BELEN, NEW MEXICO, JANUARY 7, 1915

NUMBER 4

Russian Intention is to Strike Hungary

Time is Ripe for Invasion of Transylvania Is Belief of Experts and Czar-men are Expected to Grasp it.

London, Jan. 6.—The crushing blow the Russians appear to have dealt the Turks in the Caucasus, and the further advance of the French in Alsace on the road to Muelhausen, continue to hold the foreground in the war news today in the absence of any other important developments, east or west.

Petrograd reports that the Turkish army defeated at Ardahan (forty miles northwest of Kars) which is distinct from the forces reported to have been crushed or captured at Sari Kamysh, was today completely surrounded and being harassed by Russian cavalry and "doomed to inevitable extermination."

While there has been virtually no change to the west of Warsaw, it is the opinion of British observers of events that the Russian general staff is giving many indications of an intention to strike a heavy blow in Hungary. With Bukovina occupied, the time is ripe for an invasion of Transylvania, an eastern province of Hungary bordering on Rumania. Nearly three million of the population of Rumanian stock. According to a contention of the allies, these people may be expected to seize the opportunity to throw off the rule of Austria and unite with Russia.

A dispatch from Paris states that developments "of the highest importance" are imminent in Rumania. A dozen French and British newspaper correspondents left Paris today for Rumania by way of Bulgaria.

Indians Not Exempt.

The attorney general, in an opinion, Tuesday, informs R. G. Marmon, of Laguna, that he knows nothing which should exempt, able-bodied Pueblo Indians from the road tax. While the roads on Indian reservations are not under state control and Indian lands are exempted from state taxation, and under congressional authority alone, Mr. Clancy believes that the Indians are subject to taxation for the support of roads outside their own lands under the state laws. The police judge at Laguna advises his people not to pay tax.

SCHOOL NOTES

Prof. R. R. Larkin, of Las Vegas, who has taught for a number of years, and at present actively engaged in educational work, and he has made several visits to Belen in connection with the schools, was in town last Monday and made some very pleasant and encouraging remarks concerning our schools, and expressed a belief as well that in the near future the people would become more interested and give more attention to the education of the young. "The High School and Manual Training department is a good step," said Mr. Larkin, "and I think that Mrs. Braumbach as well as Professor Fox ought to be highly commended for their efficiency and painstaking, is one, that should be appreciated; there is a great need of a County High School building for as it is now, it is very inconvenient, both for the teachers and the pupils, also, there should be more teachers for as a rule, one teacher should not attend to any more than thirty pupils, and they cannot conveniently do so and I think the people of Belen will agree with me that conditions should be bettered for the teachers as it will be of great benefit to the entire community." Mr. Larkin is a member of the Board of Regents of the Agricultural College of Las Cruces and is prominent throughout the state.

Several improvements have been made in the Belen Public and High school, during the few last months, industrial work has been introduced, among the different branches are mechanical drawing, blacksmithing and wood work. It is evident that Mrs. Braumbach and Prof. Fox are doing all within their power for the betterment of the school, and we may quote Prof. Fox as saying "we are doing all we possibly can do to put athletics in a good footing, several new games have been introduced, we now have five teams of basket ball, vally ball teams and a very good track team, the motive for all this is to insure attendance and cut tardiness, to stimulate in the children an interest for the school, and all we ask for our labors is that the people may appreciate it and help us by cooperating with us in our efforts to have a better school."

The night school at this city opened last Wednesday night,

and the subjects which will be taught are as follows: Mechanical drawing, wood work, blacksmithing, physical culture, short hand, arithmetic, bookkeeping, spelling, music, spanish, parliamentary practice.

Prof. Melvin Fox will take charge of the mechanical drawing, wood work, and blacksmithing; Mr. Hoffman will teach the physical culture. Miss Iowne Braumbach will teach the short hand; Miss Fortny will take charge of the arithmetic classes, Mrs. Braumbach will have charge of the bookkeeping and spelling classes and Mrs. Melvin Fox will teach music both vocal and instrumental.

It is looked upon as a very probable possibility that Mr. Bonifacio L. Lucero will in the near future take charge of the spanish classes.

For the benefit of the ladies of Belen, Miss Nelson will give a lecture in Domestic Science every two weeks.

Rev. Garevich, Doctor of Science will teach a scientific class.

School will be in session Mondays, Wednesdays and Fridays, from 7 p. m. to 9 p. m. Classes will do 40 minute periods, three periods will be had each night.

