WAGON MOUND SENTINEL

ON GUARD IN THE INTEREST OF THE PEOPLE.

VOL. 2.

WAGON MOUND, NEW MEXICO, SATURDAY, DECEMBER 6, 1919.

NO. 38

Wagon Mound Briefs

Mr. Odon Hern, of Ocate, was in town Monday transacting business.

Mrs. H. Watt has been on the sick list for a week.

Mrs. H. Wertheim entertained in honor of her mother, Mrs. S. Vorenberg and her sister, Mrs. J. Wertheim and Mrs. A. Katz.

The first meeting of the Card Club was held at Mrs. E. Hixenbaugh's Wednesday.

Mr. Joe Wertheim, a prominent business man of Carlsbad, N. M., has been spending a few days of this week with his brother Mr. H. Wertheim.

The last meeting of the Women's Club before the winter adjournment was held at Mrs. Chas. R. Keyes. All business was finished and the rest of the time spent in social chat.

Mr. Ira Bacon, Representative of the Mergenthaler Linotype Co., was in town Sunday and left Monday after taking our order for a brand new Linotype, Model L. The machine and all necessary equipment, we expect, will reach Wagon Mound and be installed in our office in about 90 days.

Thanksgiving day brought us snow, which was followed by high wind. Monday and Tuesday a heavy fog prevailed, something unusual in New Mexico, then sunshine for the balance of the week.

We have just completed the removal and installation of The Sentinel's plant at the local lately occupied by The Pantagraph and we have consolidated the two plants in one. We are now ready for business on a larger scale and we invite our patrons to visit us at our new quarters.

The Federal Board for Vocational Education advises us that a representative of the Board will be at Wagon Mound on the 10th day of December to get in touch with all disabled soldier and sailors to complete their cases and get necessary data to establish their eligibility for training under the provisions of the Federal Vocational Educational Act.

Regular Services at U. B. next Sunday Communion at close of morning service.

MUSICAL

Under Auspices of the Womens Club. Mrs. O'Malley and children Sunday December 14th at 3:00 P. M. Admission: \$1.00, 75cts. Children: 25cts.

RED CROSS NOTES

The Red Cross held a meeting at which the following were elected as executive committee, Mesdames Matthews, Hixenbaugh, Wallenhorst, Keyes, Aguilar, Miss Whitehair; and Messrs. Wiest, Wenell, Wiegand, Bentley, Eutsler, Hoffman, Gibbs, Howe, W. Vorenberg, H. Wertheim, E. Martinez.

I wish to thank Mrs. C. T. Matthews, Roll Call Chairman, Mrs. E. Hixenbaugh, Secretary, and Rev. B. Eutsler, Treasurer, and all subchairmen and workers for their enthusiastic support in making the membership drive such a success. From what I have heard from other counties, Mora may again be congratulated for putting another drive over big.

Mrs. Chas. R. Keyes, Chairman W. Mora County Chapter Red Cross.

The Mora Chapter of the Red Cross has almost finished the Third Roll Call. The response of the people has been fine, the membership almost equals that of war-time. Under the direction of our officers, most of the town ladies did "their bit" to put the drive over. The Red Cross funds may be used for civilian relief, and anyone knowing of a case of destitution will help the work by phoning to one of the executive committee.

Permanent League Labor Body Formed At Washington

The delegates to the International Labor Party meeting at Washington took steps toward perfecting a permanent organization as contemplated in the treaty of Versailles. The conference announced that a governing body is to be created consisting of twelve Government representatives, six representing labor, and six representing capital. Through this body will be established the international labor office provided for in the Treaty, forming an agency through which all labor problems are to be worked out. The Government representatives on the Board of Governors will be named, according to the plan approved by the conference, by Belgium, France, Great Britain, Italy, Japan, Germany, Switzerland, Spain, Argentina, Canada, and Poland, and pending ratification of the treaty by the United States.

