Ryan presented the name of Carlton J. Ennis in a few well selected words.

Policeman Cooper seconded the nomination on behalf of the First ward; Judge Heacock was heard from on behalf of the Fourth ward; Robert Shannon echoed forth from the Third ward, after which Wm. Gravelle, of the Second ward, moved that the nomination be made by acclamation.

Mr. Ennis being called for thanked the convention, and said that "he looked like a city clerk, felt like one and thought he was going to be one after next Tuesday."

Wm. Gravelle then nominated Wm. C. Meehan for city treasurer, and there being no other nominations he was declared the choice of the convention.

Mr. Meehan came forward and thanked the convention.

The following caucus nominations were ratified and confirmed by the convention:

First ward—Caesar Grande, alderman; Mariano Armiño, school trustee.

Second ward—Jacob Korber, alderman; Lew F. Kuhns, school trustee.

Third ward—Jacob Schwartz, alderman; C. C. Hall, school trustee.

Fourth ward—Wallace Henneshees, alderman; S. F. Folson, school trustee.

The following city central committee was chosen:

Ward 1—Donald McRae and G. D. Pearce.

Ward 2—M. P. Ryan and R. K. Cassell.

Ward 3—Robert E. Shannon and C. C. Hall.

Ward 4—J. Edward Priest and Edward Dodd.

The convention then adjourned.

The central committee met after the convention and organized by electing Gordon D. Pearce, chairman; George M. Cundiff, secretary; C. C. Hall, treasurer. Edward Dodd and C. C. Hall were appointed a finance committee.

THE NAVAL PARADE.

Philadelphia, March 31.—A large number of public men from different parts of the country have accepted invitations to participate in the great banquet and reunion of the survivors of the famous 306 that stood by Grant in the memorable republican national convention that resulted in the nomination of Gen. Garfield. Fully 140 of the old guard, according to the latest returns, have passed to the great beyond. Notable among them being Roscoe Conkling, John A. Logan, and ex Postmaster General Cresswell. Among the survivors are Vice President Morton, Thomas C. Platt, Green B. Baum, ex Secretary of the Treasury Boutwell, Powell Clayton, ex-Senator Dorey, ex-Secretary Tracy, Robert Ingersoll is to be orator of the day, and Chris. Magee of Pittsburg, will respond to one of the principal toasts.

Chicago crowded. Chicago, Ill., March 31.—Despite the numerous warnings that have been printed in the press and given out through other channels of communication, the great army of unemployed laborers in Chicago is weekly being added to, and the local labor outlook is decidedly gloomy. A local firm which recently advertised for a female typewritten, received no less than eight hundred replies, many of the writers offering to work for the meager pittance. In some of the communications the applicants said that they had come here from Ohio, Illinois, Wisconsin and other states in the expectation that the World's Fair would create a demand for labor and now find themselves stranded. Many of the hotels also are besieged by both men and women anxious to procure work of any kind simply in return for food and shelter. The officers of the various trades unions say that there has never been a time in the history of the city when the surplus of labor was so large. Within the next six weeks, more over, some 25,000 men now employed in the various branches of construction at Jackson Park will be paid off. This will increase the exigencies of the situation.

Students Debate. Ann Arbor, Mich., March 31.—The great oratorical debate between picked representatives of the University of Michigan and the University of Wisconsin, and which is the outcome of a challenge issued by the former institution, takes place to-night in University hall.

Considerable interest is manifested in the event, and the Wisconsin team, A. J. Purdy, I. B. Lipson and A. W. Jeffries, were accompanied by a number of fellow students. The question to be debated takes the affirmative position that the United States should adopt the policy of subsidizing the merchant marine.

Blacksmiths will Organize. New York, March 31.—A national re-union of blacksmiths is to be brought into existence under the auspices of the American Federation of Labor. Many efforts have been made to organize the men employed in this craft, but they have been successful only to a limited extent, and then mainly upon the lines of local and narrow interests. The executive committee of the Federation has now decided to make an effort to bring all the blacksmiths of the country into one strong organization, and a call for a convention for this purpose was called to-day. It will be held in Philadelphia early in May.