Election Law Not Clear.

That there is nothing in the present election laws of New Mexico relative to the issuance of certificates of election to persons elected to office; that that law is not at all clear on the subject of canvassing the vote on candidates who run for office in more than one county, and that there is nothing on the subject of how to proceed in ascertaining the result of the vote on a constitutional amendment, are assertions made by Secretary of State Antonio Lucero in a supplement to the biennial report which he recently submitted to Governor McDonald.

The supplemental report is made by Mr. Lucero for the purpose of recommending the revision of the present election laws, and of calling the attention of the legislature to present legislation in relation to bonds of treasurers of the state institutions and boards, to the end that amendments or additions may be made.

Concerning the election laws, Secretary Lucero says that the provisions referred to "are in some material respects vague and uncertain," and that "there are many conflicts which should be corrected." In canvassing the results of the last election, he states that the canvassing board was forced to proceed in accordance with the judgment of its members, backed by recommendations of the attorney general. His recommendations to the legislature follow:

That provision be made for the canvassing of the returns for state and district officers, including senators and member of congress, by the state canvassing board, and that the vote for

county and legislative officers be canvassed by the county commissioners of the respective counties.

That ballots of voting on proposed constitutional amendments be furnished to the counties by the state, and the vote canvassed by the state canvassing board.

That the law be made explicit as to when constitutional amendments adopted shall take effect.

In connection with amendments or additions to the legislation now governing the giving of bonds by treasurers of state institutions and boards, Mr. Lucero submits the list recently prepared at his request by Assistant Attorney General Harry S. Clancy. The list shows the amounts of the bonds required, and the institutions (State College and Military institute) in regard to which there is at present no legislation.

EXODUS OF TROOPS FROM COLORADO UNDER WAY

Fifth and Eleventh Cavalry Moving Out of Strike Zone; Fire Arms Not to Be Given Back.

Trinidad, Colo., Jan. 5.—The departure from the Walsenburg district today of the Fifth U. S. cavalry en route to barracks at Fort Leavenworth, Kansas, will be followed tonight or tomorrow morning by the second squadron of Eleventh U. S. cavalry of Fort Oglethorpe, Ga., from the Trinidad district.

The second squadron is composed of troops E, F, G, and H and has been stationed at Sopris, Segundo, Monson and Rugby.

Tomorrow troops I and L of the third squadron, Eleventh cavalry, will entrain and the following day troops K and M of the same squadron.

The first squadron with machine gun troop and regimental headquarters will depart from the district Saturday and Sunday.

Fire arms surrendered to the federal army authorities in the southern Colorado strike zone in response to a proclamation of President Wilson on May 8 will not be turned back to the owners. The guns have been shipped to Ft. Logan, Colo. At the headquarters of Col. Lockett here it was stated that no assurance had been given by the war department that the fire arms would ever be surrendered them. There were turned in the period of disarmament more than 3,000 large arms, about 2,000 small arms, six machine guns, and several hundred rounds of ammunition.

Mr. Bonifacio Lucero, a first-class jeweler and watchmaker, hailing from Santa Rosa, has removed his family and place of business to this city, and will make his future home in our midst. What has been a loss to Santa Rosa society and business, is a great gain and acquisition for our city.

Black Smallpox Spreads Death in Vera Cruz

Trains of War Victims Add to Horrors of Epidemic in Mexican Seaport. Villa-Zapata Forces Defeated.

Washington, D. C., Jan. 6.—Black Smallpox has broken out at Vera Cruz and the tropical town is in the throes of an epidemic, American Consul Canada today reported to the state department. Carloads of dead and wounded from the battle of Puebla were being brought in today. The consul's only information from Carranza sources was that Villa Zapata troops had been heavily defeated.

Rear Admiral Howard, commanding the American squadron on the west coast of Mexico, today reported conditions favorable at San Blas, where he had been instructed to protect a German colony at the request of the German embassy here. He has withdrawn the gunboat Annapolis to Manizillo, but ordered the cruiser Raleigh to stand off San Blas. The town is in the possession of the Villa forces who have been joined by the Carranza garrison.

Details of the battle of Puebla supplementing the news dispatches of last night from Vera Cruz, were given today in dispatches dated January 5 to the Carranza agency here.