In addition to reservations made for United States representatives on each of the three groups in the governing body, places also were held for Germany in the Government workers' group. The following radio message was sent to the German Government:

"German Government, a s representing one of eight States of chief industrial importance, is entitled to nominate members of Government bodies to international labor office under Article 393 of the treaty. Should be glad to be informed of name of nominee at earliest convenience. Workers' delegate also allotted a place on governing body to be representative of German workers."

In a speech before the House of Lords on the Egyptian question, Earl Curzon, the Foreign Secretary, said yesterday that Egypt neither was able to protect her own frontiers from aggression nor to guarantee a stable internal Government. He declared that Great Britain could not wash her hands of a country standing at the door of Africa and at the highway to India. The idea that the aspirations of the Egyptian Nationalists were to be crushed however, he said, was an extravagant misconception.

Gas Not Inhumane War Weapon, Says March

Contrary to the general belief gas is not an inhumane weapon of war, according to a statement made by General March. "While the number who died on the battle field from gas cannot be separated from those who died from bullets and high explosives," the General said, "it is known that in the case of the American Expeditionary Force it was very small. This is attributed to the fact that the high concentration of gas necessary to cause death before men can be gotten to a hospital is obtained by cloud gas and poison attacks, with only an occasional death on the battle field."

General March said that from a careful examination of battle casualty statistics, he had reached the conclusion that, although his scheme for hours must not be confused with a flat six hour day, his plan consists, Lord

Leverhulme said, in employing his working forces, men and women, in two shifts, each working on a thirty-six hour week basis. The idea, he stated, was to get the greatest possible out of the machinery, the expensive element in soap production, while granting the working forces greater opportunity for recreation and self-improvement. "We want," Lord Leverhulme said, "to wear out our machinery as rapidly as possible but to conserve our human material. It is an economic benefit if a machine wears out under extreme production, but an economic disadvantage if men and women are worn out by long hours."

The High School program will render a Christmas program immediately preceding the Christmas holidays, the exact date and time to be announced later. We cordially invite all the patrons and those interested in our schools to attend this program as it will be splendidly arranged and gotten up, and will be a source of pleasure to all who attend the rendition of it.

WATCH THE PAPERS FOR THE DATE.

Our last week's work was not complete as that of the previous week on account of the Thanksgiving vacation which we had of a few days.

This week we will be extremely busy in order to make up the time to prepare for our Christmas program.

This week we are indeed glad to state that Professor Osborne is back again with us, we like it better, not because Miss Osborne could not teach but it is a pleasure to us to see them both together in our school room.

The regular plan of work outlined in our daily program will now be adhered to since Professor Osborne has returned.

Professor Osborne will give us some interesting talks about his trip to the National Capital which will be very entertaining as well as instructive and beneficial to us in our work.

The pupils of Miss Wood's room rendered a Thanksgiving program Wednesday afternoon Nov. 26.

The following ladies were visitors at the High School Wednesday afternoon: Mrs. W. F. Osborne, Mrs. Chas. Matthews, Mrs. Hunsinger, Mrs. Keyes, Mrs. Villareal.

Sophomore Notes.

Our English work for this week includes "Exposition," bringing out "Exposition by Repetition," by use of Examples," by "comparison" or contrast," also by giving particulars or details.

After a brief study of the Third Punic War we will have a test this week covering "The Three Punic Wars."

We will study Review questions for our next solving, and then have a strong test in algebra covering problems in two, also three variables.

Freshman Notes.

We had a test in History last week we also had a few written lessons.

We were very busy last week we have been having strong lessons in Algebra, working problems by means of the equation.

We also had a strong test in spelling the latter part of the week.

We have had strong lessons in English, including the work of writing themes.

Seventh Grade Notes.

We had a strong test in spelling last week.

In arithmetic we have finished plastering, painting and kalsomining. We are getting along splendidly with our work.

In History we have finished the study of the founding of all the New England colonies and are now taking a general review.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's evidence from this locality doubly proven.

George Valdez, 364 De Vargas St., Santa Fe, N. Mex., says: "I suffered with soreness in the small of my back and through my lower limbs. When I retired at night I couldn't rest and mornings I was lame until I was up and around for a few hours. I used Doan's Kidney Pills and they helped me very quickly.

