WANTS HISTORICAL MUSEUM FOR LINCOLN

Bill Introduced by Representative Wetmore Provides for Preservation of County's Historical Resources.

OLD COURT HOUSE AND GROUNDS MENTIONED

There has been much favorable comment here upon the bill recently introduced by Representative Ira O. Wetmore which provides for the establishment of a historical museum in Lincoln county.

The full text of the bill is as follows:

Section 1. There is hereby established the Lincoln Historical Museum, which shall be located in Lincoln county and which shall be under the management of a board of control consisting of five members to be appointed by the governor, all of whom shall be residents of the state.

Sec. 2. The governor shall be ex officio a member of the board of control with full power of membership. No member shall receive any salary or compensation for services performed as a member of said board of control, and each member as soon as appointed shall subscribe to an oath for the faithful performance of his duties. Said board of control shall assemble at Lincoln within 90 days after the passage of this act and organize by the election of one of its members as chairman and another as treasurer. The treasurer shall execute a good and sufficient bond to the state in a sum of not less than \$500. At the annual meeting of said board the accounts of the treasurer shall be audited and all valid accounts approved. Three members of said board shall constitute a quorum but a less number may adjourn from time to time. The board shall provide proper rules and regulations for its own government. Members shall hold their office during a term of two years.

Section 3. The sum of \$10,000 is hereby appropriated out of any funds in the state treasury for the purpose of renovating, repairing and restoring the buildings and the grounds upon which the same is located, known as the old Lincoln county court house, for the purpose of installing therein in a proper scientific manner any and all collections of articles and things of historical interest in this state and for the care and preservation of any and all articles or things of historical interest and value which may be received, collected or donated, as hereinafter set forth; provided, that the board of county commissioners of the said county of Lincoln shall within 60 days from and after the passage of this act and the going into effect thereof, by good and sufficient deed, transfer, set over and give to the state, for the

purposes hereinbefore stated, all of the said real estate, building and property known as the Lincoln county court house, situated in the town of Lincoln, the sufficiency of said deed and transfer and gift to be first passed upon by the attorney general of the state.

Section 4. Immediately after the organization of said board of control, as hereinbefore provided, notice shall be given in the public press of the fact that said board is ready to receive for deposit in said historical museum any and all collections or other articles of historical interest, either by way of donation or gift or loan, which any person may see fit to have installed in said museum for the safe keeping and proper maintenance thereof under the direction and charge of said board; and said board shall, when said building has been renovated, repaired and restored and rendered fit for the purpose, proceed to install therein any and all such collections or individual articles of historical interest, and shall keep and maintain an accurate catalog and list thereof and shall keep said building open and all such collections and articles available for public inspection at all reasonable times.

Sec. 5. Said board is authorized to receive for the benefit of the state for the purposes of said historical museum any and all donations of cash or endowments in land or other property to be used for purposes strictly germane to museums of this character.

"Sec. 6. There is hereby provided an annual appropriation of \$5,000, or so much thereof as may be necessary for the proper care and collection of articles of historical interest or moment, the equipment and installation thereof, the publication of historical monographs upon subjects of historical interest and for all incidental expenses necessary for the proper administration of said museum.

"Sec. 7. The appropriation specified in Section 6 hereof shall be available on the first day of January and July of the year 1918, and on the same days of each year thereafter; and the auditor of the state is hereby directed to make a sufficient levy on all property subject to taxation in the state each year in order to realize said sums provided, and to direct the collectors of taxes to collect the same at the same time and in the same manner as other taxes are collected, and when the same shall have been collected to pay the same over to the state treasurer, who shall deposit the same in an account to be known and kept by him as the Lincoln Historical Museum Fund; and the said auditor shall draw his warrants on such funds, when available on vouchers properly signed by the secretary and the treasurer of said board of control, and the state treasurer shall pay the same on presentation thereof to him.

