

WJO Philanthropy

Gifts to the University of New Mexico Department of Orthopaedics and Rehabilitation allow us to provide support for students and faculty in their research and education. Because of these gifts, we are able to teach and train residents, fellows, and other students to become capable and trusted physicians. Below are ways we have been able to utilize your support in the past:

SANDIA ORTHOPAEDIC ALUMNI SOCIETY

By supporting the Sandia Orthopaedic Alumni Society, you will help to enhance orthopaedic resident education and expand educational resources and opportunities.

CENTER OF EXCELLENCE RESEARCH PROGRAMS

By supporting the UNM Center of Excellence you will aid in providing academic training for clinicians and researchers, featuring leading-edge virtual reality teaching opportunities. The site is also serving as an innovation center to engage the community in understanding treatments and research, and where future partnerships can flourish.

PM&R RESIDENT EDUCATION PROGRAM

By supporting the Physical Medicine & Rehabilitation residency program, future PM&R leaders will be trained in an inclusive environment that reflects New Mexico's rich cultural diversity.

3D PRINTING FUND

By supporting the 3D printing fund for Covid-19, UNM will receive funding to respond to the Covid-19 effort.

MEDICAL STUDENT RESEARCH FELLOWSHIP YEAR

By supporting the medical student research fellowship year, this allows one student with an interest in orthopaedic surgery to be mentored by orthopaedic faculty and become an integral member of the research team while preparing for a future career in orthopaedic surgery.

PHYSICAL THERAPY PROGRAM & PROFESSOR BETH MOODY JONES ENDOWED SCHOLARSHIP FOR PHYSICAL THERAPY

Your gift to the Department of Orthopaedics and Rehabilitation Division of Physical Therapy at UNM helps students become the most expertly trained, compassionate medical caregivers possible and supports our researchers who are looking for better therapeutic methods for our patients. The Professor Beth Moody Jones Endowed Scholarship for Physical Therapy will support UNM's most outstanding physical therapy students in their final semester.

UNM HOSPITALS (UNMH): CARRIE TINGLEY HOSPITAL

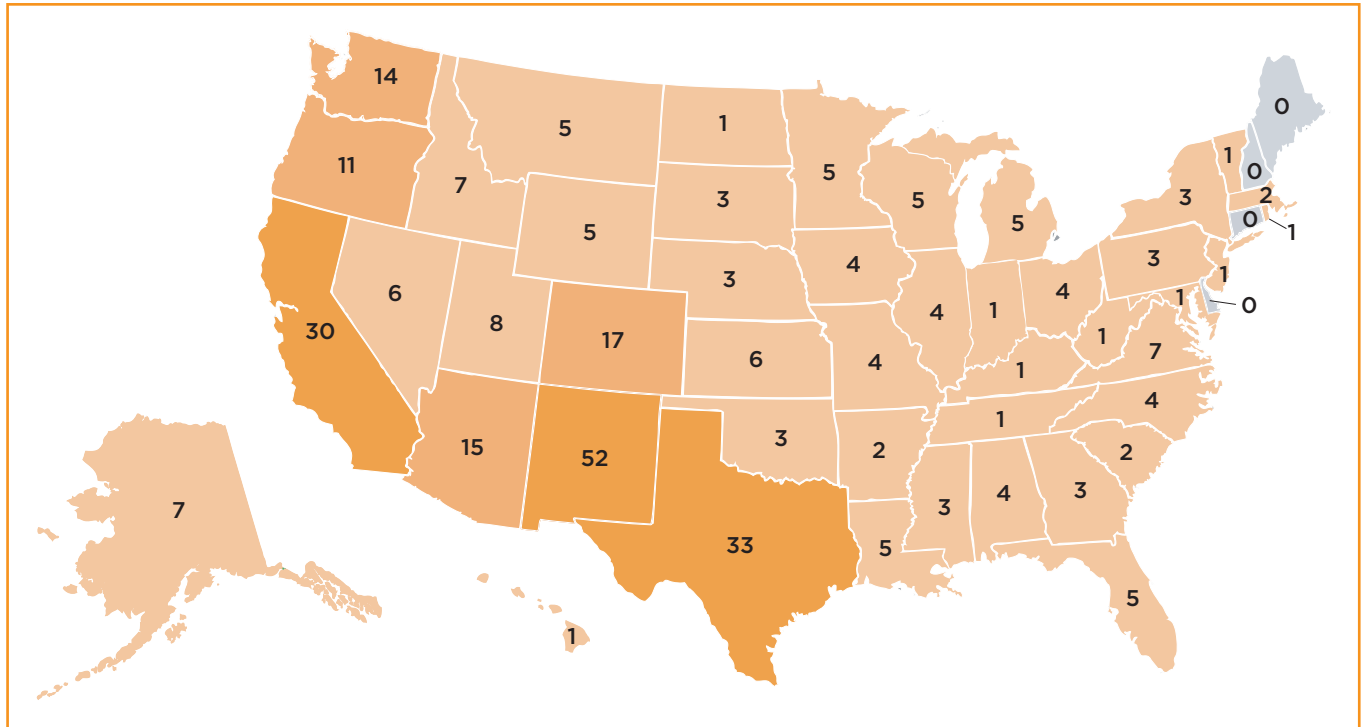

For more than 70 years, Carrie Tingley Hospital has provided caring, coordinated healthcare to children and adolescents with complex musculoskeletal and orthopaedic conditions, rehabilitation needs, developmental issues, and long-term physical disabilities. Carrie Tingley Hospital is the only pediatric rehabilitation hospital in the state, housing a 24-bed inpatient unit in the Barbara and Bill Richardson Pavilion at UNMH. Carrie Tingley Hospital conducts more than 21 specialized clinics ranging in emphasis from brain and spinal cord injuries, development and neurological conditions to juvenile arthritis and clinical genetics. It also provides numerous therapy rooms, gait labs, wheelchair evaluations, and braces/prosthetics.

If you would like to donate or learn more about these initiatives, please visit:
