Carnegie Was To Be Killed

Police Get All Details and Carefully Trap the Plotters in the Church

NEW YORK, March 2.—Arrests are being made this afternoon as a result of a plot to dynamite St. Patrick's cathedral today and cause the death of hundreds of worshippers. The dynamite plot is said by police headquarters to have been intended as the first step toward inaugurating a reign of terror of New York. Andrew Carnegie, John D. Rockefeller, sr., and John D. Rockefeller, jr., and scores of other wealthy men were to have been put to death. Detectives have been keeping in touch with the plot for months, having worked their way into the inner circle of anarchists.

Banks were to have been blown up and looted, people slain on every hand, and gangs were to have run riot in the streets, killing and pillaging.

PRISONER CONFESSES

It was announced at police headquarters this afternoon that Frank Abarno, bearer of the bomb, had made a confession in which he admitted the existence of the plot to begin a reign of terror and assassination.

DETECTIVE HELPED

A detective, Frank Baldo, assisted in the manufacture of bombs with which the attempt was made today to blow up the cathedral. The detective accompanied the bomb thrower to the edifice and sat with him while he lighted the bomb and hurled it at the altar.

800 PEOPLE IN CATHEDRAL

Immediately the cathedral, in which 800 persons sat at worship, became alive with detectives, whose presence had been unsuspected by the bomb carrier. Baldo, sitting beside him, placed him under arrest; detectives sitting in the pew behind dashed into the aisle and stamped out the sputtering fuse. The congregation hardly realized what had happened until it was all over, and there was no panic. At police headquarters the prisoner said he was Frank Abarno, a lithographer, 24 years old.

NEWSPAPER MEN ASK FOR BREAD AND GET STONE

Gentlemen of the Press Likely to Get in Class of White Slavers and Be Run Out of State.

SANTA FE, March 1.—"If this bill becomes law it will be almost a felony to publish a newspaper, or at least to mention any name in it," said Mr. Toombs tonight upon the passage of H. B. 38, the libel bill by Mr. Montoya of Bernadillo. "It is likely to rob most of us in the legislature of the pleasant notoriety which we have been receiving." The bill passed by a majority of 33 to 6, but in an amended form.

The bill increases the maximum penalty for malicious and willful libel to five years in the penitentiary, and the maximum fine to \$3,000.

The measure is not to apply to libels committed prior to its passage. Another amendment provides that a newspaper may be sued not only in the county of its publication, but also in the county in which the complainant resides.

Those who voted against the bill were Messrs. Abeyta, Chaves of Torrance, Eaton, Francis, Fleming and Jaquez.

The will, it is alleged was taken from the Fairfax county, Virginia court house during the civil war, and eventually found its way to the late Pierpont Morgan's collection of historical documents.

Villa Troops Execute Cervantes, an American

Cervantes, an American citizen born of Mexican parents in the United States, was executed at San Luis Potosi by order of Col. Nemesio Reyes, a Villa official, according to advices received here by owners of the Chamberlain estate, of which Cervantes was manager.

Cervantes had been ordered by Gen. Avilla, of the Carranza forces, to cut wood on the estate to provide train fuel. He was executed by the Villistas for complying with the order.

Some Difference

Being decoyed into believing that the two check forgers were sick and on their way to the hospital, the people of Portales, subscribed \$40 to purchase two tickets to send them to the hospital and gave them extra spending money.

The following day the court in Curry county sent them to the penitentiary and deprived them of their tickets. The money for the tickets will be refunded and the question is now to whom does this money belong? This is a good one on the people of Portales.

She said the papers had been taken from her trunk in the basement of the hospital. Two men, the woman told the police, have followed her nearly around the globe since she came into possession of a fortune through the death of her father and an uncle. She said she thought they were responsible for the alleged theft.

Odd Bits of News

Percival C. France, aged 40, could not stop crying and so he ended his life with a bullet.

B. F. Magnin, heard a noise in his back yard. He investigated and found his pet cat in a fight with a two pound snapping turtle. The cat was uninjured.

Leslie C. Wilder, received a check for a \$2250 legacy for which he had been fighting for thirteen years. The excitement was so great that he dropped dead with the check in his hand.

Because work was slack, Francis D. Bear, grave digger, committed suicide by inhaling gas.

A complete skeleton of a cave bear that is said to be 200,000 years old was found recently in an excavation near here.

An offer of \$15 a quart for blood for transfusion caused a panic in a bread line here. Thirty men were accepted by the physicians making the offer.

On board the yacht with Mr. and Mrs. Alfred C. Vanderbilt, who with their two sons, Alfred and George are on an eight week's cruise to California, by way of the Panama canal, is a cow to furnish fresh milk for the party and specially for the two youngsters of the family.