CARD OF THANKS

I wish to return my heartfelt thanks to the many generous friends who stood by me, with such unwearying kindness during the time my husband was called upon to suffer before entering upon "the rest prepared for the children of God," and crossed to the "beautiful home over there." Seldom have any in need of sympathy and the most devoted friendship, received so full a measure of the best fruits of the human heart. From first to last it was one unceasing routine of kindness and attention and the gloom of death was conquered by the warm radiance of the love bestowed upon the one who has gone before. All that human power could do to alleviate suffering and mitigate sorrow was done. Nothing that skill could suggest or love supply was wanting, and the altar of friendship was even laden with its holiest incense. May the bread they so lavishly and generously cast upon the waters return to them after many days and He who "tempers the wind to the shorn lamb" protect them from all harm and long shield them from the sorrow, sickness and death incident to humanity; and when they come, as come they must to one and all, may they be sustained and comforted by friends as noble, generous and devoted. More, I could not ask; more, friendship could not give.

I also especially wish to tender my sincere thanks to the following for the gifts of many beautiful flowers:

L. O. O. F. Lodge, No 30

Mr. and Mrs. H. B. Hamilton and sons.
Mr. and Mrs. R. T. Lucas

Mrs. Wack
Mrs. Hoffmann.
—MRS. HANNAH LUSTER.

Visiting Methodist Pastor.

Mrs. J. O. Wilson, of Fort Worth, Texas, arrived this week and will spend several days here visiting at the home of her father, Rev. Arthur Marston.

Padagogue Resigns.

Principal Lon Yates, of the Picacho school, has resigned his position, leaving last week for his home in Marshfield, Missouri. The vacancy has been supplied by the appointment of W. O. Deal, of Alamogordo, who assumed his duties Monday of this week.

Preaching in Spanish.

Announcement is made that there will be preaching in Spanish at the church in the east part of town Tuesday evening.

Federal Judge Appointed.

District Judge Colin Neblett, of Silver City, has been appointed by President Wilson as Federal Judge of the State of New

Mexico, succeeding the late Judge William H. Pope, whose death occurred at Atlanta, Ga., several months ago. Judge Neblett has served as district judge for the district composed of Luna and Grant counties ever since statehood and is generally recognized as one of the ablest lawyers in the state.

Has Resumed Studies.

Clarence Spence accompanied his son, Joe, to El Paso Monday where the latter resumed his studies in one of the colleges there. Joe had been here since the holidays visiting home-folks. Mr. Spence returned Tuesday.

Rolland's Mother Here.

Mr. and Mrs. A. J. Rolland are this week enjoying a visit from Mr. Rolland's mother whose home is in Michigan. Before returning Mrs. Rolland will also visit her son, Frank, of Alamogordo.

Bamberger to Markets.

O. W. Bamberger, the efficient manager of the Carrizozo Trading Company, departed Tuesday for points in the East where he will spend several days in the markets making the spring purchases for this popular mercantile establishment.

Missionary Society Meets.

The study class of the Missionary Society of the Methodist church met Wednesday afternoon with Mrs. Arthur Marston and a very profitable hour was spent in the study of the book entitled, "The King's Highway."

Changing Store Interior.

The fixtures have been switched about and the large stock of merchandise at the Ziegler Bros. store has been undergoing a systematic rearrangement this week which presents a very pleasing appearance and will better enable them to display their immense new stock of spring merchandise which will soon be arriving.

Albert Ziegler is now in New York on his semi-annual purchasing trip and his 31 years of merchandising experience in Lincoln county eminently fits him to enable their store to supply their customers with the first and latest the markets afford.

Alamogordo Banker Here.

Clarence Hunter, who is identified with an Alamogordo bank, was in Carrizozo the first part of the week on business connected with the opening of one of our financial institutions.

Would Exempt Improvements

A bill introduced by Representatives Wetmore, Gongales and Llewellyn, in the state legislature and which bids fair to early become a law, exempts improvements upon homesteads, patents pending, from taxation in any manner or form or for any purpose whatever for a period of five years from and after January 1st 1917. The bill has passed the house and is now in the Senate by suspension of the rules.

