FINE-TEENTH YEAR

CARLSBAD NEW MEXICO, FRIDAY, DECEMBER, 30, 1910.

NUMBER 7

THE PROJECT SLIGHTED

The Army Board Advises no Money be Spent on Carlsbad Project.

WE MUST MANAGE TO DO WITHOUT

The army board of engineers who visited Carlsbad have distributed the twenty millions among other projects leaving the Carlsbad and Hondo Projects Orland California, Garden City Kansas, Kittitas, Wapata and Benton Units of the Yakima Wash project high and dry with only funds for maintenance and operation. The government will invest in pumping plants in Wyoming Montana and Washington. The engineers in their report had the following:

"The most uncertain feature of nearly all the projects is the water supply. This is under state control, and in the prosecution of its work the reclamation service bears the same relation to the states as to a private individual or corporation. Where the water rights have been adjudicated, the rights of the United States are well defined, but elsewhere they are uncertain and may prove to be materially different from that assumed.

"It is recommended, that wherever possible, steps be taken to secure an early adjudication of water rights on all projects where such adjudication have not yet been made, and that, pending such action, expenditures be kept within the probable rights of the United States.

"The actual cost of completed work has almost invariably exceeded the original estimates, and in the case of some structures has been two or three times as large. This increase in cost has been the cause of much of the discontent among the settlers. It was partly due to a general increase in the cost of labor and materials, partly to under-estimates and an insufficient allowance for contingencies, and partly to the necessity of doing more work than was originally contemplated."

Under existing regulations, the report sets forth the construction charges must be returned to the reclamation fund in ten equal annual payments. This, it is said, is regarded as a hardship by the settlers on some projects, who express a desire for a series of graduated construction payments increasing from one per cent or two per cent, the first year, to fourteen per cent or fifteen per cent, the tenth year. Should this suggestion be generally adopted it is pointed out, it would mean a delay of several years in the return of the first half of the investment and a corresponding delay in the completion of other work.

"On some of the projects in the semi-arid regions", says the engineers, "such a modification in the terms of payment may be necessary to prevent an absolute failure of the project, but the general adoption of a system of graduated payments is not believed to be necessary or advisable.

Fine wagon yard and camp house at Ohnemus Shops, Ohnemus can fix it.

\$250.00 Reward

For arrest and conviction of parties who have for some time past depredated upon our property by stealing cattle and wire fences, filling wells with iron and generally damaging by maliciousness that could be conceived by a depraved lawless crowd.

Murder at Portales.

Portales, N. M., Dec. 26th. Saturday afternoon, about twenty miles south of Portales, at Rogers, Alec Hamby was shot and killed, it is alleged, by a man named Cheney. Some days previous there had been trouble, since which time it is claimed that Cheney had made threats against Hamby. Meeting Hamby at Rogers Saturday afternoon Cheney is said to have opened fire on him, and fatally wounded him. Cheney almost immediately was taken in hand by nearby parties, and word phoned to Portales to the sheriff. Deputy Duncan, accompanied by Ed. Brown, went down in an automobile and brought him in last night. He is lodged in the Portales jail, awaiting a preliminary hearing.

Gun Club Shoot.

Following is the score made by the gun club at its shoot on Monday, December 26th. Number of targets broken out of a possible twenty-five:

R. Holt, 22, 22.
Y. R. Allen, 15.
W. May, 18, 16.
W. U. Dannelley, 16, 17.
W. E. Smith, 20, 18.
J. Cunningham, 14, 17.
T. Daniels, 15, 17.
John Cantrell, 8, 10.
E. P. Hanson, 8, 13.
H. Smith, 11.
W. A. Craig, 16.

Santa Claus Visited Queen.

In spite of the fact that the teacher at Queen came down on the hack Thursday before Christmas, the people decided to give the children a treat in the way of a Christmas tree at the new school house on Christmas eve. Quite a crowd was present; hardly standing room. The tree was beautifully decorated, old Santa was there with his jolly words and smiling face to cheer the children.

Sunday school in the morning at the school house and singing in the afternoon at J. R. Means' new home.

Play parties and dancing was the next treat in store for the young people, one given in honor of Pliny Cochran at the home of "Snooks" Gordon on Monday night was well attended. The next was at the home of Ned Shattuck's on Wednesday evening, refreshments were served. A light snow covered the hills and vales Thursday morning and obliterated the tracks of the sleepy home goers.

Notice to Advertisers.

