# WAGON MOUND SENTINEL

ON GUARD IN THE INTEREST OF THE PEOPLE.

VOL. 2.

WAGON MOUND, NEW MEXICO, SATURDAY, NOVEMBER 29, 1919.

NO. 37

## Wagon Mound Briefs

Mrs. Simon Verenberg came from Denver last week to spend the Holidays with her family.

Mrs. A. J. Katz and family left for Philadelphia last Wednesday after a stay in Wagon Mound where she had been visiting at the home of Mr. Simon Verenberg.

Mr. Collins, of Optimo, was a visitor in town Monday.

Dr. E. L. Hammon, wife and two babies, of Las Vegas, are spending Thanksgiving week with C. L. Wensell and wife.

Mr. and Mrs. Manuel Paltenghe left Wednesday for Denver where they will spend the Holidays.

Miss Bertha Paltenghe came home last week from Las Vegas where she is attending high school to stay with her parents for the week.

We hear that our popular baker, S. A. Turner, is now grandfather, a baby boy being born to Mr. and Mrs. Aldredge.

Mr. Weigand's two daughters, who are in Kansas attending school are expected at the home of their parents for Thanksgiving.

The Claude Wensell Co. has just unpacked a large shipment of heaters, cutglass and pyrex glass baking dishes for their Holiday trade.

Last week was very beautiful again in Wagon Mound. We are still enjoying a real Indian Summer, but this is not unusual in this part of New Mexico.

The A. MacArthur Co. shipped three cars of beans last week making a total of seven cars for the season. They will ship several more cars as soon as repairs come for their bean cleaning machine.

Corn and oats are being brought in quite freely to our merchants by farmers in this vicinity. Most of this grain of which a great quantity was raised here will have to be shipped to foreign markets as there is not enough local demand for it in this vicinity.

Stanley Taylor, who was formerly connected with The A. MacArthur Co., has now accepted a position with The Claude Wensell Co.

A party of local sportsmen went out hunting last week and what do you think they brought home? It certainly was the rarest, the most valuable, the most prized catch that could be found anywhere in this vicinity, in New Mexico and in the United States of America. It was one dozen of fresh eggs.

Claude Wensell Co. advises that on account of extra heavy business they have been obliged to add new help to their selling force. After December 1st we expect to see new faces behind their counters.

The Claude Wensell Co. disposed of two cars of beans last week and will ship another car this week.

From experienced beans growers we hear that our pinto bean, of which, despite what was said in a daily paper, Wagon Mound was the first promotor and distributor of any note, is not as large nor quite of as good color as the earlier bean. This means that our farmers ought to look for new seed. The Editor inspected a sample of the Colorado pinto, which was shown him by the A. MacArthur Co., and found it to be a beautiful bean, large, smooth and of good color, a much better looking bean, in fact that our local product. We suggest that our farmers, if they intend to continue planting beans, would do well in getting some of this seed, or as good a seed, for next year planting. The results will more than pay the outlay and trouble.

If you have something to sell and can't find a market for it, go to the Claude Wensell Co. They buy everything.

The Sentinel is moving to larger quarters. In preparation for the great improvements that we expect to realize in our plant, we have decided to rent the building where the Pantagraph is now located and which was recently purchased by two of our stockholders, Messrs. Sabino Lopez and Manuel Valdez. As soon as this issue of The Sentinel is out of the press we will start the removal of our plant. Our patrons will find us at our new stand always ready to serve them.

## FAIRVIEW

Earl Smith, of Arkansas spent a couple of days recently visiting Alfred Schipman. They were former comrades in the Navy.

Mr. and Mrs. Walter Shultz, gave a party Saturday in honor of their son Isaac, the occasion being his birthday. Quite a number of friends and neighbors were present. Games were played and dainty refreshments served.

Mr. and Mrs. J. M. Julian, and Mrs. Kenneth Julian spent Saturday and Sunday with relatives in Miami.

Chester Van Meter, who has been visiting relatives at Pasamonte, returned home a few days ago.

