Wm. H. Mullane, Pres.

CIRCULATION \$1.50 per annum

Carlsbad, N. M., Friday, Nov. 11, 1910

Carlsbad Current established November 15, 1902. New Mexico edition established May 12, 1903. The two papers consolidated October 11, 1907.

Official Paper of Eddy County.

The election Tuesday indicates that the republican voters of the East and North have at last become wise to the duplicity of Roosevelt who for once could not fool all the people even some of the time. He undertook to balance too many buckets on his shoulders and several dropped off. He endorsed Taft and the rotten Paine-Aldrich tariff and at the same time undertook to lead the tariff reform wing of the republican party. "My policies" as he terms such, simply became nauseating to insurgents and obnoxious to regulars, and the result was that his own voting precinct repudiated his candidate Stimson by giving Dix the democrat a plurality of sixty. During the next two years we may confidently expect the balance of the country to get their eyes opened to the real inwardness of a man who endeavors to obtain political preferment by duplicity chicanery and double dealing. It cannot be possible that even Taft can respect such a straddler as Roosevelt.

The boosters meeting at the Commercial Club rooms was a howling success, no doubt because the Women's Club inaugurated it, for men always follow where women lead. Now if the women will advise the expenditure of sums in keeping with their ability for husbands to blow in for the good of the town it will also be beneficial. A town is like a farm, for it will not thrive without fertilizing. Farmers who never put anything back on the land in the way of fertilizer soon fail, while the same may be said of the business men of a town who evade and sneak away from the committee sent by the Commercial Club to get them to donate their share to improve the roads leading into town, or to assist in locating a school, or keeping one, to develop a manufacturing enterprise, to improve the streets or assist according to his means to improve the town. Another thing is that many do not pay a cent in the shape of carrying a professional card in the papers and some even do not subscribe for the papers and still they expect the newspapers to boom and never let up.

The most joyful news is the defeat of Beveridge in Indiana for the United States Senate. Beveridge is the tool of corporate interests and the arch enemy of New Mexico. He will be succeeded by John W. Kern, who was on the ticket with Bryan, for vice president at the last presidential election.

The weather for the past three weeks has been ideal with nothing but light frosts since the first frost of October 21st, which was a killer. No rain has fallen since about two years ago and nearly all the cattle have drifted from the hills west of town or been shipped to pastures, C. N. Jones having driven his to a pasture east of Kenna. The Black River Land & Cattle company have driven out about 1000 head and the Sam Smith cattle have drifted up on Four Mile and to other points of the S cross range. The winter has started in dry and a dry spring is dreaded by stockmen. The major portion of the stock is at present in fair condition.

The constitutional convention was wrestling with woman suffrage Tuesday. Well, if the women want to vote, let them.

The exhibit car of produce from New Mexico which will go to Chicago to be present at the meeting of the Industrial congress will leave here tomorrow on its tour of the territory for the purpose of being loaded with the products of New Mexico. A bale of cotton, also about sixty pounds of ginned cotton and a large bunch of cotton plants with the bolls in the various stages of opening, together with about sixty pounds of alfalfa seed, comprised the exhibit from Carlsbad. The two money makers of the lower Pecos Valley will be made the chief features of the exhibit from this section. The car is being loaded under the supervision of J. D. Tinsley, of the Industrial department of the Santa Fe railroad.

Superintendent L. E. Foster of the Reclamation Service has a force of men at work at Lake McMillan reinforcing the retaining wall which has heretofore been constructed against the east embankment of the lake, to protect it from the encroachments of the waters and especially from the breakers which over ride it in the strong winds which prevail during the early spring months. About 45,000 square feet of rip rap work is being put in for this purpose. The work of raising the embankment on the west side about two feet will commence in the near future which will increase the storage capacity of the reservoir, or lake, about 16,000 acre feet and orders have been received from the department to prepare estimates as to the cost of raising the embankment four feet which would virtually double the storage capacity of the lake. Lake McMillan, when full measures from three to four miles in width and about ten miles in length, which is the largest artificial lake in the United States.

The east bank of the main canal is being grubbed and cleared of all mesquite and undergrowth for the purpose of constructing a roadway along its crest to be used exclusively by the engineers and ditch riders of the Reclamation service in order to permit a closer watch to be kept on the water in the canal and also to protect the banks from the intrusion of gophers and other animals of a burrowing nature which have caused no small amount of trouble and damage to the canal heretofore. An automobile will be added to the equipment of the engineers at this place in the near future, which will greatly facilitate the work of visiting the various portions of the project and will also prove a great convenience to the engineers in charge.

