Carrizozo News.

A Journal Devoted to the Interests of Lincoln County.

VOLUME 12.

CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, APRIL 28, 1911.

NUMBER 12

A Big Hit and a Big Crowd.

If any doubt existed in the minds of the Carrizozo people that histrionic talent is scarce in this town, it was dispelled last Friday evening when the Woman's Home Mission Society gave a recital for the benefit of the Methodist church. The hall was crowded to its capacity and every one went home feeling they had gotten their money's worth. It was one of the best entertainments the town has seen, each number presented lacking nothing of dash or laughter-inspiring features.

There were too many who took part for special mention individually, but Mrs. F. W. Whittingham as "de nigger wid de razor" capped the climax and put to shame many of the professional minstrel performers who belong to the Circuit. She, at least, must be given a blue mark.

"The Sniggles Family," a burlesque in one act, came in for its well-merited quota of praise and rounds of repeated applause.

There were many encores throughout the evening, bouquets from American Beauties to lettuce and onions, being presented to the performers.

The program will be repeated during court session in May.

A Trip to Smell Powder.

William Kahler, who shouldered a musket in the civil war, nearly half a century ago, hearing that the insurgents were on the eve of storming Juarez, and longing to hear the sound of a bugle call and to hear the rattle of musketry once more, took a trip to the border last week. After three days of waiting he returned without seeing the fight come off, and convinced that Mexico is the land of manana. "Why," said he, "a thousand of my old comrades, with a good general to lead them, could march through the d—n country and back again." That is big talk, but Dad was in the thick of many a bloody conflict, and is some authority on "how fields are fought and won."

A subscriber writes from Bonita Park as follows: Sunday night it drizzled. Monday we had a constant drizzling rain all day long and during Monday night there was two and one-half inches of water fell. All of it came so gently that it soaked into the ground without causing the stream to rise but little. The fruit buds were never in better condition. The southeast wind we had last week may cause some of the buds to blast. The Japanese plums and narrow leaf Persian peaches never bear here; they bloom too early and the buds are too tender. Other varieties of peaches are still alive.

Will Act on Statehood Soon.

Washington, D. C., April 25.—"Statehood occupies a definite place on the house program," said Chairman Floyd of the house committee on territories today. "It will be taken up just as soon as the free list bill and reapportionment bills are passed. These will not take over ten days. Then we will take up statehood. The only possible result of these hearings would affect the resolution reported in the house. If the democrats have their way a vote will be taken when the state officers are elected on the proposition to change article 19 of the constitution so as to make it more easily amendable."

The house committee met again today. Judge Fall finished his remarks and Judge McGill was on the floor when adjournment was taken until Wednesday. George Curry presented a telegram from W. S. Hopewell asking what stand Ferguson, Hand and Jones were taking in the statehood fight. This led the chairman to remark that he believed all New Mexico delegations, democrat or republican, were seeking immediate statehood, the democrats seeking, if possible, a "more easily amendable constitution."

Congressional Reapportionment.

Washington, April 25.—A bill for the reapportionment of the house on a basis of 433 members was reported favorably today by Chairman Houston, of the house committee on census. The size recommended is the same as provided in the Crumpacker bill, which passed the house in the last session, and is an increase of 41 over the present membership.

The Houston bill does not contain the provision of the Crumpacker bill authorizing the secretary of commerce and labor to reapportion the house after future national censuses. If the Houston bill becomes law, the representation will be one member for each 211,877 inhabitants.

Mothers Day.

Governor William J. Mills has issued a proclamation designating Sunday, May 14th, 1911, as Mothers Day, and recommends that on said day all of our citizens attend divine worship; that each of them, if possible, wear a white flower as typical of the purity, sweetness and love of our mothers; and further suggests that all priests, ministers and preachers of the gospel on that day preach sermons taking as text Mothers and Mothers Love.

Married—P. G. Peters to Josephine Brewer, Monday, at the Peters home in Carrizozo, Father Girma, of Lincoln, officiating.

NO WONDER THEY WEAR

Every yard of cloth and every yard of canvas that goes into

Sincerity Clothes

is reshrunk beyond the mill's own process 'till the loss is 15 per cent; but cloth-loss means customer gain, for the man who discards a Sincerity suit after long service, and sees with his own eyes that the style has outlasted the fabric, is bound to be a Sincerity buyer.

