GOVERNOR WILL BOOST FAIR GAME FRR NEXT YEAR

Chief Executive Desires to See Publicity Program so Well Started at San Diego Continued in Future.

Santa Fe, Nov. 30.—Governor McDonald and State Engineer James A. French started this afternoon for Clovis in Good Roads business. Governor McDonald also plans to interest eastern New Mexico and the southern counties in the continuation of New Mexico's publicity campaign at San Diego during 1916. At El Paso he will be joined by Commissioner Guy A. Reed, while Col. Ralph E. Twitchell, president of the exposition board, goes to Gallup tomorrow.

The board concluded its sessions to-day after Secretary-Treasurer Guy A. Reed, manager of the New Mexico building, made his gratifying report of the success this year. Resolutions were passed favoring the proposition to keep open the building in 1916 and also the following:

ASKED TO ISSUE STATEMENT.

Be it Resolved, that Governor William C. McDonald be asked to issue a statement as in his judgment shall be best and proper, setting forth the advisability of the state of New Mexico participating at the Panama-California International exposition in San Diego, California, during the year 1916, and calling upon the enterprising sentiment of the people to devise ways and means to raise funds that may be necessary for such participation, to aid this board in its canvass to raise a fund for that purpose to a sum not less than \$15,000.

Mr. Reed outlined to the board many suggestions regarding changes to be made in the exhibit and the advisability of enlarging the present exhibit. The principal suggestion and recommendation made was pertaining to the

Murder at Los Chavez

The body of Adolfo Chavez, a well known citizen of this community, was discovered by Silvestre Chavez, a relative, buried under a couple of feet of earth, late Saturday. The old man had been missing since Tuesday of last week, when he went to the fiestas at Los Lunas. When he didn't return a search was started.

He had been struck on the head with a blunt instrument, and also stabbed several times around the body.

A citizen of old Mexico and his wife are suspected of the crime. Both have since left this vicinity and are nowhere to be found. They had been living close to Chavez's home, and knew that he had some money in the house, that he had derived from his sale of his crop of corn.

The County Commissioners have offered a reward of \$150. for the capture of the murderers.

Brother of Local Man Dies in The Russian Front.

Mr. Hyalmar Enderstein, order clerk for the Becker Co., has received word from Germany, that his brother Rudolph Enderstein had been killed while fighting in the German army, that is invading Russia. The young man was only twenty four years old, but had seen quite a little war service since the present world's war commenced.

preparation of a large scenic working model of the entire state, this model to carry out in detail and show the resources of the state, especially the agricultural resources, mining industry, transportation and good roads systems, the shallow well districts, the artesian belt, in fact, a scenic working model, portraying to the onlooker the many advantages and opportunities awaiting the home builder and investor in New Mexico. These suggestions were heartily concurred in by the entire board, including Governor McDonald.

\$150.00 REWARD.

The County Commissioners of Valencia County, New Mexico, offer a reward of \$150.00 for the capture of party or parties who murdered Adolfo Chavez at his home in Los Chavez, during the last week of November 1915.

The man described below is suspected of the crime:

Goes by the name of Francisco Luis Montez, about 5 feet 6 inches in height, weighs between 135 and 140 lbs., of a brownish yellow color, clean shaven, large mouth with very prominent lips, has a scar around one of the eyes, three cuts on one of his arms close to the wrist.

When last seen he was wearing a dark suit of rather good material, and had in his pocket a No. 22 Colt revolver. The woman who was living with him and was recognized as his wife, is named Maria Ramirez.

CONGRESSMAN GILLET ON NATIONAL QUESTIONS.

Washington, D. C., Nov. 30.—"National preparedness and national revenues are two problems that go hand in hand."

"The Democratic administration proposes the one when it has utterly failed to solve the other."

These are conclusions reached by Representative Frederick H. Gillett of Massachusetts, ranking minority member of the Appropriations Committee. His statement has greater significance when it is remembered that for weeks Mr. Gillett has been in daily conference with both Democrats and Republicans of the House in an effort to improve the present system of financing government appropriations.

