Dayton	52	22
Lakewood	38	41
Queen		
Eunice		
Roberts	25	29
Brice & Lan.	707	234

Brice over Lancaster 473

As the above table shows, Messrs Brice and Skeen will represent Eddy County as delegates to the Constitutional Convention which convenes at Santa Fe Oct. 3. Both are good men, well qualified to assist in the forming of a state constitution. Mr. Brice is a native Texan a self-made man whom though never having had the advantage of a college education is the best lawyer in the Pecos Valley. Dr. Skeen is a native of North Carolina and has resided in Oklahoma before coming to New Mexico two years ago. The opinion of their many friends will no doubt prove out that they will size up with any in the convention as to honesty and ability.

The vote was very high probably not until the vote of the county, least polled, election day. Tuesday, being about the least active in Carlsbad of any for some time. This was caused no doubt by the republicans failing to put out a ticket.

The Socialist vote cannot be said to represent the strength of that element only so far as the vote for Fisher goes for quite a number of our head democrats and republicans voted for Lancaster just to spite Brice.

New Mexico Goes Republican

The Constitutional Convention Will be Controlled by the "Interests"

Special to the Current.

Abuquerque, N. M., Sept. 7. The Republicans have carried the Territory and will have 69 delegates in the constitutional convention to 31 Republicans. These are the latest figures and are not likely to be changed.

In this city the Democrats polled a large vote, but this was offset by the Mexican vote from the country, and but one Democrat, Ferguson, finally polled through in the county, so that the Republicans will have seven delegates to the Democratic one.

The vote by counties follows:

County	Del. Rep.	Dem.
Bernalillo	8	7
Chaves	4	1
Clifton	6	6
Curry	2	2
Dona Ana	1	4
Eddy	2	2
Grant	4	1
Guadalupe	4	3
Lincoln	3	2
Luna	1	1
McKinley	1	1
Mora	5	3
Otero	3	1
Quay	5	3
Rio Arriba	6	4
Roosevelt	3	1
Sandoval	2	2

San Juan	2	2
San Miguel	9	9
Santa Fe	5	5
Sierra	2	1
Socorro	5	3
Taos	4	3
Torrance	3	3
Union	4	4
Valencia	2	3
TOTALS	100	69

Notice
We wish to inform our patrons that the Model Market will close at nine a. m. Sundays and remain closed the balance of the day.

Minutes of Meeting of the Town Board.

Minutes of regular meeting of the Board of Trustees of the Town of Carlsbad, N. M., held in the Mayor's office at the hour of eight o'clock P. M., September 5, 1910.

On roll call those present were Mayor C. H. McLenathen; Trustees W. S. Jolly, G. M. Cooke and C. R. Brice; Recorder J. B. Harvey; Marshal Carl Gordon and Ditchman J. R. Hines. Absent: Trustee, R. M. Thorne.

Minutes of previous meetings were read and approved.

Marshal Carl Gordon reported the sum of \$14.00 as having been collected by him as empoinding fees.

Bill of Carl Gordon for fees was presented, approved and ordered paid.

A number of citizens were present asking a continuation of time in which to make their sewer connections, also a number of petitions requesting the same.

Sewer and Plumbing Inspector, M. E. Hicks, was instructed to make examination of the sanitary condition of sewer connection in certain buildings and report same at the next meeting of this Board.

Trustee G. M. Cooke offered a motion that this Board of Trustees purchase a cold sewer system from the Pecos Valley Trust Company for the town of Carlsbad for the sum of \$1.00. The motion was seconded by Trustee C. R. Brice and on roll call those voting yea were Trustees W. S. Jolly, G. M. Cooke and C. R. Brice. Nay vote, none, and the Mayor declared the motion passed.

Trustee G. M. Cooke offered a motion that the collections from the cattleman cease and that the Marshal's salary be reduced to \$75.00 per month and his empoinding fees. The motion was seconded by W. S. Jolly and on roll call those voting yea were Trustees W. S. Jolly, G. M. Cooke and C. R. Brice. Nay vote, none. Whereupon the motion was by the Mayor declared passed by unanimous vote.

The meeting then adjourned to meet September 9, 1910, at 8 o'clock P. M.

J. B. Harvey,
Recorder.

A Good Position

Carlsbad is an excellent position for men and ladies in the field of "Wireless" or "Radio" telegraphy. Since the coming telegraph became effective and since the Wireless communication establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$100 per month with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Office positions. It will pay you to write them for full details at Memphis, Tenn., or Columbia, S. C.

THE GUADALUPE MOUNTAINS

A Different Country From the Valley Roads, Agriculture, Fruits and Stock Raising.

DESCRIPTION OF AN EXTENDED TRIP THRU SOUTH WEST PORTION OF COUNTY

It is generally expected of a newspaper man who visits any of the outer world that he mention his impressions of the trip so the readers in other parts may form some idea of the country visited and that subscribers may become acquainted with each other.

