Outlaws Shot in Rescue Attempt

Leon Brothers Lose Lives when Confederates Attempt to take Them From Officers

TUCSON, Ariz., April 21.—Two Mexican outlaws the Leon brothers, were shot and killed in a mountain gulch Monday night when confederates tried to rescue them from the hands of Pima county deputies who are attempting to rid Greater Ville, a border community of bad men, according to a report received here. Jose Maria one of the attacking party was wounded and captured. When the deputies went to Greater Ville, to serve a warrant on Antonio Encinas, charged with the abduction of Mrs. Loreta Yanez, Encinas opened fire with his revolver and escaped. Then the Leon brothers, armed, awoke the deputies during the night and ordered them to leave the settlement.

The officers ostensibly started for Tucson, but instead doubled back and arrested the Leon brothers and then took them to a mountain gulch. Fearing attack they set a watch. The rescue outlaw party was taken by surprise and the shooting followed. Sheriff Forbes telegraphed from Greater Ville late last night that Encinas and his band had been located and surrounded in the hills. A posse was sent from here in automobiles to aid in rounding up the outlaws.

Buy it Now

For more than a year the habit of self denial has been practised by the American people. Whatever may have been wanted either in the home, the farm or the shop, the inclination has been to refrain from purchasing. To save, not to spend has been the rule.

The moment has come to reverse the practice. The slogan which will lead to prosperity is Buy It Now!

Never was it truer than at this moment that the prosperity of this people is in their own hands. By their own act they can hasten the end of the existing depression and speed the arrival of unexampled prosperity. That end and that arrival are certain to come in any event, but a wide spread determination to cast off the fetters which doubt and apprehension have put upon us in the past will hasten the day.

The war, coming fast on the heels of new tariff legislation spread far and wide the seeds of business distrust and individual apprehension of hard times. Thrift, a virtue in its place, was carried to the point at which it became vice. Prudence developed into niggardliness; men ordinarily forehanded became misers; the ancient maxim was amended to read: 'Take care of the pennies and lock up the dollars out of use.'

The result has been a financial stringency now happily fast dis-

appearing, and business depression for which no reason longer exists. It is time for people again to resume the habits of life and of business which characterized Americans before this depression set in. We do not counsel extravagance, but we insist that niggardliness is no longer either necessary or helpful—not even to the person practising it. If every reader of this paper, for example, would loosen to the channel of trade \$10 in the next two weeks for things they really need, but have, through fear of the future, been trying to do without, they would be better off, business would be appreciably stimulated, and its revival felt by those who contributed to it.

Well-Known Republican Named, No Reply Has As Yet Been Received

Mr. Bursum Now at Sheep Ranches in Socorro County; Governor in Making Appointment Selects Party Leader Prominently Identified With Tax-Measure Which Bears Name, and Acceptance of Position is Foregone Conclusion

GOVERNOR McDonald Wednesday morning announced the fact that he had tendered to H.

O. Bursum, of Socorro, the position of member of the state tax commission, thus filling one of the vacancies caused by the resignation of Herbert W. Clark, of San Miguel county, and Jose L. Perea.

Mr. Bursum, who is in a remote part of Socorro county overseeing the lambing work at his sheep ranches, has not replied to the telegram tendering him the appointment. The message was sent several days ago. The governor this morning received a wire from Mrs. Bursum to the effect that she had held the telegram, expecting Mr. Bursum to return home, but decided on Monday to send the message out to him, which was done. The governor would not be surprised at further delay in receiving a response as Mr. Bursum is far from limes of communication.

There is believed to be little doubt that Mr. Bursum will accept the appointment. He was one of the republican leaders most active in advocacy of the passage of the Bursum tax measure under which the board is created, and which bears his name. Mr. Bursum on a number of occasions expressed his full confidence in the efficiency of the bill as a remedy for taxation conditions and the governor is said to believe he will be quite willing to demonstrate his faith in the law by assisting in its administration.

No other action has been taken by the governor towards filling the other vacancies. He expects full appreciation of the spirit shown by Mr. Clark in consenting to serve through this week's session of the commission.

A BURDENED PEOPLE

According to a count made in the library of congress recently our federal and state legislatures passed 62,014 statutes during the five years from 1909 to 1913 inclusive. Even greater than this multiplicity of laws was the vast mass of decisions of court of last resort, federal and state, which during the same five years reached the enormous total of 65,379 and now fill 630 volumes.

And yet ignorance of the law—in a thousand volumes—does not excuse. In our day of statu-

making by the rapid-fire process, Thomas Jefferson would have found greater reason than ever for declaring that the country is governed best that is governed least, and for opposing a multiplicity of laws. Not the least discouraging feature of it all is that our statesmen of the "ultra-progressive" variety have counted less new laws still up their sleeves not a few of them revolutionary invasions of the citizens' rights.