Naval Parade. New York, March 31.—Arrangements are practically completed for the great Columbian naval parade to take place in this city next month. Commodore Erbes, the commandant of the Brooklyn Navy Yard, who is working under the instructions of Admiral Gherardi, says that the fleet will be organized in two squadrons. All the United States and foreign vessels will rendezvous in Hampton Roads, whence they will proceed to New York in double file.

Birthday of a Noted Minister. Paterson, N. J., March 31.—To-day is the seventieth anniversary of the birth of John W. Hes, the noted minister whose mirth and eccentricities made his name a household word to play-goers of a few generations back. It is being observed by a re-union of old time ministers and citizens generally at the family residence in this city.

Music for Home. San Francisco, March 31.—Delegate Castle, of the Hawaiian annexation com-

mission, said this afternoon for home, in order to report progress to the provisional government, and consult with the members thereof concerning future movements. The remaining members of the commission will remain in this country to await the outcome of ex-Congressman Blount's visit to Ireland.

Green Goods Cornered. Chicago, March 30.—"Billy" Hawley, the king of green goods swindlers, and represented to be a nephew of United States Senator Hawley, is under arrest here, having been captured in a saloon with "Billy" Brice, another famous crook. The Chicago postal inspectors think they have evidence enough against Hawley to make conviction, this time, a certainty. The specific complaint on which he was arrested was made by Marion Skinner, of High Hill, Mo., who received several of his circulars.

Noted Murder Trial. San Francisco, March 31.—M. H. Curtis turned up chipper and smiling in court to-day to hear the arguments on the motion to set a specific day for his third trial for the alleged murder of Policeman Grant. Sam'l of Posen has been in court so many times on the same mission that he may be set to play a star engagement in the part. No definite date had been decided upon when the Court took the noon recess. Curtis' counsel says that every additional delay improves the accused man's chances.

Tragedy at Flagstaff. Special to Citizen. Flagstaff, Arizona, March 29.—E. F. Odell, aged 28, a saloon keeper, resident here for ten years, shot and killed Mrs. Grace Mathews, alias Richards, aged 25 years, with whom he lived, this morning at 9 o'clock, and then shot himself. Both died instantly. The weapon used was a .45 calibre revolver. The tragedy was caused because she refused to live with him. Inquest by Justice Prime resulted as above.

Prof. J. E. Jackson, representing the Consolidated Kansas City Redding company, is at the Santa Felipe. He is purchasing ore for his company, and would purchase also good mining properties if of kind desired.

Judge S. E. Booth, the Las Vegas member of the territorial cattle sanitary board, passed up the road for home yesterday, accompanied as far as this city by Judge McFie. Judge Booth was at Las Cruces on business connected with the sanitary board.

Rev. C. L. Boward, the Methodist Episcopal church superintendent, came up from Las Cruces last night. The Methodists of Las Cruces have been presented by the Santa Fe railroad with several lots, and they are arranging at an early date to build a church. Rev. Col. W. S. Williams, district court attorney for Socorro county, was a passenger for Santa Fe last night. In a value, which is badly dilapidated and shows marks indicating that it has visited all the known countries of the world, besides having carried a large number of bottles, was a large roll of legal papers, for which work he will receive the handsome sum of \$1,000. The colonel is a rustler from away back, and he has the evil done of his district completely at his mercy.

Mr. Grant Here.

A. A. Grant, the water works and electric light owner, is registered at the Santa Felipe from San Francisco, arriving from the west last night. He was seen at his office this morning, and remarked "that he came over to Albuquerque to escape the incessant rains which are now being visited upon California." The gentleman is here, in fact, to arrange for the development of sufficient supply of water for general use, and if water can be had anywhere in the valley he intends to find it. He states that this hue and cry about the water is altogether wrong and is unjust, for Albuquerque to day has a better supply of water than most any other town he has visited for the express purpose of ascertaining such facts. There is always a certain taint or smell to water in an open reservoir when the sun shines upon the water, which is the result in such cases in all cities, but if necessary he can pump direct into the mains and thereby supply the city with the best water to be obtained anywhere. The gentleman will remain several weeks in the city.

