THE BELEN NEWS

VOLUME IV

BELEN, NEW MEXICO, JANUARY 20 1916.

NUMBER 8

HON. BENIGNO C. HERNANDEZ, CONGRESSMAN AT LARGE FROM NEW MEXICO.

The latest states to be admitted to the sisterhood were Arizona and New Mexico which were brought into the fold in 1911, and it is a somewhat singular fact that the four senators representing those two states in the Upper House of Congress were born outside the states which they represent, while the two members of the Lower House are natives of their respective commonwealths. It might also be considered as somewhat singular that these states being practically identical in the matter of soil and general physical conditions should be diametrically opposed to each other politically. For while Arizona is represented in both House and Senate by Democrats both the Senators and the Representative from New Mexico are adherents of the Republican party.

That the people of New Mexico made a wise choice in 1911 when they sent Benigno C. Hernandez to represent them would seem to be borne out by the fact that Mr. Hernandez lost no time after taking his seat before preparing and introducing a number of bills which are of the utmost importance to the people of the Southwest. One of these provides stock raising homestead and one plan of it authorizes the Secretary of the Interior to permit the entry by a homesteader under certain restrictions of grazing lands up to the number of 640 acres to each individual.

The original homestead law allowed only 160 acres but subsequently larger farms were permitted to be taken up in some of the semi arid regions of the West and Mr. Hernandez' bill proposes to give to the cattle raiser an equal opportunity with his neighbor in the Northwest to make a living for himself by permitting him to make out a patent upon a square mile of land which would enable him to attempt at least to herd and care for a small bunch of cattle within his own fences.

There has been all sorts of difficulty in the past in quieting titles to private land claims and numerous acts have been placed upon the statute books looking to a settlement of these long pending title cases, but under the law as it stands today all claims which are not filed before the fourth day of March next will be them barred and in or-

der that those who through carelessness or ignorance of the situation have neglected to file their claims Mr. Hernandez has introduced and is already pushing a bill to extend the time for filing until the fourth of March, 1917, thereby giving claimants for public lands an additional two years time in which to attempt to perfect their titles. And realizing that the streams of the mountain State of New Mexico afford excellent means for increasing the official food supply asks in another bill for the establishment of an official cultural station within the borders of that state.

Another measure which has the backing of the new member directs the Secretary of the Interior to ascertain the feasibility of the construction of an irrigating plant in the Estancia Valley in the State of New Mexico, the establishment of which he believes will add many thousands of acres to the arable soil of his territory.

Mr. Hernandez has been in politics in his native state for the past eighteen years, first filling the office of Clerk of Probate of his home county and subsequently serving the same county as sheriff for two terms. While from 1908 to 1911 when the territory was admitted to statehood, he served as collector and treasurer of the county and the next year was appointed by President Taft as Receiver of the Land Office at Santa Fe, New Mexico, which position he resigned two years afterwards and that year was chosen a delegate to the Republican National Convention in Chicago. Last year he was the party's candidate for member of Congress and was elected to that office by upwards of four thousand plurality.

His experience as an official of the State and the knowledge which he acquired of the land laws of the country while serving as Receiver of the Land Office in New Mexico particularly well qualify him for the duties as a Representative in Congress from his state and that he will fulfill his duties to the satisfaction of the people seems to be indicated very clearly by the manner in which he has started his congressional career.

SEE the Mistletoe Bough, Goebel's Theatre. They will all be there; The Baron and the Baroness—also 10 couples in full Court costumes—Dainty little Court Pages—12 beautiful young ladies in Artificing Grecian Expression—Living Statu-

What President Boyd of U. N. M. Found Out At Pan-American Congress.

Albuquerque, N. M., Jan. 19. —"If a salesman walked into your place of business and undertook to sell you a bill of goods not suited to your needs, and without even a knowledge of your language, he wouldn't get far with you, would he? Yet that is exactly what we United States business interests have been seeking to do in the nations south of Rio Grande—in Latin America. We have been trying to do business with these people without knowing anything of them or their needs, or even their language—and we have failed. There was no chance for anything else."