For the information of patrons of the press who desire notices, such as cards of thanks, etc., all are notified that the following rates will be charged by Carlsbad newspapers in the future:

Church socials, and other entertainments when a fee is charged, 5 cents per line; resolutions of lodges, 5 cents per line; cards of thanks, twenty lines or less, \$1.00.

BIG CROPS, HIGH TAXES.

A Subscriber Complains About High Taxes on Land That Produces \$100 per Acre Crops.

LAND IS ASSESSED AT \$15 PER ACRE

The Current has received a letter from a subscriber in Iowa from which the following extract is taken:

"I have just been reading an article in your issue of December 9th, about taxes and assessments in Santa Fe, County, New Mexico.

Now I am not interested in Santa Fe county or in the political side of your article but I do have an equity in a little piece of Eddy county land and not long ago furnished the money to pay taxes on 40 acres. The taxes on this, which is a piece of raw land which there is no market for and which there is no chance to rent, is as much as on the same amount of improved Iowa land which will rent readily for \$5.00 per acre or which will sell any day for \$100.00 per acre. Are all lands in Eddy County assessed in the same proportion and if so what use is made of the money?"

The subscriber does not state whether or not this raw land carries with it a water right, but if it does, it is assessed at about \$15.00 per acre and taxed at about fifty to seventy-five cents per acre, according to location, for some school districts are taxed higher than others. If the subscriber had his land cultivated the past season in alfalfa for seed and hay it would have produced in seed and hay about \$4,000.00, or \$100.00 per acre. Had he cultivated the land in cotton and obtained an average yield with other cotton farmers, he would have produced between \$3,000.00 and \$4,000.00 worth of cotton. Had he put out an

Larrazolo Epigrams.

I am not abandoning my principles; I am simply changing my position. I want to be on higher ground; be a freer and a more independent man and instead of supplicating and petitioning, as masters we will have the right to command.

While I believe in party loyalty I do not believe it is the duty of any citizen to surrender his conscience to any man or party.

This constitution is reasonably easy of amendment—in fact more so than that of any OTHER state constitution with the exception of Oklahoma.

Will we pay our legislators too much in giving them \$5.00 a day when it is the unwritten law of every capital city, from Washington down, that not a member of the legislature shall leave the city with a dollar in his pocket?

Is \$5,000.00 salary for a governor of a state too much when he has to entertain the distinguished representatives of other states and other lands, or would you have him give them a dish of frioles? If so, I'd like the recall to exist for such.

Is \$4,000.00 too much to pay your attorney general? Ask Mr. Catron if he would give up his law practice for that sum.

If it takes too much money to become a free people, I want to petition the government to put us on a reservation like the Pueblo Indians and appoint a guardian to look after us.

Are we going to despair and challenge the honesty of humanity at large? If so, I'd appeal to the Lord to send us down an

WE take this opportunity of thanking our many Patrons for the encouraging support during the past year, and wish them all.

A Happy New Year.

We beg to assure them, that we shall next year be better prepared to serve than ever before. We solicit a share of your business. Assuring one and all that we will do our best to serve and please you.

The Eddy Drug Co.

Drugs Jewelry Kodaks

orchard and handled it with care for the past six years he would have raised \$16,000 in apples the past year. However, as it is impossible to speculate on the lands here with safety many feel that the valley is not what it is represented to be. This valley is no place for a speculator and under the Project no one can hold land and obtain water for same without making their residence in the country.

As for the use made of money collected for taxes in Eddy county nearly one-half as much as the county rate goes to Santa Fe to assist in supporting an extravagant republican gang that for the past fifteen years has run the territorial rate up from seven to about fifteen mills, or more than double the rate under the last democratic administration of territorial affairs. In most of states the county rate is ten times the state rate but under the gang at present in control of territorial affairs we pay as much to sustain the territory as would the school districts and towns are not considered.

army of angels to govern us.

The corporations DID have their agents in Santa Fe to obtain concessions in the constitution, but they most signally failed to secure anything, or I am unable to read the English language, or I am a third rate lawyer.

Since when has the democratic party become a party of anarchists? The democratic party I know is that of freedom and of equal rights to all.

If amendments to the constitution are needed, I believe in the loyalty, patriotism and intelligence of citizens to have these amendments written.

They say: "New Mexico is boss-ridden," but I believe that you will be controlled by bosses only so long as you desire.

This is your opportunity to adopt a constitution and secure statehood and God only knows when, if ever, it will be offered to you again.

Eddy Auto Club will do you first class work of all kind. Experienced mechanic in charge.

Trustees Meeting.

Be it remembered, that on the 6th day of December, 1910, a meeting of the board of trustees, of the town of Carlsbad was held in the mayor's office, pursuant to adjournment December 5, 1910, at 7 o'clock, P. M.