How He Was Arrested.

T. H. Sears, the division superintendent on the Rio Grande division of the Santa Fe railroad and the gentleman who recognized Dave Norman, which resulted in the latter's arrest and his return to the Las Vegas jail from which he recently escaped—that is, from the guard who had charge of him—is in El Paso to-day, going south on the Mexico express yesterday. Norman is one of the men implicated in the robberies on the Santa Fe road. He was arrested with several of his pals, confined in the Las Vegas jail, and while out walking with a guard worked the officer slack enough to escape. He went south last Monday on Conductor Deacon's passenger train, with the evident intention of getting out of harm's way into Mexico, but between

San Marcel and Rincon, Mr. Sears, who was also going south, happened to pass through the coaches and observed the alleged thief as he was about to pull his hat over his face. Norman, no doubt, thought that Mr. Sears had not fully recognized him, but the sequel showed that he was mistaken. When the train got to Engle, Mr. Sears telegraphed to Officer Hopkins at Rincon to meet him at Rincon. The officer was there on the arrival of the train, and Norman, who was pretending to be asleep, with his face completely covered with his hat, was pointed out to the officer and arrested. After finding himself trapped and that through his own duplicity, he quietly submitted, and at Rincon, just before the north bound train arrived upon which he was taken to Socorro and turned over there to the sheriff, he is reported to have remarked in the presence of Officer Hopkins and several others, "that he would again escape." He is now safe, for the time being, behind the bars of the Las Vegas jail, and the question is being asked at Rincon: "Who is entitled to the reward of \$150 offered by the Santa Fe railroad for the arrest of Norman?"

District Court.

The case of the Territory vs. Benedito and Sylvester Chavez was concluded yesterday afternoon, and this morning the jury returned a verdict of guilty of murder in the third degree. The crime of which the defendants are convicted was the murder of Emilio Gutierrez at Las Cruces a year ago. The case as proven by the prosecution was that the defendant, Sylvester Chavez, became engaged in a quarrel with Gutierrez over a game; that during the fight Sylvester armed himself with the skin bone of a steer and was assisted by Benedito, who was armed with two large stones, and that during the fray Miguel, a brother to the Chavez boys, rode up on a horse, dismounted and joining in the struggle, plunged a knife into Gutierrez, disemboweling him.

On the United States side of the court, Judge Lee pronounced sentence on Felix Apodaca, convicted of adultery, and Miguel Padilla, of perjury, sentencing the former to sixty days' imprisonment in the county jail, and Padilla to two years' incarceration in the penitentiary.

The court held an inquest to inquire into the sanity of Joseph Pohnor, age 21, a violent lunatic. The father of the young man asks that his son be sent to the insane asylum at Las Vegas. The jury, after listening to the evidence, returned a verdict in accordance with the petition.

Harvey E. Houston, of Illinois, was admitted to practice in the courts of the territory.

The following persons were admitted to citizenship: Pedro Guardiola, Joseph Brennan, Gas Thelin, Joseph Thelin, Dionicio Lopez, Robert Brown, John Kirtland, James E. Mathews, William Woelzel.

The Cattle Situation.

James Stinson, the cattle inspector for the district south of this city, has been visiting this week the various points in the southern counties. Last Tuesday and Wednesday he was in Grant county, and was pleased to find the cattle there in better condition than they were at any time last year. This section of the cattle belt has been visited by several cold rains and two or three heavy snows during the winter, and in consequence there is plenty of good grass and the holes are well filled with water. He also found the cattle men feeling a little bit better in mind, for the reason that cattle are selling to-day for \$2 more per head than they did last year. On Thursday he was at Las Cruces, transacted some business relating to his duties, and came up as far as San Marcel last night, where he will inspect some cattle there. Along the Jornada del Muerto, especially in and around Engle, the stock is reported by Mr. Stinson to be very thin, and many have died during the past few months. These plains, along the railroad, are absolutely devoid of grass of any character, and besides the water at the station, where the poor and almost famished stock with difficulty make their way, there is no water in any of the holes. Mr. Stinson will arrive home this evening.