This was the statement of Dr. David R. Boyd, president of the University of New Mexico, who has just returned from Washington, D. C., where he attended the second Pan-American Scientific congress as a delegate from the state and representative of the University.

"Our lack of preparation for closer relations with Latin America, and their more thorough preparation was vividly illustrated in the sessions of the congress," said Dr. Boyd, "Every foreign delegate—and there were 4,000 of them, spoke English fluently, and generally, several other languages, in addition to his own. Our delegates from the states generally could speak only English. We simply could not meet these cultured gentlemen on their own high ground. We were outclassed, in education if not in good will. It taught us that we must become more liberal. We must learn the other man's native tongue and his manner of living and his needs; as they have learned ours."

"The demand for trained men and women who can accept services in commercial, industrial and educational work in Latin America is far beyond my most liberal estimate, when we established our school for such training here in the University. It is a great international need which must be met before any great trade expansion can occur. I find we have been pioneers here in a movement which is now regarded as essential to further extension of our relations with Latin America."

At the last meeting of the Belen Commercial Club the following were elected members: James Niblack, Dennis Chavez, Earl Hanon, S. Kunkel and E. G. Cash.

Credit Where It Belong.

During the last week when we have had to contend with an over abundance of wet weather the streets of Belen certainly have presented some sight. Streets remind you very much of the swamps of Florida and at places it would not have been bad if a ferry boat would have started doing business. The enterprising thought, concerning sidewalk improvements, among some of our worthy citizens are negligible to say the least. The only man who seemed to take into consideration the feeling of people traveling back and forth and of the children on their way to school, was Mr. John Becker. Bright and early Monday morning and ever since he has had teams bringing cinders to cross on different streets so that at least they might be passable.

The News appreciates that there are people who can not afford to go to the expenditure of the price of sidewalks in front of their property but there are others who could and won't.

METHODIST CHURCH NOTES.

There was a fair audience at church Sunday morning in spite of the bad weather. There was also a good attendance at the Sunday School service. The singing is improving with each service, and the children and young people are entering more and more into the spirit of it.

The coming Sunday morning Rev. S. Alonzo Bright of Albuquerque, the District Superintendent will preach for us. The pastor will preach Sunday evening on "Picks and Hammers."

Let everyone come out. Forget the weather if it is not very favorable and enjoy the services.

Lutheran League to Give Entertainment.

"The Mistletoe Bough" is the name of the play that will be given, in PANTOMIME, under the auspices of the Lutheran League.

The Lutheran League will present to the people of Belen this beautiful play, at Goebel's Hall, on or about February 1, 1916.

Rehearsals are now taking place under the direction of Mrs. C. L. Eakers and Belenites are assured of a real treat along these lines. We will publish a synopsis of this beautiful Colonial play on our next issue,

LONGER BALLOT THIS YEAR FOR NEW MEXICO.

Must Increase Legal Size of Ticket in Order to Get All Names on It.

Santa Fe, N. M., Jan. 18.—New Mexico political parties will have to make a formal agreement this year for an extension in size of the legal ballot in order to get all the names of the candidates on it. The state will elect a total of 356 men to office in 1916, and there will be from 25 to 29 names on the ballot of each party in every county. The law of 1891 restricts the size of the ballot to three by eight inches.

The officers to be elected at the general election next November will include a United States Senator and a Congressman, three presidential electors, eight district attorneys, a supreme court justice, a corporation commissioner and eight other state officers, 24 members of the state senate and 59 members of the house of representatives. Each county will elect three commissioners, a treasurer, county clerk, sheriff, assessor, school superintendent, surveyor and probate judge, a total of ten. In the 26 counties there will be 260 county officers elected, and the members of the legislature, state officers, district attorneys and senator and congressman bring the total up to 356.

The eight other state officers to be elected are governor, lieutenant governor, secretary of state, treasurer, attorney general, auditor, commissioner of public lands and superintendent of public instruction; The supreme court member, whose term expires this year, is Chief Justice Roberts, Republican, and the corporation commissioner is Oscar L. Owen, Democrat. All district judges will serve until January 1, 1919, having been elected for six years from January 1, 1913.