"General Obregon is in complete control of the city and its environs," the dispatches said. "Forty field pieces were used in shelling and the withering fire soon had the defenders abandoning their positions. The cavalry charged the defenders, corraling them in the center of the city. The entire garrison was made prisoners."

Exportation of Mexican Cattle is Prohibited.

El Paso, Texas, Jan. 6.—General Villa has issued an order, effective today, prohibiting the exportation of all cattle from territory controlled by the convention forces. This drastic action was taken, it was said, for fear of a meat famine in northern and central Mexico. It strikes not only all foreign and Mexican ranchmen, but the Villa cattle concessionists here who have received a large export tax.

It is believed that 8,000 Villa troops on their way to Sonora to assist in the Naco campaign, have crossed from Chihuahua

RAILROAD NOTES.

There will be an illustrated lecture entertainment at the Santa Fe Reading Room next Saturday night by Albert James Norton. Subject: Mexico from Hidalgo to Carranza.

P. J. Nowers, of Topeka, Kansas, S. F. traveling car agent was in town, Wednesday, on business, from here he was to go to Albuquerque.

Mrs. Chapman, wife of Mr. Chapman, S. F. reading room agent who has been ill for several weeks, has quite recovered and is able to be about.

Mr. Jones, of the water service has been in Belen for the last three days, coming down from Albuquerque to make needed repairs on water pipes in both the Harvey house and reading room.

Ed. Gor, formerly of Belen, was in town from Clovis during the early part of the week with a light engine.

Emeric Caujstock, R. and F. of E., was in Belen yesterday on business.

Mrs. Miller, wife of H. C. Miller, will give a dinner party to her many friends, next Friday night, among the guests will be Mr. and Mrs. Cassel and Mr. and Mrs. Chapman.

Conductor C. Houpp has lately been transferred and hereafter will run from Gallup to Albuquerque.

City by way of Madera, Chihuahua, and thence overland, instead of via Juarez, and Casas Grandes. General Villa is expected here today to confer with General Scott. Provisional President Gutierrez, of the convention, has repeated his order to Governor Maytorena to desist from further attacks on border towns until completion of the Scott-Villa conference here. Villa has remained silent on the matter.

County School Superintendent Saturnino Baca, went to Los Lunas on business, last Monday.

A plan is now being considered to finance a National Marketing Association. The idea is to work through the various organizations of farmers and to assess a sum not to exceed two cents per acre for this purpose.

Read the advertisements of the local merchants that appear in THE BELEN NEWS, and make a fire with that big catalog from the mail order houses. You are simply making a fool of your self when you buy from one of the out of town houses, you are assisting that much in lessening the chances of making this a better town to live in. You are making your money here from the people who make their money here and spend it out of town you are a detriment to the town, and the town would be better off without you.

The weekly publisher of today that successfully builds a circulation and maintains it must of necessity print the very best paper possible. Readers are getting to the point where they demand it. It is not enough to give town and county news, and nothing else. To reach out and cover a larger field the paper must stand for a principle worth while, and the wide-awake editor realizes this.

NEW MEXICO'S TIMBER WEALTH.

According to statistics just issued by the United States forest service there is in the national forests of New Mexico an aggregate of fifteen billion feet of merchantable saw-logs and in Arizona nineteen billion feet. On this basis it is estimated that an annual production of two hundred million board feet is assured so long as the timber can be protected from forest fires. At present the total amount cut under free use, local sales and general markets amounts to only slightly over three million feet. It is clear that the annual cut in New Mexico and Arizona can be more than doubled without endangering the productivity of the national forests of these states.

HELP KILL UNJUST BILL.

The following letter from Mr. Bruce B. Gaumer, manager of the Union County Journal, Marysville, O., is on a subject of interest to all publishers: Publishers' Auxiliary, Chicago, Ill.

Gentlemen: The writer has received word from Congressman S. D. Fess to the effect that a bill by Mr. Adair has been included in a bill which will be reported shortly from the committee on railroads, making it legal for newspapers to exchange advertising for railroad mileage. If this bill is reported from the committee there is no reason why it should not pass.

You will doubtless understand that this is a matter of vital importance with all country newspapers, and I do not believe that many of them are aware that such a bill is now so close to passage in congress. It has occurred to me that if you would make mention of the facts in the Auxiliary, with a possible suggestion, if you see fit, that the newspapers write their congressmen, it will help much.

Since the railroads began their retrenchment policy they have practically ceased using the newspapers for advertising. The bill making this exchange illegal, passed some seven years ago, was the most unfair and unjust law ever placed on the statute books and can be accounted for in no way except that of the political paranoia which existed about that time.