MY ROSARY

There is something in the way it clings
About my hands I cannot tell,
I only know sweet peace it brings,
A feeling as though all were well.

Ave Maria! one by one
The beads fall down in rhythmic sweet
Dear Mediator! ask thy Son
To hear me pleading at His feet.

For faith to lead me through the gloom
When dark the night comes down to me
Beyond the shadow of the tomb
With thee to stand on Calvary.

Find strength to rise above life's storms
Safe in the shelter of the Cross,
Thy prayers should keep my soul from harm
Ave Maria! Exaudios.

RECIPES FOR BLACKING.

How to Make a Liquid and an Oil Paste Variety.

A fine liquid blacking is made as follows: Put one gallon of vinegar into a stone jug; add one pound of ivory black, well pulverized; half a pound of loaf sugar, half an ounce of vitriol and one ounce of sweet oil. Mix by stirring. This blacking is highly recommended as producing a fine jet polish and is less injurious to leather than most of the pastes and liquid blackings in common use.

A fine oil paste blacking is made thus: Take a quarter of a pound of oil of vitriol, ten ounces of tanner's oil, four ounces of ivory black and ten ounces of molasses. Mix the oil of vitriol and the tanner's oil together and let stand for one day. Then add the ivory black and molasses and the whites of two eggs and stir well together until there is a thick paste.

Photographer (who for the first time has taken a great deal of trouble to get his sitters to relax the unnaturally stern expression which men assume under the ordeal, and now prepares for a second exposure—I shall leave the expression to you this time, sir.—Punch.

He set the alarm clock to wake him early.
It rang and he smothered its sound in a trice.
And gave it a glance both indignant and early.
Behold the reward when you're asked for advice!
—Washington Star.

Howell—I see that the paper says that the treasury department announces that by washing paper money it will last twice as long.
Powell—Yes, but what is a poor devil to do while his money is at the laundry?—New York Press.

Exit the bonnet.
Of genuine straw;
Enter the cypher,
Fried, scalloped or raw.
—Detroit Free Press.

"Me gotta da good job," said Pietro as he gave the monkey a little more line after grinding out on his organ a selection from "Santa Lucia." "Gotta forty dollar da month and eat myself thirty da month if da boss eat me."—Everybody's.

The early days of fall are here,
We see in bolded type;
The frosty morns are drawing near—
The pumpkins getting ripe,
And soon about the town you'll hear,
"Confound that old steam pipe!"
—Chicago News.

Mrs. Bacon—Do you believe anything in that letter you got from your husband today?
Mrs. Egbert—No, I don't. It's all about what he claims he caught fishing the other day.—Yonkers Statesman.

Any times are good times,
Be they old or new,
Any time when love says:
"Good morning! Howdy! do!"
—Atlanta Constitution.

"Did Maria have drop ceilings in her house?"
"Yes, in the kitchen."
"What a queer place for her to put a drop ceiling!"
"Oh, she didn't put it there. The plaster fell down."—New York Journal.

Simon had just issued the stern command, "Thumb up!"
This, while comparatively harmless, was followed soon by the sterner mandate, "Hands up!"
And the world has been full of tribulation ever since.—Chicago Tribune.

Recommends Liberal use of Guano.

LOVING, NEW MEXICO, SEPT., 1, 1910.

Carlsbad Guano & Fertilizer Company.

GENTLEMEN:—In reply to your request for my experience with guano used as a fertilizer, will say:

In the spring of 1909, I fertilized twenty acres, which I seeded to alfalfa, putting about 200 pounds per acre, well disked in before seeding. The crop of 1910, both hay and seed, was considerably greater than on other ground, maturing from ten days to two weeks earlier. Am very favorably impressed with results I have obtained, and personally recommend the liberal use of guano in this valley.

Yours truly,
W. H. CARTER.

Best Product on the Market for the Money.

Carlsbad, New Mexico, October, 6, 1910.

To Whom it may Concern:—This certifies that I have used the bat guano of the Carlsbad Guano & Fertilizer Company on various kinds of soil in the production of alfalfa. I find that 300 pounds per acre invariably insures a good stand, a fine yield and is the best product on the market for the money for results.