Loaned a Defendant.

It is finally ascertained that Frank Lennet, ex-receiver of the United States land office at Roswell, is a defendant. Capt. J. C. Lea, who is one of Lennet's bondsmen, received a telephone message from Roswell yesterday, informing him that the receiver's safe had finally been blown open by the use of explosives, and only about \$100 in cash found. The total amount missing is estimated in round figures at \$8,000, although an examination of accounts will be necessary before the exact sum is known. This completes the chain of testimony leading to the belief that the missing man has taken himself to parts unknown, realizing that he could not hope much longer to conceal the state of affairs in his office.—Eddy Current.

Want Water.

The experimental boring for artesian water at Albuquerque, now in progress, is something of great importance to the Rio Grande valley, a thing that should have been done long ago. Artesian water, once procured in the valley, will give it a greater boom than any system of irrigation possibly could.—Cerrillos Rustler.

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day, and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by T. H. Burgess & Son, druggists.

NEW MEXICO DAY.

Saturday, Sept. 16, Selected as This Territory's Gala Day at the World's Fair.

Gov. Prince to-day fixed upon Saturday, September 16 next, as "New Mexico Day" at the World's Fair. In making the selection, the New Mexican says he had in mind the fact that Sept. 15 had been so selected by the Republic of Mexico, while the silver states of Colorado and Nevada would have their gala days early in the week following, thus giving New Mexico people an opportunity to meet at Chicago friends from Mexico as well as from our neighbors on the north. An eye single was also laid to the fact that about the middle of September New Mexico fruit and farm products will be in the zenith of their glory, enabling New Mexico producers to take to Chicago with them large and valuable additions for display in these departments. Following list of days thus far set apart for special observance at the great fair has been received by the governor:

Catholic Knights of America, May 9; Washington, May 17; Wisconsin, May 24; Maine, May 24; Denmark, June 5; Nebraska, June 8; Germany, June 15; Massachusetts, June 17; New Hampshire, June 21; Millers' day, June 23; France, July 14; College Fraternities and Columbia, July 25; Utah, July 25; Alberta and Commercial Travelers, July 27; New South Wales, August 1; Independent Order of Foresters, August 12; Hayti, August 16; North Carolina and Austria, August 18; Colored People, August 25; The National Education Association, September 1; Catholic Education day, September 2; New York, September 3; Brazil, September 7; California, September 9; Maryland, September 12; Michigan, September 13 and 14; Kansas, Costa Rica and Mexico, September 15; Nevada, September 18; Colorado, September 19; Montana and Patriotic Order Sons of America, September 20; Iowa, September 21; Rhode Island, October 5; Spain and Italian societies, October 12; Minnesota, October 13.

There is an ordinance bearing on the subject, and it should be enforced, before another kid is run over and killed.

Anyone able to furnish information concerning him, will confer a great favor on his family by writing to J. K. Wilson, Valencia, Kansas. All Texas, New Mexico and Arizona papers will please copy. He is about twenty-one years old, and was last seen in Las Vegas, about one month ago.

The Las Cruces exhibit of agriculture, horticulture, vintage, canned fruit and Prof. Carrara's ore cabinet will be shipped to Chicago this week. Socorro will have a fine collection of ores, fruits and fire brick clay.

The Railroad Situation.

B. B. Williams, secretary of the general grievance committee of the Brotherhood of Locomotive Firemen on the Santa Fe system, arrived last night from Dodge City, Kansas, and is registered at the Armijo. He is here by direct orders from Grand Master Sargent of the Brotherhood, to fully investigate into and ascertain the reason why so many Brotherhood men are being discharged.

charging by the Atlantic and Pacific Railroad company, and as possibly a possible report to the territorial government.