In the Matter of the Estate of Leopoldo Mazon, Deceased.

Notice is hereby given that the administrator of the said estate of Leopoldo Mazon did on the 3rd day of January 1916, at the term of the Probate Court, held on said day, file his final account as such administrator, and the Court thereupon fixed Monday, the 6th day of March, 1916, at an adjourned term of the Probate Court of Valencia County, as the day for the settlement of the said account and the hearing of objections thereto.

J. M. LUNA, Clerk of the Probate Court, Valencia County.

Democrats Issue Call For Committee Meeting.

The Democratic State Central Committee has issued an official call for a meeting of the committee at Santa Fe, early in February. The call reads:

A meeting of the Democratic State Central Committee is hereby called to be held at Santa Fe, N. M.; on Friday, February 4, 1916, at 2:30 o'clock p. m.

The meeting is called for the purpose of selecting a state chairman to fill the vacancy caused by the resignation of Hon. J. H. Paxton, and to consider any and all other matters properly presented at such meeting.

It is of the highest importance that this meeting be thoroughly representative of the principles and strength of the party. All active and ex-officio members of the State Central Committee, chairman and officers of county and city Democratic organizations, and all other Democrats interested in the welfare of the party, are strongly urged to attend.

T. J. GUILFOIL, Secretary State Central Committee. Albuquerque, N. M., Jan. 10, 1916.

Basket Ball Game Last Saturday.

Belen High School has been vindicated. It met the enemy and part of the enemy is theirs. The Albuquerque High School girls, chaperoned by Miss La Barr, came to Belen Saturday with the intention of administering a defeat to our local girls but that is as far as they got because, thanks to the excellent playing of our girls. Albuquerque lost to the tune of 16 to 14. Due to the fact that as two of our best players are out of school, Belen had to play a couple of new girls which account for reason why Albuquerque girls managed to put such a good fight.

At night time Belen did not do as good. Albuquerque with better team work and training piled a score of 56 to 24. You have to give it to the Albuquerque team; they play together and hardly ever make a pass that does not bring results. Supt. Fox's boys played a very good game but were not able to overcome team work of the opposing team.

The game between Co., G of Albuquerque and our local high school's second team went to the former by score of 30 to 28. Eliego Baca was the star of the game.

Getting Mixed Up.

The democrats are getting mixed up in the race troubles of the politicians, and all because some person, undoubtedly for selfish reasons, suggested headlines for some of the daily newspapers insinuating that the defendants in the Salazar conspiracy case were acquitted because the jury was composed of Spanish-Americans. It is openly charged that the insinuations were made for the purpose of establishing an excuse for the failure of the prosecution to make a case, and as the prosecution was conducted by a democratic official that is where the democrats get into it. Whether that is the reason or not, the general indignation is fully justified by the facts, as the government simply had no case and an American jury would have returned a verdict of "no guilty" in about thirty minutes, whereas the Spanish-Americans debated it for about five hours.

The Spanish-Americans, themselves, are right busy suppressing Larrazolo, as they claim he does not represent their ideas at all. With them it is simply a matter of adjusting the proportion of offices to the proportion of voting strength on the same basis as if one man had five hundred votes and another five and a ten thousand dollar job and a two thousand dollar job were being given out. With them it is a purely political deal, as certain leaders have for a number of years been furnishing the votes, while others have been holding the offices, and they insist that they must be shown some reason why the men furnishing the votes should not hold the offices, just once, anyhow.

This way of looking at it puts Larrazolo into a position of less importance, and combinations are now working to discard the gentleman from Old Mexico, and the Spanish-Americans propose to do the discarding. But this does not mean they will cease to demand proper recognition, as they will not only demand it, but get it!

And in the meantime, regardless of political affiliations, the Spanish-Americans of the state will go after those men making unfair attacks and flinging false innuendoes. Someone would do well to hide out.

The latest dope on a state ticket for the republicans sacrifice comes from the north, and slates Hubbell for senator and Secundino Romero for governor.