Very Respectfully,
E. P. BUJAC.

LOCAL NEWS.

Billy O'Neal is in from the plains today.

John Lucas was in from the H slash ranch Tuesday.

John Barber was in from the ranch for a few days last week.

Dave McCallum and Ned Shattuck were in from Queen Tuesday.

J. B. Harvey made a flying trip to Loving Tuesday, on business.

J. I. Penny spent several days, this week, in Loving and Malaga on business.

Mack Camp, of Pecos, was shaking hands in town with his old friends Tuesday.

Mrs. Milton Smith has returned from a visit at her former home in Jacksonville, Texas.

Joe Graham jr. was in town Monday on his return from Kansas city, where he took a few cars of cattle. He left for home Tuesday.

Dr. S. J. Gates has returned to Carlsbad to spend the winter after an extended visit to points in northern New Mexico and Colorado.

George Williams and L. L. Fuoss shipped three cars of cattle to Kansas City last Saturday. Dolph Lusk and Mr. Fuoss accompanied them.

E. Hendricks has purchased a new No. 19 Buick. He is busy at present showing his friends how nicely it can run.

Jack Hill was found guilty of fighting, this week, when given a hearing before Justice Cunningham, and paid \$4.85 into court which was the costs in the case.

Mrs. E. S. Welpton and children arrived in the city this week for an extended visit with the family of her sister, Mrs. H. I. Braden. Their home is in West Point, Iowa.

Paul De Witz, of Loving, was a business visitor in Carlsbad last week. He reports conditions as being in a fairly good condition, in the lower valley, for the coming winter season.

Mrs. H. H. Willson and children Susan and Horace left last Tuesday morning for a visit with the parent of Mrs. Willson in Louisville, Ky. She expects to be gone about four weeks.

Mrs. Will Wood of Winter, Texas, is visiting with her sisters Mesdams L. E. Merchant and Laura Mitchell. She is en route home from a visit with her sister Mrs. Elba Lathrom, in Denver.

W. H. Reeves who resides about six miles southeast of town lost a valuable driving mare last Saturday. It had been sick for the past ten days and had received constant medical attention all to no avail.

J. W. Eden, formerly of Roswell, has formed a law partnership with W. H. Woodwell of this city and will make this his future home. They occupy the offices formerly used by Freeman & Cameron on Canyon Street.

Miss Rosie Temple, of Artesia, who has been doing abstract work in the office of Recorder O'Quinn for some time past has completed her work in the office here and has returned to her home. She will probably return to Carlsbad from time to time keeping her work up to date.

Reitz & Reitz of Kansas City Kan. have purchased, during the past two weeks about 1800 head of fat cattle cows and other stock. About 800 head were purchased from the Mountain Pool at \$20.50 while the Barber Holt cattle brought \$22.50. These shipments will about \$40,000 to Carlsbad.

DUPLICITY DEFEATED

Roosevelt, the Boss Straddler Gets his Waterloo.

THE DEMOCRATIC LANDSLIDE

Caused by Buttinskism and Elephantias Cranium of one T. Roosevelt.

Last Tuesday witnessed the most remarkable democratic landslide of recent years the following being the general results:

New York elects John A. Dix for governor by 112,000 against Stimson, the Roosevelt candidate and twenty-two of the thirty seven congressmen.

Nebraska went republican by 12,000.

Oklahoma is democratic by 20,000.

Utah is republican and wet.

The republican majority of 30,000 of two years ago in Kansas has been reduced to about 4,000 for Stubbs for governor the whole republican ticket being elected.

The Sixty-Second congress will be democratic by twenty-four majority.

President Taft when asked concerning the election stated that he had nothing to say for publication.

All the democratic states such as Arkansas, Florida, Texas, Alabama, etc., went democratic.

Oregon went republican and for prohibition.

The socialists elect a congressman in Milwaukee, Wisconsin.

New Jersey elects Woodrow Wilson governor by 15,000.

Connecticut goes democratic by 40,000 electing a democratic governor.

Ohio elects Harmon, democrat, by 40,000 for governor, and the entire state ticket.

Missouri goes democratic and against prohibition by 100,000.

Colorado elects the whole state democratic ticket by 40,000.

Indiana elects the whole democratic state ticket, legislature and governor.

Wyoming is democratic electing Jos. M. Carey governor. The legislature will probably be republican.