There are rumors about to the effect that the trouble on the Atlantic and Pacific is not by any means bridged over, and that if certain matters are not adjusted there is likely to be a strike in ready.

The company has denied in published cards that any employee, who has not made himself obnoxious and is not classified as an agitator, will be molested. The axe, however, is being used, and station agents, operators and trainmen are fleeing themselves out of situations.

A Wayward Life.

There is a young man, down in one of the southern counties, who is gradually reaching a point in his career that is causing shame and remorse to him and immediate family and friends. He fell heir to considerable money, was persuaded to enter politics, spent a gay and active life for sixty days and nights at Santa Fe, returned to his home in the Mesilla valley, and since then has kept up, without the least shadow of shame, a reckless, riotous life. Last Friday morning a rumor was in circulation in El Paso that the "Ten Thousand Dollar Beauty," the demagogue May Parker, had been killed, but the rumor was a mistake, although the young man alluded to and the woman had during the night quarreled and in the debate she had fallen, cutting her neck. The young man has been pleaded and implored with to desist his reckless, extravagant living, but all pleadings have failed to work any form of reformation. THE CITIZEN is informed that he has squandered considerably over \$12,000 during the past few months.

A Historical Painting.

Prof. A. F. Smith, of Las Vegas, called at THE CITIZEN office this afternoon, being introduced by Dr. Desmarais. The professor recently painted in oil a picture depicting the historical scene in the life of Charles V. originally by C. Baker, and the picture is here on exhibition at the Democrat building on north Third street. The optic, after giving a complete description of the painting, concludes the article in this manner:

The story of the present painting may be briefly told. The World's Fair authorities made selection of some 300 of the celebrated pictures of the world, which they desired to obtain for exhibition at the fair. About sixty of these were refused them. The original of this picture, which hangs in a private German gallery, was among those refused. Prof. Smith went to Berlin and from one of the great artists secured a photograph of the coveted but unobtainable work of art. It was from this photograph, something like six by ten inches in size, that the professor produced this large and magnificent creation, a monument to his genius and a perpetual honor to Las Vegas.

Not Old Friends.

Sutton's "Uncle Tom's Cabin" held forth at the opera house Saturday night, and although one of the oldest plays to-day upon the American stage, a large crowd enjoyed its production. The company producing it are all very good artists, as was evidenced by the many encores accorded them. Mr. Sutton met here an old friend in Judge W. H. Burke, who took pleasure in introducing the gentlemen to our citizens. Chas. Brickwood the banjo player of the company, was also fortunate in meeting several old friends here, among them being George M. Condit, George Montgomery, H. S. Knight and Chas. Yondorf. Mr. Condit met the gentleman several years ago in Kansas City. Mr. Montgomery knew him when he was farming in Canada, and Messrs. Yondorf and Knight had the pleasure of meeting Mr. Brickwood in the early days of Leadville life. The gentleman is a banjo player of the first class, and after a short Saturday night he held several very delightful soirees until train time for the north.

A Night Indeed.

An old gentleman came into THE CITIZEN office this morning, and after asking for a pencil, sat down and wrote the following note:

My dear friend—Pray, will you please kindly give me ten cents, and oblige yours, MAJOR A. TIKMAN.

He was questioned as to what use he would put the money, when he stated that he wanted it to buy a cup of coffee. Being that he was quite tipsy, the fumes of whisky being strong upon his breath, he was accused of wanting the dime to purchase another drink. The old gentleman then commenced crying, and begged piteously for the money. Being, however, that the money would reach the counter of a saloon, it was nevertheless handed over to the old gentleman and with the words "I thank you," he staggered out of the office. He stated that he had just arrived from Santa Fe, and was on his way to El Paso.

Can It Be John Lynch?