I am certain that a little publicity in the Auxiliary at this time in regard to the matter will be sufficient to arouse enough interest among newspapermen to make the passage of the bill very probable.

Thanking you in advance for anything you may do in the matter and trusting I am not presuming in calling your attention to the situation, I am

Yours very truly,
B. B. GAUMER.
Manager Union County Journal.

There is no question of the injustice of the law which denies a publisher the right to exchange space in his paper for any commodity that he may desire, including railroad transportation. A united effort on the part of the publishers of the country will do much to effect a passage of the Adair bill repealing this law.

New Mexico Display Now Completely Installed.

"I believe our showing here means much more to New Mexico than any citizen now suspects or comprehends," says Fayette A. Jones, president of the New Mexico School of Mines in a letter to Governor McDonald concerning the New Mexico building and exhibits at the San Diego Exposition. "The New Mexico germ is decidedly contagious," he continues,

"and has become an epidemic which is certain to affect the whole of the United States by 1916."

President Jones went to San Diego to arrange the New Mexico mineral exhibit, and remained for the opening of the exposition. The remainder of the letter reads as follows:

"We have practically finished the installation in the New Mexico building, and I assure you we have the best and most unique display on the grounds. We are making a better showing than some states that have expended five times what we have spent. Our mineral display is most certainly the best ever seen on the Pacific coast, and any state would feel proud of it. The building and contents form a museum of art and education."

At Work on Message.

Governor McDonald is now working on his message to the legislature, and expects to finish it before the end of the week. It will not be delivered before Wednesday; the first day the legislature meets. The first day will be devoted to the organization of the two houses.

18 Convicts Leave.

The congestion of the state penitentiary is being relieved gradually. Eighteen more convicts left last Sunday night for the road camps at San Marcial. They were accompanied by the camp foreman, W. R. Smythe. They will bring the total number of convicts at the camp up to 43. There still remain some 300 prisoners.

MIND YOUR BUSINESS.

(By Hiram Wallace)

I believe the farmers in all parts of the country pay too much attention to other peoples' business and not enough to their own. The farmer must understand that his farm is a manufacturing plant and that he is a business man the same as any other individual who is engaged in turning out a finished or partly finished product. Farming therefore is a business. It needs attention and a lot of it if the plant is to be efficient and the product is to be marketed for what it is worth. But the farmer is not minding his own business. He lets another man make the prices—fix the rates he is to receive for the output of his plant. The fellows in the cities, the stock-yards men, the ware house men, the cold-storage men, the commission men, the butter, milk cheese and egg men, these are the persons who fix the prices the farmer is to receive and the prices the retailers are to pay. And you may be sure that between these two prices there is a comfortable profit for the man in the middle although all that he does is to

HELP WANTED—MALE OR FEMALE

Bring along the undertaker;
Bring the butcher and the baker;
Fetch the dry goods man, the cloth and the draper.
Bring the preacher and the loafer,
With the teacher and the chauffeur,
And let them tell us how to run the paper.

Why sure! Any one can do it.
It's a cinch. Pooh! Nothing to it.
It's a pudding job, a sinecure, a snap.
It's a simple proposition.
That requires no erudition.
An experience,—It isn't worth a rap.

So trot out the clerks and brokers,
Call the engineers and stokers
And bring the politicians off the street;
Fetch the 'busman and the plumber
With the ad man and the drummer
And we'll have them tell us how to run the sheet.

Won't it be a great convention?
'Twill attract world-wide attention.
What suggestions! What motions! What decrees!
But for fear there'll be confusion
Let us mention, in conclusion,
That we'll run the thing exactly as we please.

E. F. MCINTYRE.

NEW TEXAS COAST TRAIN TO OPARATE ON BELEN CUT-OFF

Assistant Traffic Manager
Gives Figures on New
Schedule as Applying to
Albuquerque, Gallup and
Belen.

In a letter received Monday
by the state corporation com-
mission from John J. Byrne, as-
sistant traffic manager of the
Santa Fe system at Los Ange-
les, that official says:

"With the change of schedule
on or about January 31, we ex-
pect to put on trains Nos. 21
and 22, which we will operate
between the California and Tex-
as points, and which will run
via Belen."