A moral wave has stuck here and as a result the girls in the high school basketball team no longer wear bloomers, but "make the baskets" in full skirts. The school board notified the girls they could not use the name of their school in their games so long as they wore bloomers.

The first girl to arrive in a family in four generations or about 120 years, was born to Mr. and Mrs. W. A. Cunningham. In each generation for the past century sons have been born into family and have carried the name of Cunningham into many States, and the birth of the first girl is an event of no small importance.

Monterey Battle Denied By Villa

His Officials Declare False, Carranza Claim That They Are Shelling City

OUTPOST fighting between Gen. Obregon's northern advance towards Queretaro and the southern movement of Villa forces from that city is reported in advices received by Carrancistas here. The fighting, according to these advices, has resulted in the hasty withdrawal of Gen. Villa and a considerable number of his troops from the Guadalajara section, as it was feared their line to Aguascalientes would be cut should the Carranza advance extend to Trapatu, the junction point.

Villa officials state that there has been some skirmishing around San Juan del Rio, south of Queretaro, but deny that Villa is quitting Guadalajara. Both Colima and Manzanillo are still being attacked, according to the latest advices received by Villa officials; and no indications of an abandonment of the campaign have been received.

THE MONTEREY CAMPAIGN

Conflicting reports regarding the Monterey campaign continue. According to the Villa advices, Gen. Felipe Angeles, Villa commander at Monterey says it is quiet. Carrancistas, on the other hand, continue to receive advices from Laredo telling of the continued bombardment of the city. These reports state that the attack which began from the north, is now being carried on from three sides and that an attempt is being made to cut the Monterey-Torreón railroad. Reinforcements from Matamoras have arrived, the Carranza commander says.

ZAPATISTAS DEFEATED

Zapatistas operating near Mexico City were decisively defeated Monday, according to reports from Veracruz to Carranza officials here. The Zapatistas made an attack in the vicinity of Churubusco under Gen. Iriarte, but were driven off, Gen. Iriarte being killed in the fight. Numerous prisoners and a considerable supply of ammunition were captured.

Kills The Living; Preserves The Dead

Jackson, Miss., March 1.—The Mississippi supreme court today upheld the May-Mott-Lewis laws prohibiting the keeping of intoxicants in the clubs. In decision the court quoted the following:

"Whiskey is a good thing in its place. There is nothing like it for preserving a man when he is dead. If you want to keep a dead man put him in whiskey, if you want to kill a live one put whiskey in him."

VIOLATIONS OF NEUTRALITY, IS FEDERAL CHARGE

Hamburg-American Line And Five Men Must Answer for Alleged Infringement of U. S. Laws

NEW YORK, March 1.—The Hamburg-American line and five men, one of whom formerly held high offices under the German government, were indicted by the federal grand jury here today on charges of having conspired to defraud the United States government. This was done, the indictment alleges, through false statements, false clearances of vessels from American ports and false manifests of cargoes with the intent of having the vessels proceed to places other than those mentioned in the clearance papers and there deliver supplies to ships belonging to a foreign government.

Two indictments were returned, each of which names as defendants the Hamburg-American line and the five individuals. The latter are Carl Buentz, director in charge of the New York office of the Hamburg-American line and former German consul general at New York; George Kotter, superintendent of the American steamship Lorenzo, which was surprised and captured by a British cruiser while coaling the German cruiser Karlsruhe; J. Pappinghaus, otherwise known as Walter Oppenhouse, supercargo of the American steamer Berwiad, which cleared for Buenos Aires but arrived at Rio Janeiro two weeks overdue, and Adolph Hachmeiser. The indictments state also that the alleged conspiracy included other persons unknown to the grand jury. All five of the individuals named will be arraigned for pleading in the United States district court here tomorrow.

BLIND TIGERS ON WINGS

Forecasting legislation which
may have to be enacted by
"dry" States in order to uphold
their Prohibition laws, the State
Senate of Virginia on Saturday
adopted without a dissenting
vote resolutions offered by Sen-
ator Saxon W. Holt of Newport
News.

These resolutions make an
open season against all individ-
uals operating airships engaged
in the transportation of liquors
into "dry" territory. The pro-
tection accorded even to "or-
namental and useful birds" will
be lifted and hunters will be at
liberty to fire on the airships
just as if they were predatory
birds.

Senator G. Walter Mapp of
Accomac, leader of the "dry"
force in the last legislature, im-
mediately saw the trend of the
resolution and moved its adop-
tion. Senator John A. Lesner
of Norfolk, leader of the Senate
"wet" forces or local optionists,
caught the humor of the resolu-
tion and voted "aye."