George Carson received information yesterday from Olathe, Kansas, to the effect that the body of a man, supposed to be his brother-in-law, John Lynch, was found near over by the care and killed near Olathe, Kansas, on the 23d inst. Upon the body was found a receipt from W. C. Leonard & Co. in favor of Mr. Lynch, and Mr. Carson is under the impression that the remains found are those of his brother-in-law. Later on in the day he telegraphed to the officials at Olathe, sending them a description of Mr. Lynch and asking particulars. Last night a dispatch was received stating that the body had been buried but was first photographed. A clear identification cannot be secured until a comparison of the photograph is made. Mr. Lynch lived for some time several years ago in this city, and if the body found is his, the sister, Mrs. Carson, and other relatives are to be sympathized with.

Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Olathe, Mo., had five large fever sores on his leg, doctors and lotions were used until he was nearly insane. One bottle of Electric Bitters and one box of Bucklen's Arnica Salve cured him entirely. Sold by T. H. Burgess & Son's drug store.

KIDNAP AT WINDLOW.

Col. J. H. Wood, Sheriff and Mills

Last Friday night, the little railroad town of Windlow, on the Atlantic and Pacific, emerged from the excitement brought about by the existing railroad troubles into a killing, and the perpetrator of the deed is Col. J. H. Wood, the veteran general merchant and raiser of thoroughbred stock, his victim being William Pierce, a machinist.

For the past few months Windlow has been infected with a dangerous gang of tough characters, and on one occasion, according to a recent article in THE CITIZEN, two Utah tramps and would be bad men called at the colonel's store and attempted to make a general hold up, one of the men being slightly wounded. Since that time the colonel has slept in the store, having fear by a shot gun loaded with buckshot, and has guarded the premises with the utmost vigilance.

Last Friday night, he heard some one prowling around the back yard, and soon there was a knock at the rear door. He warned the intruder to move away, but instead of doing so the man walked over to a window and staggered up against the glass. Another warning was given by the colonel, and on seeing that the man would not move away, the colonel opened fire with both barrels of his shot gun, the entire charge boring a hole clean through the neck, death resulting instantaneously.

The colonel at once reported the killing, surrendering himself to the authorities, and on Saturday a coroner's jury exonerated him. It was proven that the colonel took Pierce for a robber, although it is the opinion that the man, who was drunk, mistook the wrong door for the rear entrance to a saloon.

Rev. Osborn, of this city, and who came in from the west this morning, held funeral services over the body at Windlow yesterday afternoon at 2 o'clock, and the remains were buried there. The deceased has a grand father, step father and sister residing at Kansas City, and a message informing them of the killing was sent last Saturday.

Pierce was only 25 years old, was a chemist and three days before he met his tragic death arrived in Windlow to go to work for the Atlantic and Pacific Railroad company.

Neither's Recommendation.

We are acquainted with many mothers in Centerville who would not be without Chamberlain's Cough Remedy in the house for a good many times its cost, and are recommending it every day. Thos. Hubbell, one of the special officers sent out by the Atlantic and Pacific Railroad company with a posse of armed men to guard the company's property at Windlow during the recent trouble, returned to the city Sunday night almost bent double with acute rheumatism. always conservative and acting for harmony, favored the request. Debate was had on the lapel button badge question, which was supposed to have been settled at the last department meeting, the chief being granted power to order the button, but had failed to do so at the request of several who had voted favorably for the buttons at the last meeting and who considered, after mature thought, that the expense of purchasing them would be unnecessary. A reconsideration was had, and the badge question killed for the time being. Messrs. Cundiff, McCann and McCormick leading in the discussion. This being disposed of, the chief surprised the members by an unannounced liberal donation of recent date, and after Fireman Knight had moved that a committee on thanks be named, the meeting adjourned.

Death of Ferdinand Selva.
The dead body of Ferdinand Selva, whose death occurred at his home in Tippecanoe, yesterday morning at 11:50 o'clock, was brought into the city in the afternoon of yesterday and turned over to Undertaker Montfort. The funeral took place this afternoon at 2 o'clock at the church of Immaculate Conception, the burial occurring in the Santa Rita cemetery. The two Italian Benevolent societies, of which Mr. Selva was an honorable member, attended the service in a body. His death was caused from cerebral apoplexy.