Mr. H. O. Massie held a closing out sale Thursday. The property brought very good prices.

Joseph Kurtz, has gone to Milwaukee, Wis., to spend the winter with relatives.

Clyde Walls, of Las Vegas spent a few days here recently visiting his children and other relatives.

Mr. and Mrs. John Gibson, have rented the Erwin Latcher farm for next season.

## TREATY DEFEATED; SENATE ENDS SESSION.

During a prolonged and bitter struggle in the Senate last week the peace treaty was defeated, and that document, including the Covenant of the League of Nations, is, so far as the United States is concerned, dead for the present at least. No doubt an effort to revive it will be made at the next session of Congress by the resubmission of the treaty by the President, but, unless, in

the meantime there is a marked change in the attitude of the Senators of both parties with reference to treaty reservations, the chance of ratification at such time may be but little if any better than heretofore.

## Watch The Sentinel Grow And Help Him Grow As He Keeps Watch

At a meeting held last Sunday at the home of Don Pablo Mares, at Ocate, by the stockholders of The Sentinel Publishing Co., it was decided to make great improvements in our plant and our publication and sufficient funds were voted and subscribed for at once to make The Sentinel's shop one of the best to be found between Denver and El Paso. First, a Linotype will be ordered immediately, and all the machinery for the making of all kinds of job works, from a leaflet to a book, will be placed in our plant. As soon as the linotype and new machinery are installed, we shall be ready to publish two weeklies, one in English and one in Spanish. Both we expect to be worthy of a Greater Wagon Mound and certainly they will help to build up our fair town and place it on the map with a larger dot.

As to politics, it was decided to remain true to our watchword: "ON GUARD IN THE INTEREST OF THE PEOPLE." We wear nobody's collar and have no particular axe to grind except to fight the people's fight. Our stockholders, being from the people, are also heart and soul for the people.

On the other hand, we hope the people in Wagon Mound will rally ungrudgingly to our support and reward us for our sacrifices by patronizing generously our publications and printing establishment.

## TREATY REJECTION CONTINUES IMPORTANT WAR-TIME LAWS.

While many will regret the failure of the Senate to approve the peace treaty, there will apparently be some immediate temporary benefits to the country as a result of such failure, due to the fact that such action continues in effect a number of important war-time laws. Among these is the Lever food and fuel control bill, the nullification of which at this time might have proved embarrassing to the Government in dealing with the coal-strike situation. It is under this law that the Government acquires its power to fix the price of coal. Another law which will continue in effect as a result of the treaty failure is the espionage act, which is considered as of special importance at the present time in dealing with the Reds. Other Acts which are affected by the continuance of the state of war through the failure of the treaty are: War-time Prohibition Act; War Trade Board and Export Control Act; Act creating the office of Alien Property Custodian; Agricultural Stimulation Act; Housing Construction Act; Railway Control Act; War Finance Corporation Act; Overman Act; Ship Construction Act; Act creating Aircraft Board and the Act for Stimulation of Mineral Production.

## Luna County Farm Bureau Planning to Push Sweet Potato Industry in 1920.

Deming, New Mexico, Nov. 24. In reorganizing the various lines of work to be handled by the Farm Bureau for next year the farmers in Luna County want the sweet potato industry pushed to the limit. Indications are that there will be a big acreage grown next year and community curing and storage houses will be built at central shipping points to properly care for the crop.

The executive committee of this farm bureau have planned a rather intensive membership campaign for November 28 December 13, when it is expected that fully 80 per cent of the farmers and stockmen will get into the organization.

## Farm Bureau Smut Campaign Worth \$75,000 to Curry County.

Clovis, New Mexico, Nov. 24. Reports just tabulated by the executive committee and county agent of the Curry County Farm Bureau indicate that the campaign for the control of smut in wheat, sorghums, broom corn and other non-saccharine sorghums grown in the county has been worth \$75,000 to the growers during the past year.