The resolution grew out of
news from Ohio that an enter-
prising liquor-dealer of that state
was preparing to get around the
strong Prohibition laws of West
Virginia, recently held constitu-
tional, by transmitting liquor
from Ohio into West Virginia
by aeroplane. The senators of
Virginia regretted that West
Virginia was to be invaded by
a wet aerial fleet.

The preamble and resolution
adopted ran thus:

"Whereas, The General As-
sembly of Virginia has
learned with regret certain
citizens of the State of Ohio
have undertaken to convey
intoxicating liquors to the
citizens of our sister State
of West Virginia by means
of an aeroplane; and,
"Whereas, We deplore the
fact that one of the cherish-
ed industries of said State
of Ohio appears to be up
in the air; and,
"Whereas, We sympathize
with the suffering citizens
of our said sister State of
West Virginia because of
their liquor coming so high;
and,

"Whereas, We feel that such
an underhand and over-
head method of irrigation
should not be encouraged,
lest some of the inhabitants
of our own Commonwealth
of Virginia, after the first
day of November, 1916,
should acquire the habit of
grazing upon the sky and
thereby walking unsteadily
upon the earth; therefore,
be it

"Resolved by the Senate of

Virginia, the House of Dele-
gates concurring, That the Gen-
eral Assembly of Virginia warns
all persons who may contem-
plate the transportation, from
any point beyond the borders of
this State to any point within
the same of ardent spirits, malt
liquors, wines or other liquor
containing alcohol by means of
aeroplanes, balloons, Zeppelins
or other aircraft, that should they
embark upon such a flighty en-
terprise at any time, but more
especially on or after the sacred
and memorable first day of No-
vember, 1916, then in that
event the protection by law for
buzzards and other ornamental
birds will be held not to apply
to such purveyors of contraband,
but that there will be established
an open season of continuous
and unlimited duration for hunt-
ing all such aerial intruders,
provided such hunting be done
in good faith for the purpose
of destruction and not for the
purpose of acquiring the spoils of
the chase; and

"Resolved, further, That all
the good people of Virginia are
earnestly enjoined never to take
a drop from any of the aero-
planes, balloons, Zeppelins or
other aircraft aforesaid, as the
fall might be disastrous."

Senator Andrews of Roanoke
said he thought the resolution
should be amended to provide
that liquor could not be brought
to Virginia by means of pipe
lines and subterranean springs.

Big Business

Big Business does not always hold a menace

Sometimes it is a necessity and works for the welfare of the public it serves
Handling a million telephone messages every day is the biggest kind of Big
Business

Our task would be easy is this million messages were evenly distributed
during each twenty-four hours.

But the telephone business doesn't work that way; people use the telephone
when they want to and we must be ready to serve them when they want to
be served

In one single hour every morning, "the busy hour," over one hundred and
twelve thousand telephone messages pass over our wires

It is our task to provide switchboards, equipment, apparatus and operators
to meet the needs of this "dusy hour" and to handle each call as soon as it
is received

A good part of this expensive equipment is not in use during the rest of the
day, but it must be ready for use when needed

All of these things cost money—big money—and a portion of this big in-
vestment brings no return during many hours of the day

Combinations of capital and combinations of brains, industry and labor
make Big Business

It is only because of this kind of Big Business that such investments and
such service are possible.

COMMON SENSE

Longfellow could take a worthless piece of paper and write a poem on it and make it worth \$65,000—that's genius. There are some men who could write a few words on a piece of paper and make it worth \$8,000,000—that's capital. The United States can take an ounce and a quarter of gold and make it worth \$20—that's money. A mechanic can take material worth \$5 and make it into watch springs worth \$1,000—that's skill. There is a man in Chicago who can take a fifty cent piece of canvas, paint a picture on it, and make it worth \$1,000—that's art. A Greek can take an article worth 75c and sell it for \$1—that's business. A woman could purchase a hat for 75c but prefers one worth \$27—that's foolishness. A ditch digger handles several tons of earth for \$1.50 a day—that's labor. The author of this can write a check for \$9,000,000, but it wouldn't be worth a dime—that's rough. There are people who will tell you that other papers are as good as this—that's nerve. Take \$2,000 and get a year's subscription to the BELEN NEWS—that's common sense.

BILL'S IN TROUBLE

At the request of many subscribers we republish the following poem which appeared originally in the Denver News.