The official count will be required to determine the result in Iowa the vote being close.

Hooper, the republican, was elected governor over Bob Taylor, in Tennessee, but the balance of the ticket elected was democratic.

Mr. and Mrs. J. B. Biggs, of Canyon City, Colo., arrived in Carlsbad today for a visit with the family of their daughter Mrs. M. S. Groves. They were met at Pecos by Mr. Groves who has been looking after his lumber interests at that place for the past few days.

Professor Bunch and Joe Cunningham returned last Thursday evening from a hunting trip to the mountains where they joined W. R. Owens and party, last Sunday morning. They made the trip in the auto belonging to Professor Bunch and it is the first time a car has ever climbed Texas hill to the cap rock. They spent several days with the party returning Wednesday evening.

Rev. T. L. Lallance assigned to the M. E. Church of Carlsbad for the coming year arrived from Asheville N. C. where he was stationed the past year. Mr. Lallance is an old and tried preacher in Carlsbad having filled the pulpit of the M. E. Church twice, once in 1897 and again in 1906.

McLenathan—Insurance.

The water was turned out of canal this week, and will not be turned back in until sometime in January when a short run will be made for mid-winter irrigation after which it will be shut off until the middle of March. No water has been available for irrigation purposes since the first of this month but the canal has been kept filled to its normal depth for the purpose of taking measurements to ascertain the amount of seepage evaporation, etc.

McLenathan—Insurance.

Judge A. S. Harris and grandson, Sam Davis, of Hope, were in town a couple of days this week with a load of the fine apples from the judge's orchard.

Another—in all that wild storm your sister Maggie went out with her throat all bare and exposed.

Brother—Rain won't hurt her. She's got a rubber neck.—Life.

When lovely woman stoops to folly And does things she should never do It's safe to wager she is making A donkey of some fellow too.

—Chicago Record-Herald.

The farmers of the valley are now busy gathering their crops of kaffir corn, milo maize and cane. Some exceptionally good yields have been grown this season and which, but for the early frosts, would have been still larger, are bringing good prices and adding many dollars to the already munificent returns from alfalfa hay, seed, cotton, etc.

M. E. Seawalt who in company with H. W. Haynie took a shipment of fat muttons for C. T. Adams to San Diego, Calif., returned to Carlsbad last Tuesday morning. The sheep left Carlsbad October 26th and reached their destination November 4th in fine condition, only three died enroute out of 1436 head, which is a remarkable good record considering the number and the distance traveled.

General Superintendent Starkweather and General Foreman Roush of the Eastern Railway of New Mexico with headquarters in Amarillo, passed through the city the early part of the week on a tour of inspection of the road and bridges. They went to Pecos and returned the next day.

Mike McBiles a lad of about 17 years of age, who was arrested on a charge of drawing a gun on some negro children and was given a hearing before Judge Cunningham, this week, and as the complaining witness withdrew his complaint and the defendant promised to leave town as he already had planned to do, the case was dismissed upon the payment of the costs.

Mrs. Malone accompanied by daughter Mrs. Gilliam are expected to arrive in Carlsbad Sunday for a from their home in Wichita Falls, for a visit with Mrs. W. Crow, in La Huerta. They will probably remain in Carlsbad all winter.

L. G. Ryan the "man-on-the-job as road overseer in the second district left this week for the mountains where he is looking after the roads culverts, etc., and endeavoring to make the roads passible for the mountaineers to do their trading in Carlsbad.

McLenathan—Insurance.

W. G. Woerner manager of the Knowles Telephone Company and who is also one of the directors of the Bank of Knowles was in Carlsbad, this week, looking after his property interests here and is an enthusiastic booster for his town. He stated that the eastern end of Eddy county is making good at an astonishing rate and all of the new towns which were recently established on the plains are growing and the people are fat, well and prosperous. The cattlemen are in good spirits and while the grass on the range is short the cattle are in fairly good condition. About \$125,000 worth of cattle have been sold this fall which has left the range not over stocked as has been done heretofore and the stock which is left will doubtless stand the siege of the coming winter in better condition than they have for several years past. The Bank of Knowles handled over \$25,000 worth of negotiable paper which passed through the National Bank of Carlsbad and which is a fair index of the financial condition of the plains country.

Found: A watch. Owner can have same by proving property and paying for this notice. Address or call on L. E. Ringen, Loving, N. M.

