A Murderer in North Dakota Sentenced to Hang.

TERRIBLE BLIZZARDS IN MICHIGAN.

Vernon, Nov. 24.—This is a day of mourning for the whole of Vernon county and all business is suspended to attend the funeral of Gen. J. M. Rusk. Hundreds came to the funeral and many Masons and veterans attended. Gen. Beck and staff arrived at noon. Ex-President Harrison, ex-Attorney General Miller, Senator Vilas and other prominent men arrived at near two o'clock. The services were simple and all the family were present. The last request of the dead statesman was that his friend, Dr. Butler, of Madison, should preach the funeral sermon. He did so in an eloquent eulogy. Rev. Butler is eighty years of age. The procession to the grave was a mile in length. At the grave the U. S. A. R. veterans fired a salute. The Masonic funeral ritual was repeated at the grave.

Milwaukee, Wis., Nov. 24.—It is given out that as a result of pointed representations from one of the largest breweries in the city the engineers and conductors recently discharged by one of the roads entering Milwaukee, will be reinstated in their positions with a warning that hereafter they must give such places a wide berth. It is said that the influence used by the brewery is in the nature of a threat to train freight business, representing several hundred thousand dollars annually, to a competing line. The employees involved had no explanations or denials to offer, in view of the fact that they were spotted by kokah bands who secured unimpeachable evidence against them by means of vest button kokahs.

English Tin Plate Workers.
London, Nov. 24.—At a demonstration yesterday of the tinplate workers at Maesteg, Wales, Lewis Richards, the president of the association, said that the workmen had entered upon a period of trouble and distress, when the wage earners would suffer much through no fault of their own. He believed that the remedy for the poverty caused by trade depression was combination. There were, he said, more hopeful signs for their trade in America just now as a result of prospective tariff reduction, and he trusted that as a result there would be a long period of prosperity before them. These remarks were greeted with loud applause.

Trial of the Assassin.
Chicago, Nov. 24.—It has not yet been decided whether application for a change of venue will be made when Patrick Prendergast, the assassin of Mayor Harrison, is arraigned for trial next Monday, although voluminous papers to that end have been prepared, the ground advanced being that public sentiment is such in Cook County as to make it impossible to find an impartial jury.

This conclusively settles the question of superiority. Dr. Wiley reported the alum powder, stating to the World's Fair jury that he considered them unwholesome.

Steel Mills.
Pittsburg, Nov. 24.—It was reported today that a new deal has been made by the steel rail combine, and that further slashing of prices had been stopped. Within the last few days, it is said, an agreement was made by the steel rail makers, by which the output is to be restricted to the actual wants of the trade, and prices are to be kept up at a remunerative though conservative basis. This will remove the element of uncertainty in regard to prices which, for 1894, it is reported, have been fixed at \$24.50 a ton, or \$25 at tide water. When asked about the cut, Secretary Lovejoy, of the Carnegie company, reiterated his refusal, made of late, to talk on steel rails.

Baltimore, Md., Nov. 24.—Responding to the address issued last week by Cardinal Gibbons the clergy and laity of this diocese are making efforts to secure a fund towards the cost of the residence in the city of Washington for Apostolic Delegate Sattoli that shall exceed the contributions of any archdiocese in the country for that purpose. In other words, they seek to make the offering of the jurisdiction of the Cardinal the banner fund, and one which will entitle it to go at the head of the list. The collection is to be taken up two weeks from next Sunday, and at every mass as well as vespers on the day after to-morrow the Cardinal's address will be read to the congregations.

No Change.
Buffalo, Nov. 24.—This is the sixth day of the strike and it shows but little change. The Coal Oil Rubbers.

Editor Citizen:

Since writing yesterday I have been making some calculations as follows:

There are consumed in Albuquerque and vicinity fully 300,000 gallons of coal oil and gasoline. The average cost will not exceed 10 cents per gallon, which would be \$3,000,000, and it is now sold at 25 cents per gallon, which would amount to \$7,500,000 leaving a profit, less expenses, of \$4,500,000 and as expenses will not exceed \$7,500,000 a clear profit of \$3,750,000.

Quite a nice little sum to be saved and this is not all as this company has a monopoly of the trade in all paints, oils, and turpentine, which will more than pay all the expenses of the company at this station. If this money was made by our merchants, who live here and spend the profits of their business among us and assist in building our city, paying taxes, etc., it would be quite another thing, but this greedy corporation does nothing towards public enterprise and pays no taxes worth mentioning, in fact it is a curse to the community which we should rid ourselves of without delay. Let us organize a consumers union any at once. Now is the time. Every month's delay is costing us fully \$4,000,000 as the above figures are all in favor of this rotten corporation.

Consolidation.

Entertainment.

The winter season may be said to have been opened in social circles last evening with the very pleasant entertainment at the residence of P. H. Kent, esq., given to the Orpheus club by Miss Margaret Kent and Maggie Lee. The club opened the program with "Annie Laurie," followed by Miss Kent, who played the violin.

Finally, Prof. Munoz gave several selections on the guitar. Mrs. W. A. Sanders rendered a vocal selection and Mr. W. Barker gave a selection on the piano. Miss Lee sang, as did Mr. Dupuy. All the selections were warmly received and encores often responded to. Mr. John Stone's recitation added much to the enjoyment of the evening, and a repeat, which followed the entertainment was fully appreciated. In addition to the members of the Orpheus club, the guests were Judge Lee and daughter, W. C. Hadley and wife, Miss Merritt, Miss Connelock, Miss Hubbard, Miss Halley and the Messers Lee.

Papers Issued.

Governor Thornton issued requisition papers to Sheriff Campbell, of Apache county, Arizona, and that officer will deliver the same to Sheriff Yarnall for the person of Manuel Baca who is in the county jail on a charge of grand larceny. The sheriff was instructed by the court to deliver the said Baca, if wanted, thus saving Bernadillo county further expense in the case.

Baca is a desperate customer, and says he will make more money out of the other who attempts to take him to the Apache county jail. He is wanted for horse stealing, and Sheriff Campbell will see that Manuel is carried for to a prison cell at St. Johns, Apache county.

"The Noble Art of Self Defense."

Set forth by an authority.

Self defense is instinctive. Persons who find themselves afflicted with heart disease, palpitation, short breath, irregular pulse, pain in side or shoulder, another, fainting or dizziness, etc., naturally desire a defense against what may terminate fatally. For this express purpose, remedy has been approached by Dr. Miles' New Heart Cure, sold by Dr. Thos. H. Burgess & Son as a guarantee. Mrs. O. F. Perkins, of Northwood, Ia., says Dr. Miles' New Heart Cure saved her life. She suffered from palpitation and her heart would frequently beat as high as 125 a minute. Was not expected to live. Was a mere skeleton, no relief from physicians. Now Heart Cure cured her.

The brown mare, Vera, a four-year-old by Strawberry, made a record recently on the Anconida track, Battle City, Montana, of 2:12 1/4 for 1 mile. The animals were purchased here at 1.25 per lb. and attracted attention during their brief stay at the depot, though only a few could be seen.

Mania for Whorl Fiddle.

The Kinell Cunningham, shrewdly contented himself with a new phase today that he had approved the bond offered by Mr. Kinell, that it will be recommended, was for \$10,000 and it was prepared on the strength of the action of the county board in directing the removal of Sheriff Cunningham and appointing Mr. Kinell sheriff in his place—New Mexico.