The report goes on to say that, due to the efforts of the Farm Bureau 75 percent of the seed wheat planted in Curry County last fall was treated for smut. As a result of this 75 percent of the wheat crop is free from smut saving to the farmers over \$75,000 and the wheat is topping the market. Also it is expected that fully 90 percent of the farmers will treat their seed wheat this fall.

The report also mentions a case where one farmer, C. C. Merria saved \$480 on eighteen acres of broom corn by treating the seed for smut. They have estimated that fully 60,000 bushels of the grain sorghums can be saved annually in Curry county thru the proper treatment of seed.

## Farm Bureau Membership Campaign, November 28- Dec. 13.

State College, New Mexico, Nov. 24. A preliminary report of farm bureau activities in New Mexico covering the past eight months shows a gain of over two millions dollars to the agricultural industry of the state.

The work of the eighteen farm bureaus have been of such great value to the farmers and stockmen that a campaign will soon be launched to increase the membership in these organizations and to develop plans of action for 1920.

At present there are 3,200 members in the state and during the campaign which has been scheduled for November 28-December 13, a drive will be made for 7,500.

Details of the campaign have already been perfected and the various county executive committees are now meeting to make final arrangements.

A plan is under way to federate the eighteen county farm bureaus into a state farm bureau at the time of the Farmer-Stockmen-Homemakers' Week at State College, January 12-17.

## SCHOOL NOTES

We have been very busy during the past week. We had several tests in addition to the regular class work.

Mr. Jesus Salazar, a member of the School Board, was a visitor of the High School last week. We were indeed pleased to have Mr. Salazar pay us this visit and we trust that he, as well as the other members of the Board, will visit us frequently.

The pupils of Mrs. Watt's room rendered a very interesting program Friday afternoon.

Miss Bertha Paltenghe visited the High School Monday. We were glad to have her with us.

The Thanksgiving program will be rendered by the pupils of Miss Wood's room at the High School building Wednesday afternoon, November twenty sixth, at 2:15 P. M. We cordially invite everybody to attend, as the program will be one which will be of interest to all.

The Schools will be dismissed Wednesday afternoon for the Thanksgiving holiday, sessions not to begin again until Monday, December first. We wish to sin-

cerely thank the Board for giving us this vacation.

## GENERAL SMUTS SENDS AFRICA'S APPEAL FOR TREATY

Just after word came from Washington that the Senate had adjourned without acting on the treaty, an appeal came to New York from Lieut. Gen. Jan Christian Smuts, British member of the League of Nations Commission, in a message from South Africa to America appealing to America "not to blast the hopes of the world by rejecting the treaty." Part of the General's appeal reads as follows: "No nation put more faith, more effort into the construction of the league than America. It now only remains to ratify and pass the covenant. Other nations have approved it. Even distant Asia is represented. Japan has given her approval while America only hesitates and falters. . . I cannot believe that America will after all block the way, that the American viewpoint will be allowed to override the wider interests and necessities of our civilization in the greatest crisis in history."

### LA TERQUEDAD REPUBLICANA

El hecho que fracasara la ratificación del tratado de paz por terquedad de la mayoría republicana en el Senado envuelve en sí las más graves consecuencias para el país.

En primer lugar, sigue para esta nación el estado de guerra y continúan en fuerza las graves leyes redactadas con el propósito de llevar la guerra a fausto éxito. Consecuentemente se mantiene el país en una situación de incertidumbre extremadamente peligrosa para sus mejores intereses; los negocios no pueden reanudar su curso normal y mientras tanto reina la inquietud en la nación.

Peor todavía, otra vez está asomándose el horrible espectro de la guerra en Europa. Tan pronto como se supo que nuestro Senado había faltado en ratificar el tratado de paz, Francia anunció que para protegerse a sí misma se veía precisada a apoderarse de las provincias alemanas situadas al poniente del Rin y establecer su frontera en ese río, puesto que ya le faltaba el amparo a ella prometido por la Liga de Naciones. Por otra parte, en Alemania, el partido imperialista levanta otra vez la cabeza y apela a la nación para resistir por fuerza de armas a las ambiciones de Francia.

Italia solapadamente fomenta las expediciones filibusteras de su poeta d'Annunzio en territorios acordados a Jugo-Eslavia por el tratado de paz, y Jugo-Eslavia, cansada de los repetidos atropellos a sus derechos, está movilizándose sus ejércitos para repeler la invasión italiana.

Todo lo cual entraña posibilidades de guerras en las que otra vez quedaremos enredados, y todo lo cual resulta de la dilación en establecer un tribunal internacional, como proveído en el pacto de la Liga de Naciones, para mantener la paz y concordia entre las naciones, así como neces-

tradas cortes de justicia mantienen la paz entre los individuos.

Sobre la mayoría republicana recaerá la responsabilidad por estos nuevos conflictos y el pueblo de los Estados Unidos señalará a los Fall y a los Lodge como a los autores de esta nueva catástrofe.

### EL CENTINELA ESTA CRECIENDO

En una junta tendida el Domingo pasado en la casa de Don Pablo Mares, en Ocaté los accionistas de la Compañía Publicista de El Centinela decidieron hacer grandes mejoras en nuestra imprenta y de una vez suscribieron bastante dinero para hacer de nuestros talleres unos de los mejores que se puedan encontrar entre Denver y El Paso. Para dar lugar a la nueva maquinaria que hemos ordenado, nos trasladaremos al edificio ocupado antes por The Pantagraph, ahora propiedad de dos de nuestros accionistas, los Sres. Sabino López y Manuel Valdez y nos proponemos instalar un linotipo y toda la maquinaria necesaria para hacer toda clase de trabajos de obras, desde una ojita hasta un libro. Tan pronto como estos útiles de imprenta estén colocados, publicaremos dos periódicos-semanarios, uno en inglés y otro en español, y eso con el fin de suministrar a nuestros favorecedores mejor lectura y más informaciones.

En cuanto a nuestra política, permaneceremos fieles a nuestra consigna: "Veniendo por los Intereses del Pueblo." No llevamos el collar de nadie, puesto que nuestros accionistas son hombres independientes y trabajadores. Nacidos del pueblo, no tienen otra ambición sino el defender los mejores intereses del pueblo.

Por otra parte, esperamos que el pueblo de Wagon Mound y del Condado de Mora contribuya liberalmente al soporte de nuestras publicaciones y manifieste de esa manera su aprecio por los sacrificios que estamos haciendo por ellos.

## REVISTA DE LA SEMANA

### La Situación en Europa

Se anuncia de Inglaterra que el proceso criminal del ex-emperador de Alemania comenzará temprano el año entrante y se verificará en Londres. Tan pronto como se ratifique el tratado de paz, los aliados tomarán pasos para pedir la extradición de Guillermo, ahora refugiado en Holanda.

El aventurero poeta Gabriele d'Annunzio después de apoderarse de la ciudad de Fiume está preparando una expedición para conquistar el vecino territorio de Dalmacia y anuncia que intentará la conquista de Montenegro. Sin embargo, el resultado de las elecciones en Italia, las cuales fueron favorables a los socialistas, ha enfriado el entusiasmo de los secuaces del poeta, puesto que los Socialistas están opuestos a la política de engrandecimiento nacional a costa de los otros pueblos.

### EN LOS ESTADOS UNIDOS

Una interesante correspondencia concierne el conflicto minero acaída de tenerse entre el ex-Secretario de la Tesorería, Wm. G. McAdoo y los dueños de minas de carbón. El Sr. McAdoo en un telegrama dirigido al Administrador Federal de Combustibles, Sr. Garfield, acusaba a las Compañías mineras de haber realizado ganancias exorbitantes en el año de 1917, las que alegaba ser de 15 hasta 2,000 por ciento sobre el capital invertido, según lo manifestaban los mismos retornos de impuestos sobre rentas. Añadía el Sr. McAdoo que creía que los mineros estaban derechos a un aumento de sueldo y que las mismas Compañías habían de sufragar el costo y no el público; sugería además que se hiciera público el retorno de las ganancias de las Compañías por el año de 1918 con el fin de que el pueblo se enterase de la situación verdadera.