Sincerity clothes are cut so well and worked so carefully that they hold up their heads in the company of much higher priced kind.

The man they cover is at ease anywhere, secure in the knowledge that he is fittingly clothed.

CARRIZOZO - NEW MEXICO

GERMAN LAW OF ESPIONAGE

Amendment to Imperial Statute Proposed to Allow for Mitigating Circumstances.

It is announced that an amendment of the German Imperial law of July, 1893, "against the betrayal of military secrets," is in contemplation. At the same time the press is informed that this is no new idea and has no particular connection with the recent trial of English officers at Leipzig.

The amendment of the law will remove its present absurdities of drafting by which the court is enabled to take mitigating circumstances into consideration in the case of conviction for espionage or attempted espionage, but not in the case of conviction for the minor offense of obtaining information "with intention" to communicate it to some other party. As the law stands the major offense can be punished with ordinary imprisonment or fortress detention, while the minor offense must be punished by penal servitude. The result is that as soon as an acquittal seems to be out of the question it becomes the common interest of the judges, the prisoner and the counsel on both sides to secure a conviction on the major offense, although it may be in the opinion of all parties be the minor offense of which the prisoner is guilty.

All this was well exemplified at Leipzig. The result was a dignified and acceptable compromise, and the proceedings were enveloped in a charming atmosphere of mutual good will. Circumstances, however, might alter cases, and it will be gratifying if Lieutenant Brandon and Captain Trench can learn in their respective fortresses that they have accelerated an important amendment of German law. It will be more gratifying still if the legislature either deletes or defines the term "secrecy," which is peculiar to this country and remained a controversial mystery throughout the Leipzig proceedings. If Brandon and Trench had not sealed a fence at Borkum they might still be free men. The legality of all their other movements during their tour may be questionable, but does not seem to have been disproved.—Berlin correspondent London Times.

Novel Sleeping Portion.

A woman who suffered much from sleeplessness was relieved by the strong odor of mint breathed each night.

The remedy was one of those old wife cures that are often effective and was brought to the sleeper's notice by a clever friend who sent a bottle of strong essence of mint, a small sponge and a daintily embroidered lawn bag to hold the saturated sponge.

The bag had a spray of mint leaves done in colors on one side and on the other "Sweet Sleep." Through a casing at the top were drawn narrow green ribbons that could be hung over the head of the bed at night.

The odor of mint proved soothing, and gradually the sleeping habit returned.

Why, of Course.

Judge E. H. Gary, at the steel men's recent dinner in Chicago, according to the New York Tribune, said:

"There has sprung up among us a class of demagogues who seem to think that a rich man is necessarily a bad man—that a millionaire is as non-moral as the Alton schoolboy."

"Tommy," his teacher said to this boy, "do you know the difference between right and wrong?"

"Naw," Tommy replied.

"Well," said his teacher, "suppose you took your little brother's cake from him, what would you be doing?"

"Eatin' it," said he.

FARM and GARDEN

SET OUT BRUSSELS SPROUTS

Are Great Delicacy and Represent Choice Dish of Cabbage Family—Allow Plenty of Room.

This plant deserves more attention than it usually receives in most gardens throughout the country. Many people do not grow it at all. The little sprouts borne in great profusion in the axils of the leaves are a great delicacy and represent a choice dish of the cabbage family.

They are cooked similar to cabbage. They are very hardy and may be grown in the north as well as the south, as they may be left out until

Brussels Sprouts.

freezing weather begins. Light freezing does not injure this plant, and it is thought by many that freezing really improves it.

The plants may be started in the hot bed and handled similar to cabbage. They should be transplanted when the seedlings show the third leaf. Grow them rapidly and transplant to the open ground as soon as weather permits in the spring. Set out in a rich, moist section of the garden, and allow plenty of room. There are many varieties of Brussels sprouts, but one will have no difficulty in securing a satisfactory variety as most all of them are desirable.

Sheep Raising in Palestine.

Sheepfolds are common in Palestine. In the villages there are corrals and sometimes caves in the hills. According to Mr. Frank Carpenter, the great traveler, the village sheepfolds are closed at night, and the shepherds keep the keys. Those of the mountains are usually open and the sheep go in and out as they will.