If our laws are legion now, what is to be expected when, in times to come, women are sent to legislative bodies by their balloting sisters and enthusiastically apply themselves to the fascinating business of piling up the statutes. The efforts to make man over and thrust into him a thousand virtues by means of the policeman's club, seem to be ominously foreshadowed by Mrs. Pankhurst's confession that women want the ballot in order to "make men chaste." It may be confidently expected that women, more than men, will become addicted to the habit of making new laws aimed at every evil or inconvenience in sight, thus adding enormously to the great mass of statutes which—without previous discussion and criticism of the proper kind—have been enacted in haste, only to be repealed or forgotten as dead letters.

Lighnisg Narrowly Misses State Capitol

Lightning struck one of the Lombardy poplar trees 20 or 30 feet west of the capitol building in the capitol grounds during the storm, Tuesday, and for a few seconds it was thought that two persons in the capitol building had been struck also by the bolt. Mrs. Gutierrez, who has been employed in the capitol, is said to have fainted from the shock and Miguel Chaves, the well known real estate man, is said to have been knocked down.

The lightning did not shatter the tree but cut a two-inch gash in its back from top to bottom.

Distribution of Weapons taken by Federal Troops Commences at Trinidad

TRINIDAD, Colo., April 21.—The distribution of firearms surrendered by citizens of this city in response to a disarmament proclamation of President Wilson, following the occupation of the district by federal troops last May, began this morning at the armory. Lieutenant B. Reed of the Eleventh United States cavalry is in charge of the distribution. Several hundred weapons collected by the army authorities and which have been stored at Fort Logan since the departure of the troops early last January will be given back to the owners.

COMMENCE SELECTING JURY
The work of selecting a jury for the trial of John R. Lawson, international board member of the United Mine Workers of America for District No. 15, who is charged with the murder of John Nimmo, a mine guard, on October 25, 1913, commenced in the district court here this morning. Members of a special venire selected by elisors appointed by the court last week reported. Talesmen were examined by Attorney H. N. Hawkins for the defense and Deputy Attorney General Norton Montgomery for the state.

Oaths in Land Cases

Register Delgado, of the local U. S. land office, at Santa Fe, has received a communication from Clay Tallman, commissioner of the general land office saying: "Section 2294, revised statutes, does not authorize county clerks to administer oaths in public land cases. Hence, to avoid trouble for all concerned, such affidavits when executed before you, should be administered as clerk of the district or probate court and attested by the seal of the court."

Brings Self to Pen

William T. Chenault, who was sentenced in Roosevelt county to serve 8 to 10 months in the pen for seduction and who lost in his fight for a new trial, walked into the state penitentiary today. He carried with him his own commitment papers which he turned over to the warden.

Deputy Sheriff Meliton Torres, of Socorro county, brought Jack Morgan to the pen to serve 9 to 12 months for assault with a deadly weapon.

Ranchman is Thought to Have Met Violent Death

East Las Vegas, N. M., April 21.—Chester A. Hunker, assistant district attorney, and Felipe Lopez, undersheriff, have left for Pecos to have the body of Justo Martinez exhumed for a complete medical examination. Martinez's body was taken from the Pecos river Saturday, according to word which reached here Monday.

Examination at that time showed no water in the lungs, thus precluding the theory of drowning, while the body was covered with wounds apparently inflicted with some blunt instrument. Martinez a well known ranchman of the Pecos section.

Two men whose names are not known here are being held in connection with the case.

The new electric sign in the front window of the Farmer's National bank is attracting considerable attention. The sign is equipped with a series of letters so that any wording desired may be used. Last week it was saying, "Taxes now due, pay at this bank." We are thinking some of borrowing it and putting in the words, "Subscription now due, pay at this office."—Aurelia Iowa, Sentinel.

TOAST TO LAUGHTER.

Here's to laughter, the sunshine of the soul, the happiness of the heart, the heaven of youth, the privilege of purity, the echo of innocence, the treasure of the humble, the wealth of the poor, the bead of the cup of pleasure; it dispels dejection, banishes blues and mangles melancholy; for it's the foe of woe, the destroyer of depression, the enemy of grief; it is what the kings envy peasants, plutocrats envy the poor, the guilty envy the innocent; it's the sheen on the silver of smiles, the ripple on the water's delight; the glint of the gold of gladness; without it humor would be dumb, wit would wither, dimples would disappear and smiles would shrivel, for it's a glow of a clean conscience, the voice of a pure soul, the birth cry of mirth, the swan-song of sadness.