Present, C. H. McLenathen, mayor; R. M. Thorne, W. S. Jolley, G. M. Cooke, and C. R. Brice, trustees, and J. B. Harvey, recorder.

Minutes of last meeting were read and approved.

Report of treasurer, J. E. Laverty, was read and accepted.

Report of former sewer inspector, M. E. Hicks, was read and ordered filed.

Trustee C. R. Brice was instructed to prepare a proper notice to all who are liable and have not done so to make proper connections with the sewer.

Trustee C. R. Brice offered a motion that the town engineer be instructed to inspect the High school building and to detect whether or not the same is sufficiently provided with fire escapes in case of a fire or panic and that he report to a meeting of the board at the office of the mayor, December 7, 1910.

The above motion was duly seconded and by vote was unanimously carried.

The recorder was instructed to request the members of the board of school directors of the Carlsbad school to be present at the meeting of this board to be held December 7, 1910, at 4 o'clock P. M.

The following bills were presented and ordered paid:

Finlay Pratt Hdw. Co. mds	8 2 25
G. D. Lucas pulling engine to fire	5 00
Western Mfg Co 2 circle culvert	81 00
W. P. Lucas street work	20 65
Finlay Pratt Hdw Co Sewer wk	7 50
Geo. Bruce building 2 culverts	65 50
W. G. Brown, repair work	7 05
R. W. Duncan Police duty 2 days	4 00
Roberts Dearborne Hdw Co mds	85
Public Utilities Co, water, lights, 100 ft	100 00
Carl Gordon, marshal's salary	75 00
H. G. Thomas, seav. sprinkler	100 00
J. R. Hines Ditchman's salary	15 00

The board adjourned to meet December 7, 1910, at 4 P. M. in mayor's office.

Meeting of the board of trustees of the town of Carlsbad held December 7, 1910, at 4 P. M. in mayor's office, pursuant to adjournment, December 6, 1910.

All members of board present, also all members of board of trustees of Carlsbad school district.

The meeting adjourned at the mayor's office to the school club rooms.

The town engineer J. W. Lewis reported that in his opinion the High school building was not sufficiently provided with fire escapes in case of fire or panic and recommended that public gatherings of all kinds in the auditorium of said building be dispensed with until such time as it is provided with proper fire escapes and exits.

The school trustees informed

the town trustees that the recommendations of the town engineer were being executed and that the High school auditorium would be closed to public gatherings of all kinds until the building was placed in a safe condition concerning the recommendations above referred to.

The meeting adjourned subject to call by the mayor.

J. B. HARVEY, Recorder.

McLenathen Insurance

ROAD WORK IN TEXAS.

New Gravel Highways Forty Feet Wide Are Built.

The method of constructing roads in Ellis county, Tex., was described at a recent road convention in that state by County Judge Spencer. He stated that during the preceding year eighty miles of roads had been completed in the county, the rate of construction having been between eight and ten miles per month. The commissioners' court has full charge of the work, the commissioners acting as superintendents, but receiving instructions from the court. Four camps were maintained, each camp consisting of a grading, a gravel, a concrete and a rock and labor crew. Two convict crews were hired at \$1.25 per work day per man for loading wagons. Foremen receive \$75 a month, assistants \$45 a month and concrete foremen \$3 per day. Labor is paid \$1.50 per day, ten cents for scrapers per day and the same for those hauling one yard loads of gravel, with \$3.50 per day for those hauling loads of one and one-quarter yards each. One man is employed to do nothing but "grade and test gravel." The equipment, such as scrapers, water wagons, wheelbarrows, picks, drills, shovels, tool boxes, tents, etc., costs about \$30,000.

A roadway of at least forty feet is aimed at. The roads are built entirely of pit gravel, which is bought by the acre at an average cost of about 7 cents per load. The first twenty miles of road cost an average per mile as follows:

Grading	\$20.54
Gravel, rock and pit work	167.15
Labor and salaries	267.58
Gravel and rock hauling	1,180.36
Dynamite and powder	14.69
Engineering	14.68
Concrete construction	149.25
Miscellaneous	19.83

The average width of gravel was sixteen feet and the average depth four inches at the edges and twelve to twelve and two-thirds at the crown. The average number of loads of gravel and rock per mile was 1,821 and the average haul two miles. The average cost of haul per mile load was 32.13 cents. There was an average of two and one-half concrete bridges and culverts per mile, costing an average of \$50.70 each. These were built of reinforced concrete, the reinforcement being bought by the earthen and the cement in 4,000 barrel lots. These are built on the general rule of providing one square foot of opening for each four or five acres to be drained.