Mr Byrne submits in his let-
ter the probable time of trains
under the new schedule at Al-
buquerque and Gallup at the
time of the new train at Belen
and Gallup. The latter is ex-
pected to leave Belen at 5:30
p. m., and reach Gallup at 9:40
p. m., westbound, and to leave
Gallup, eastbound, at 7:13 p.
m. arriving at Belen at 11:45
p. m. The probable hours of
the other trains follow:

Train	Lv.	Ar.
	Albuquer-	
No.	que	Gallup
9	12:20 a. m.	5:10 a. m.
7	9:35 a. m.	1:55 p. m.

Starck Pianos

**You Can
Save \$150
By
Buying
Direct
From Our
Factory**

30 DAYS FREE TRIAL IN YOUR OWN HOME

You can have a beautiful Starck piano in your own home for 30 days' free trial without paying anything in advance. All we ask is that you will play upon, use and test this piano for 30 days. If, at the end of that time, you do not find it the highest grade, sweetest toned and finest piano in every way, that you have ever seen for the money, you are at perfect liberty to send it back, and we will in that event, pay the freight both ways. This Starck Piano must make good with you, or there is no sale.

Save \$150.00 or More

We ship direct to you from our factory, at prices that save you upwards of \$150.00 in the cost of your piano. We guarantee to furnish you a better piano for the money than you can secure elsewhere. You are assured of receiving a satisfactory sweet toned durable high grade piano.

Easy Payments

You pay no cash down, but after 30 days of trial, you can begin payment on the lowest, easiest terms ever suggested by a piano manufacturer. These terms are arranged to suit your convenience, and you can buy a piano for your home without missing the money.

25-Year Guarantee

Every Starck Piano is guaranteed for 25 years. This guarantee has back of it the reputation of an old established responsible piano house. It means what it says.

Free Music Lessons

To every purchaser of Starck Pianos, we give free 50 music lessons, in one of the best known schools in Chicago. You take these lessons in your own home, by mail.

2nd hand Bargains

We have constantly on hand a large number of second-hand pianos of all standard makes taken in exchange for new Starck Pianos and Player-Pianos.

LOCAL

Very pleasant, indeed. Oh! mud.

District court is in session at Los Lunas.

Our principal streets are not a pleasing sight. Who's to blame?

Attorney M. C. Spicer, of this city, is at Los Lunas on judicial business.

The Postoffice has been removed to the Becker's old drug store building.

John A. M. Ziegler, D. D. Pastor of the Evangelical Lutheran church, of this city, went to Albuquerque the latter part of the week.

The Atchison Topeka and Santa Fe has ordered 100 10,500 gallon tank cars from the Pressed Steel Car company in addition to the 100 recently reported.—Railway Age Gazette.

Dr. A. S. Bright, District Superintendent will preach at the M. E. church Sunday evening at 7:45, at which time the Communion service and quarterly meeting will be held. The usual services will be held in the morning.

Precinct election will be held Monday, Jan. 11th, for the purpose of electing a justice of the peace and a constable. In this precinct the election will be held in Becker's old bank building. Jose Aragon y Gallegos, Jose de la Paz Salas and H. B. Kenebeck will act as judges.

Armed Bandits in Island Defy Sheriffs Posse.

Rockford, Ill., Jan. 5.—Two armed men accused of looting a summer cottage near here tonight, are holding at bay a posse of fifty men on Etnyre's Island, near Oregon, Ill. One of the outlaws is believed to be Joseph Boyer, four times an inmate of the state penitentiary. Two housekeepers in the home of Joseph Coulter, a Chicagoan, are held as hostages, and Boyer, it is said, has told the sheriff that he will injure them if the house is rushed.

The home held by the outlaws is on an island in the Rock river. The posse started to cross the river this morning but rifle shots prevented them from landing on the island. The sheriff left a guard and returned for help. When he reached his office, a telephone call came and Boyer spoke into the telephone.

"Tell the sheriff I'll kill the people in the house if he starts shooting," he said. "I'll make a good job of it."

The posse returned to the island and to await daylight, when they expected the besieged men to make a dash for liberty.

Inevitable Finis of a Love Romance.

It is always the same old story, it may be older than the pyramids, yet it seems so new; I am not trying to tell you the love story of Romeo and Juliet or the adventures of Don Juan, although, I might just as well, for it savors of both, you may have heard of it, and you may not, for such news travel with lightning wings, nevertheless, here it goes: Prof.