It is said H. B. Johnson has been offered inducements to go to San Diego, California. It is not known that he has fully made up his mind to accept and remove to the coast city.

Mr. Johnson has been in Carlsbad a little more than two years. He build a good business has a host of friends and is a valuable citizen.

ROCK ISLAND COMING

Eddy County Practically Sure of Railroad to Knowles.

AN OUTLET FOR STOCK AND PRODUCE

W. G. Woerner, of Knowles, was in Carlsbad this week enroute home from Texico where he has been in the interests of Knowles town site company in conference with the officials of the Rock Island railway company relative to the extension of that road from Texico to Knowles. He stated to a representative of the Current that the building of the road through the upper plains country is now an assured fact and that the road will be built into Knowles is practically as certain. That the road will be built from Tucumcari, New Mexico, to some point in the southeastern portion of the territory is borne out by the fact that the work has already been commenced and five miles of road bed has been graded south from Texico, from which town the construction gangs are now working in both directions. The contract for the construction of the road from Texico to Knowles has been let to a railroad contractor from Portland, Oregon who has moved, with his family, to Texico where he expects to make his headquarters for the coming winter. Three large machines are now in the field and a small army of men and teams are pushing the work as rapidly as possible. The topography of the country between the two towns last above named is as near perfect, from an engineers point of view as it is possible to find. Throughout the entire distance of about one hundred miles there is scarcely a cut, fill or bridge of any importance. There is not a stream to be crossed and the greatest cut will not be over seven feet in depth, which is something unusual for that distance.

A deposit of \$20,000 has been made in the bank in Texico to be checked against on labor account which insures the construction of the road for fifteen or twenty miles and the amount will be added to as the needs demand. The contract calls for the road work completed including grading, ties and steel, ready for the rolling stock.

All of the towns through which the road will pass have offered bonuses to the railroad company in amounts from \$25,000 to \$100,000 with sites for depots, side tracks, round houses, etc. A total of about \$550,000 has been offered to the railroad company for the construction of the road and the major portion of which has been accepted by the officials of the company.

While the construction of the road does not directly interest the citizens of Carlsbad every citizen of Eddy county and the Pecos Valley indirectly interested in its own progress as it opens up another avenue for the transportation of the products of the valley to market. It will prove to be of the greatest benefit to the stockmen of the plains country who have heretofore of undergone great inconvenience and loss in driving their herds of horses, sheep and cattle from sixty to one hundred miles to a shipping point, thereby suffering untold loss and an inestimable amount of inconvenience.

Just what object the railroad company has in extending its line through this section of the country is not definitely known and many theories are being advanced. Some of which are that it is the purpose of the company to tap the extensive coalfields north of here; others are that the object is to locate, build and sell town-sites on the plains and another is that purpose to open a short cut from Tucumcari, which is on their main line to El Paso. In the event the latter should prove to be correct it is probable

that Carlsbad would be in line between Knowles and the Pass City and it already has "taken notice." It would open a thoroughly prosperous and productive country and one which would offer more than value received to the company as it is only in its infancy but has shown what it can do and what may be expected of it in the years which are to come. "Here's hopin'!"

Lost:—Two saddle horses, one black branded a mexican brand called G and double S connected over the G. One Sorrel horse branded half circle C on left shoulder. Will pay \$20 reward at this office for recovery of the horse. 4 nov. 4t.

Strayed or Stolen.

One past two year old heifer, branded "Cross 4" on left hip. Notify Lige Mitchell.

At the hospital lies Mr. Al. Green, who submitted to an operation last Sunday for the amputation of his leg which was taken off about four inches above the knee. Al. has been a marvel in his day and it is to be hoped he may recuperate so as to be able to take up his oldtime work as a newspaper man. At last accounts he was doing well, with temperature normal and every indication of a complete recovery. Mr. Green was one of the old timers here and was well known to all but after an absence of seven years he finds many new faces. He has been troubled for many years with rheumatism and necrosis of the bone and the amputation of the limb is an effort to overcome the trouble.

The Sisters of the Most Precious Blood who have made Carlsbad their home for five years departed Monday for Wichita and other points east where they have large schools.

The chances are that the sisters will return after a year or two. In the meantime the property will be used as a sanatorium with Mrs. J. Boyd Allen in charge.

Stock on National Forest.

