HON. SATURNINO BACA.

TEACHER'S INSTITUTE FOR VALENCIA COUNTY

THE VALENCIA county teacher's institute, which has been in session here since May 31, has been well attended and is doing splendid work. Prof. G. B. Jones, of the Albuquerque public schools, is in charge as conductor, and the instructors are Mrs. Florence Bartlett, of San Acacio, and Mrs. Hollenbeck, of this city, the latter having charge of the work in domestic science.

Superintendent Saturnino Baca can not be too highly praised for the indefatigable zeal and energy which he has displayed in making the county institute the success that it is and for the splendid record that he is making in his labors for the educational interests of Valencia county.

INSTITUTE NOTES

THE SECOND week of the Teacher's Institute for Valencia county opened Monday morning with thirty teachers answering the roll call. Classes in the courses prescribed by the state, are well under the supervision of Prof. G. B. Jones, the conductor, and of Mrs. Bartlett and Mrs. Hollenbeck, instructors. The teachers are showing much interest in their work and Supt. Saturnino Baca, with his words of exhortation and encouragement, is an inspiration to all.

Miss Olive Bashford, is planning a trip to California at the close of the institute. She will visit both fairs before returning.

On Monday of this week Mrs. Hollenbeck organized her classes in Domestic Science and Manual Training for the lower grades. The teachers are deeply interested in these courses as is evinced by their close attention to the lectures and by their copious note taking.

Miss Flora Chaves who taught at Las Nutrias, Socorro county, last year, will go to Socorro the end of the week to finish her institute work there.

The class in music, under the instruction of Mrs. Bartlett, has done very creditable work.

Prof. Jones with the class in agriculture will, at an early date, visit the High School farm and the farm of Dr. Radcliffe, west of town.

Miss Freda Stripe who has been teaching at Peralta was a visitor at the institute this week. Miss Stripe has decided to secure her institute credit at Albuquerque this year.

Miss Lillian Gildersleeve, of Santa Fe, who last year was principal of the Felipe Chaves school, attended the institute the first week of its session but was called away on business and will not continue her institute work.

Miss Katherine Keenan who taught in Valencia county several years ago, came down from Albuquerque Saturday to spend a few hours with her former associates here.

Miss Manette A. Myers, State Director of Industrial Education will be in town either the tenth or the eleventh of this month, and will address the institute. The public is cordially invited to attend.

The institute is looking forward with pleasure to visits from State Supt. of Education Alvan N. White and from Professor W. T. Conway of the State Agricultural college.

Two weeks institute attendance is compulsory for all persons intending to teach in the state the forthcoming year. Remember only two weeks remain during which to secure this credit.

Mr. Herman Baca and Miss Sara Baca formed a committee which presented an enjoyable program at the general exercises held Tuesday afternoon. The new state song "Land of Sun-

shine" was sung by a selected chorus. Mr. Frank Sanches gave a discourse of the "Province of the Teacher;" and "La Golondrina" was sung in Spanish by a double quartette.

Las Cruces Tells Will-on Her Views of War.

Las Cruces, N. M., June 7. —President Wilson said in a speech recently that he wanted to hear from the American people as to their sentiments on war. A number of Las Cruces people has joined a general movement to inscribe in a post card their views—for or against war—and have forwarded the cards by mail. This is speedier than a petition and more personal in its address to the president. A few lines on a few million cards can be classified for the president's use.

Disfigured For Life by a "Practical" Joke

Carlsbad, N. M., June 7.—Two companions of Glenwood Jackson, the ten-year-old son of D. 915, Judge Colin Neblett informed him that the conditions of the suspended sentence had been violated by an alleged assault on Claude Robinson and a warrant for his arrest was issued and served four days later. Mr. Jackson boy bowled over by a wire stretched between two trees. Accordingly they stretched the wire at the height of the boy's head, and after it became dark arranged it so that young Jackson ran into the wire at full speed. His cheek was torn open from the eye to the chin, and his lip was severed. He probably will be disfigured for life. The district attorney has been notified, and the boys who put up the "job" will be punished.