I've got a letter, parson, from my son away out west,
An' my ol' heart is heavy as an anvil in my breast.
To think the boy whose future I had once so proudly planned
Should wander from the path o' right an' come to sich an end!
I told him when he left us, only three short years ago,
He'd find himself a-plowin' in a mighty crooked row—
He'd miss his father's council, an' his mother's prayers, too,
But he said the farm was hateful, an' he guessed he'd have to go.
I know thar's big temptation for a youngster in the west,
But I believed our Billy had the courage to resist;
An' when he left I warned him o' the ever-waiting snares,
That lie like hidden serpents in life's pathway everywhere.
But Bill he promised faithful to be keeful, an' allowed
He'd build a reputation that'd make us mighty proud;
But it seems as if my counsel sort o' faded from his mind,
And now the boy's in trouble of the very wustest kind.
His letters come so seldom that I somehow sort o' know'd
That Billy was a-trampin' on a mighty rocky road.
But never once imagined he would bow my head in shame
A'n in the dust'd waller his ol' daddy's honored name.
He writes from out in Denver, an' the story's mighty short,
I just can't tell his mother, it'd break her poor ol' heart;
An' so I reckoned, parson, you mighty break the news to her—
Bill's in the legislature; but he doesn't say what fur.

MINUTES Of The Valencia High School Board

State of New Mexico,
County of Valencia

January 29, 1915.
At a meeting held by the members of the Valencia County High School Board for the purpose of selecting a school site to erect said school building, the meeting was called to order by County School Sup't. Saturnino Baca acting as chairman. It was decided that the County School Superintendent, the chairman of district No. 2, in which the High school is located and the other two members shall constitute the board to select the site, having had but a few offers it was asked by John Becker, jr., to give more time to make some offers and then the school board decided to postpone the selection of the school site until Monday, February 1st, A. D. 1915.

RAMON BACA Y CHAVEZ, Chairman.
DANIEL ROMERO, Secretary.

February 1st, 1915.
At the adjourned meeting, the meeting was called to order by County School Sup't. Saturnino Baca, after the meeting was called to order Sup't. Baca announced that he was ready to receive any and all offers that the people were ready to make, he also announced that he was ready to hear any suggestions that the people were willing to make, there was one offer made by Gabino Gilbert offering about four acres of land and saying in his offer that he was willing to donate one acre and that he would sell the other three for \$300.00. John Becker, jr., representing John Becker, sr., offered three sites free of charge to the district, at the same time he asked for more time to see if they could have better offers for the High School site, at this time it was announced by Sup't. Baca that all of the offers be made in writing and the board decided to defer action until Saturday February 13, A. D. 1915, it was also decided that a notice will be put on both papers El Hispano Americano and The Belen News asking the people to bring their offers in writing up until 2:30 P. M., the 13th day of February A. D. 1915.

RAMON BACA Y CHAVEZ, Chairman.
DANIEL ROMERO, Secretary

On February 13, 1915 at the adjourned meeting from February 1st, A. D. 1915, the meeting was called to order by Sup't. Saturnino Baca, and the people were asked by Mr. Baca to present their offers and suggestions in the matter of the Valencia County High School site, John Becker Sr. made three offers the three are marked in red ink on the map of the Belen Townsite & Improvement Co. and two thousand dollars besides with either one of the three offers if it was accepted by the board. Gabino Gilbert made an offer of a tract of land taking all of his land west of ninth street to the west end of his land and south of Gilbert Avenue as far as the public crop road, this were all the written offers presented to the board. Ruperto Jaramillo offered verbally a piece of land adjoining one of John Beckers offers, Desiderio Sanchez offered one acre verbally near the round house. Julian Tafuya verbally offered one acre of his land, A. Didier offered a piece of his land in conjunction with the Gilbert offer, then the public meeting was adjourned and the board took the matter under consideration, after having discussed everyone of the offers and having taken every point under consideration and discussion, having made a score on points for every one of the places, found that on account of sanitation, firmness of the ground building and being higher so that the building will never be flooded on account of the rain or a break of a ditch and the finding that all of the other offers were on low ground and very close to the water, the board decided by a unanimous vote to take the Gabino Gilbert offer together with the Didier offer and to buy a piece of ground in conjunction from Juan Baca, being that the Gilbert offer is about four acres it was accorded to make one more acre from the Didier offer and

buying that piece from Juan Baca which will make about five acres in all for the High School site, this being the unanimous choice of the board on the selection of the school site.

It was further accorded that a deed will be required from each one of the people donating land for the Valencia County High School site.

In testimony whereof we put our signatures this 13th day of February A. D. 1915.

Belen Hospitality

The Albuquerque Journal throws to the people of Belen the following nice bouquet:

The members of the Albuquerque Business college basketball teams who went down to play the Belen team last Monday could not say enough on their return in praise of Belen hospitality.

From the moment of their arrival the town was turned over to the visitors to do with it as they pleased. A chicken dinner, served by the ladies of Belen in honor of the Albuquerqueans was one of the most pleasing features of the trip. The Commercial club was placed at the disposal of the guests, with all its delightful privileges. After the game there was a dance, and another dance at the club completed one of the most delightful rounds of social entertainment that any of the visitors have ever known.

The business college teams went to Belen on a special car, and in every particular the trip was a memorable one.