The services of an on-the-spot city be required on some extensive flat or level tracts. Our commissioners and foremen, however, have been able to handle this feature of our work satisfactorily in all but one instance. This service apparently cost them \$11,000, which gives a very small average per mile, since this was the only engineering item for twenty miles of road.

Grabapples Decrease Milk.

Many pastures are full of crabapples, and they are greatly disliked by cows, although they apparently decrease the milk flow. They become large enough for the cows to eat about the time the fall pasturage is the shortest, and the combined effect of these two conditions is likely to dry the animals up entirely.

Shelter the Milk Makers.

The time is here when thought must be given to the comfort of the cows if their owners expect to sleep with no twinges of conscience.

The Carlsbad Current

Carlsbad Printing Co., Publishers
Wm. H. Mullane, Pres.
First Edition 1910

Carlsbad, N. M., Friday, Dec. 23, 1910

Carlsbad Current established November 15, 1902. New Mexico Sun established May 17, 1905. The two papers consolidated October 11, 1907.

Office Paper of Eddy County.

A Happy New Year to all the Current readers with many thanks for their patronage the past year and hopes for a prosperous 1911. The past year has witnessed many permanent and valuable improvements in Eddy County and if 1911 does as well there will be just cause for thanks at the end of the coming year.

In speaking of changing the name of a town in Canada, Rudyard Kipling has the following:

"I see no reason on earth why white men should be bluffed out of their city's birthright. Accept the change joyously and go forward proudly. Believe me the very name is an asset. Above all it is the lawful, original sweat and dust that won the name of the city and to change it would be to risk the luck of the city and advertise abroad the city's lack of faith in herself."

The above was said of Medicine Hat, Assiniboine, and applies no more to that far away town than to Carlsbad; especially the advertisement that the people are losing faith in the town. Then to add seven letters to the name of Carlsbad would injure the town more than the burning of every house in it; for in time more energy would be wasted writing the name than the town is worth. However, there is one consolation, the law does not compel people to accept the name that a few are trying to railroad over the people. This paper will always call it Carlsbad and will never accept the additional name; and if the Argus and others will do likewise the Springs portion will never be known abroad. There are men here now who favor adding the Springs portion to the name who eventually will consider it foolish and damaging. Though it has been about twelve years since the name was changed from Eddy to Carlsbad the post office receives hundreds of pieces of mail each year addressed to Eddy, New Mexico. But Eddy was too short to look well while Carlsbad is just long enough and not so common as Eddy and is really a distinctive name and should not be ruined by the addition of an ancient-sounding, old-fashioned bum affix that designates the city as a post office near a spring.

During the next few weeks subscribers who are owing for the Current will be dropped from the list and the accounts placed for collection in a bank, or with some good-natured collector, so if you do not want to fail to receive the paper just note how you stand by the date after your name. It is against the rules of the postoffice department to send a subscriber a paper who is in arrears longer than one year. Those who are unable to pay who will drop a card to that effect will not be bothered by collectors provided they agree to pay up some time during 1911. The Current has a good pay in advance list and is satisfied that those in arrears are so more by negligence than design.

The saloons of Carlsbad report the dullest Christmas for years, while the racket stores report the best. This is caused, no doubt, by so many big drinkers being on the water wagon; such as R. Ohnemus, Y. R. Allen, Grantham, Ezell, J. D. Walker, Allen C. Heard, in fact all the big men in town.

The reported change of name of the postoffice from Carlsbad to Carlsbad Springs may, or may not be true, but it is certain that before the town can change name legally the people must vote in favor of so doing and when it is put to a vote it will be defeated ten to one.

1911.

Write it 1911.

A rotten constitution though it is, beats no statehood.

Subscriptions taken for all magazines and papers at the Current office.

New Mexico State Democrat is the name of a new semi-weekly in Albuquerque, by Col. J. G. Albright. It is a well printed and very readable sheet and is out strong for statehood.

A lone bandit robbed a Southern Pacific train in El Paso last week and Christmas Day another took the money and valuables from 100 passengers at Leavenworth Junction, Kansas. The bandit wore a mask and made his get away.

The old duck eater of the Current is under obligations to Will May the full blood Plymouth Rock breeder and high bred chicken fancier, for a couple of fat ducks, dressed in the most approved style.

THOUGHT SPARKS FROM THE BUSINESS ANVIL.

Luck is never against the man who knows that he works honestly.

If time was money it would be easier for the loafer to pay his debts.

When a man begins to blow in his money a lot of people get wind of it.