A trip to the Guadalupe, like that to the Plains, is of the greatest interest to valley people for there we find an altogether different country filled with change from the start. The trip spoken of was made by W. H. Mullane

day and in fact each day for some time. Grass in places, indeed, was to the eyes of the horses. Mr. and Mrs. Talk and daughter, Miss Nettie, made the travelers feel at home at once and to those who tried the hospitality of the Talk family. The post office is well conducted by Mrs. Talk, and she gives general satisfaction as post master. After a night of refreshing sleep in a feather bed with two covers, the night being chilly, we continued on some ten miles over the mountain to the ranch of J. R. Means whose hospitable house is a gathering place for the young and old for miles around and, it being Sunday, they came on horse back and in barks to hold a lively little meeting for singing and a general social time. Mrs. Julia Shattuck widow of the late Capt. Shattuck, and sister, Miss Lyon, and brother, Ed Lyon, were there as also the McCullom boys, Garret Adams, the Misses Fanny Plozman, Grace, Pearl and May

and wife, and Geo. Taylor. Mrs. Thayer and family, Mrs. Shattuck and family, and Mrs. Shattuck and family. After supper Mr. Shattuck showed us a fine section here field of frioles or Mexican beans raised by natural rain fall also several fine fruit trees, for everything here grows without irrigation, the biggest Indian corn, vegetables etc., though the oldest settlers Mrs. Shattuck and sister never having experienced so dry a season. The small valleys are exceptionally productive and were never known to fail entirely to raise a crop. Monday we took in the road up in Dog Canyon seven miles from the southwest corner of Eddy county. The tank built by the stockmen near the Dolph Shattuck home contains eleven feet of water, at which a thousand cattle were rounded up to brand calves. Here we "threw in" with the following old time friends, W. E. Taylor and son Ralph, Jack Bass, Geo. Dorem, Paul Mrs. Dolph and Ned Shattuck, John Stewart, Mr. Miller, Fred Sherman, Chas. Ward, Bob Means, Tom and Ray Middleton, J. Queen, Glenside, Buford Pelt and the ladies, Mrs. Sam Middleton, Margaret Stewart and the Misses John, Mabel and Eda Taylor. Dinner consisting of hot bread, scurrying, yellow, milk, butter, vegetables and fruits, as well as all the side dishes, was served in the shade of Dolph Shattuck's house spread on a canvas, after which branding was completed and the party wended its way up Kittle trail to Kaykendall lake, some three miles on the mountain, where the cow men had their wagon and bedding. The home of John Stewart and wife, near the summit at Soldier spring, was next visited and one

People's Mercantile Company

of the best fields of Indian corn in the country, as well as a thriving orchard, was found. On the way up Dark Canyon to Soldier spring the first maple trees of any size were noticed as well as wild cherries, wild grapes and currants or adrete berries that make fine jelly. The timber here is similar to that of Wisconsin it being oak, pine, maple, ash, cedar, juniper, manometta or a species of sycamore, pinon, but no mesquite. The mountain roads are good, considering that they are worked so little, though the supervisor, Mr. Ryan, has made a good showing from town to Hess hill, and the hill has been worked so as to make a good road. Remembering, a good road was made at Shattuck where Mrs. Shattuck, aged 76, and her son, Miss Lyon, aged 78, reside, and their brother, E. Lyon, who with them. The Shattucks have a fine home, the first one built on the mountains. Mrs. Shattuck, being with her husband in 1884, having resided there since. A neat little cemetery is located above the house and around which are the remains of Captain Shattuck, Eddy county's first superintendent of public instruction, and a teacher for years, as was Mrs. Shattuck. Both the old ladies are well educated and students to this day, concerning on all the latest inventions in air, hips, electricity etc. The visit with them will always be a bright spot in memory for all who are so fortunate as to partake of their hospitality. The forest service red tape has so far prevented Mrs. Shattuck from obtaining title to her home. The red tape and legal quagmires of the Pinchot bureau are so generally denominated by settlers who say forest fires were rare until the system inaugurated by Pinchot and driven the settlers out of the country, so none were left to fight fires.

Steps were made at the Middleton's and dinner taken at the home of the mother-in-law.

miles west of Queen. A large graded school is being erected at Queen by R. W. Hardin, the contractor and builder of the mountains. The other mountain schools have suspended and several families, among them W. E. Thayer and J. R. Means, will build small houses and live near the school the coming winter.

We tarried at the beautiful Thayer ranch, arriving about an hour before sun set Wednesday, and found from actual examination that it is the most beautiful and fertile spot in Eddy county.

The tall poplars reaching almost 100 feet high, the ten acre orchard and vineyard loaded with fruit and the blue alfalfa and Indian corn all growing in a pure mountain spring water, not only a property but an attraction. The family gathering at Mrs. Thayer's ranch, W. E. Thayer, Linda, Mable, Vera, Lila and children, and Mrs. J. R. Means, Mrs. N. D. Brice, and J. Brice were from the home and really substantiated the word and view. Mrs. Thayer, who is a daughter of Mrs. Shattuck, has a fine home and was a generous one, providing for the needs of the whole family. The dinner for some 20 persons was a grand one with a liberal, the Thayer place having the principle property of the mountains.