### EN NUEVO MEXICO.

Abrán Contreras, un rico ganadero de La Joya, condado de Socorro, fué hallado baleado y atado a una silleta en su casa. Se dice que fué asaltado por seis ladrones quienes intentaron robarle su dinero que guardaba en su casa, pero no lograron su objeto habiendo sido ahuyentados por el hijo de la víctima.

### MEXICO

El General Felipe Angeles, uno de los más grandes caudillos de la Revolución Mexicana y últimamente asociado con Villa en la revolución, contra el Gobierno de Carranza, fué sentenciado a muerte por una corte marcial compuesta de cuatro generales Carrancistas, en Chihuahua, el martes de esta semana y fusilado el miércoles en la madrugada. Prominentes ciudadanos de México procuraron interceder por él y obtener conmutación de sentencia de la Presidente Carranza, pero fué en vano. El general manifestó un valor extraordinario en el tiempo transcurrido entre su condenación y su ejecución, él mismo hizo los arreglos de fusilamiento con los oficiales Carrancistas y platicó toda la noche con sus amigos y escribió cartas a su esposa y a sus hijos hasta el fatal momento de ejecutarse la sentencia. Un oficial y un soldado que habían sido capturados con él recibieron solamente sentencias de prisión. Don Felipe Angeles se consideraba ser uno de los mejores Generales del ejército mexicano, especialmente se consideraba sí mismo igual en la artillería.

A consecuencia del encarecimiento de nuestro agente consular en Puebla, México, las relaciones entre nuestro Gobierno y el Gobierno de Carranza quedan extremadamente tirantes. Los Estados Unidos varias veces ha pedido la libertad del Sr. Jenkins, se o hasta la presente fecha no ha recibido contesta. Se alega que Jenkins estaba de acuerdo con los bandidos que lo arrebataron de su casa por un rescate de \$150,000.

### Locales y Personales

Agradecemos a Don Manuel Chavez, de Piedralumbre, visita a nuestros talleres el miércoles pasado.

Don Jesús Lucero, del Llano del Coyote, estuvo en la plaza el lunes con negocios en nuestros comercios locales.

Los Señores Leonardo y Florencio Martínez, de Piedralumbre, trajeron a la plaza un carro de maíz el Sábado pasado.

Don David Sanchez, del Carrizo, estuvo en la plaza el lunes con asuntos comerciales. El Sr. Sanchez está de plácemes con el arribo a su hogar de un robusto varón el 29 del pasado.

El 26 del presente se celebrará una misa de cabo de año en la Iglesia de Santa Clara de Wagon Mound para el descanso del alma de la finada Andreita Martínez de Rivera.

Por esqueja fúnebre que ordenó en nuestra imprenta el Señor Dick Harmon, sabemos que se verificará un servicio solemne de honras en la Iglesia de Springe el día 2 de Diciembre próximo, para el descanso del alma de la finada Margarita M. Harmon.

### En LAZOS de FLORES

El Miércoles se unieron en los lazos del matrimonio los jóvenes Dulcineo Gallegos, hijo de Don Jesús Ma Gallegos y esposa, y Andreilita Sanchez, hija de Don David Sanchez y Esposa. ¡Mil años de felicidad les deseamos a los nuevos conyugues!

El Sr. Pete Rivera, agente de la estación de Chapelle, llegó a ésta el Miércoles con el fin de asistir a la misa de cabo de año de su esposa Andreilita M. de Rivera, quien falleció en Noviembre del año pasado.

Don Abelino Manzanares, industrioso ranchero de Los Mogotes, estuvo en la plaza el Miércoles, y se aprovechó de la oportunidad para abonarnos su suscripción a El Centinela, lo que le agradecemos sobremedura.