His Satanic majesty seldom wastes any time trying to tempt a busy man.

You can't beat the advertising game by advertising that you don't advertise.

The time to advertise is all the time, the time to think of it before the other fellow does.

Advertising and dynamite are both useful, but the results of each depend upon how it is handled.

Should a financial storm break who will flee fastest to the telephone cellar? The maker of unadvertised goods for he knows that there is no established demand for his product.

Anybody can sell people what they think they want but to make them take it is another matter. But the reward will be greater because there will be less competition.

Anybody can sell people what they think they want but to make them take it is another matter. But the reward will be greater because there will be less competition.

Anybody can sell people what they think they want but to make them take it is another matter. But the reward will be greater because there will be less competition.

Anybody can sell people what they think they want but to make them take it is another matter. But the reward will be greater because there will be less competition.

AUTUMN CREED FOR FARMERS.

I believe in the sunflower and goldenrod. I believe in the broad fields of ripened clover. I believe in the grapes hanging purple beneath the broad leaved vines, in the rich red plums and the peaches' tender blush. I believe in the roar of the corn binder, in the ripening corn and in the fields heavy studded with the shocks. I believe in cutting corn until sure there is enough and then cutting for another half day. I believe in the thrasher. I believe in the dark fields, fall plowed for another season's cropping. I believe in autumn.—Iowa Homestead.

Hog Notes.

Shade and protection make the feed go further.

Feeds rich in protein are necessary for the brood sow.

An occasional feed of oats will be valuable for the brood sow.

Two litters of pigs a year is about what the best sows will do.

Alfalfa is a great food for the brood sow in summer and winter.

Uniformity in a lot of hogs will increase the ease with which they can be fattened.

A hog's defects will be reflected in the offspring just as surely as the good points.

Corn is the greatest feed there is for the hog, but it should not be fed exclusively.

Corn is the greatest feed there is for the hog, but it should not be fed exclusively.

Lunice—J. M. Carson, W. B. May, W. F. Turner.

The Judges are hereby requested to appoint two clerks for said election.

Attest: A. R. O'Quinn, Clerk.

E. P. Brjac, Chairman of the Board of County Commissioners.

School Bond Sale.

Notice is hereby given that the directors of School District No. 22, Eddy County, New Mexico, have submitted to the voters of said district at a special election called for that purpose, the question of issuing bonds in the sum of \$1,800 (Eighteen Hundred Dollars) for the purpose of erecting school houses in said district; that a majority of the qualified electors voting in favor of said issue; and that said Board of Directors has issued the bonds of said district in the amount named and voted upon.

Said bonds are further given that on the 15th day of February, 1911, pursuant to said election, I as Treasurer of said county will sell to the highest bidder for cash, at my office in Carlsbad, N. M., said bonds in the sum of \$1,800 for not less than 90 cents on the dollar, and to draw interest at a rate not to exceed 6 per cent per annum, payable semi-annually, said bonds to be in denominations of not less than \$50 nor exceeding \$500 and due not less than twenty nor more than thirty years after date and redeemable at the pleasure of said district at any time after ten years; that bidders be required to file their bids to deposit the sum of \$200 with said Treasurer to show good faith, which amount will be returned to all unsuccessful bidders; and that bids will be received on said bonds at said office until 12 o'clock m., on the aforesaid date.

W. H. MERCHANT,
Treasurer Eddy County, New Mexico.
December 29, 1910.

Notice to Property Owners.

The town of Carlsbad has at gr a expense installed a modern sewer system. Said sewers were ready for use on March 1st, 1910, since which date about eighty per cent of the houses have been connected with the system. It has been the desire of the present administration to have all the connections made without invoking the penalties provided in the ordinance. It is, however, evident that some will fail to comply with the requirements without testing the validity of the law. It is imperative for the preservation of the public health that these connections be made before warm weather.

Therefore, notice is hereby given that all who fail to make sewer connections by February 1st, 1911, will be prosecuted under the provisions of Ordinance No. 67, which provides a penalty of not less than \$5.00 or more than \$25.00 per day for its violation.

By order of the Council.

C. H. McLENATHEN, Mayor

Attest: J. B. HARVEY, Recorder.

McLenathen—Insurance.

Warning.

All persons engaged in peddling beef in this territory are warned that the law requires them to first obtain a license therefor and to pay for same the sum of \$250.00.

A violation of this statute subjects the person to a fine of not less than \$25.00 nor more than \$500.00, or by imprisonment in the county jail not less than three months or by both fine and imprisonment. See Session Laws of New Mexico, 1901, Pages 95, 96, chapter 45.