Taken altogether, a trip to the mountains reveals much that is edifying, especially does it prove that among the homes, wives of that country are found the most self sacrificing women, those who stay at home alone while husband, brother or father is away on any work, and who endure the hardships of rough mountain roads and the care of little ones while endeavoring to assist in laying the foundation for a good home in after years. Such people deserve the recognition of the government which imposes the payment of red tape and undue expense in securing title to the land in 1892.

Pecos Valley Fertilizers

FOR PECOS VALLEY SOIL

THE Pecos Valley Fertilizer Company has a large stock of fertilizers on hand. We have analyzed and from various parts of the Carlsbad Process and are prepared to supply your fertilizer requirements more intelligently and economically than any foreign concern. Drop us a postal for testimonials of a few of the successful users of our goods in the Pecos valley.

(PUBLISHED WEEKLY)

Carlsbad, N. M., Friday, Sept. 9, 1910

Official Paper of Eddy County.

The closing of the meat markets at nine a. m. Sundays is about the proper move and was brought about by the markets to give Mr. Lowenbruck an opportunity to go church at 10 a. m.

With alfalfa seed at fifteen cents per pound and 600 pounds per acre besides three cuttings of hay and the straw Pecos valley land will soon pay out at any old price.

The farmers of the valley around Loving are advertising for cotton pickers, are offering seventy-five cents per 100 to good steady hands. The crop is fine and there are 1,500 acres to pick.

Chaves county proved overwhelmingly democratic despite rumors to the contrary, though had Hagerman won out instead of Patterson it would have been much satisfaction to many in Carlsbad.

The farmers of the lower valley are busy threshing and shipping alfalfa seed which seems to be the crop the valley is best adapted to. L. S. Osborne received a check for \$1,850 for the seed crop alone from twenty-one acres, and around Loving there are many who will more than pay for their land from this season's crop. Those who have sold Pecos valley land at \$30 per acre will be surprised to hear of the cotton and alfalfa yield this season.

The returns of Tuesday's election in Eddy county tell an interesting tale, one that should not be forgotten in the future, for the life of the democracy of this territory or state, as the case may be, depends entirely on the ability of the democratic people to reach the polls on election day. The election Tuesday showed how few could turn out, for not one democrat in five in Eddy county seemed to know that the most important election ever held in the territory was in progress on that day. In this precinct only about one sixth of the registered voters approached the polls, and probably the same proportion holds over the balance of the county. In Rousey Eddy county the path of democratic voters resulted in the election of one republican as was also the case in many strong democratic counties. The socialist element in this county would not have pulled out a vote had it not been for the republicans and democrats were heads of Arista who voted for Lancia, who was put up by the socialists because they could get no good representative to run. The victory of Brice over all opposition is glory enough and if he does as well in the constitutional convention as he did in the legislature he will certainly go to congress, for there are always enough sensible people to recognize ability and honesty to elect the right man for the place.

Election Notes.

Dr. J. M. Cunningham, of Las Vegas, brother of N. Cunningham of Carlsbad, was elected delegate to the constitutional convention.

Wisconsin republican primaries resulted in victory for the insurgents as did Michigan primaries also, Burroughs being defeated.

H. B. Ferguson was elected delegate in Bernalillo county, being the only democrat in the delegation of eight from that county.

Catron and Pritchard were elected in Santa Fe and Fall in Otero, so the "gang" will probably continue to run New Mexico. Catron was elected by only twenty votes.

Politics Separated From Public Schools in New Mexico

Editor Current: An item in the last issue of the Current in which the Malaga correspondent states that she is very anxious to see "all the constitutional delegates adopt the policy of eliminating politics from our public school system, thereby conferring a favor on a long suffering public." Now I have been a resident of New Mexico for 20 years, and in the public has never heard any complaint of it, and it is NOT the case in the Pecos valley. The members of the different political parties have always worked together when school matters are concerned.

The same article continues, "while incompetent teachers are employed for the way they or their friends vote we can not expect to reach the educational standard of other states." While this statement is true in a general way it does not apply to New Mexico, for although it makes no difference to what political party a teacher belongs here, he must be competent. As all teachers are given rigid examinations before they can get certificates.

And as to the standard of our schools in comparison with those of other states, a great many of our high schools are (along with the eastern high schools) on the accredited list of the best Universities; so that a graduate can enter without examination. I think that such statements as those of the Malaga correspondent are very apt to give new comers an erroneous idea in regard to our school system.

HOW TO CLEAN LAIZE.

Method of Restoring Fine Handmade Fabrics to Original State.