SECOND CLUB IN STATE ORGANIZED AT OSCURO

Audubon Societies Promise Proper Protection to Birds and Create Interesting Diversity in Public Schools.

LINCOLN COUNTY MAY SET PACE FOR STATE

It is gratifying to know Lincoln county has at least one Audubon club.

The Audubon Societies are formed for the purpose of disseminating knowledge about birds, as well as to seek measures for their protection and preservation.

These societies take their name from James Audubon, the great American ornithologist, a native of Louisiana. His writings published both in this country and Europe, won for him undying fame. A letter from Oscuro addressed to County Superintendent J. E. Koonce, follows:

"Will you be interested to know that our school has organized a Junior Audubon Club for the protection of wild birds? We have a total membership of twenty-four, and are doing good work.

"The following officers were elected at our organization meeting: president, Thelma Perret; vice-president, Dave McDonald; secretary, Gladys Thornton; treasurer, William Corwin. The club meets every two weeks—on Friday afternoons during the language periods. Thus it correlates with language. Leaflets are read through by each pupil before the class meets, and special topics that have been previously assigned are then discussed. Reports are heard from any pupils concerning birds they have observed while coming to and going from school. A contest between the boys and the girls has been inaugurated in which they are competing in the greatest number of birds noticed and named.

"Since we think we are the second club in the state we are glad to report its work."

Superintendent Koonce says let this good work continue and is anxious to know what school will be next to form such a club in this county.

To Attend El Paso High.

Mr. and Mrs. H. B. Hamilton and two sons, Wayne and Mayo, left for El Paso Thursday where Wayne will be placed in the high school to finish the 1916-17 term. Mr. and Mrs. Hamilton and Mayo expect to return to Carrizozo in a few days.

Dr. and Mrs. Watson Move.

Dr. and Mrs. T. W. Watson have moved into the Spence property in the Western part of town, having recently disposed of their handsome residence across the street from the courthouse to J. B. French.

WHO'S GOT THE "KALE?"

We are told that there is more
money in the country today than
ever before in our history. Pos-
sibly so, but WHERE IS IT? Is
it in the banks, or in the hands
of BORROWERS? In either
case it is not in the hands of the

mass of the people.

Borrowed money is not an as-
set. It is a liability, and the
heaviest kind of one.

Chew these facts for a while,
and see how they digest:

How often can the three-dol-
lar-a-day man with a family af-
ford eggs at 50 or 60 cents a
dozen, as they are in all the
large cities?

How many porterhouse steaks
can he afford at 75c.

With flour at something like
\$10 a barrel, and potatoes at \$2
and \$3 a bushel, and even the
humble corn meal up in the
clouds, how much can that large
family afford to eat?

With clothing, shoes, grocer-
ies—with everything usable up
in prices and wages still down,
how often is the poor man going
to eat, and WHAT is he to eat?

Yes, there are millions—even
billions—of money in the country
but it is in the hands of the few,
while the many must be content
with envy and longing.

The average wage earner is to
be pardoned an occasional cuss
word when he reads of the gold-
en stream that is "pouring into
the people."

He would even like to be one
of "the people."

Human nature hasn't become
so trustful that a fair majority
of us don't raise our eyebrows a
little when some poor victim just
elected treasurer of an impover-
ished organization blossoms out
in a new suit.

Correspondents are warned
not to send us any poetry for
publication. The people won't
read ours and we'll be everlast-
ingly hoodooed if we are going
to make a poetical reputation for
any other fellow.

Twenty-three operations are
said to be necessary in the wash-
ing and ironing of collars. But
in "operating" on ours the laun-
dries seem to use only two—just
tear and rip them.

Testing the Lines

In our endeavor to furnish continuous and dependable telephone service,
we necessarily perform tasks with which the public generally is not familiar.

Subjected, as is telephone equipment, to the every whim of the elements,
a continual watchfulness upon our part is necessary to provide against any
interruption of service.