Your correspondent is reliably informed that Felix Martinez has repeatedly refused to become a candidate for any office, not even for the United States senate, because of private affairs. This condition is known to a number of active workers and they are discussing candidates. There is a strong sentiment to leave A. A. Jones where he is and other names are being considered, among them being G. A. Richardson, Col. W. S. Hopewell and others. In this connection it is reported that Richardson will consider no nomination outside of a judicial office and that Hopewell has told his friends who sought to get him out for the governorship that his business interests will not permit it at this time. The general impression is gaining that the democratic candidate for the United States senate will spell his name W. C. McDonald. It is believed that the administration forces will control the next democratic convention and his nomination will be logical.—Roswell News.

WE DO NOT see any reason for any citizens of New Mexico in passing resolutions that we are still loyal to Uncle Sam. There never has been a time when we have given evidence that we are anything but loyal. Secretary of state Lucero, some time past, sent word to Mr. A. A. Jones to assure the president that New Mexicans would be loyal and now comes gathering at Santa Fe, headed by Marcelino Ortiz, and passes resolutions to the same effect. When the war with Spain broke out, Valencia County did not pass any resolutions as to loyalty. Its sons like Max Luna and George George Armijo, appreciating their citizenship, just shouldered a rifle and went to fight. Resolutions along these lines be speak of the cheapest kind of peanut politics and you can bet that some of the ones that yell the loudest will back out when the "how down" comes.

"ROOSEVELT president; Fall for vice-president Judge-ment, please!" Las Cruces Citizen That combination would suit democrats just fine. From what we can gather we republicans would like to win the next election, so try again Will.

Nice crowd at Basket Ball Game last Saturday. Lets turn out and do same thing next Saturday. We are in line to win both games.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

Faster Ribbon Feed—Insures new place of impact for each typeface.

Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

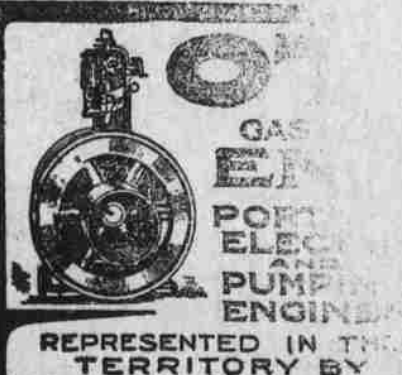

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

LOCAL

Do not forget "THE MIS-
TLETOE BOUGH" Goebel's
Hall.

Doctor Wilkinson and family
motored to Los Lunas, last saturday.

Good weather for stock. Also
we will hear the frogs singing
pretty soon.

Mrs. Oscar Leiffing of Jara-
les, is here spending a few days
with her friend Mrs. Hoffman.

Are you going to the Basket
Ball Game saturday? Don't
answer, just buy a ticket and go.

Mrs. T. L. Capt. of Moun-
tainair, passed through Belen
on her way home from Albu-
querque.

Mrs. Verde Corbett, formerly
of Mountainair but now of Al-
buquerque, was a Belen visitor
last week.

Fred Raff, is rather sour these
days. The law won't allow
him to go out and get any more
ducks for a while.