Don Leandro Valdez, prominente ganadero de la Piedralumbre, se dignó visitarnos en nuestro despacho el miércoles con el fin de suscribirse a El Centinela. Tuviémos el gusto de platicar con el Sr. Valdez, quien venía de un viaje a la parte oriental del condado de Mora. Entre otras cosas llamó nuestra atención el Sr. Valdez sobre la deplorable condición de nuestras escuelas en este condado en comparación con las de otros condados vecinos. Para remediar esta situación no le parece, Sr. Valdez, que primero hay que limpiar esta administración de incapaces que gobiernan este condado?

El Domingo pasado, visitaron Ocaté Don Vicente Mares, Don Manuel Valdez y Don Savio López y el Editor de El Centinela con el fin de asistir a una junta de los accionistas de esta Compañía Publicista, la cual se verificó en la casa de Don Pablo Mares. Además del huésped ocurrieron a la junta Don Juan C. Lucero, de Aurora y los Sres. Don Santiago Espinoza y Don Espiridión García, de Ocaté. Antes de trazar nuestros negocios, tuvimos el sumo placer de visitar los graneros de Don Pablo y ver las cuantiosas cosechas almacenadas allí, todo producto de su propia labor, y las que prueban que los años no han en nada menoscabado su energía y amor al trabajo. Concluidos nuestros negocios, nos retiramos todos sumamente complacidos y agradecidos por la bondadosa hospitalidad de Don Pablo y las cariñosas atenciones de la Señora su esposa y de toda su familia.

## AMERICA MUST HAVE COAL

Again last week the conference at Washington between the miners and coal operators adjourned without having reached anything like a definitive agreement. When John L. Lewis, Acting President of the United State Mine Workers, left the conference, he said the miners were still in a receptive mood, but that the operators had failed to submit any proposal. It had been hoped that the appeal made by Fuel Administrator H. A. Garfield, in which he declared that the public, "the chief party in interest" in the controversy, "was not in a mood to tolerate either excessive prices or prolonged stoppage of production," would have beneficial results in the effort to bring about an agreement between the miners and the operators, but in this the situation was disappointing. The hope is still expressed that an agreement will soon be reached but meanwhile the country's coal supply is rapidly decreasing and winter is at hand. It would seem, therefore, that the time has arrived for prompt and effective action by the Government in the matter. It will not do to let the contry freeze and to permit our industries to shut down because of shortage while the coal operators and the miners' representatives at the Washington conference squabble about terms. The country must have coal, and the coal must be mined at once in order that it may be distributed before the winter snows make such distribution impossible, and frightful suffering and enormous economic losses are caused. As to how the coal is to be mined, that is a matter for the Government to determine. The Administration still has its war-time powers and could use such powers, if necessary, to take over the mines at once and operate them to their full capacity. It could also even go to the extent of granting the miners' demands, in order to induce them to go back to work, or it might quickly hire other men for the purpose. At any rate coal must be produced at once and in sufficient quantity for the country's needs, and it is up to the Administration to take effective action to this end without delay.

We would suggest that the Government use his war time power and, in case the operators do not compromise, place the mines under Government management.

## A MAN WHO KNOWS

In the pending controversy between the mine owners and their employers, the light thrown on the situation by Mr. McAdoo ought to have some weight on the balance of public opinion.

Mr. McAdoo says that the owners' profits, as shown by their income taxes returns, examined by him as Secretary of the Treasury in 1918, showed earnings on capital stock of 15 to 2,000 per cent. "I am convinced, says he, that the wage increases proposed for the mine workers are just and reasonable." McAdoo further suggests that no increase in price of coal to consumers be allowed and that the income tax returns of the soft coal owners be made public.

It seem to us that this is the logical step to take in the matter, and that the mere suggestion of it will greatly help in causing the mine operators to come to a quick understanding.

Meanwhile, Mr. McAdoo renders a great service to his country by pointing out the worst bunch of profiteers in the United States, and he knows what he is talking about.
