CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, FRIDAY, APRIL 1, 1917

PRICE \$2.00 PER YEAR

SUPT. McCURDY HEADS COUNTY TEACHERS' ASSOCIATION

Convention at Capitan Last
Week One of Most En-
thusiastic in History
of Organization.

CARRIZOZO TO GET NEXT MEETING

The Lincoln County Teachers' Association met in annual session at Capitan Friday and Saturday of last week, the attending teachers receiving the same royal treatment at the hands of that coming little city as was accorded them last year.

Capitan evidently has faith in the educators of Lincoln county and knows how to show its esteem in a most substantial manner. They received the visitors into their homes, or specially provided quarters, and besides generous meals served them in their homes and hotels, there were two six o'clock dinners in the domestic science room of the high school, served on Friday evening by the young ladies of the highschool cooking class, and on Saturday evening by the ladies of Capitan. The menu was perfect, the tables and service faultless and thoroughly in keeping with the Eastertide.

The first session of the convention was called to order by the president, Superintendent C. Y. Belknap of the county highschool, at 2 p. m. Friday. Addresses were delivered by County Superintendent J. E. Koonce and Prof. Deane A. Worcester, of the University of New Mexico. Mrs. Chunn, superintendent of music in the Carrizozo schools, gave an instrumental selection which received repeated encores. Miss Blanche Garvin and Supt. McCurdy were also scheduled for vocal solos on two different programs, Miss Garvin being accompanied by Miss Belle Lutz and Mr. McCurdy by Mrs. Chunn. Other interesting speakers were, Pres. E. L. Enloe of the Silver City Normal, who discussed in a most able manner the far-reaching effects of recent educational legislation, both state and national, and in another address gave special attention to the needs of rural education. Prof. T. W. Conway of the State College was present the first day of the convention and in a brief but rousing address pointed out the great importance of the work of the Boys' and Girls Industrial Club work in the conservation of our food supply in this time of grave outlook in case war is precipitated with full force upon our people.

Possibly the most popular and seasonable address was that of Maj. J. Ross Thomas of the Roswell Military Institute on the subject of "Preparedness Thru Universal Military Training." The address was free from any

bitterness but full of pertinent statements and well ordered and forcibly presented.

The handwork on display from the various schools of the county was of high quality, showing much consistent endeavor on the part of all concerned. Carrizozo's work in all departments entered was copiously decorated with blue ribbons, indicative of exceptional merit. The work of the county highschool showed the result of consistent work, directed by an ample and capable faculty—results are inevitable from this happy combination. Hondo's exhibit of Indian bead work elicited much favorable comment, being unique in design and well executed.

Carrizozo gave a good account of herself in the arithmetic and spelling contests, the former being won by Johnnie Cole and the latter by Catherine Pine. Handsome medals will be presented these pupils by the Association. The presentation was to be made at the night session Saturday and since our contestants returned home that afternoon with those who so kindly provided transportation and escort for them, public presentation in Capitan was not possible. However, the medals will be presented with all due ceremony when they are received, by Supt. McCurdy.

Superintendent McCurdy was elected president of the Association for the ensuing year, Supt. Belknap, of Capitan, vice-president, and Mrs. E. Y. Jowett, principal of the Carrizozo High School, was re-elected secretary.

Especial attention is called to the fact that the teachers have honored Carrizozo with their vote for the next meeting place. The teachers were each and every one assured by Carrizozo representatives a hearty welcome by our town for their meeting in the spring of 1918. The new highschool building was held out as an ideal meeting place and the fact was made evident that they would be guests of honor in the truest sense of the word. That Carrizozo will measure up to the standard, there can be no doubt with its resources now so thoroughly organized and an active chamber of commerce, school patrons' club and a rejuvenated civic league. Let us all, therefore, pull together with plans for this big occasion for next year and make it a time never to be forgotten by the visiting teachers of Lincoln county.

Makes Land Deal

One of the largest real estate deals occurring in Lincoln county this year was consummated last week when the Tibsworth Company of Capitan, purchased the Baca ranch property from C. C. Cleveland. Mr. Cleveland purchased the ranch last fall from Senator Lee, of Roswell, which had formerly belonged to his father. It is perhaps the best small ranch in Lincoln county, its water supply being one of its attractive features. Mr. Cleveland will return to Texas where he has large interests.