Laize which has become soiled may be restored to its original state and rendered equal to new if proper care and attention are bestowed upon it. Very fine handwoven laizes should not be cleaned by washing in ordinary way. If they are only slightly soiled they could be very easily cleaned by rubbing powdered chalk or colored magnesia well into them. This method of cleaning is credited to the late Miss Modjeska. The new should be neatly spread out upon a soft white cloth or fine white paper and then with a coarse cloth or a rough brush, then this should be covered to another cloth or paper of a similar nature, and the whole should be left away for a few days under a heavy weight. At the expiration of the allotted time the laize should be taken from its wrappings and should be given a gentle but thorough shaking. Another method is to take a quart or less of kerosene. Put it upon a pan, then dip and squeeze and work the laize into the mesh of the face without straining any of the threads. After this treatment and a good shaking it will look as fresh and attractive as new.

Very fine laize which has become quite soiled may be cleaned by washing it carefully in benzine. The laize should be put into a bowl and covered with the best and purest benzine that can be procured and be allowed to soak for a short time, occasionally recasting a gentle shaking, but it should never be rubbed with the hands. If necessary when the benzine is poured off it should be replaced by a fresh supply and the laize allowed to soak again for a time. After it has become perfectly clean it should be pinned while still quite wet on a flannel covered board to dry. It is important that this should be done with great care. Puffs of small pins should be used for the purpose. Each point must be fastened down securely with due regard to the pattern of the face so as to keep it even and correct.

If the laize dries before the task has been quite completed it should be moistened again with a sponge wrung out of benzine and then be exposed to the sun, where the fresh air will play upon it in order to dissipate the disagreeable odor arising from the use of benzine.

TO REMOVE STAINS ON AUTOS

How to Clean Light Colored Leather Upholstery in the Machine.

Those who have purchased automobiles upholstered in light colored leather or because their wives or daughters used the perpetual that of the up-

holstery are often bothered by the apparent untidiness of the linings which is sure to result from exposure and use. To clean and remove stains from light colored leather, however, is not such a difficult matter, and the following mixture may be used with excellent results: Boil a pint of milk, add to it a quart of water and one dram of hydrochloric acid and one dram of sulphuric acid.

After this has been well shaken a half dram of oil of lavender should be added and one pint of vinegar and the white of one egg beaten to a froth. The mixture should be kept in a tightly corked bottle. If this liquid is rubbed on the leather with a soft cloth the stains will be removed and the leather be much improved in appearance.

A Contented Woman is always found in the same house with Hall's Snow Liniment. It keeps every member of the family free from aches and pains, it cures cuts, burns and scalds and cures rheumatism, neuralgia, lumbago and all muscular aches and stiffness. Sold by Eddy Drug Co., 25c, 50c and \$1.00 a bottle.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her best and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription."

Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N.Y.

REGISTERED JERSEY BULL DIPLOMA'S MARQUIS

(No. 82232)

Is at the corrals of his owner, Wm. H. Mullane, lot on alley adjoining Club Stable, rear Current office, phone 49, Carlsbad, N.M.

His dam has a record of 16 lbs. 3 oz. for butter-fat per week. The sire of his dam is full brother to Diploma's Brown Lassie No. 99988, who was the second best cow for butter and milk at St. Louis Fair.

Eurybia 1438 2 the dam of his sire, was the 3rd best cow in the St. Louis Fair both for milk and butter. 314 lbs. butter in 120 days. 149 2 lbs. milk in one day.

His g. grand sire Diploma 16219 sired Merry Maiden 64919 Sweep-stake cow at Chicago Fair. Of this 88 tested daughters, 61 have tested 4 lbs to 22 lbs 6 oz. The best record of any bull alive or dead. The average record of his 13 closest maternal ancestors, is 3 lbs per day. Total varies from 15 lbs to 4 lbs, 2 oz. per week. A pound of butter contains 85 per cent fat. Add 15 per cent to all above tests to find amount of butter.

Two of his g. grand dams gave 64 lbs of milk per day. He is descended from Diploma 16219, Tormentor 3583, Minute Gun 5756, and combination. For the greatest of American Jersey sires complete pedigree, butter and milk records can be seen at any time.

TERMS to guarantee all as follows:

JERSEY COWS, registered, \$25.00
ALL OTHER COWS \$10.00

All fees must be paid BEFORE cow is bred. Without exception the owner of the bull agrees to pay \$25.00 at least for a calf of either sex, from a registered cow, by this bull, from a day old up. For bull calves from unregistered cows and this bull will pay \$2.50. The difference in cost of feed at 8c. Lbs. between the best and poorest Jerseys was \$1.700 for 4 months. There were 25 entries. Difference in profit was \$70.000 with butter at thirty cents per lb.

LOCAL NEWS.

R. P. Segrest was in from his ranch yesterday.

Geo. Batz of Topeka, Kan., a land seeker was in town Wednesday.

Allen Stewart went to Roswell yesterday to attend the Military Institute.

Jim Simpson was down yesterday from the Blaire ranch east of Artesia.

Mrs. A. S. Wilson of Toyah is here on a visit to her parents Mr. and Mrs. Cyrus James.