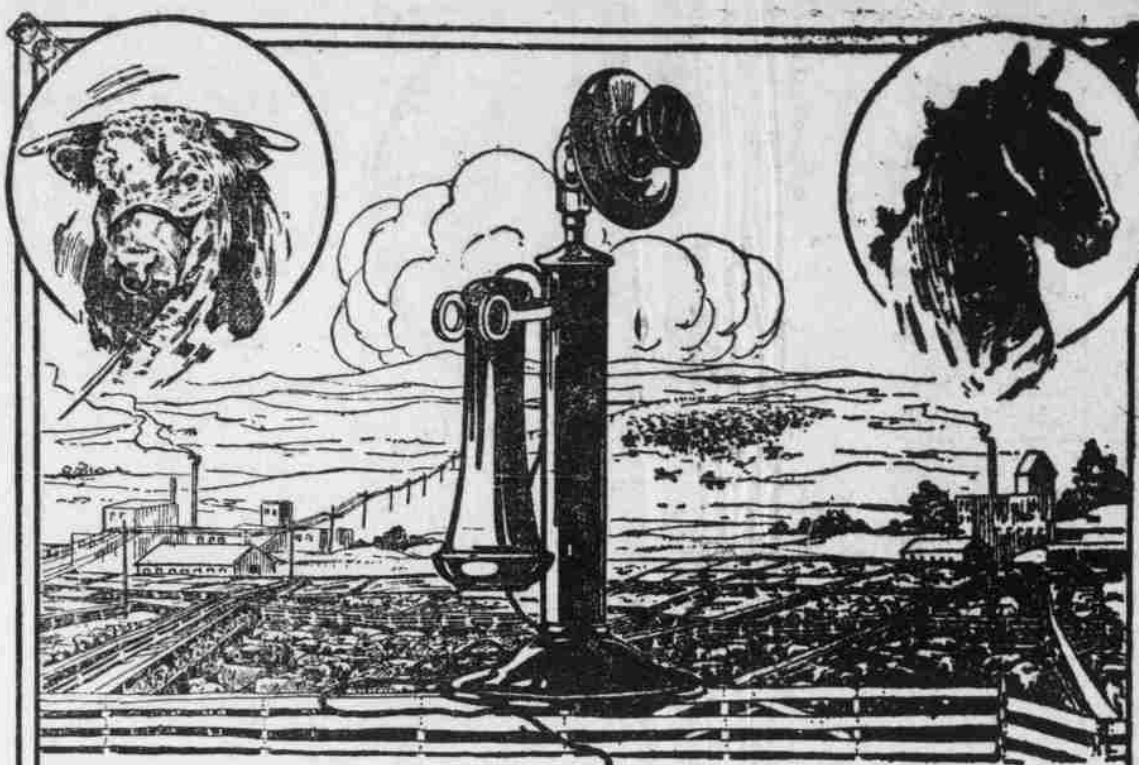

One of the best players in the
Albuquerque high school team
was Claude Mann, son of the
late Judge Mann.

Speaking of basket ball play-
ers who are there you have to
hand it to Miss Marrian Ken-
nebeck. She is the life of the
team.

Wm. Tulip of this city, made
a trip to Albuquerque on sun-
day to visit his wife who is con-
valescing from a recent opera-
tion.

The Stock Industry and the Telephone

No single industry derives more benefit from a comprehensive telephone service than does the stock business.

Telephone service unites the breeder, the shipper and the market in a community of interest.

The market uses telephone service in canvassing the territory of supply.

The breeder uses telephone service in keeping in touch with demand.

The shipper uses telephone service to keep himself informed as to market conditions.

The ranchman uses telephone service in the economical handling of his stock on the range—in feeding, in negotiations with buyers and in securing cars and making other shipping arrangements.

Altogether, comprehensive telephone service is a valuable factor in the growth and development of the stock industry.

STOCK SHOW WEEK IN DENVER
January 16th-23rd
SPECIAL LOW RAILROAD RATES
Of Course, You Are Coming.

The Mountain States
Telephone & Telegraph Co.

County Assessor Diego Ara-
gon and deputy Tondre, were at
the office of The News during
the week receiving returns of
taxable property.

R. U. ON?
MISTLETOE BOUGH
GOEBEL'S HALL.

SUNKIST CACTUS COM-
POUND for the Skin, For sale
by Leading Druggists.

Chas Benjamin of the Chas.
Ifeld Co., of Albuquerque made
Belen on Wednesday last.

Basket Ball Game Saturday
night Goebel's Hall.

WANTED. Clean cotton rags
in this office.

California
has no winter

At all times you can enjoy
the sea, the mountains, the golf
links, the motor highways and the roses.

You ought to visit the old missions, oceanside resorts, summit
of Mt. Lowe, and Universal City.

Ask for "California Outings" and our other illustrated booklets of the
California tours.

G. F. Jones, Agent.