"The question of revenues is the most difficult problem the Democratic party must face when Congress meets," said Mr. Gillett. "Republicans have always claimed that lack of business efficiency was an inherent and inevitable defect in every Democratic administration. That theory has been abundantly illustrated since March 4, 1913."

"Dilatoriness, vacillation, change of plans and deficits have marked the Democratic fiscal policy. A constant excess of expenditures over receipts has been shown by Treasury statements. Furthermore, the sudden change in the form of statements adopted on the first of October, whether made for that purpose or not, had the effect of preventing easy comparisons and unfairly swelling the apparent Treasury balance."

"Now the President is going to recommend enormous appropriations for the army and navy. The serious problem will be how to pay them. In the past Republicans have been allowed no voice in these matters. Plans have been formulated by a Democratic sub-committee, endorsed by a Democratic caucus, and passed by a Democratic majority kept solid by the pressure of party tyranny and administration patronage."

"Whether the same system will prevail in the coming session will depend, I suppose, upon the harmony in the Democratic ranks and the necessities of the administration. At all events I think the funds necessary for the program should be raised by taxation and not by the sale of bonds. The proposed expenditures for national defense should not be shifted on to our successors, but should be paid from current revenues."

THANKSGIVING DANCE WAS REAL CLASS.

The dance given, by the young men of Belen, last Friday night was a grand success from all stand points. Goebel's Hall was beautifully decorated for the occasion and the music rendered was very appropriate for enjoyable dancing.

Refreshments were served during the later part of the evening and when it was time to go home every one present was of the opinion that committee, consisting of Willie Becker, Mr. Cummins and Mr. Niblack, had done themselves proud in handling the affair.

Roads Badly in Need of Rain.

Mr. Hans Becker, of the county Road Board, informs us that the road between here and Albuquerque, is badly in need of a good hard rain, so it could be in shape for dragging. The road is fairly passable but due to the long draught it is beginning to get in bad shape.

The road is being surfaced from Isleta this way, and when it is finished we will have one of the best stretches of road in New Mexico.

The committee that is out trying to arrange right of way for a good road from the Belen Bridge to Valencia, has about completed its work, and construction will commence in the near future.

Vicente Sanchez, of this city, was the lucky one in the drawing for the set of dishes at Becker's yesterday. The drawing will continue for 23 more weeks, so hang on to your tickets.

Ramoneito Castillo, grocery clerk at Becker's, spent Thanksgiving day at Albuquerque.

Arrival at Hotel Belen.

W. S. Wright, G. F. Godding, Dr. Barnes, C. E. Humphreys, Grove Jones, Mrs. Smith, J. A. Railston, H. W. Robin, H. E. Arnold, J. N. Barnwell, J. F. Romero, B. F. Bennis, A. Gusdorf.

"This involves cutting off our luxuries and pruning down our necessities on the one hand, and increasing our income on the other."

"It involves surveying the field from a business and not from a political or sectional viewpoint and that is where I fear Democratic failure. Unless the party can meet the situation with better business foresight and efficiency than it has so far displayed, the current drift toward the Republican party will become a landslide."

Public Notice

A School District Meeting to Vote on the Question of Issuing County High School Building Bonds.

School District No. 2. of Valencia County, New Mexico

Public notice is hereby given that a special meeting of the legal voters residing in School District No. 2, of Valencia County, New Mexico, has been, pursuant to law and the action of the Board of Directors, called for, and the same will be held on Tuesday the 11th day of January, A. D. 1916, at the Public School House of said District, at which meeting there will be submitted the following question:

Shall the Board of Directors of School District No. 2, of the County of Valencia and State of New Mexico, borrow money for the purpose of erecting and completing a County High School within and for said school district, by issuing the negotiable bonds of the district, in the aggregate amount of \$14,000.00, to bear date the 15th day of January, A. D. 1916, due 20 years after date and redeemable at the pleasure of the district at any time after ten years, and drawing interest at the rate of six per centum per annum, payable semi-annually at such place as the Board of Directors issuing said bonds may direct, which said indebtedness shall be binding and obligatory on said school district for the use of which said loan shall be made?