The deceased was born in Pettinego, Italy, 47 years ago, and was a resident of this city and county for twelve years. He was a well known stone contractor, and for several years conducted a restaurant and saloon business in this city. His brother, Lawrence Selva, recently returned from a three years' visit to Italy, and a short time ago went to Hot Springs, Ark., for the rheumatism. Another brother, Ignacio Selva, resides here, and with these a wife and son, five years old, are left as mourners on American soil. The citizen extends its condolences to the bereaved relatives and friends.

Struck It Rich.
J. R. Humphreys, of Chulih, who with several friends has opened some valuable silver-lead claims in south Santa Fe county, is in the city to-day. He states that a Mr. Bowman, a mining expert, was lately sent out by Joplin, Mo., parties to inspect his claims and that as a result the Joplin parties have made an offer to take a year's working bond on the entire group of claims, eighteen in number, at \$10,000 per claim. The owners have the matter under advisement.—New Mexican.

Will Begin at Durango.
It seems that the work on the Albuquerque & Durango railroad will be begun at Durango. After a while, probably, construction will also be undertaken at the Albuquerque end. But if the road should be built all the way from the Durango end it would have a tendency to keep the trade of the line in the hands of the Durango merchants. The road is one which will do both cities good, but Durango will probably receive the greater benefit.—Denver Republican.

Amazing Fact.
Suggested by Comparatively Few.
Things that embody the most truth are frequently among the last to be realized. Incredible as it may seem one in four has a weak or diseased heart, the early symptoms of which are, short breath, oppression, faint and hungry spells, fluttering, pain in left side, mouth, swollen ankles, dropsy, wind in stomach, etc. Levi Logan, Buchanan, Mich., cured from heart disease thirty years. Two bottles of Dr. Miles' Heart Cure cured him. "The effect of your Heart Cure is wonderful," Mrs. Levi Logan, Buchanan, Mich. This favorite remedy is sold by E. H. Burgess & Son on a guarantee. "Beauty" may be "only skin deep," but the secret of a beautiful skin is pure blood. Those coarse, rough, pimply complexions may, in most cases, be rendered soft, smooth, and fair by the persevering and systematic use of Ayer's Sarsaparilla.

The Firemen.
The meeting of the fire department last evening was short and sweet, the members requesting that matters be cut short in order that some might have an opportunity to attend the republican convention, and also mingle with the politicians of the other party. The chief,

DISTRICT COURT.

Murder on Trial Again for the Crime of Murder.

Yesterday afternoon the case of the Territory vs. Rabbit, an Indian, was called for trial. This is the second trial of this case, the verdict of the first trial having been guilty of murder in the second degree. The court granted a new trial, and the jury are now deliberating over the evidence in the present case. The accused is charged with having shot a companion soldier, a man by the name of Armijo. It appeared from the testimony presented by the prosecution that the soldiers had been paid on the night of the tragedy, and were drinking freely, that the defendant, Rabbit, had retired to his quarters, when a party assaulted his house, crushing in the door over the slumbering household of the defendant. Rabbit's Indian blood boiled in an instant, and he started out with his Springfield rifle on his shoulder in pursuit of the marauders.

Silvermouth Jake, an Indian, testified that Rabbit ran around his house, shot three times in the air and then started after Armijo, whom he shot in the head, killing him instantly.

The defendant swore that his friend Hicks took the gun from him after he fired the second shot and followed Armijo, and that he started away in the opposite direction.

The verdict in the second case has not been reached.

In the case of Demetria Smith de Moore vs. James Moore, decree of divorce was granted.

The case of Segundh Gausti vs. G. B. Boraceo was dismissed at cost of plaintiff, as was the suit of Badoraceo vs. Gausti.

Harriet Meyer was made a naturalized citizen of the United States.

The Pastime quartette club relieved the gloom at the democratic convention last evening by rendering several songs. Otherwise the packed concern was a dismal failure.

Ralph Dunbar is walking to day on crutches, the result of the poor democratic sidewalk. Ralph attended the S. I. live on the highlands, and in running along the miserable sidewalk, got one of his feet in a hole and badly sprained, not only the foot, but also the leg.