Melvin W. Fox, of the Belen high School took his holiday trip to Los Angeles, Calif. And what about that? Professors may take holiday trips as well as anybody else. Yes, that's true, but, that is not all. He returned home, but, not alone, he has brought with him a most charming young lady, Miss Louise Crooks, to whom he was married on Christmas eve, in Los Angeles. It had its beginning when going to the same school and graduating at the Mt. Pleasant Normal school, and later, both served in the Philippines and finally Mr. Fox proved to be, a cunning sly fox.

WITH THE CHURCHES

CATHOLIC CHURCH,

Nuestra Señora de Belen

Low Mass every day in the week at 7 o'clock a. m.

Sundays: Low Mass at 7, High Mass and sermon at 9 a. m.; Rosary and Benediction of the Blessed Sacrament at 2 p. m.

SEXUAL KNOWLEDGE

ILLUSTRATED 320 PAGES

Tells all about sex matters; what young men and women, young wives and husbands and all others need to know about the sacred laws that govern the sex forces. Plain truths of sex life in relation to happiness in marriage. "Secrets" of manhood and womanhood; sexual abuses, social evil, diseases, etc.

The latest, most advanced and comprehensive work that has ever been issued on sexual hygiene. Priceless instruction for those who are ready for the true inner teaching.

This book tells nurses, teachers, doctors, lawyers, preachers, social workers, Sunday School teach-

ers and all others, young and old, what all need to know about sex matters. By Winfield Scott Hall, Ph. D., M. D. (Leipzig).

Newspaper Comments:

"Scientifically correct."—Chicago Tribune. "Accurate and up-to-date."—Philadelphia Press. "Standard book of knowledge."—Philadelphia Ledger. The New York World says: "Plain truths for those who need or ought to know them for the prevention of evils."

Under plain wrapper for only \$1.00. Coin or Money Order, postage ten cents extra.

Silence and Speech

For centuries the Sphinx has been the world's Symbol of Silence.

Through passing generations, in silent eloquence; this mute monument of the desert has guarded its secret.

A silent, solemn sentinel in the trackless sands, this stately record of a dead race has become a symbol to all nations.

Just as the ancient Sphinx is the world's Symbol of Silence, the modern telephone is the world's Symbol of Speech.

In every civilized land the telephone is in constant use by millions of people.

Last year nearly nine millions of people in the United States used it every day.

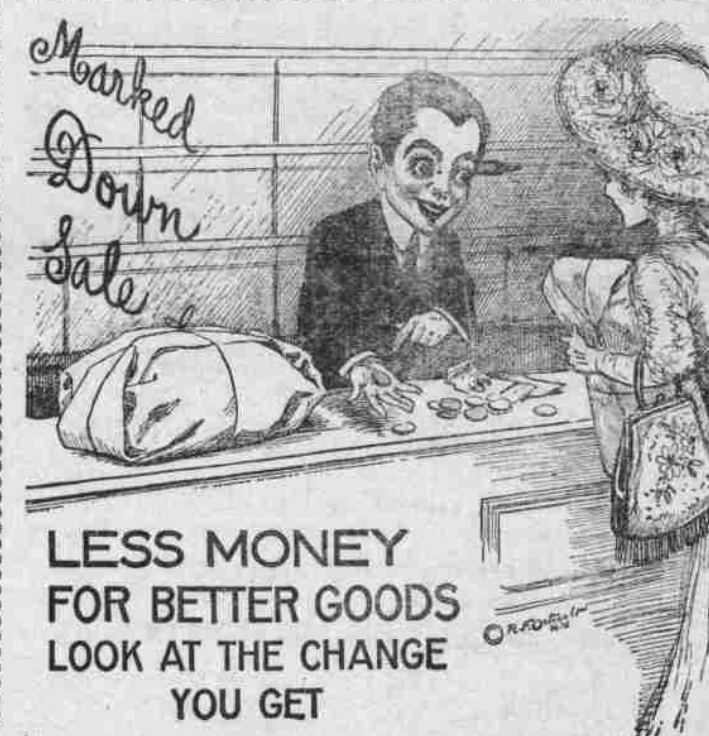

Over a million messages were sent over your telephones right here in the seven mountain states.

Such a vast and complete system, usefull to all the people alike, is only possible through the combination of capital, skill and labor of a big corporation.

The Bell System has become one of the biggest and most useful corporations, in the United States because it serves all the people.

The Mountain States Telephone and Telegraph Co.