The ballot-box for the reception of ballots upon said question will be opened at the hour of eight o'clock in the forenoon of said place and will be kept open until and will be closed at the hour of five o'clock in the afternoon of said day. Ballots to be used in voting upon the question submitted will be furnished by the clerk of the district to the judges of election, to be by them furnished to the voters. Each voter voting at said meeting shall deposit in the ballot box a ballot whereon shall be printed or written the words, "For the Bonds," and the words, "Against the Bonds," and shall indicate his approval or disapproval of the proposition submitted by placing a cross (x) opposite the group of words on his ballot which expresses his choice.

No ballot will be received by the judges of election unless the person offering the same shall be a legal voter residing in the district.

The members of the district school board will act as judges of said election, and should any of the judges be absent at the opening of the polls, the judges present will appoint a legal voter to fill the vacancy.

In Witness Whereof, the Board of Directors of School District No. 2, of the County of Valencia and State of New Mexico, has caused this notice to be posted as required by law this 1st day of December, A. D. 1915.

Latin-American Work Interests Educators.

Albuquerque, N. M., Dec. 1.

—A feature of the recent state educational convention in this city was the hearty approval given alike by teachers and schools officials to be the new department of Latin American training recently established at the University of New Mexico, with Prof. Roscoe R. Hill of Columbus, University as its head. At a luncheon given by President David H. Boyd of the University, to all the county superintendents attending the convention, Professor Hill outlined briefly the work the new department expects to do in training New Mexico boys and girls for positions of responsibility and profit in the Latin American republics, and at the conclusion of his statement nearly all of the county superintendents voiced their cordial approval for the undertaking. Men like Saturnino Baca of Valencia county, John V. Conway of Santa Fe county, and other superintendents in counties with large Spanish speaking populations, declared it to be of greatest probable benefit to Spanish speaking young men, while state superintendent White declared the luncheon and its results one of the most important events of the convention.

Assistant state superintendent Filadelfo Baca in a brilliant paper read before the educational council dwelt at length upon the new University department in which he saw a logical development of the institution designed to make it of the greatest statewide service. Prof. Hill now has his work well under way and in addition to the large classes already organized, it seems likely a considerable number of students will enter the University during the second semester, especially to take advantage of the new courses of study.

Professor Hill went carefully into the practical details of his work with the county superintendents. His fluent knowledge of Spanish and his years of residence and study in Latin nations give him a very important advantage in dealing with New Mexico conditions. He is now assured of cordial co-operation from practically every county school superintendent in the state in his work.

Leon Mandell spent Monday and Tuesday in Albuquerque.

Criticism not Well Founded.

The letter written by Secretary Tumulty to Dr. Jas. J. McGuire of Trenton, N. J., in reply to inquiry by the doctor, concerning criticism of Wilson administration on account of recognition of the Carranza government in Mexico, proves our contention that criticisms along these lines rather premature and not based on facts.

Secretary Tumulty, A. Catholic who at times has had to bear brunt of attack by fanatical papers on account of being a Catholic seems to be very well satisfied that reports concerning attacks on Catholic Nuns, by Carrancistas are at times exaggerated and done with ulterior motives.

Every American with the least bit of feeling for his fellow-men should be proud of Woodrow Wilson for his efforts in behalf of the majority of the people of Mexico who have suffered so long in the hands of a few political pirates.

Mexico will be redeemed and religious liberty will have more chance in the hands of people who appreciate rights of all citizens, no matter what their station in life, than they would have in the hands of a bunch of carpet baggers.

Its not our belief that protestantism will make any great headway in Mexico; the majority of the people of Mexico will keep on being Catholics. That is their nature and Catholic papers should not worry about it.

Hypocrisy is twin sister of had faith and people at large should be on the look out for men who will want to advance their personal interests under the cover of party ties.

ONE of the main "kicks" that Carranza's opponents have against him is that he insists on making them go to work for a living.

WE would like to have the democratic press tell us the name of the man who can beat Bursum for governor.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacing—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

Faster Ribbon Feed—Insures new place of impact for each typeface.

Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained — ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.