Corpus Christi

Several Hundreds of Persons Took Part in Last Sunday's Procession.

Last Sunday the Corpus Christi procession of the Church of Our Lady of Belen parish, one of the most notable sights of the year, took place. The square in front of the church was lined by six altars and the route of the procession was strewn with flowers by several little girls who looked most beautiful, dressed in white. Hails were made before the altars and benediction given.

Rev. Father J. B. Gueroch carried the Blessed Sacrament.

Lucas Sanches was the high cross bearer.

Messrs. Pablo Castillo, Mauricio Castillo, Jose F. Gilbert, Fidel Delgado, Lorenzo Sanchez, Dolores Cordova and Ramon S. y Garcia, were the marshals of the procession.

The choir was conducted by Mrs. Guadalupe Romero de Castillo, who executed masterful accompaniments at the mass, beautiful voices were heard, but the most entrancing voice of all was that of Mrs. Mercedes Didier de Taylor.

Juan de Dios Baca and F. G. Baca incensers.

Antonio Gilbert, Estanislao Garcia, Jose F. Padilla and David Trujillo, taper bearers.

The pallium bearers were Messrs. Jose F. Castillo, Ramon Baca, Enrique Gabaldon and Gabriel Romero.

The altars were donated by the following towns and villages: Belen, Los Garcias, Los Pueblitos, Los Jarales, El Sauzalito and Los Chaves.

Objects to Being "Half Free And Half Slave"

"That when he was released under the term and conditions of aid suspended sentence, your petitioner was not sent out half free and half slave and was not granted his liberty thereunder with any rope around his body as it were, with one end in the hands of the court to be hauled back and restrained or his liberty at the will and caprice of the aid judge or court."

Such is the striking sentence of the application for a writ of habeas corpus made by Tomas M. Bates. Sliver City to U. S. district Judge William H. Pope Saturday. Judge Pope ordered that the writ shall issue returnable in the federal court here June 7. In his petition, Mr. Bates states that on October 21, 1914, judgment was entered against him in the sixth judicial district and he was sentenced to serve a term of 12 months but that sentence was suspended; that on May 22, 1915, Judge Colin Neblett informed him that the conditions of the suspended sentence had been violated by an alleged assault on Claude Robinson and a warrant for his arrest was issued and served four days later. Mr. Bates declares that he has never been indicted or convicted of any crime since October 21 and he protests against any judge or court letting him out on a suspended sentence half free and half slave.

GALICIAN CITY MAY SOON BE CAPTURED

Germans Reinforce Western Line, But French Report Another Advance.

ANGLO-INDIANS WIN ON TIGRIS RIVER

Turkish Gunboat, Barges and Steamers Are Captured; The Turks Are Demoralized.

LONDON, England, June 7. —Telegrams from Vienna say that Lemberg, capital of the Austrian crownland of Galicia, now in the hands of the Russians, may be taken at any moment by the Austro German force, according to a dispatch from Copenhagen, Denmark, to the Exchange Telegraph company.

One message from the Austrian capital says that the Austrians are 25 miles from the town and other advices estimate the distance at only 10 miles. This indicates a long Russian retreat eastward from Przemsyl.

GERMANS REINFORCE WESTERN LINE

Following the capture of the Russian positions at Przemsyl, Galicia, the Germans apparently have sent heavy reinforcements to the western line, where there are distinct signs of a resumption of the offensive on the part of the invaders. Nevertheless, the French report a slow and uninterrupted advance in the section north of Brias, and important gains north of the Aisne.

According to a French official report French troops after a very effective bombardment at a point east of Tracy-Le-Mont and north of the river Aisne, carried two successive lines of a trench on a front of one kilometer, together with several German works.