This week we will be extremely busy in order to make up the time to prepare for our Christmas program.

This week we are indeed glad to state that Professor Osborne is back again with us, we like it better, not because Miss Osborne could not teach but it is a pleasure to us to see them both together in our school room.

The regular plan of work outlined in our daily program will now be adhered to since Professor Osborne has returned.

Professor Osborne will give us some interesting talks about his trip to the National Capital which will be very entertaining as well as instructive and beneficial to us in our work.

The pupils of Miss Wood's room rendered a Thanksgiving program Wednesday afternoon Nov. 26.

NOTICE OF PENDENCY OF SUIT.
State of New Mexico, County of Mora, In The District Court.
Manuelita S. Salazar, Plaintiff,
vs. Benjamin Salazar, Defendant.
No. 2633.

The defendant, Benjamin Salazar is hereby notified that a suit has been commenced against you in the District Court, Fourth Judicial District of the state of New Mexico, sitting within and for the County of Mora by said Manuelita S. Salazar, plaintiff, wherein plaintiff prays that she be granted an absolute divorce from said defendant on the grounds of cruel and inhuman treatment, etc., for a division of the community property and to such other and further relief as to the Court may seem meet and proper. That unless you enter or cause to be entered your appearance in said suit on or before the 10th day of January, 1920, judgment by default and decree pro confesso therein will be rendered against you. That plaintiff's attorney is Luis E. Armijo, whose post office address is Las Vegas, New Mexico.

Dated, November 26, 1919.
(Seal) FABIAN CHAVEZ,
Clerk, District Court.

TUBERCULOUS SOLDIERS NEED SPECIAL NURSING

Seal Sale of December 1st to 10th Will Furnish Special Nurse for Work Among Discharged Soldiers.

Figures compiled by the American Red Cross show that 1,417 New Mexico boys were discharged from the army and navy because of physical defects, and that of this number 408 were tuberculous. This is in addition to the men who were rejected by the draft boards. The figures given only include men discharged after they entered the service.

The New Mexico figure being discharged because of tuberculosis is astonishing. This is nearly twice the proportion for Indiana, Illinois and similar states. It shows clearly that tuberculosis is on the increase among the native people of this state. Those afflicted were not easterners nor the children of people who came here for lung trouble. Over 50 per cent are Spanish-American names. Not a single county escaped. The percentage was especially large in Taos and Rio Arriba counties, which have been shielded from health seekers coming into New Mexico from other states.

To stop this spread of the white plague, the New Mexico Public Health Association hopes to receive through the sale of Red Cross seals enough money to hire a specially trained tuberculosis nurse who will take up each one of the 408 cases among the soldiers and see that these boys are not becoming a menace to their community and that they are receiving the care which will enable them to regain the health they sacrificed in the defense of their country.

SEALS ARE ALWAYS SIGNS OF HAPPINESS

Other Emblems Bring Thoughts of Battles, Carnage and Suffering.

Red Cross Christmas seals have one characteristic which no other emblem can claim. They have always been associated with happiness and victory. The flags of many nations have been lowered in defeat. They bring memories of battle and carnage. Even the flaming symbol of the American Red Cross is associated with suffering and privation. But the Christmas seal, which bears both the American Red Cross emblem and the double-barred Red Cross of the National Tuberculosis Association, has always been the sign of cheer, of Christmas joy, of success in the fight against tuberculosis and other preventable disease.

The Christmas seal is a peculiarly appropriate holiday greeting. It bears a message of "Peace on Earth, Good Will Toward Men," but also carries the emblems which mean an end to disease. The two crosses it bears remind those who see it that in the midst of holiday cheer it is well to remember those unfortunate who are suffering from tuberculosis and those whose ignorance of health matters may make them early victims of the disease.

The seals will make possible a strong campaign against tuberculosis in New Mexico since 91 per cent of the money received from their sale will remain in the state for health work.

LOST.—A light overcoat between depot and stockyards. Finder please return to depot and receive reward.

J. B. Myers

IN THE PROBATE COURT

State of New Mexico, ss
County of Mora.

In the matter of the last will and testament of W. A. Bigby.