Roswell, Nov. 9th.

A permanent injunction was granted today by Judge Pope in the District Court in the case of George W. Jernigan vs. United States, wherein Jernigan was charged with running his stock in the Alamo Natural Forest without having taken out the necessary permit. This is the climax of the fight that the stockmen in the Weed District of the Alamo Forest have made to test the legality of the grazing fees. W. C. Reed of the firm of Reed & Harvey represented the department and advised him to accept the injunction restraining him from grazing his stock on the Alamo Forest unless in full compliance with the regulations.

Pacific Mutual Pays Promptly.

Carlsbad, New Mexico.

Nov. 2, 1910.

Mr. F. B. Marshall, Special Agent, The Pacific Mutual Life Insurance Company.

Dear Sir:— I am in receipt of your company's check for sixteen dollars and seven cents (\$16.07) in full payment of my claim for partial disability from accident sustained while fishing.

My \$5,000.00 policy calls for twenty five dollars a week for total disability, but I was only partially disabled from a sprained instep, and only asked for \$12.50 per week for nine days, and was paid in full.

I will be glad to act as reference for you in the matter of these policies; and must compliment your company for the prompt and immediate settlement of this claim.

Respectfully yours,

Isaac Richard.

McLenathan—Insurance.

Eddy County has Champion Roper.

J. E. Weir and bride, of Monument, returned from El Paso, Wednesday, and left for their ranch home six miles south of Monument, yesterday on the auto. Bert has had more than the average of good fortune showered upon him lately. First he won the lady of his choice and was happily married October 20th, in Roswell. Then he went to El Paso to take in the fair and spend a few days for a wedding trip. And as a matter of pastime attended the Cowboy carnival, in Juarez, Mexico, where he won the World's championship medal in roping five big, wild, Mexican steers, from five to nine years old. The medal is solid gold and is inscribed as follows:

"The World Championship Medal of Cowboy Park, Juarez, Mexico, J. E. Weir, 5 Steers, Averaging 40 Seconds, November 1st to 6th 1910."

But the medal, which contains \$100 worth of gold, is not all; he also won a purse of \$100.

Clay McGonagill was awarded the second prize of \$200, having averaged 40 1-5 seconds to each steer. George Weir, a brother of Bert, got the third prize, of \$100, averaging 45 seconds.

Thus it will be seen the prizes all came to Eddy county and the little town of Monument has the honor of being the postoffice address of all the champions.

At the broncho riding Ed. Echols, of Dragoon, Colorado, took first prize, \$200; Cary Nation, of Midland, Texas, second, \$100 and Fisher Pollard, of Shafter Lake, Texas, third, \$50.

It was ever thus for the plains of Eddy county have never failed to furnish world beaters when the opportunity showed up.

The marriage of Bert Weir is referred to in the Knowles News as follows:

Miss Mamie Dunsan and Mr. Bert Weir, of Monument, were married Oct. 20th, at Roswell. The charming bride is the niece of Harry Gaither, the genial Monument druggist. Bert is a prominent young cowman of that vicinity, and one of the cleverest ropers in the game in the Southwest today, having made an enviable reputation in the arena the past few years. The popular young couple have a host of friends all over the Plains, all of whom wish them long life, happiness and prosperity galore.

Mrs. J. Boyd Allen has leased the property of the Sisters of the Most Precious Blood, and will convert the building into a sanatorium. The building is admirably adapted for the purpose being three stories with spacious verandas and high ceiling. The third floor with its spacious rooms and large balcony which is screened in for out door sleeping quarters, will be used for patients with lung troubles while the balance of the building will be for others. The chances are, however that eventually a separate structure will be provided for tuberculosis patients. The building and grounds occupy two blocks which have been developed very much in the past five years and present a beautiful appearance. The institution is provided with a 400 barrel cistern consequently plenty of soft water besides the city water and the water of Carlsbad Springs.

Wm. John Anderson, forest ranger from the head of the Penasco tarried yesterday in Carlsbad en route home via Pecos, El Paso and Alamogordo, from Roswell where he was a witness in the case of the United States against Jernigan for trespassing on the Alamo forest.

C. A. Hoefle, brother of Mrs. Will May, at Avalon, departed yesterday for his home in St. Paul, Kansas, after a three months' stay with his sister. He gained fifteen pounds while here and left with an abiding faith in this climate.