Company of 'Minute Men' to be Formed

MAYOR CALLS MEETING
FOR ORGANIZATION
WED'SDAY NIGHT

Mayor Lutz this week, acting upon the suggestion of Governor Lindsey, issued a proclamation calling a meeting of the citizens of Carrizozo at the courthouse Wednesday night, April 18, at 8 o'clock, for the purpose of organizing a company of "minute men" who may be called upon a known signal for the instant purpose of suppressing local disturbances.

Some of the local functions of such organization would be to tabulate the citizenship of the community for the purpose of identifying strangers who might come into the community, and determine the object of their being there.

It is hoped that every patriotic citizen of Carrizozo will attend the meeting Wednesday night and be ready to assist in any protective movement that may be launched.

CONTRACT IS LET FOR FIRST NATIONAL BANK BUILDING

The contract for the construction of the First National bank building on the corner of Fourth street and Alamogordo avenue was awarded this week and work on the structure is to begin at once. J. N. White and Harry Little, who recently formed a partnership under the firm name of Little & White, have secured the contract. The heating contract has not yet been let, according to E. M. Brickley, cashier of the bank. The building is to be of brick, 25x60 feet, with ornamental front and handsome interior decorations.

MRS. McDONALD TO CHAPERON GIRL WHO CHRISTENS WARSHIP

Mrs. William C. McDonald, wife of New Mexico's first state executive, of Carrizozo, will chaperon Miss Margaret C. DeBaca, eldest daughter of the late Governor DeBaca, on her trip to

the New York navy yard for the christening of the dreadnaught "New Mexico," April 23. Miss DeBaca was named to christen the big battleship by Governor McDonald shortly before his term of office expired, and, according to reports, it is probable that the former executive will also attend the launching. It now appears certain that a number of prominent New Mexicans will be present when the "New Mexico" leaves the ways and glides into the water, and this number may include Governor and Mrs. Lindsey, Senator and Mrs. A. A. Jones, Congressman and Mrs. W. B. Walton and others.

DEBATE WILL BE FEATURE OF CLUB MEET MON'Y NIGHT

The next meeting of the Parent-Teachers Association will be held Monday evening, April 16th at 8:30 p. m. at the Methodist Church. These meetings have so far proven very interesting as well as instructive, having the effect of bringing the teacher and parent into closer relation, and rendering the discussing of vital subjects of school life of immense benefit to all concerned. The patrons have shown a wonderful interest and the fact that our schools are making such rapid advancement in every department, not only in our own city, but throughout the county and state, should interest every individual and incite co-operation in this work.

The program for Monday evening follows:

1. Music—Mrs. Chunn
2. Address—Mayor H. Lutz
3. Violin—R. C. Pitts
4. Debate: Resolved that Latin Should be Discontinued as a High School Study.
- Affirmative—Mrs. Stidham, Miss Wicklund, H. C. Franklin.
- Negative—Mrs. J. B. French, Frank Gauchat, F. J. Sager.
5. Vocal Solo—Mrs. R. Forrest
6. General Discussion.
7. Closing Song.

Met a Man.

The editor met a man the other day who declared in all seriousness that he liked the Outlook. Thought we'd mention it to you maybe you will want to stand as well on our subscription books as he does. Truth to tell we'd like a lot more new subscriptions; they're coming in right along but you know the raw cash is good to look upon these days and there's no denying it, the Outlook is a mighty good little newspaper. The cost to you is \$2.00 a year. Bring it in or mail it in. Here's the address if you can use it: Carrizozo Outlook, Carrizozo, N. M.

Russell-Jones

Claude Russell and Miss Anna Jones, who reside in the southeastern part of the county were married at the Alto church Sunday afternoon. The young couple have been spending the week in Carrizozo.

G. W. BAGGETT CHOSEN MARSHAL OF CARRIZOZO

Several Ordinances Passed
at Tuesday Night's Meet-
ing to Become Laws
Upon Publication

SAGER IS MADE VIL- LAGE TREASURER

At the meeting of the village trustees Tuesday night G. W. Baggett was elected marshal of Carrizozo. After the second ballot taken it was discovered that Baggett had enough votes to elect him and on motion of Councilman Campbell, seconded by Sager, it was voted to make the election unanimous.