AN EDITOR'S COMMISSION

Says the Litchfield (Ill.) News Herald: Not long ago a man came into this office and stopped his paper because he said it was always printing a lot of things about the same people and he said he was sick of it. Now when something goes wrong with the country the government appoints a commission to investigate and find out what is the matter, and the first thing a commission investigates is the man who made the holler to see if the holler was a reasonable holler. So we appointed a commission of ourselves to investigate this man. We just followed the man's career ever since we knew him. The first that happened to that man was that he was born, but he had nothing to do with it. However, we mentioned him, although his parents were entitled to the credit. When he was in his early twenties he got married. We mentioned that, including the name of the bride, the preacher, etc., in fact we mentioned everything but the preacher's fee, which was not worth mentioning. We never mentioned the fact that he never won any premiums at the county fair, because he never exhibited anything. We never mentioned his name in the list of committees, because he never attended anything. We never mentioned his name in the list of donors, because he never donated as much as a doughnut. We certainly have been treating this man shamefully, but we will agree to run a nice obituary when the time comes.

SPRING RAIN.

It isn't raining rain to me,
It's raining daffodils
In every dimpled drop I see
Wild flowers on the hills.
The clouds of gray engulf the day
And overwhelm the town—
It isn't raining rain for me
It's raining roses down.

It isn't raining rain to me,
But fields of clover bloom
Where any buccaneering bee
May find a bed and room.
A health unto the happy
A fig for him who frets—
It isn't raining rain to me
It's raining violets.

Robert Loveman.

THE ROMAN CATHOLICS OF AMERICA AND THE KNIGHTS OF COLUMBUS

SPEECH OF

Hon. James A. Gallivan

OF MASSACHUSETTS

IN THE

HOUSE OF REPRESENTATIVES

FEBRUARY 4, 1915

(Continued.)

At any rate, we believe there are tens of millions of Protestants whose mentality is still sound and bigots are not going to rouse us to recrimination, resentment, and enmity. We are not going to be made fools by the folly of some fools nor malicious by the malice of some knaves. We believe with Dr. Gladden "We must be friends, Protestants and Catholics. No other relation is conceivable." *

FALSE OATHS CIRCULATED BY KNOW-NOTHINGS.

Far be it from me, Mr. Speaker, to charge any Member of this House with being under the thumb or under the heel of these "patriotic" organizations which are spreading the gospel of hatred and religious anarchy. But every man within the sound of my voice has been either petitioned or threatened by these very organizations or their agents or their publications that his action on this immigration bill will be watched and his political future has been dangled before his eyes should he dare to incur the wrath of the "anti-papal" press—this, press Mr. Speaker, which has so wickedly, yes, so foully, within the recent past given wide circulation to the most heinous, ungodly, un-Christian, yes, a murderous and illegal oath as the one required by the Knights of Columbus from its members. It is an attack against the Catholic and his church, a creation of Know-Nothings, A. P. A.'s, and their allies and successors.

Bigots have read this foul libel and gloated over its expected destruction of the Knights of Columbus; they have passed it to others, circulated it approved it.

Some honest men have read it and been sorely troubled in consequence. It seemed unlike the Knights of Columbus they knew as honest men; yet would men dare publish such a thing if it was untrue? If untrue, would not the Knights of Columbus prosecute their defamers?

What, then, was the duty of the society to itself, to its members, to the host of men who were in doubt.

HOW THE K. OF C. ANSWERED.

Mr. Speaker, permit me to quote from a recent publication issued by the commission on religious prejudice of that great, truly American order just what

actions have been taken to expose these libels. May I ask the Members of this House to these lines most careful consideration?

CONGRESSIONAL RECORD.

Before giving the history of the various prosecutions and activities above referred to for criminal libel in printing or publishing or defaming by means of the alleged oath, we want to answer the foul charge intimating that the Congressional Record of the United States is authority for its genuineness.

Much has been printed by those circulating the bogus "oath" tending to mislead the public into the belief that in some way Congress had found it to be true. So they have referred to the Congressional Record of February 15, 1913, for proof of the genuineness of this "libel."

THE FACT.

In the Congressional Record of February 15, 1913, pages 3215 et seq., appears a report of the Committee on Elections No. 1 on the contested-election case of Eugene C. Bonniwell v. Thomas S. Butler. The contestant has alleged that the circulation of the "oath" against him was libelous, and a use of means not to be recognized, etc.

A FALSE AND LIBELOUS OATH. After reciting the "oath," which decency and respect for our order forbid reprinting, the committee in its report says:

"This committee can not condemn too strongly the publication of the false and libelous article referred to in the paper of Mr. Bonniwell, and which was the spurious Knights of Columbus oath, a copy of which is appended to the paper. It also condemns the publication of editorials to excite religious prejudice in a political campaign. No man should be persecuted for his religion, whether he be Catholic or Protestant."