Petrograd announces a Russian success along the river Pruth near Kolomea, where the Austro-Germans are said to have been forced back across the river.

ANGLO INDIA ARMY VICTORIOUS

This morning the British public was informed that their soldiers had won a brilliant success at a point far from the main lines of battle on the continent, Sir Percy Cox, at the head of a strong naval and military force, has gained a foothold at Amara, on the Tigris river, half way from the head of the Persian gulf to the city of Bagdad. During the last few days the Anglo-indian army operating in this field has captured many prisoners as well as guns and

ammunition and has taken a gunboat, steamers and steal barges. It is said that the Turkish army opposed to it is so demoralized that it is doubtful if it will be able to offer serious resistance to a further British advance in Mesopotamia.

BOTH SIDES LOSE SHIPS.

The only naval activity of the week end was in the engagement at the branch of the Gulf Riga in the Baltic, which according to Petrograd, resulted in the sinking of several German transports and one large unarmed vessel, with the Russians losing one auxiliary ship.

It is expected in London that the Germans will renew their efforts to land troops on the Baltic coast of Russia.

7000 CAPTURED AT PRZEMSYL.

Special dispatches received in Berlin from Austrian army headquarters give certain details of the capture of Przemsyl by the Austro-Germans which have not hitherto been published.

The Teutonic allies took 7,000 prisoners, 31 cannon and 30 machine guns when they entered Przemsyl to the last man, but was overwhelmed by the terrific artillery fire of the Germans and the Austrians.

Wilson Note to Be Sent To Germany To-Morrow.

Washington, D. C., June 8. —After two hours' discussion of the note to Germany at the cabinet meeting today, Secretary Tumulty, at the direction of President made this announcement.

"The note was gone over and discussed and put in final form. It probably will go forward to Berlin tomorrow."

The cabinet members uniformly refuse to discuss it.

The president explained that he had brought only a rough draft of it to the cabinet meeting Friday and that there had been all sorts of suggestions since the cabinet last met. The general character of the document, however, he said, had not been modified and he believed it had the approval of the entire cabinet.

WATCH YOUR WIFE.

Keep your eye on your wife.
Not to keep some other man
from stealing her—for wives
worth having are not stealable.
But keep her contented, for
that will help you to keep cheerful.

And to keep her cheerful—
for that will keep her pretty.

To keep her pretty is to help
yourself keep your eyes off other
women, a very necessary thing
for a married man if he would
be happy.

Keep in mind the girl you led
to the altar—for your wife is
that girl; just as good, just as
lovable, just as sincere, just as
honest.

Keep in mind also that you
were ready to do almost any-
thing to get her—and so you
are reminded that it's up to you
to make some little sacrifice in
order to keep her.

Just keep your eye on your
wife and do your share toward
making a success of your great-
est business undertaking—the
business of being a happy mar-
ried man.

BRONCHOS ARE GOING.

The European war promises
to mark the final passing of the
bucking bronco so long asso-
ciated with the west. Even
now there are no wild horses
such as once roamed the ranges,
and with the inroads being
made upon the west by the war,
his half civilized brother, the
bronco promises to disappear.
Thousands of horses have been
taken from Colorado, Wyoming
and other western states. Not
only have the British and French
buyers invaded that section, but
representatives of the Italian
government have combed the
country for months. During the
last few weeks an Italian buyer
purchased several hundred horses
and so great was his haste to
get them to his country that
they were sent by express from
Denver to the east instead of by
freight. There they were hur-
ried aboard a steamer to Italy.

WHAT DO YOU KNOW?

Do you know that an editor
or a reporter for a newspaper
can in his rounds stop and ask
a hundred persons "what is the
news?" and ninety out of the
hundred will reply "Nothing
special," and yet 50 out of that
number know something that, if
not found in the next paper, will
astonish them greatly and dis-
appoint them more, and per-
haps make them madder than
hornets. Don't be afraid to let
the newspaper man know it.