Other proceedings of the Council were as follows:

The salary of the village clerk for six months beginning March 1st was fixed at \$25.00 per month.

F. J. Sager was chosen treasurer or custodian of the village funds, Mr. Sager giving his services in this capacity free to the city.

Second reading of the ordinances, recommended at previous meeting was made by the clerk and the following laws passed:

Laws relating to show and dog licenses, stray animals, nuisances, misdemeanors, the ordinance requiring owner of vacant lots to keep them free of weeds and trash, vagrancy, and motor vehicle and road law. Ordinances relating to tax levy, occupation tax and liquor were laid over until next meeting.

Councilmen Sager and Ziegler were chosen as a committee to read proof on all ordinances before they are published.

Council adjourned to meet next Monday night.

Mrs. Katie Clower.

Mrs. J. S. Clower died at the home of her sister, Mrs. McGuffin, Wednesday at 11:15 a. m. of eclampsia. Funeral services were conducted by Rev. Marston and interment made in the local cemetery.

MAYOR ORDERS LOCAL CLEAN-UP CAMPAIGN

Mayor Henry Lutz has ordered a general clean-up of premises in Carrizozo, the village council standing behind the movement. A reasonable length of time will be given everybody in which to clean up their places of residence or business and free all premises of tin cans, ash piles and other nuisances, after which if not attended to, the city authorities will order the rubbish removed at the cost of the property owner or lessee.

Everybody should join at once in this highly commendable movement and help to make Carrizozo the cleanest and most beautiful town in the state.

FRIDAY, APRIL 13, 1917

A LOYAL AMERICAN.

Sam Pokreshafsky, once of Russia and now of St. Louis, was denied second papers in naturalization two years ago. When asked at that time to describe the flag of the United States, he answered by saying that "a big yellow moon" was its most conspicuous feature. He could see no stars shining in it. District Judge Dyer, who followed the flag four years without finding a trace of yellow in it, and keeping an eye on it to see that not one of the stars should be lost, was so impatient with Sam's description that he denied him second papers, and advised him to qualify himself better for American citizenship. Taking this advice in good part, Sam Pokreshafsky began attending night school, and a few days ago he reappeared in court, this time as an applicant for first naturalization papers, those originally granted to him having lapsed under the legal time limit. When again asked to describe the national flag, he was not seeing yellow. "It has a forty-eight stars," he said, "and I'm willing to fight for every one of them." The papers were issued.

Notwithstanding the intricacy of his name and the limitations of our space, we cannot refrain from asking, "What's the matter with Sam Pokreshafsky?" and responding to the enthusiastic answer of, "He's all right," by inquiring "Who's all right?" and ourselves joining in the acclamatory answer, "Sam Pokre-

shafsky." For surely he is worthy of that high honor, one which is sometimes paid to men much less worthy. Finding himself deficient in title to American citizenship he set himself the task of making his title clear. He has burned the midnight oil to illuminate his pathway to a distinction which too many of us value too lightly. That illumination has not only served to give him sight of every star in the flag, but, in its glare, the fanciful yellow has faded away. Once he was blind, but now he sees. And in that sunburst of light he sees every separate star and is "willing to fight for every one of them." The melting pot will take in Sam Pokreshafsky with a glad bubble of content.

It is hard to believe that a man in his right mind, and with the spark of manhood that should be a part of his being, could maintain sympathies with a foreign country when his native land is involved against that foreign country. It is hard indeed to believe that should his country call upon him that he would permit his sympathies to overwhelm his duty and he would refuse to heed her call. Yet we are told by men who are recognizedly posted upon such matters that in this country we would find some hundred thousand of foreign sympathy, whose sympathies and affections lie with countries beyond the seas. These hundred thousand hyphenates present the greatest puzzle that will confront the nation during the war, for they must be treated with the full provisions of the most rigid laws on espionage. Detention camps will no doubt be the ultimate within whose confines those of foreign sympathy will be held as hostages of war; or as suspects of espionage. It is believed that such detention camps are already the contemplation of the government and we may expect a most rigid enforcement of espionage laws which the present session of congress will no doubt pass.