PHILADELPHIA CASE.

Commonwealth of Pennsylvania Against Charles Monagel and Clarence H. St. age.

Over a year ago (to be exact, February 20, 1913) two men were held in bail for appearance in court to answer charges made by loc. J Knights of Columbus. Charles Monagel, a printer, of 4 201 Brown Street, was charged with printing and causing to be printed libelous matter (the bogus Knights of Columbus oath)

DESTROYING GRASSHOPPERS

Poisoned baits—In the use of poisoned baits we have another inexpensive, practical way of dealing with these grasshoppers even when, as is frequently the case, they breed in the alfalfa fields, and the protection, whatever it may be, must be applied there. What has come to be known as the "Criddle mixture" is giving most satisfactory results on the ranches of both the United States and Canada. The mixture is composed of half a barrel of fresh horse droppings in which is mixed 1 pound each of salt and Paris Green. If the horse droppings are not fresh the salt is dissolved in water and mixed with the manure and poison. When this mixture is scattered freely about where the grasshoppers are abundant, they seem to be attracted to it, for they devour it readily and are poisoned thereby. Dr. James Fletcher, late entomologist for the Dominion of Canada, cited an instance where this mixture has been scattered freely around the edges of a field, and stated that this particular field stood out as a green patch in a brown plain, as it was situated in the midst of fields where nothing had been done to destroy the grasshoppers.

Another effective bait is made by mixing wheat bran, 25 pounds Paris green, 1 pound; cheap molasses or syrup, 2 quarts; oranges or lemons, 3 fruits. Thoroughly mix together the bran and Paris green. An ordinary washtub

will answer for this purpose. Into a separate receptacle containing the molasses or syrup, squeeze the juice of the fruit; then chop up finely the skin and pulp of the fruit and add this also to the molasses mixture. then dilute with 2 gallons of water. Mix the two together and add enough more water to bring the whole to a stiff dough. This amount of poison bait is sufficient to treat from 5 to 10 acres when properly applied. It should be borne in mind, however, that the fruit is the essential element of this bait, and if not employed 75 per cent of the efficiency of the bait is lost.

This poison bait should be applied to the area to be treated early in the morning, before sunrise. To obtain the best results the bait must be sown broadcast in strips 1 rod apart over the area to be treated. Broadcasting obviates the possibility of horses, cattle, sheep, poultry or birds being able to obtain a sufficient amount of poison in the field to kill or injure them. Under no circumstances should the bait be put over treated areas in piles or bunches, for fear that birds or live stock might, under such circumstances eat an injurious or fatal amount of the poison.

To illustrate the degree of safety with which the poison bait may be used when properly sown broadcast, the following may be of interest: In the summer of 1914, on the farm of Mr. C. I. Hood, of Chelsea, Vt., the pasture of several hundred acres was very badly infested with *Melanoplus atlantis* Riley. In this pasture there were constantly grazing more than a hundred of very highly prized purebred Jersey heifers. From 10 to 15 acres of this pasture were treated with 25 pounds of the poison bran each morning for a week, and though the heifers continually

grazed over the treated areas, not a single instance of poisoning occurred.

COOPERATION

Cooperation between farmers or ranchman is of the utmost importance, whether the hopperdozer or poisoned baits be used. On some of the more extensive ranches the owners can protect themselves by reason of the great extent of territory that is under the control of a single individual, but among smaller holdings cooperation is very essential.

FORESTALLING OUTBREAK

Forestalling of outbreaks would be spoken of by the ranchman as

"watching our for trouble". By this is meant the careful watching of the fields from the appearance of the grasshoppers. When these are found to be present, do not wait to see what they are going to do, but prevent their doing any thing by putting into practice, before any damage has been done and while the grasshoppers are very young, whatever measure is to be used. It usually requires several days to poison the grasshoppers, and large areas can not be traversed with the grasshopperdozers in a day. Therefore if measures are to be successful they must not be delayed.

ATHENA UNDERWEAR

THE ATHENA LOW-NECK GARMENT (KNIT)

MUCH PRIZED BY WOMEN FOR SUMMER WEAR

The Athena low-neck sleeveless garment is tailored—cut to fit—narrowing to the back's proportion—with extra fullness allowed for the bust. The outline of the garment is curved (not square)—it follows the line of the bust. It is also cut lower in the front than in the back, so it will not

show beneath transparent yokes or blouses.

There is a great feeling of comfort in the Athena low-neck sleeveless garment. It positively eliminates the irritating slip of the shoulder-straps down over the arms. Neither need it be tied to uncomfortable security by ribbon or tape.

Athena Underwear is made in dainty, cool fabrics for Summer wear, in all the pretty low-neck designs in union suits and separate garments.

Athena has seven special features. Ask to see them.