PASS A LAW

Are your neighbors very bad?
Pass a law!

Do they smoke? Do they chew?
Are they always bothering you
Don't they do as you would do?
Pass a law!

Are your wages awful low?
Pass a law!

Are the prices much too high?
Do the wife and babies cry
'Cause the turkeys all roost high?
Pass a law!

When M. D. finds new dis-
eases
Pass a law!

Got the mumps or enfermis,
Measles, croup or "expertitis?"
Lest we all fly to pieces,
Pass a law!

Are the lights a-burnin' red?
Pass a law!

Paint 'em green, or paint 'em
[white]

Closs up all them places tight
My! Own town is such a sight
Pass a law!

No matter what the trouble is,
Pass a law!

Goodnes sakes, but aint it awful
My! What are we going to do?
Almost anything ain't lawful,
And the judge is human too,
Pass a law!

—Rochester, Mich., Clarion.

THE OLD HOME TOWN.

Do you remember the lazy
fellow who used to sit around in
the implement store and the bar-
ber shops in the old home town
and predict the failure of every
boy who tried to poke his nose
above the common herd? Up
in the village of Salem they
used to crack lots of jokes at
the expense of a rank and un-
gainly young fellow who clerked
in the village grocery. They
called him Abe in those days.
He became the president of the
United States and thousands
from far places on the earth
have visited his tomb at Spring-
field to do him honor. They
used to make fun of Bill Mc-
Adoo back in the home town.
Of course you've heard of Bill.
He dug a tunnel under the
Hudson river and is secretary
of the treasury now. But there
are a lot of old tads back in the
old home town who sort of hope
that Bill will fall over something
yet and land in the consome.
And Orville Wright was a reg-
ular joke in his old home town.
It is the old home town itself
that is the joke.

HAVE YOU ANY?

If you have any articles about
your premises you want to dis-
pose of put a want ad in THE
BELEN NEWS. Good second-
hand furniture, farming
tools, and other equipment are
always salable and it costs but
5 cents a word to let Belen peo-
ple know what you have to
offer. Every week someone re-
ports a ready sale of some ar-
ticle advertised in our Classified
department, the use of which is
becoming more and more gen-
eral.

AND MAYBE THEY CAN.

One-third of the fools in the
country think they can beat a
lawyer expounding laws. One-
half think they can beat the doc-
tor in healing the sick. Two-
thirds of them think they can
put the minister in the hole ex-
pounding the gospel, and all of
them think they can beat the
editor running a paper.

ODD BITS OF NEWS

Milwaukee, Wis.—Luis Muel-
ler, born in Milwaukee and em-
ploye of a big factory, was down
town one day last week for the
first time in 31 years. He is
45 years old.

Huntsville, O.—The boys in
the graduating class here ap-
peared at the exercises clad in
overalls while the girls all wore
gingham gowns. Prof. Pier-
son of the Ohio University, who
delivered the address compli-
mented the young people.

Canfield, Ore.—John Moore,
of this place, has a ton of chil-
dren. Mrs. Laird weighs only
135 pounds, but her heaviest
son, 20 weighs 295 pounds.
Three others weigh 245 pounds
each. There are 10 children
and their combined weight is
2085 pounds.

Devil's Lake, N. D.—K. O.
Anderson, about to leave town
for his marriage, depended upon
the town clock. The timepiece
was slow, Anderson missed his
train, was late for the wedding
and was rejected by the angry
"bride." Anderson sued the
city for \$25,000 damages.

Center Point, Tenn.—J. F.
Graves, mail carrier between
this place and Nashville, has a
gray mare, Grace, who is a vet-
eran in the service. She has
made 3,370 round trips to
Nashville and has covered 64,-
460 miles. She appears to be
good for many more years of
service.

FOOT AND MOUTH DIS- EASE.