Every community has its Abe Martin; its Everett True; Pest Killer; its Jiggs and Maggie. The characters come home to us daily in the fertile sketches of

our noted cartoonists. Nothing in modern newspaperdom is of as distinct technique as our comics. Sandwiched in between the news items of the day, the cartoons come to us as a relief from the sordid muck of scandal, and the tribeness of war news. Abe Martin, Everett True, Jiggs and Maggie, are all distinctly American characters. They live in our midst, and in the cartoons we find a satisfying denotation of things that we have often wanted to say but have not had the power of so doing. The American cartoonist should be interposed in the pages of art along with the greatest of the exponents of brush and canvas. Current events and the little eccentricities of life come to us more comely and forcefully thru our cartoons than any other medium.

A stroke from Germany thru Mexico is a most plausible thing to expect from the maneuvers of German reservists in this country who for some time past have been flocking to Mexico. Just the extent of such an attack thru Mexico would be hard to estimate but the United States should make the retaliation against such as deadly and effective as it is possible to inflict.

Need we anticipate anything other than trouble from Mexico if the latter is being made the refuge for German reservists? Smuggling ammunition into that country should also bring us to the point where our eyes could see, our ears could hear and our minds could comprehend what is taking place.

"The Lord will provide" is a beautiful doctrine that works out perfectly with those who believe in showing their faith by their works. It fails only where a lazy rascal sits down to oversee the job while the Lord does the work.

The Anaconda Standard informs us that three states—Rhode Island, Wyoming and New Mexico—now have Democratic senators for the first time. We add the hope and the conviction that it is for the last time also.

When T. R. was the kaiser's guest at the maneuvers of the Imperial army some years ago, it seems a pity he did not tell Wilhelm that story about "the guy who took in too much territory."

A university archeology professor is going to Asia to hunt for the buried wealth of Croesus, the first noted billionaire. Apparently, Captain Kidd has been given up in despair.

The statement that the vacuum cleaner is displacing the broom will cause small surprise in homes where the can opener long since put the cooking stove out of business.

There are some women so rich that they don't know what joy it is to get a lot of new tinware for the kitchen.

A Seattle man whose old country monicker is Irvintza Kobisky has changed it to plain Irvint Cobb.

Can't we offer to return Germany to the Roman Empire, as one of its "lost provinces?"

REV. HOERING TO DELIVER BACCALAUREATE SERMON

The local school authorities have been fortunate in securing the services of Rev. Edward J. Hoering for Sunday, May 20th, to deliver the baccalaureate sermon to the graduating class of the Carrizozo High School. The services will be held in the evening at the Methodist church, with special music provided by local high school talent. Rev. Hoering is one of the most able ministers of the Episcopal church in New Mexico and has recently organized those of his denomination into a working congregation in Carrizozo. There will be a graduating class of six, according to present indications, consisting of five girls and one boy whose names will be announced later.

The following is taken from the Tucumcari American:

Rev. Edward J. Hoering, Rector of St. Michael's church in Tucumcari, has been requested to preach the baccalaureate sermon at two school graduations in this state. Owing to his many and pressing duties involved in watching over eight churches scattered over the State, Rector Hoering is only able to accede to one of the requests, and will preach the baccalaureate sermon at the Carrizozo High school graduating exercises on May 20th. The Rev. Mr. Hoering recently presented a class of 15 candidates for confirmation by Bishop Howden from Carrizozo.

Card of Thanks

LINCOLN COUNTY TO GET \$113.16 IN AUTO LICENSE FEES

Motor vehicle license fees collected by the secretary of the state from January 1 to April 1, this year, amounted to \$59,875. January's total was \$45,438; February's total \$8,621, and the total for March, \$5,816.

So far this year 9800 automobiles have been licensed.

The March figures on motor vehicle license fees are shown by a distribution just made by Assistant Secretary of State Adolph P. Hill. The expense of administering the motor vehicle law during the month was \$465.84, leaving a total of \$5,851.15 to be divided equally between the state treasury and the counties. The distribution to the counties is based on the number of licenses issued to residents, and of the March net total Lincoln county will receive \$113.16.