Mr. and Mrs. Pat Middleton have had a very sick baby from bowel trouble but is improving now.

Mrs. J. D. Cantrell who visited with her mother Mrs. Besing in Amarillo for a month returned Tuesday.

Robt. Sturmberg of The Texas Co. was in town yesterday on business connected with that big oil company.

Miss Hendren returned last week from her vacation spent in Los Angeles, and has resumed her school duties.

Geo. Bruce was busy the past week building dipping vats for cattle at Clayton wells twenty three miles northeast.

Fred Nymeyer was in yesterday from his ranch seventy miles east bringing ten head of fat cows for the U. S. market.

Miss Josephine Dannelly departed for Sherman Tex. last week Saturday to attend Kidd-Key College for nine months.

V. H. Lusk visited Roswell last Saturday to accompany his sons, Audie and Sam who will attend the Military school the coming term.

Attention is directed to the professional card of Miss Jones teacher of piano and harmony. Miss Jones comes highly recommended from Poplar Bluff Mo.

Louis and Bob Means of the Guadalupe came in Friday night and went up to Artesia where Louis made arrangements to attend school for a term at Western College.

Mr. and Mrs. Seth Alston and Miss Anderwerth were in town Tuesday from Pearl. Miss Anderwerth will be located near Lovington as ranch teacher the coming winter.

J. R. Means, Ned Shattuck, Doc Reed, Dave McCollum and Mr. Plowman were in town Tuesday from the Mountains. Mr. Plowman's little boys George, Jesse and Bob accompanied him.

Tom Vest drove up to the Soldier Spring sixty-five miles southwest, last week, Thursday, and brought home his wife and two children who had been visiting John Stewart and wife for about a week.

Charley Acree this week received one of his computing machines made by a firm in St. Louis. This machine is for computing taxes adding up and arranging accurately automatically all the different funds of the county.

J. R. Means and John Plowman were in town Wednesday and left for Mr. Means' ranch in the Guadalupe with a full outfit for tanking. They will tarry at the ranch a few days to get up ten work horses when they expect to start for a point on the Guadalupe twelve miles south of Bullis Spring to put in a big tank for stock watering purposes. The range at that place is unoccupied and in order to encourage its development the forest service has offered to pay one half the cost of building a large tank and in addition issue permit to run 1000 cattle. Fences will be built and the range protected from outside stock.

Mrs. J. H. and Mary James, Mrs. E. Hendricks and Elsworth James are home from their Wisconsin trip. They report a pleasant visit with relatives at Le Pere, Washburn, Oconto and other points. Elliot Hendricks who was with them is now in Virginia.

Theo Kerr and wife are the happy recipients of a fine baby boy that arrived safe and sound last Saturday the 3rd. Theo will be located at Barstow in the employ of the T. P. Ry. and will leave shortly they having been visiting Mrs. Kerr for some time.

The many friends of the popular traveling man, J. W. Harris, who made this town for Klein Bros., will be pained to hear of his death which occurred at his home in Cincinnati, August 19, after an operation for a disease of the spleen.

Obituary

Mrs. Mary Walden Eliff died Sept. 1 1910. Mrs. Eliff was born May 27 1858 in Elk Mound, Ala. She became a member of the M. E. Church in 1875 to which she belonged until death. She was married April 27 1887. Her death was caused by cancer of the breast from which she suffered two years. The funeral was held from the home of Mrs. King last Friday, Rev. W. R. Evans officiating.

May Move Here From Carlsbad

J. B. Roberts, vice president of the Lakewood, N. M. National bank, is here from his home in Carlsbad, N. M., on business. Mr. Roberts is looking for a location in El Paso for engaging in business and will become a citizen of El Paso. He is accompanied by his family and will remain a month before returning to Carlsbad. —El Paso Herald Sept. 1

Fine Residence for Sael

Father Hueser offers for sale his town property west of Dearborn's residence. It consists of a seven room plastered dwelling house with stone foundation, cellar and cistern, electric fixtures in each room, five alfalfa lots fenced off in seven sections heretofore used as a poultry plant. From 500 to 600 hens can be accommodated and kept in seven separate flocks. They are watered by means of half inch pipes running to each department. The pipes are supplied with water by turning two faucets, one in the kitchen the other near it. Though Father Hueser's expenses on this valuable property amount to the sum of \$5,500.00 he will sell it at \$3,500.00. If only the dwelling with one lot is wanted the price is \$2,500. See W. H. Mullane or Father Hueser.

MALAGA DEPARTMENT

NEW J. W. REDFIELD

C. H. Billings hauled to Carlsbad, one day last week, two and a half tons of watermelons which he easily disposed of at one cent a pound. He is also shipping to Texas points down the line.

Sutherland and son have traded their home place, known as the Orchard, for 193 acres north of Ft. Worth, fifteen miles from a railroad.

G. E. Foster went to Carlsbad Monday on account of his first toothache.

The Malaga Mercantile Co. has absorbed the two fifth interest owned by Frank Lemon in the store here. Mr. Lemon has not yet decided as to his business future.