While confident that the foot
and mouth disease, which has
been epidemic among the live
stock of the country for the last
six months virtually has been
wiped out. Department of Agri-
culture officials declared today
that they would not relax their
efforts to prevent a future re-
currence of the scourge. Al-
together more than 124,000 an-
imals have been killed, because
of the epidemic, at a cost be-
tween \$5,000,000 and \$6,000,-
000, the expense of which has
been shared equally by the fed-
eral and state governments.

IT CAN'T STING.

The editor of an Illinois ex-
change is a public benefactor
and when he dies the people of
his country ought to erect a
monument to the honor of his
memory. He has discovered a
new way to get rid of mosqui-
toes. He tells you simply to
rub alum on your face and
hands. When the mosquito
takes a bite it puckers his gaze
so it can't sting. Then it
sits down in a damp place, try-
ing to dig the pucker loose, catch-
ing its death of cold and dies
pneumonia.

Francisco Moya Killed By a Peralta Farmer

Men Believed to Have Quarreled at Valencia County Town; Donaciano Garcia, Slayer Gives Up.

DONACIANO Garcia shot and killed Francisco Moya with an automatic pistol at Peralta Saturday night. Sheriff Ruperto Jaramillo, of this county, says that Garcia gave himself up to a justice of the peace at Peralta, and was afterwards taken to the county jail at Los Lunas. Garcia admits the killing but refuses to make any statement.

The shooting followed a dance at which the men are supposed to have quarreled. Some say that Moya and his brother laid in wait for Garcia and that he did not open fire until one had thrown a rock at him. And others say that Garcia was looking for them, killed one brother and pursued the other. He fired five shots in all.

Garcia is a farmer. He is about 30 years old, is married and has four children. Moya was a sheepherder about 20 years old, and unmarried. Both lived at Peralta.

LAWS OF 1914 TO GO INTO EFFECT

Tomorrow; Bank Examiner to Be Named -- Appointment By Governor Expected.

All the laws passed by the last legislature, which did not carry the emergency clause, will be in effect next Friday, June 11. That date will mark the expiration of ninety days from March 13, the day on which the legislature actually adjourned.

All bills carrying the emergency clause went into effect immediately on their approval by the governor, or the passage over the governor's veto.

Attorney General Clancy stated that it might be contended that the laws become effective June 10, counting ninety days from March 12, which marked the expiration of the sixty calendar days provided for the session by the constitution. However, unless something happens to raise this question, there will be no need to go into it. In any event, the laws will be in effect June 11.

Among the laws which go into effect this week is the general banking act, under which the separate office of state bank examiner is established. The new official was to be named by Governor McDonald, yesterday.

Copies of the session laws of 1915, which are being printed in Denver, have not yet reached Santa Fe, although they were promised by June 1. Secretary of State Lucero expects them this week.

The question now is, Shall we declare peace on Mexico?

CLAUDE H. JONES SHOT J. VALDEZ

The Shooting Occurred Outside of the Morrow Show Tent.

Jose Valdez, a young man of this locality is painfully though not seriously wounded as a result for disturbing show people. Claude Henry Jones a young lad belonging to the Morrow Show troupe was charged with the shooting but was later released.

It seems that during the performance several young bloods were annoying the show people from outside of the tent, throwing pieces of clod, peeping under the tent, and in other ways availing themselves of the unprotectedness of the show people, whereupon Jones picked up a 22 caliber pistol and fired two or three shots at random one of the bullets taking effect on Valdez' right shoulder. Jones was arrested directly and placed under custody. However painfully, Valdez might have been wounded he was not laid up, as he was out and around Tuesday morning.

Two bullet holes were also discovered Tuesday morning in one of the plate glass windows of the new Becker garage building, it seems evident that the holes were made by metal patched bullets as the glass was not shattered, but very neatly perforated, it has not been ascertained whether young Jones is charged with the breaking of the window or not, however it does not seem likely from the direction the shots were fired that the bullets would have turned a complete semi-circle in order to puncture the window.