All persons violating said statute will be complained against by the undersigned.

LOCAL NEWS.

1911—Sunday.

Sunday is New Years Day.

Mr. R. D. Bruce was in Carlsbad Thursday.

Mrs. George Hall of Artesia was in the city Thursday and Friday.

Mrs. M. S. Green and daughters spent the holidays with her sister at Toyah.

Mrs. Harlan Thomas and children spent Christmas with relatives in Artesia.

Lafayette Simpson has built a comfortable home on his land east of La Huerta.

Miss Lyons, sister of Mrs. Shattuck up in the Guadalupe, was been very ill but is some better now.

W. W. Simpson, residing north of La Huerta, has built a comfortable five-room concrete house on his 160 acres.

W. G. Woerner left Monday in his Kissel Kar for Knowles after spending Christmas with his mother in this city.

Mrs. Yarrow of Lakewood who was ill at the hospital for sometime was able to return to her home last Monday.

Mr. and Mrs. Rich Carter, of Hagerman, New Mexico, were Christmas guests at the home of E. T. Carter, in this city.

Benjamin E. Moore of Arno Texas, and Miss Sallie Lewellen of Carlsbad, were married Monday by Rev. T. L. Lallance.

Dr. A. A. Dearduff and wife departed Monday for their home at Lovington, the doctor having recovered from his recent illness.

If there is any other paper or magazine you want please call at this office and we can save you money by clubbing with the Current.

Roy Waller left Christmas for Dallas in response to a message announcing the serious illness of his mother, who died later while he was en route.

John Hartshorn, of Malaga, brought in six fat hogs Tuesday weighing 420 pounds each which he sold to the markets at eight cents per pound live weight.

Mrs. E. J. Pearson and son, W. B., and daughter, Anna, arrived from Waxahatchie, Texas, to make their home with Pearson Brothers, of the Model Market.

Dr. H. F. Parr returned Wednesday from Wellington Kansas where he has been spending the holidays. Mrs. Parr and babies will remain a fortnight longer.

Albert Rich, of Webb City, Missouri, visited at the home of E. T. Carter, over Sunday. Mr Rich expects to locate permanently in this part of the country in the near future.

The Woods commission firm to whom was consigned nearly all the cantaloupes in the lower valley have succeeded in robbing the farmers of all the crop, bringing many out in debt.

W. T. Arnold, of Artesia, spent Christmas in Carlsbad. Bill is looking and feeling well after his acquittal for the jury was out only twenty minutes. He is sixty-two years old, but very active.

The Peoples Mercantile Co., of Carlsbad this week purchased the goods and business of the Lakewood Mercantile Co., George Brantley and T. C. Horne are up at the city by the lake this week taking stock.

Eddy Lodge No. 21, I. O. O. F., will hold installation ceremonies at their hall Tuesday evening, January 3, 1911, at 7:30 o'clock. Program and refreshments. All members are requested to attend. Visiting brothers are cordially invited to be present.

Christmas Doings.

Carl Brainerd was home from Roswell for Christmas.

A Sunday school entertainment was held at the Otis school house Christmas morning.

Irvin Penny came down from Artesia to spend the holidays with relatives and friends in Carlsbad.

Mrs. Asbury Moore entertained her family and relatives with a fine young fifteen pound turkey Christmas.

A very enjoyable dance was given in Commercial club rooms last Monday night which was well attended.

Allen Stewart and Gene Roberts came in last Friday from the N. M. M. I. at Roswell to spend the Christmas vacation at home.

Charley Dannelley who has been out at his father's ranch out on the plains for three months came in last Saturday to spend Christmas.

Monroe Christian who has been attending the School of Mines at Socorro came home to spend Christmas and will return to school next Tuesday.

Mrs. Mary Kerr accompanied by Mrs. H. F. Christian and Miss Lela Christian will leave next Tuesday for a visit with Monroe and Theodore Kerr, at Barstow, Texas.

V. H. Lusk was in last Saturday from his ranch to meet his sons Sam and Audie who came home to spend Christmas vacation from the New Mexico Military Institute at Roswell.

The pupils of the Rocky Arroyo school were treated to a Christmas tree at which some forty or fifty persons attended. A fine program was carried out under the direction of the teacher Miss Hart.

Twenty-four people took Christmas dinner with Mr. and Mrs. R. Ohnemus a twenty-five pound turkey being the leading article discussed though many others, enough to break an ordinary table, were in evidence.