Disturbances are many and varied, a snow storm in the north, a cloud
burst in the south, all tend to interrupt service to a greater or lesser degree.

In order to detect any disturbance which may have occurred during the
night, early each morning, before the traffic of the day commences, capable
employees in all parts of our territory are engaged in the testing of all toll
lines in our system.

These tests are made to determine the location of any irregularities, our one
desire being the establishment of continuous and uninterrupted service by the
time the business life of our territory requires it.

The maintaining of continuous service is one of the many problems of our
Company and one that is rarely considered by the telephone using public.

AKS PEOPLE IN AUTO ACCIDENT

Mr. and Mrs. C. D. Mayer, of White Oaks, met with quite an accident while driving out to their ranch on the west side of Carrizo mountain Saturday. In crossing the automobile tram or cattle guard at the Moss place on the Nogal road, the flimsy structure gave way letting the car drop into the pit, smashing things up generally. The occupants of the car were thrown forward with a terrific force, Mrs. Mayer's face being thrust through the glass windshield. Severe cuts and bruises about the head were sustained. Mr. Mayer was badly shaken up tho receiving no severe scratches or cuts.

Dr. and Mrs. Whitacre packed up their plunder, their pharmacy and pill factory and pulled out for Ancho a few days ago where they will make their future home. The doctor is now in the employ of the Ancho brick plant and will in the future look after the health of its employees as well as seeing to the long life of that growing community. He has enjoyed a phenomenal success in his practice here and our people regret to see him leave while many good wishes will follow them to their new field.

Geo. Queen and family, accompanied by Mrs. Queen's mother, Mrs. Biggs, returned Saturday from an extended trip through Southwestern New Mexico and Arizona by the auto route. They report the winter much milder down there than here.

Mrs. Wm. Watson has been called to Roswell by the serious illness of her mother, Mrs. R. E. Lund.

The last heard from Judge Hewitt he was sitting under a

palm tree down on the gulf coast of Florida fanning himself with an alligator's wing and watching the sea nymphs comb their sun-burned hair. Writing to a friend here he characterizes that one of the most desolate looking countries on the planet—worse than the worst of New Mexico, only on the opposite order. There it is all water and fog instead of sun, shine and sand. He thinks if they would build their houses on piling high enough to keep the crocodiles from climbing in and taking forcible possession and ship in enough soil to make things grow they might make something out of the climate. Well, it is to be hoped the Judge may be more lucky in his quest than was the Spanish adventurer Ponce de Leon, and find that Fountain of Perpetual Youth somewhere down in those Florida marshes and drink of its waters to full restoration of health and finally come back to the old town smiling and all worked over.

Mr. Albert Ziegler is in New York on his semi-annual purchasing tour

THIS is a custom with us as old as the store itself. Twice each year Mr. Ziegler personally visits the New York markets. He is there now making purchases of goods for the Spring Season, thus insuring us the "First and the Latest."

31 years of merchandising in Lincoln county makes him eminently fitted to choose "Merchandise of Merit," peculiarly suitable for our patrons.

We buy standard goods of standard houses only. Nothing is too good.

With the incoming of new and novel dresses, coats, waists, etc., within the next few weeks, we promise the ladies of Carrizozo and Lincoln county an assortment of garments which will be a treat to the eye.

HOMES'KR ARREST ON FORGERY CHARGE

F. L. McDaniels was arrested in one of the local saloons by Sheriff Hyde Tuesday upon information received the first part of the week from Sheriff Porter of Swisher County, Texas, stating that McDaniels was wanted there upon charges of forgery. McDaniels came to Carrizozo about three weeks ago ostensibly to file on land. Hearing that he was in the region of the head of the mal pais Sheriff Hyde embarked upon his trail which led back to Carrizozo.

It is alleged that McDaniels admitted he forged a check for \$15 before leaving his home at Tulia, but it is thought from information received that there may be more bogus paper charged to him. Texas officers are expected Saturday to accompany McDaniels back to Tulia.