It has also been rumored that some one passing by the window Monday about six p. m. noticed the holes on the window.

Loses Both Feet by Falling Under Train

Tucumcari, N. M., June 7.—Alejandro Alonzo, 28 years of age in attempting to catch an east-bound freight near the local stockyards, fell under the wheels in such a manner that both his feet were horribly crushed. He was taken to a local hospital, where it was found that both feet have to be amputated at the ankles. Alonzo is a native of Spain and says he was trying to beat his way to Kansas, where he had hopes of getting work. He has two brothers living in Cherryvale, Kan.

Movement to Restore Kit Carson's Home

Taos, N. M. June 7.—The women of Taos are being asked to join in a movement for the restoration of the Kit Carson house here. It is proposed to raise the necessary funds by a series of social functions, the first of which probably will be a dinner. A concert and a minstrel performance also are being planned. It is estimated that a few hundred dollars will be sufficient to restore the historic ruin and preserve it for future generations.

GOEBEL'S THEATER

Wounded by the vengeful followers of Salvation Hibbens who loves Priscilla in vain, Henry is found on the rocky beach of the Puritan stronghold of Danvers. The events that lead to follow this episode make an intensely interesting and beautiful story of the early days of New Amsterdam.

The acting of Barbara Tennant as Priscilla and O. A. C. Lund as the son of the Puritan Governor will thrill you as much as the story itself.

This fine play is one of the features presented through our theater by the World Film Corporation and is staged under the able management of the SHUBERTS. The story is told in 5 acts in the superb Photoplay "When Broadway was a Trail"

SUES RIO GRANDE FOR \$5,000 DAMAGES

Gus Hunter Seeks To Recover From Railroad In Action Filed Monday

Augustine Hunter, better known in Santa Fe as "Gus" Hunter, Monday brought suit through his attorney, Col. George W. Prichard, against the Denver & Rio Grande railroad for \$5,000 damages.

Plaintiff alleges in his complaint that on May 15 of this year he was traveling on the D. & R. G. with his wife and child to Arroyo Hondo, Taos county; that he should have alighted at Servilleta to get to that point, but not knowing where the train was, he allowed himself to be put off at Taos Junction on the statement of the conductor that that was the place to alight; that on alighting and as the train was about to pull out he found that the place was not Servilleta and called to the conductor to stop the train; that the conductor refused to do so.

Plaintiff then narrates his alleged hardships spending the night at Taos Junction, which was 12 miles from Servilleta. He says there were no houses near the depot and the station agent compelled him to pay a cash consideration for staying there. Mr. Hunter declares that he was weak, nervous and sick when he made the trip and that the exposure and treatment he received at the station of Taos Junction made his condition worse, causing him physical pain and mental anguish. He charges the railroad company with negligence and abuse.

A year ago, few people wanted to kill their neighbors. Today about 70 per cent of the people are engaged, directly or indirectly, in that unpleasant pastime.

Milva Sisters IN THEIR WORLD RENOWNED MUSICAL COMEDY

The youngest Xylophone manipulators and extractors of popular musical selections on bar bottles in the world. Direct from Europe after giving private entertainments to European nobility. Here only by chance, to fill in an open date.

The San Francisco Examiner says:--

The Milva Sisters Musical Novelty now opening their second week at the Orpheum has certainly pleased the people, their entertainment is strictly high class and positively the only thing of its kind ever presented to the public in this country.

The Los Angeles Times says:--

Sharing the greatest honors on the Orpheum bill this week are the Milva Sisters, young clear and refined musicians who play the Xylophone in a manner never before equaled in the city, their "Bar Bottles" produce real music such as no other artists have been able to produce.

Coming to Goebel's theatre Thursday June 10.

Again is Right

The little daughter of a clubman approached her mother and asked her if all fairy stories began with "Once upon a time?" "No dearie," was the reply, "not always. They sometimes begin with My love, I have been detained at the office again to night."—New York Times.