A Christmas dinner was given at the home of Mr. and Mrs. Henry Tipton to their neighbor guests, Mr. Sylvester, Mr. and Mrs. Reeves and Mr. and Mrs. McIlvain. The main subject was a twenty-one pound turkey, and all the side dishes and trimmings.

J. R. James who has been up at Elkins for the past two months looking after his cattle came home last week in time to receive his Christmas present a fine boy. He left yesterday for Elkins and his wife and family will join him in a couple of weeks to remain until June.

At Malaga Saturday night last about 150 people gathered at the school house to celebrate Christmas eve and distribute the presents from a Christmas tree to the children. A very interesting program was rendered by the children, there being recitations, dialogues, songs and the usual school entertainment gotten up by the principal professor Hatfield and his assistant.

A Christmas gathering and tree at the home of M. S. Groves and wife attracted a nice crowd of young people Monday evening at eight. There were present the following guests: Misses Cooke, Linn, Kelly and Eakin. Messrs. Paul McLenathen, Joe Livingston, Gene and George Roberts, Joe Naah Owen, Glin Burnett, Charley Lyon and Arthur Linn. Refreshments were served and much merriment from the small presents that were distributed from the tree.

Caroline, the little daughter of Mrs. Mary C. Kircher, has been quite ill for a week past but is improving at this writing.

Eddy Auto Club under new management, F. G. Pomeroy having full charge.

M. F. Calback, Sr., the contractor and one of the incorporators of the Rock Island, Texico and Farwell railroad, came in Wednesday night expecting to take the auto yesterday for Knowles, but was compelled to wait on account of change in schedule of the mail auto. He expects to meet his grading outfit of one grader with sixteen teams, twenty Fresno scrapers and seven "Little Red Wagon" dump wagons, which left Farwell, Texas, yesterday, to reach Knowles tomorrow or Sunday. He expects to commence grading the first part of the coming week at Knowles going north. At present he has forty-four teams working on Fresno and two graders with sixteen teams each grading south from Farwell and has twenty-five miles graded and is progressing south at the average rate of about one mile per day.

The charter of the Texas road as approved by the attorney general and secretary of state of Texas, calls for a capital stock of \$200,000, and proposes the construction of a seventy-five-mile line along the following route: From Farwell, Parmer county, southeast through Parmer county to the center of Bailey county, thence south through Bailey and Cochran counties to a point on the south line of Cochran county about five miles east of the New Mexico boundary. The incorporators are M. J. Healy, M. F. Calback, Jr., D. A. Linthicum, M. F. Calback, Sr., Farwell; J. W. Childers, K. K. Rannels, T. B. Martin, Thomas J. Allen, Texico, New Mexico.

Though the above charter calls for the terminus five miles east of the Texas line the company is allowed to vary ten miles either way in order to secure the best grades, or for other reasons. Mr. Calback is a general contractor from Portland, Oregon, and is well supplied with teams and implements to finish the grading within the next three months. That the track will be laid and trains running into Knowles before next fall is the general opinion. It is eventually the purpose of the company to extend the line directly south to Pyote, Texas, on the T. & P.

The Stork.

C. C. Hutto and wife have a girl baby, born Wednesday night.

Mr. and Mrs. J. R. James rejoice in the advent of a new son who arrived Christmas day at noon at the home of Cyrus James on Main street.

Arther Crozier and wife have a new girl baby at their home that arrived safe and sound Wednesday night.

Married.

Miss Beulah Keller, daughter of Mr. and Mrs. Cap. Keller, and Thomas Watkins were married at the Methodist church Christmas Day at 3 P. M., by the pastor Rev. T. L. Lallance. The ceremony was attended by about fifty of the friends of the young people. The young couple left on the Monday afternoon train for Pecos where Tom has a situation. Their many friends wish them long life and happiness.

Harry Gaither Married.

Harry Gaither and Miss Maude Effied came in on the Tuesday evening auto from Monument and immediately proceeded to the residence of Rev. T. L. Lallance where they were made man and wife. The many friends of Harry in Carlsbad were busy all day Wednesday congratulating him on his Christmas gift and well they might for there are few who better deserve a present than Harry. The young lady, who has resided at Monument for about six months, was formerly from Greenville, Texas, where she was brought up.

McLanathen—Insurance.

Invitations are out for a reception to be given Rev. T. L. Lallance and wife, at the local Methodist church, this evening. An evening of great pleasure is assured all who attend.

The only inmates of the Fddy county Hospital at present are J. E. Coleman, Jack Reed and an old Mexican man. Mr. Coleman's eyes were operated on and his sight is coming back.

