Mount Taylor Winter Quadrathlon

February 16, 2019 at 12:00 am

The [Mount Taylor Quad](#) is a grueling winter quadrathlon. Contestants bicycle, run, ski, and snowshoe from downtown Grants to the summit of Mt. Taylor and back. They'll cover 43 miles and gain 4,900 feet of elevation. You can enter as a team or as an individual. There are also plenty of [opportunities to volunteer](#) for anyone who would rather support the athletes than enter themselves.

For youngsters, there is the Quad Kids Duathlon that gives young, aspiring athletes the chance to compete in a bike and run event on a separate course. Girls and boys ages 3 to 12 are eligible to compete in the duathlon.

EVENT LOCATION

Grants, New Mexico