We understand that Spencer Faville has traded some mortgages he has here for a stock of drugs in Texico.

Mrs. Orr Brown has been quite sick for a few days. Dr. Depp is treating her.

G. P. Jackson, who is working on the train between Clovis and Roswell will move his family to the latter place at once.

O. C. Epperson has moved his family here from Carlsbad and again taken possession of his blacksmith shop. Steve Holden, retiring smith, is tired of Malaga, but the farmers regret to see him go as he is a workman of the first class.

Mrs. Floyd White, Miss Emma Anderwerth and Mr. and Mrs. Seth Alston were in town Monday.

Frieda Redfield, who returned to Oklahoma via the T. P. railroad says, "The papers do not give the true state of the crops. Corn was a foot high and so dry it rattles; cotton six inches to one foot high and some of it was never chopped out."

Mr. Sutherland Sr. went to Pecos last Monday on business connected with his land trade.

By all means the initiative and referendum with right of recall cuckooism in office is too common. We suggest that you also educate your voters. In circulating petitions in thirteen counties in Oklahoma last year we had to explain the initiative to hundreds of men who had voted for years, and who had voted to have that very measure incorporated in the constitution.

Levi Kellogg has bought an interest in the Honey Twist cafe and has said he shocked a young lady who had ordered cream by asking if she wished "them rare or well done?"

We need rain on the range. The cattle on this side of the river are dying for lack of grass and water and the outlook is gloomy for the cowman.

Word has been received here that Claud Woods whose people lived here awhile this year but returned to their home in Indiana was not expected to live, having pneumonia.

Spencer Faville has traded some property here for a stock of drugs in Texico.

The Malaga Mercantile Co. has bought Frank Lemon's interest in the store here. Mr. Lemon is still working for the company.

Levi Kellogg has bought an interest in the Honey Twist Cafe and will help Mr. Stanton fry pancakes, [rare or well done?]

A very light vote was polled yesterday, 17 for Mr. Brice and 2 for the socialist against 132 at the primaries and the men say that "If women could vote they would not." In the words of Lady Macbeth, "Infirm of purpose, I there give me the daggers."

Baker Faville has traded the place known as the Anderwerth farm, (the prettiest place in the valley) for a stock of drugs and a farm in the northeast part of the territory, we did not under-

stand just where.

We were told that the carload of alfalfa seed shipped out some time ago was valued at \$9000.00 and that the buyer said A. B. Shainger's alfalfa seed was the finest he had ever handled.

Our school will begin Monday, with F. M. Hatfield as Principal and teacher intermediate grades will assist high school teacher with one or two studies. Mr. Hatfield holds first grade certificate and receives \$90.00.

Miss Henriehson from Nebraska comes well recommended as competent to take charge of the High School. She will also teach the Mexicans in the afternoon. She holds, of course, a first grade certificate and will receive \$65.00 per month.

Miss Ruth Houghton will teach the primary grades. Though a second grade teacher she gave good satisfaction past year a Loving where she taught her first school she will receive \$65.00 per month.

Charlie Foster has applied for position as janitor at south school and we hope it will be given him.

Mr. Salmon has been quite sick for several days.

Sutherland and son have traded the home place known as the Orchard for a farm north of Ft. Worth, they still have forty acres alfalfa land here and will reside in the John Hartshorn's property. Mr. Hartshorn's family having moved into the hotel building.

J. H. Dearing will move his family here soon to put the young folks in school. Mrs. Dearing will return from Ysleta tomorrow.

D. M. Frazer is making preparations to move to Sweetwater, Texas, for the winter.

To date we have had no returns for the cantaloupe shipments and the silence is getting to be very oppressive—to all interested financially.

McLenathen—Insurance.

Pearl Items

Mrs. Ewart Alston and Mrs. T. Panther and children returned last week from several weeks visit with relatives at Sylvester, Texas.

Mr. and Mrs. Seth Alston and Miss Emma Anderwerth left last Friday for a visit at Carlsbad, Malaga, and Orla. While absent Mr. Alston will attend court at Roswell. They will return to the plains about the twelfth.

Mr. Nate Roberts made a business trip to Carlsbad last week.

McLenathen—Insurance.

Fishes Golden Wedding Rye is a valuable and pure medicine and excellent to take on camping trips. Get a bottle at the Stock Exchange from Judge Welch who guarantees its purity.

For Rent: Three unfurnished rooms close in. Inquire or write Current, Carlsbad, N. M.

Its broke!! Ohnemus can fix it.

To Trade: Ten acres of fine land well improved in La Huerta, for horses.

9 Sept. 4. A. SILVER.

Little Points of Etiquette.

It is courteous to shake hands with a guest in your own house, and many hostesses repeat the handshaking when he leaves.

It is only necessary to turn an acknowledgment of an introduction through shaking hands in conflict and not considered old fashioned as formerly.