As a reformer all at once Mr. Field protests and promises altogether too much. By the way, will some one rise up and tell what Mr. Field has ever done for Albuquerque. Has he ever paid a cent to a single public enterprise in this city? If so, when? It is a fact that he never has. He is so stuck on himself that he walks the earth for himself alone, and cannot understand why the Almighty made anybody else.

Minister's Court.
Yesterday afternoon, the jury in the case of the Territory vs. Rabbit returned a verdict of murder in the second degree. The defendant's counsel made a strong defense, and the Territory's witnesses' statements were conflicting in many material points, and there seemed to the casual observer to be a strong and reasonable doubt of Rabbit's guilt. Rabbit was a sergeant of one of the Indian companies stationed at Fort Wingate, and speaks English quite well.

Yesterday afternoon, the court tried the case of Victor A. Buck & Co. vs. Chas. W. Lewis; suit on open account and promissory note, in which the jury this morning returned a verdict for plaintiff for \$532.38.

This morning the case of Aloysio M. Gentile vs. Elliott Crossman and Margaret Crossman was called for trial, and the morning was consumed in empanelling a jury. This is a case in which the plaintiff brings a suit of empanelling for the possession of the land held by the defendants, and here east of High street in this city. The plaintiff's deed, it is claimed, is prior to the Crossman deed, both being derived from the same grant or title. The land sued for is from High street to Las Lunas, the principal point in dispute being the location of the point known as Las Lunas. Messrs. Collier & Marron represent the plaintiff, and Messrs. Rodley and Dobson the defendant.

Flagstaff, March 28.—An occasion for much comment both here and at Williams is the announcement by a responsible party of this county that the Sag new Lumber company, so called, which has opened a stirring camp at Chislenford, twenty miles west of here is not a branch of the Bagshaw Lumber company of Michigan, as had heretofore been supposed. It now appears, as report has it, that it is a Chicago concern. These rumors have been tossed about in business circles for months, but their first serious confirmation is in the above declaration. Williams business men, who are most concerned, as that is to be the future headquarters of the company, claim the report is a fake.

The first holiday of the winter for the employees of the Arizona Lumber & Timber company was had Tuesday, and that was an enforced one. A broken axle disabled the engine which supplies the logs for the mill over the private line of the company, and a one day shut down was the result. Such has been the press that the company has been compelled to run seven days to the week for the past month. An engine has been secured from the Atlantic & Pacific company to proper repairs can be made.

Messrs. Van Blyk and Fancher, of Albuquerque, and Vice President of the Board of Trade G. A. Bray, and Ralph Cameron, of this place, arrived Saturday evening from a ten day's trip to the Grand Canyon. They were recommending party to compare trails leading down to the river, with a view of a report being made of their observations to the Atlantic & Pacific Railroad company. They were detained double their allotted time by the heavy snow fall, and some anxiety was felt for their safety; so much so that a search party with provisions was sent out. Some of the experiences of the trip went beyond what was really funny.

The orders for stock cars for the Rio Grande division will aggregate about 4,000 cars to date.

Horrible Death.
A freighter between Hackberry and White Hills by the name of Fields, met with a horrible death Wednesday on his way home from the latter place. He and Jas. Vickers started out from White Hills Wednesday morning, each driving a six horse team, Vickers in the lead. Both wagons were empty. About half way between the two above named places, Mr. Vickers looked back and saw Fields' team coming up a little hill without any driver on the seat. He went back, and when he reached the place he saw Fields at the hill trying to raise up. As he reached the unfortunate man's side, Field half rose upon his elbow and gasped: "It couldn't be helped—give me a Christian burial," then fell back dead. He had fallen from his seat and the two wheels on the side next to the brake had passed over his body, crushing in his chest. Two ribs penetrated his heart. The supposition is that he had reached for the brake with his hand and the wagon struck a rock, throwing him under the front wheel. Deceased was about fifty years old.—Mohave Miner.