TEXAS GOVERNOR SAYS MAY USE JACK RABBIT FOR MEAT

Austin, Texas.—Gov. Ferguson has vetoed the house bill which carried an appropriation of \$200,000 to pay bounties for the scalps of coyotes, rabbits, wolves, wildcats and other predatory animals.

"I hereby give official notice that the within house bill No. 28 is vetoed and disapproved," said the governor. "In doing so I am not anxious to perpetuate either the scream of the wildcat or the howl of the wolf. In fact, I am willing to go farther and approve a large amount for the extermination of wolves and wildcats. We have all heard them too much. We hope they will hush and disturb us no more but while this is true, I cannot give my official approval to anybody being paid to hunt jack rabbits, it is too much fun and besides if prices of meat continue to go up, we may need the jack rabbits to live on. I think an appropriation of \$200,000 as provided would only mean \$10,000 for wolves and wildcats and \$190,000 for jack rabbits. This is more rabbit meat than I think the state ought to buy at this time; therefore the bill is vetoed and disapproved."

AVISO.

Fence Order Rescinded.

As a result of resolutions passed by the New Mexico Cattle and Horse Growers' Association at their convention in Albuquerque recently, the order of the General Land Office for the removal of all drift fences on the public domain on or before April 15, has been rescinded.

STRANGER FALLS FROM TRAIN; BODY HORRIBLY MANGLED

Chester Nickerson, aged about 24 years was found dead on the railroad tracks near the ice plant Wednesday night about 9:30 o'clock. His body was in a badly mutilated condition.

According to statement of Nickerson's partner he and Nickerson were riding the rods of baggage coaches on No. 2 which is due here at 9 p. m. He said that when the train was about opposite the ice plant, he being on the next coach behind Nickerson felt something strike him which seemed to have the form of a man. Just as soon as the train stopped at the station he got off and made an investigation, failing to find Nickerson he walked down the track about a quarter of a mile where he found his partner's mutilated body, both legs being cut off and his head crushed. Officers were at once notified. The body was brought to the undertaking parlors of Kelley & Son and prepared for burial. A wire from Nickerson's father instructed that burial be made here. According to papers found on the dead man, he was a member of the Construction Workers Industrial Union No. 382 at Seattle, Washington.

Would Drop Bryan From Chautauqua Bill

Santa Fe, April 10—Citizens are signing a petition to the local chautauqua management to have William Jennings Bryan dropped from the program arranged for the chautauqua here this summer on the ground of his pacifist activities.

Playing Possum.

When caught, the possum will feign death, all the while looking out of the corner of an eye, watching an opportunity to escape. And from this comes the well-known expression, "playing possum." It should be said, however, if one is lucky enough to get a Kentucky dressed possum in the market, there is no danger of its escaping. It has then arrived at a period in its career when possum play has ended.

Growing Dates.

Dates are imported to the United States from the warm countries of southern Europe and Africa, but if the efforts of western experimenters are as fruitful of results as the trees grown have been full of fruit, it may be expected that this country will before long grow all its own dates, according to a writer in the Scientific American.

Absent-Minded.

A little girl who was trying to tell a friend how absent-minded her grandpa was said: "He walks around thinking about nothing; and, when he remembers it, he then forgets that what he thought of was something entirely different from what he wanted to remember."

Our Advantage.

It is not so much the being exempt from faults as the having overcome them that is an advantage to us, it being with the follies of the mind as with the weeds of a field, which, if destroyed and consumed upon the place where they grow, enrich and improve it more than if none had ever sprung there.

Amending the Constitution.

To amend the Federal Constitution a two-thirds vote in house and senate and ratification by three-fourths (not two-thirds) of the states is necessary. A national law, of course, supersedes state law in conflict. A federal amendment adopted by three-fourths of the states becomes the law in all the states—those voting against it included.

The Fleur-de-Lis.

The iris is supposed to be the fleur-de-lis, or flower-de-luce of the French coat of arms, but really has nothing to do with the design, this being of quite recent application. The origin of the design is not known but it is quite generally believed to represent the head of a spear; by others the flower of a lily, the floral emblem of France.