REVIVED INTEREST IN SHEEP

Saving in Feed in Getting Animal
Ready for Market is Big Point
—Plenty of Pasturage.

The renewed interest in the profits of the sheep business has caused a good many farmers to put in sheep instead of cattle. It is easier to do business on a small capital where you are handling sheep. You can take the money used in buying a single steer and buy several sheep, and the saving in feed in getting the two classes of animals ready for the buyer is worth considering. This is noticed in

two ways—in the amount of pasturage required and in the amount of winter feed needed.

In Missouri, Illinois, Kentucky, Indiana and Ohio, wherever there is bluegrass, sheep should be run. These regions are peculiarly adapted to sheep-raising in connection with general farming. The grass comes early in the spring and lingers until very late in the fall. In about three years out of every five the pasturage is such that the sheep can take pretty good care of themselves until well along in the winter. With a pasture of this sort and a cornfield full of soy beans or cowpeas the problem of sheep feeding pretty nearly solves itself.

In this way the sheep-feeding season is greatly shortened and the feeding cost is cut down to a point where it amounts to very little. While you are forced to be shoveling out the corn, the sheep and the cow in the corral, the sheep are muzzling to get along with very little expense to their owner.

SELF-FEEDER IS PROFITABLE

Experiment Made at Nebraska Experiment Station Shows Method to Be Practicable.

That the self-feeder is practicable for lambs is shown by the results of an experiment that has just closed at the Nebraska experiment station. Twenty-eight lambs fed for 40 days by the self-feeder method made an average daily gain of half a pound a head at a cost of \$7.34 for each 100 pounds of gain. The net profit per head was \$14.5. Besides all meal and prairie hay were kept before the lambs and started from the beginning of the experiment. Corn was added the third day, and gradually increased from that time. At the close of the third week the lambs were consuming about two pounds of corn and one-half pound of oil meal per head daily.

At the end of the experiment they were consuming one-half pound more of corn a day and the same amount of oil meal. The average daily consumption of prairie hay per lamb was one-half pound. Corn was valued at 60 cents a bushel, oil meal at \$40 a ton and prairie hay at \$9 a ton.

REAL PROFIT IN LIVE STOCK

Problem of Making Profit is Largely Matter of Making Use of Silage and Roughage.

When you break even on your hedges you are ahead of the game provided you save the manure—especially if you have kept hogs following the cattle. "Saving the manure" doesn't mean saving merely one-third or one-fourth. It means saving all of it, liquid as well as solid.

The problem of keeping live stock with profit is largely a matter of making use of silage, roughage, or bedding, of stuff that is wasted on the average farm.

Weeds and weed seeds, usually counted worse than nothing, may be put on the right side of the ledger by means of a few sheep. Grass makes cheap pork.

Sign of Prosperity.
Improved live stock on a farm is a sign of prosperity. The way to begin is by swatting the scrub sire.

NOTICE.

In the Matter of the Last Will and Testament of Edmund Masie, Deceased.
In the Probate Court, Within and for Lincoln County, New Mexico.

TO WHOM IT MAY CONCERN—
You and each of you are hereby notified, that on the 20th day of December A. D. 1916, there was filed with the court

ty Clerk of Lincoln County, New Mexico a paper writing purporting to be the last will and testament of Edmund Masie, deceased; and that on the 2nd day of January, A. D. 1917, the same being the regular January A. D. 1917, Term of the Probate Court within and for Lincoln County, New Mexico, said paper writing purporting to be said Last Will and Testament of the said Edmund Masie

deceased, was produced and read by said Probate Court; and, that said Court thereupon fixed Monday, the 5th day of March, A. D. 1917, the same being the first day of the regular March, A. D. 1917 term of the Probate Court, within and for Lincoln County, New Mexico, as the day for the proving and probating said paper writing purporting to be the Last Will and Testament of Edmund Masie deceased.