Lusk and Livingston closed a contract with T. B. Yarrow, of Ft. Worth, to sell 1,000 two year old steers at \$25.00 a round to be delivered April 9, 1911. The steers are to include the entire branding of the Lusk, Fuoss, Walter Pendleton, Geo. Williams and Livingston cattle with a ten per cent cut back. This is probably the best contract ever made for two year old steers in New Mexico.

The Bank Saloon building changed hands this week Julian Smith being the purchaser at \$9,500. The property will be occupied by the Peoples Mercantile Co., for the grocery department. This is almost the best location in the town and will undoubtedly make an ideal location for the grocery department of that big department store.

The latest concerning the change of name of the postoffice is that Mr. Groves received a letter from Delegate Andrews to the effect that the matter would be held up by the postoffice authorities until the people or a majority should decide by their votes to change the name.

Eleven above zero was the temperature last night, the coldest of the season, but at Lake Avalon the temperature was five degrees warmer, being seventeen above.

•• Morrison Bros. & Co. ••

A Happy New Year.

To One and All

•• Morrison Bros. & Co. ••

Disastrous.

Yesterday at 3:30 P. M. a serious blaze occurred at the home of V. L. Griffin and wife in the room of Prof. Daley who was cleaning his clothes with gasoline. After finishing his work he left a small portion of gasoline in an open bowl, and about two hours after he decided to start a fire in the stove. The room must have been filled with fumes of the gasoline for as soon as he struck the match to light the fire an explosion occurred filling the room with flames. He ran out and rang the phone but Central did not respond, so he did the next best thing rushed in and smothered and whipped out the fire, though his whiskers were badly singed, a suit of clothes containing \$17 in cash in a pocket, the lace curtains, bed clothes, and carpet etc. were consumed before he succeeded in extinguishing the flames.

McLanathen—Insurance

Pat Middleton left Tuesday for the mountains and will be gone until the last part of the week.

What is it? anything, Ohnemus can fix it.

W. K. Barr of the Carlsbad Auto Co., received a fractured wrist this morning while cranking up his machine preparatory to leaving for the Plains with the mail.

Just received all kinds of pickles. Dill pickles; sweet pickles, sour pickles etc, and also the celebrated Bismark Sauer Kraut, at the U. S. Market.

Its broke!! Ohnemus can fix it.

\$25.00 Reward.

Strayed or stolen, November 27th, Brindle Ball Terrier, cropped ears and tail; neck, belly and forefeet, white. Above reward will be paid for information that will lead to his recovery.

Mrs. Geo. G. Hall, Artesia, N. M.

THE VETERINARY

Worms in Hogs.

Every morning for two successive days a week for two weeks dissolve in a half a pound of dried sulphate of iron (resembling for each hundred pigs) Clean up dirt and wash pens. See that hogs get pure drinking water and are kept away from corn, timothy and weeds. The iron cannot safely be given to pregnant sows.

Hidebound Hogs.

A hog that is hidebound will be benefited if given a little oil and a few seeds. This must be begun in doses of not more than a tablespoonful and feed gradually increased to a quart a pint with the other feed three times per day.

Tobacco For Sheep.

Joseph E. Wing says that the green thing is tobacco for sheep and lambs. It won't hurt the old ram to have his sheep. Every ewe and lamb and ram or Wapiti from his all the tobacco it wants every day. When damaged tobacco is bought and fed sprinkled well with salt. The sheep

soon learn to love it. Experience of Dr. Miller last year showed that this would keep lambs healthy. More, it will clean out the worms that may already be in them.

Indigestion in Pigs.

Stop feeding corn and oats. Allow the pigs their liberty on grass. Feed a light slop of milk, middlings, bran and a very little cornmeal and flaxseed meal. Add timothy at the rate of one ounce per quart at each meal until the pigs are doing well, then give it once daily. See that the slop barrel and feeding troughs are kept scrupulously clean. When the pigs are well corn may be lightly fed.

Kidney Worms in Swine.

For kidney worms in hogs take one tablespoonful of spirits of turpentine and put it in the slop and get them to drink it. One dose will cure nine times out of ten.

Tonic For Run-down Cows.

Powdered sulphate of iron, two ounces; saltpetre, two ounces; mix, cook, one ounce; dose, a heaping teaspoonful in feed three times a day.

Dag Distemper.

DELINQUENT TAX LIST FOR THE YEAR 1909.

The delinquent tax list of known and unknown owners of real estate and personal property of Eddy County, New Mexico, as levied and assessed against said property for the year 1909 now due thereon and unpaid, amounting in the aggregate in each case to more than Twenty-five (\$25.00) Dollars.