Porto Rico a Gem.

Horticulturally Porto Rico is a gem, also ideal in all ways. The island is nearly a rectangle 35 miles wide and 100 miles long, of great fertility, great beauty and a healthful and almost perfect climate. Although the population is 320 to the square mile nearly all are engaged in horticulture. The chief crops are citrus fruits, coffee, coconuts, pineapples, bananas and many other tropical fruits.

Overheated Air.

A rise of temperature in the surrounding air diminishes the amount of oxygen consumed and the amount of dioxide discharged. A fall of temperature has the opposite effect. In addition, the overheated air forces a hot jacket around the body which prevents the radiation of heat necessary to keep the body in a healthy condition. With a sedentary occupation a temperature of from 64 to 70 should be maintained for comfort and health.

Thought Measurement.

"As mind is as big as the terms in which he ordinarily thinks," remarked the wise citizen. "That is dreadful," exclaimed Miss Cyrena. "My father is a scientist, and he is accustomed to getting his ideas with a microscope,"—Washington Star.

Safeguarding the Nation's Money.

The Bureau of Engraving and Printing, at Washington, D. C., where all paper money, postage and revenue stamps and valuable documents are printed, is one of the most carefully guarded buildings in the world. It is protected by some of the most modern electrical burglar alarms, and 60 armed night watchmen patrol the plant.—Popular Science Monthly.

As Charley Saw It.

Charley, aged three, was spending the day with his grandparents. The grandfather wanted to read, but Charley was playing boisterously. "Charley, sit down and keep quiet!" said the grandfather sternly. Charley dropped in the nearest seat and sat looking from one to the other for possibly a minute, then said, "Grandpa! Grandpa!" "Well, what is it?" said the grandfather. "Why, you was—grandpa an' I was—grandpa an' I was—grandpa!"

'Phone 38F3

I have often heard it stated and I guess it's estimated

That a man these days is rated by the dough he tucks away; Most folks look with approbation, on the fellow with stagnation

When it comes to circulation of the coin of the U. S. A.

Bankers preach to you that saving will in time become a craving And advise that you start shaving your expenses—good intent, I don't say they're falsifying, for it must be satisfying

To be sure your money is lying in the bank at four percent.

I admit we all get jealous when the guy with bank books tell us

That a state law should compel us to save so much coin each day.

But though firm is my intention, I can't save this coin they mention

Without finding some invention to expand my monthly pay.

But we might start being thrifty, so that by the time we're fifty

There will be a balance fifty, where there never was before.

Why not save ourselves the sorrow, that accrues when we borrow.

Let's just start right in tomorrow and keep saving overmore.

NOTICE OF FORFEITURE

To A. H. Harvey, Esq.,
Carrizozo, N. M.

Under and by virtue of that certain partnership agreement, entered into by certain parties more fully stated herein, the memorandum is, which recites that all parties whose names are subscribed thereto shall be equal owners in that certain Lode Mining Claim, known as and called the HONDO, said original location notes, filed and recorded as required by law, was so filed and recorded in Book A-1 of the Mining Records at Page 172, said HONDO Mining Claim is therein fully described, and same is situated in the Nogal Mining District, Lincoln County, New Mexico. That the said Memorandum of Partnership Agreement contains the following names: M. M. Duke, A. H. Harvey, H. S. Campbell, George W. Olney, Wm. Kahler, Sr., E. C. Monroe, Don Tice, A. J. Holland, M. B. Foreman, R. L. Ransom. That said agreement was further to the effect that certain sums of money and amounts of labor were to be expended upon said Lode Mining Claim, and all of said sums as agreed upon have been expended and the labor performed, with the following exceptions, that the said A. H. Harvey has refused and neglected to pay his pro rata share as per agreement the following sum, \$261.75. And you are hereby further notified that if you fail or refuse to contribute your just share under said agreement, and continue to contribute your just share as per agreement within ninety days from the date of the last publication of this notice, as required by section 2324 of the Revised Statutes of the United States, your interest in and to the said above described Mining Claim shall become the property of the said Partnership.