Now Therefore you and each of you are hereby notified that said paper writing purporting to be the last will and Testament of the said Edmund Masie, filed as aforesaid, will be offered for Probate, probated and proved, in accordance with the statute in such case made and provided, on Monday, the 5th day of March, A. D. 1917, the same being the 1st day of the regular March A. D. 1917 term of the probate court, within and for Lincoln County, New Mexico; and, that any and all protests or objections to the Probating or proving of said Last Will and Testament aforesaid, must be filed with the Clerk of this court on or before said day aforesaid on which said Last Will and Testament will be offered for probate, probated and proved.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Probate Court of Lincoln County, New Mexico, this 2nd day of January, A. D. 1917.

When Soft Metal Cuts Hard.

A bar of hard steel is cut rapidly with a revolving disk of soft iron. This is caused by the intense heat produced by the friction; the heat, being concentrated at one point on the steel bar, melts this, while the revolving disk distributes it over its circumference, which is kept cool by the current of air. A bar 31 millimeters thick is cut in two by a disk 30 centimeters in diameter and 2 millimeters thick revolving at 80 meters a second in from eight to ten seconds.

Suggestion for Insomnia.

If troubled with sleeplessness try holding the eyes open instead of keeping them closed. In a short time the lids will droop. Do not allow them to close at once, but hold open until they become tired. Very often sound sleep will come.—People's Home Journal.

Never Besieged.

Petrograd is one of the few European capitals which has never been besieged or captured by enemy forces. May 27, 1703, Peter the Great founded the city by building himself a small wooden hut. In 1710 Count Golovkin built the first brick house, and in the following year the emperor laid the foundation of a house of the same material for his own home, and transferred the seat of government from Moscow to the new capital.

To Relieve Colic in Horses.

In case of colic, rather strong salt water poured down a horse's throat will often afford great relief. Dry salt applied to the back of the horse over the kidneys will also relieve greatly.

Poor Form.

Percy—"I'd sooner go without the money than borrow from such a bouncer as Smith. Why, every time I ask him for a loan he says he's broke, and convinces me that he is."

Sorrow is Rust.

Sorrow is the mere rust of the soul. Activity will cleanse and brighten it.

Best Things.

The best things are not bought and sold.

Cleaning Jewelry.

Make a paste of common soda and gasoline. Rub with a soft brush or cloth, after which rinse in warm water and polish.

About Deep Breathing.

Many people act on the principle that because deep breathing causes dizziness it does not agree with them. But if they will practice the breathing less vigorously they will find that gradually they can take all the deep breaths they want without the slightest discomfort. Take ten breaths in ten seconds and gradually decrease the number of inhalations.

Keeps Trousers in Shape.

A New York tailor is the inventor of a device that prevents trousers bagging at the knees by pulling them up slightly as a wearer sits down.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

High Cost of Paper

Does Not Stop El Paso Morning Times' Great Bargain Offer.

The El Paso Morning Times has announced a great bargain subscription price, good only during the month of February.

The offer is for both new and renewal subscriptions. The regular rate of The Times is \$2.00 per year, 75 cents per month, English edition, and \$2.00 per year, 75 cents per month, for Spanish edition; but during the month of February the following greatly reduced prices are offered: English edition, daily and Sunday, for one year, by mail only \$1.25; delivered by carrier or agent, \$1.50. Spanish edition, daily and Sunday, for one year, by mail only, \$2.00; by carrier or agent, \$2.50. The subscriber saves nearly 50 per cent.

It is an exceptional bargain, because The Times is worth the regular price. The Times pays for, and publishes, more news and special features every day in the year, than any other two papers in west Texas, New Mexico and Arizona combined.

Complete Associated Press service, "covering the world" and correspondents in west Texas, New Mexico and Arizona, and news of Mexico, together with the best features that brains produce, make The Times "The Southwest's ONE BIG Newspaper." A paper to be appreciated by every enlightened family.

Subscriptions are payable to any local Times agent. Ask your postmaster or send direct to The Times.