A girl or young woman should not when an older woman enters the room and remain standing until she is seated. It is customary to rise to receive a guest, whether it be man or woman.

Cattlemen Take Notice.

Albuquerque, N. M., Aug. 30, 1910. To the cattlemen of Roosevelt, Curry, Chaves and Eddy counties.

Gentlemen: During a range inspection carried on recently by the U. S. Government, the disease known as Mange or Seabies was found to exist in several parts of the Territory and such ranges have been declared infected districts. Cattle from these districts can only be shipped to market centers as "Uninspected, exposed cattle," and go into quarantine at destination and will not be passed for stocking or feeding purposes until they have been dipped or sprayed under the supervision of the Department of Agriculture. Exposed cattle must be sprayed or dipped once, while infected animals must be treated twice. An U. S. Veterinarian will be furnished upon application and will advise all cattlemen to get together and decide as to location and time of complying with the regulation issued May 6, 1910, as to the dipping or spraying required for each case and each owner be in readiness for his turn so that there be no delay in this work, as it is desired to clean up as much as possible this season.

Immediately upon compliance with the regulation of dipping once for exposed and twice for infected cattle these ranges, pastures or districts will be classed as clean, and cattle can then be shipped upon inspection to any point for any purpose.

As active work will begin September 1st, any infected or exposed cattle remaining undipped after October 10, 1910, will be taken in charge by this Board and dipped or treated in accordance with the provisions of section 3, chapter 31, laws 1905. Animals will be held as security for payment of all costs and expenses incurred in compliance with this order for dipping.

ORDER FOR DIPPING.

Upon authority conferred upon the Cattle Sanitary Board of New Mexico, by the provisions of chapter 31 of the Laws of New Mexico, the following area is hereby declared to be an infected district: Union, Quay, Guadalupe, Roosevelt, Curry, Chavez and Eddy counties, and it is hereby ordered that all cattle within said district, which have been or may be classed by inspectors as infected with or exposed to seabies infection, must be dipped or sprayed by the owner or his agents at such times and places and in such manner as the inspectors of this Board may prescribe.

Infected or exposed cattle which are not dipped in compliance with the provisions of this order, will be taken in charge by this Board and dipped or treated in accordance with the provisions of section 3, chapter 31, Live Stock Laws of New Mexico. Provided further, that any cattle in the Territory of New Mexico which are infected with seabies or have been exposed thereto, must be dipped in accordance with the above.

DIPPING REGULATIONS.

All dipping must be done under the supervision of an inspector of this Board or a Government inspector and in accordance with the rules and regulations of the United States Department of Agriculture.

Only those dips recognized by the United States Department of Agriculture may be used: Lime and sulphur, tobacco and sulphur, and Beaumont crude petroleum. The dip must be maintained at a temperature ranging from 100° to 105° F., with the exception of crude oil which may be used cold.

Each cattle owner affected by this order should, at once, get in touch with the inspection in his section and arrange dates for dipping.

The following named employees

will have charge of the Bureau Work:

Dr. E. M. Obleter, Clayton, N. M., Union County.

Dr. W. A. Savage, Delhart, Texas, Quay and Guadalupe counties.

Dr. Geo. A. Lipp, Roswell, N. M., Roosevelt, Curry, Chavez and Eddy counties.

By order of the Cattle Sanitary Board.

W. J. Linwood, Secretary.

UP TO DATE ADVERTISING.

Key to the Secret of Success of Every Merchant.

The fact cannot be impressed too deeply upon the understanding of the local merchant that it is up to him largely to keep and increase home trade. There is absolutely nothing to gain by sitting back in a swivel chair and complaining that business is going to the dogs, that the mail order concerns are bringing up the patronage that ought to come to the town store, but there is everything to be lost unless the merchant gets busy and counteracts the tendency toward buying goods away from home.

While each merchant must think out in the main his own plan of campaign against the outside that seeks to destroy him, having his efforts upon local conditions, the consensus of opinion throughout the commercial world seems to be that up to date advertising is the key to the secret success in this age.

Merchants who use the advertising space in their town papers to the best advantage are the ones who do the least complaining about losing their old time customers.

Nowadays every merchant who does any successful business advertises in the local papers, but it is a well known fact that many of them fail to get the full efficiency of the space for which they pay.

The ancient "standing ad" which calls attention to Jones & Co., Staple and General Groceries, Acme Hardware, etc., is still open for business, but it does not tell them just why they should trade with Jones & Co. Instead of with Brown Bros., who print in their advertising space a list of bargains from day to day or from week to week, giving bargain hunters information as to where they can trade and save money.

It is the merchant who makes the best newspaper display of his actual bargains who picks the plum of patronage. People are on the watch for a good thing, and when they get the tip from an advertisement they go after it.

CARING FOR STREET TREES.

Surgery One of the Most Important Features in Their Preservation.

There is nothing more pleasing to the eye of a visitor to any town than clean streets and well arranged street trees. A number of young shade trees will add greatly to the beauty of the home town.