E. C. Monroe,
State of New Mexico,
County of Lincoln, } ss.
On this 6th day of April 1917 before me personally appeared E. C. Monroe, known to me to be the person who signed the above and foregoing Notice of Forfeiture and stated on his oath that he is a member of the Partnership therein described, that he has had charge of all of and now has charge of the books of the said Partnership, and that the sum of money contained in the said Notice to be the sum that is lacking payment is correct.
Henry S. Campbell, Notary Public.
Subscribed and sworn to before me this 6th day of April 1917.
(Seal) My commission Expires March 15, 1921.

LEGAL NOTICE

LAST WILL AND TESTAMENT OF THOMAS O. LUSTER, DECEASED.
To Hannah Luster and the heirs of Thomas O. Luster, deceased.

You are hereby notified that the alleged Last Will and Testament of Thomas O. Luster, late of the County of Lincoln and State of New Mexico, deceased, has been produced and read in the Probate Court of the County of Lincoln, State of New Mexico, at a regular term thereof, held on the 6th day of March, 1917, and the day of the proving of said alleged Last Will and Testament was by order of the Judge of said Court thereupon fixed for Monday, the 7th day of May, A. D. 1917. Term of said Court, at 10 o'clock in the forenoon of said day.
Given under my hand and Seal of this Court this 6th day of March, A. D. 1917.
(Seal) O. T. NYE, Probate Clerk.

PROPHECY OF 1469 SAYS WAR WILL END IN SEPTEMBER, 1917

Don Sante Monti, a learned priest of Como, Italy, has a 17th century book containing a collection of letters, verses in Latin and Italian by uncertain authors, and other documents.

Among other things, it contains a curious prophecy about the present war attributed to St. Malachy. It is well known that several works attributed to St. Malachy, Archbishop of Armagh, Ireland, who died in 1148, are probably spurious.

The war prophecy in the Como book is written in Latin in the same hand-writing as other documents, and in all probability it was copied from some earlier manuscript in the 17th century. There is no doubt, however, that the prophecy was written 300 years ago, and its interest is, therefore, undiminished despite the fact that it is wrongly attributed to St. Malachy.

The following is a translation of the prophecy:

"When the first number will find the ninth and both will join the first and the sixth number (1916), in the eighth month (August), when twice four and twice ten days are passed (the 28th) then the head of that terrible beast which for two years and a month has already filled the world with blood and slaughter, devastation and death, shall be crushed. From the book of prophecies of the Blessed Malachy in the year 1469.

"When the first number finds the first and both are jointed with the first and sixth numbers,

in the sixth month; when twice 4 and twice 10 days have passed, the new people called from Romulus (the Rumanians) will rise and conclude an alliance with the powerful people. Then that ferocious beast that since a year and a month had filled all the world with blood and slaughter, with devastation and death, surrounded on all sides and wounded, vainly rearing, will seek whom to devour and find none. There will be great devastations all the time, when new moons will rise and set three and ten times, then on the 5th day, when the sun comes out of the sign of the lion, he will die of the worst death, and a virgin whose name is composed of two iotas (i), two alphas (a), with a tau (t) and a lambda (l), will crush his head and his spoils will be divided among the Latin people."

The prediction of Rumania's intervention for August 28, 1916, has come true, and this date corresponds to Germany's declaration of war against Rumania, and the period during which the war has been in progress, namely, two years and one month, is also substantially accurate, since from the outbreak of the war in the beginning of August, 1914, to the end of August, 1916, the date of Rumania's intervention, two years and one month had passed.

The "virgin" referred to in the prophecy is evidently meant to typify Italy since the Greek letters composing her name correspond to two i's, two a's, a t and an l, which form the name "Italia." According to the prophecy, Italy is destined to play a decisive role in the war and bring its end.

The end of the war is clearly predicted, and as there was a new moon on August 28, 1916, counting 13 lunar months from then and taking into account the fact that the sun crosses the sign of the lion in summer, it is comparatively easy to calculate approximately that, according to the prophecy, the war will end toward the middle of next September. It is a fact that with Rumania's intervention Germany or the "ferocious beast" of the prophecy is surrounded on all sides, and it is likewise a fact that a great deal of "vain roaring" is going on, so that the prophecy besides being curious, deserves to be remembered.