The preservation of existing old trees is even of greater importance than setting out new ones. The lack of care of trees in the matter of placing guards around them, the leaving

WELL KEPT STREET SHOWING SHADE TREES.

of short stumps in pruning and other neglect cause mutilations of the trunk and stems of trees that need attention. Tree surgery therefore forms one of the important divisions of the care of trees. Cavities in trees, no matter how caused, are thoroughly cleaned of all decayed wood, painted with tar and filled with cement. It is a process very much similar to that of filling a tooth.

Small cavities are filled with the usual cement mixture of one part of portland cement to two parts of sand. In the case of larger cavities bricks and stones are used to retain the concrete, and the result is that a strong masonry column is erected within the hollow tree, and it is thus strengthened. The filling follows the contour of the tree. But the cement is not filled flush with the outside bark of the tree, but is filled up to the line separating the bark from the first layer of wood, so that the new growth of wood will form a collar around the border of the filled cavity and in time the bark will roll over the cement and cover it entirely, leaving no trace of the previous exposure.

A Great Error.

"My horse dies in the stable of my latest novel," said the young author. "That's a grave mistake," replied the editor. "He should not die before the reader does." —Atlanta Constitution.

History is often a matter of mutual misapprehension, where, although both parties intend deception, neither is deceived. —Colton.

ANNOUNCEMENT FALL 1910

We desire to state for the information of our many new found friends that though only a short time among you we are more than pleased with our business dealings with you and appreciate your trade. We have received large quantities of new up-to-date goods the past week, and are still receiving

DRY GOODS, SHOES, CLOTHING

In the more staple lines of Dry Goods, Shoes, Clothing, Hats, etc., for all, every demand will be supplied and we shall continue our policies of the past; to sell better merchandise for less money and to prove our appreciation of your patronage by the service we give.

We invite you to make this store your store, for we want you to feel that this is truly your store.

THE BOSTON STORE

"HOME OF LOW PRICES"

Electrical Comforts

Washing Machines
Ironing Machines
Art Glass Domes
Shaving Mirrors
Coffee Percolators

Whatever electrical appliance or device is useful in the home, for convenience or comfort and reduction of labor is sold by The Public Utilities Company. Complete descriptions and prices will be supplied upon request.

THE PUBLIC UTILITIES COMPANY
PHONE 115.

Distro de dicho Condado de Eddy, Territorio de Nuevo Mexico por dicho Actor, con el fin de tranquilizar el titulo del actor a la cuarta parte sudeste (S. E. 1-4) de la cuarta sudeste (S. W. 1-4) Seccion 32, Sexto 21 Sur, Hilera 27 Oriente, N. M. P. M., situada en el Condado de Eddy, Territorio de Nuevo Mexico.

Dicho Actor alega en su queja que él es el dueño del titulo al dominio absoluto en dichos terrenos y propiedad raíz, y que esto está evidenciado por cierta escritura de impuestos ejecutada por W. H. Merchant, Tesorero y Ex-Oficio Colector de dicho Condado de Eddy, Territorio de Nuevo Mexico, fechada el 18 de Mayo, 1910, y entregada a dicho actor.

El actor ademas alega que dichos demandados pretenden algun derecho en dichos terrenos y propiedad raíz, alverso al estado del actor, y replica que el titulo y estado del actor en dichos terrenos y propiedad raíz, son irrevocables contra cualquier reclamo o derecho de los demandados, y que los demandados sean probados y para impedir que los demandados reclamen cualquier derecho al titulo en dichos terrenos.

Dichos demandados están ademas notificados que si no comparecen en el juicio en el dia 30 de Octubre, 1910, la causa se declare en su contra, y se declare que el actor es el dueño de la propiedad raíz de dichos terrenos.

En fe de lo cual he puesto la mano y sello del Secretario de dicha Corte este dia 3 de Septiembre, 1910.

S. S. Roberts,
Secretario.

Notice of Suit.

In the District Court, Eddy county, New Mexico.

J. D. Hagler, Plaintiff,

No. 12-2: vs. Fred Fisher, Defendant.

To the Defendant, Fred Fisher:

You are hereby notified that the plaintiff, J. D. Hagler, has filed a suit against you in the district court of the fifth judicial district of the Territory of New Mexico within and for the County of Eddy, the same being the above styled and numbered suit. That the general objects of said suit are to quiet the title to the S.E. 1/4 of the SW 1/4 of Sec. 4, Tp. 25 S., R. 26 E., in Eddy County, New Mexico. That unless you appear and answer said suit on or before the 29th day of October, 1910, judgment by default will be taken against you and the allegations in plaintiff's complaint will be taken as confessed.

The names of plaintiff's attorneys are Hagler & Hagler and their business address is in Carlsbad, New Mexico. Witness my hand and the seal of said court in Carlsbad, New Mexico, this 29th day of September, A. D. 1910.

S. L. Roberts,
Secretary of said Court.

per W. E. Benson,
Diputado.