One of the most important duties of the shepherd is to water the flock. He does this at streams or wells. At the wells the women draw the water for the sheep, as they did in the days of the scriptures. They use bags of goatskin untanned. The skins are taken from the goats, and the legs and other openings tied up so that the skin is waterproof. There is but one hole, at the throat, and it is in this that the water is poured.

Guard Against Stink Bug.

The squash stink bug must be guarded against on squashes as well as other cucurbits. Remove and destroy the leaves containing the shining brown eggs. The insects may also be trapped and killed under boards early in the spring and the young insects may be destroyed with kerosene emulsion.

PLAN FOR SEED CORN HOUSE

Detailed Instructions Given for Construction of Building to Be Set on Concrete Piers.

The small seed corn house shown in the accompanying diagrams should be built at least 3 feet off the ground and set on concrete piers, writes J. Dwight Funk in the Breeder's Gazette. The building is 16 feet square and 10 feet from floor to square. There are five rows of piers 4 feet apart and the piers are 4 feet apart in the row.

Front Elevation.

Five 6x6s, which are 16 feet long, are laid on the five rows of piers. Sills answer for joists. The floor is of 2-inch stuff. The studding are 2x6 inches and are spaced 2 feet apart. The rafters are 2x4 inches and spaced 2 feet apart. Shingles are used for the roof, which is one-third pitch, and there are two ventilators in it. The studding is 2x6 inches and 10 feet long, making 10 feet from floor to square. There are two rows of uprights from the floor to the rafters, the uprights being 2 feet apart and the rows 4 feet apart; each row is 6 feet from the outside wall. Make floors of wire cribbing every foot from the floor to the square between the studding and corresponding rows of uprights, using 2x4s on which to lay the wire cribbing. These 2x4 supports are 2 feet apart in each floor. The floors are 1 foot apart. Place a 6-inch board at side of each floor to keep corn from rolling off. There are

Side Elevation.

doors on each side, eight doors to the side; they are 2 feet wide and 9 feet high. Keep them open in fair weather. Place 6 inches of corn on each floor. There will be 11 floors to each side of the seed house.

Clean seed is a big factor. Do not wet the hands at milking time.

Two garden crops a season means almost double profits.

Amber cane and kaffir corn are good crops for rough forage.

For cheap roughage there is probably no better crop than the millets.

It is perfectly feasible to apply rock phosphate to ground recently manured.

COLDS

Munyon's Cold Remedy Relieves the head, throat and lungs almost immediately. Checks Fevers, stops Discharges of the nose, takes away all aches and pains caused by colds. It cures Grip and obnoxious Coughs and prevents Pneumonia. Write Prof. Munyon, 63rd and Jefferson Sts., Phila., Pa., for medical advice absolutely free.

CHEAP EXCURSION APRIL 4th TO ALBUQUERQUE, TEXAS, ORANGE GROVES—It will be good old summer time. Bathing, boating, fishing, garden stuff and berries. For full particulars and reservations, add., R. H. Cash, 1824 Chicago St., Denver, Col.

NOT EXACTLY THE SAME.

The Traveler—Hello, Hans! I hear you've taken a chance in the matrimonial lottery again. I suppose you've won a prize?

Hans—Yaas; I got a surprise.

Doubting His Word.

Two Irishmen occupied beds in the same room. By and by one of them woke up.

"Mike," said he, "did you put out the cat?"

"I did," said Mike.

An hour later Patrick woke up again.

"Mike," said he, "Mike, did you put out the cat?"

"Sure I did," said Mike, sleepily.

"On me word of honor." Some time later Patrick again waked up.

"Mike," said he, "Mike, ye divvie; ye did not put out the cat."

"Well," said Mike angrily, "if ye will not take the word of honor of a gentleman get up and put her out yerself."

Taking Garfield Tea keeps the system clean, the blood pure and the general health good. Buy from your druggist.

A one sided argument never gets very strenuous.

WOMAN ESCAPES OPERATION

Was Cured by Lydia E. Pinkham's Vegetable Compound

Elwood, Ind.—"Your remedies have cured me and I have only taken six bottles of Lydia E. Pinkham's Vegetable Compound. I was sick three months and could not walk. I suffered all the time. The doctors said I could not get well without an operation, for I could hardly stand the pains in my sides, especially my right one, and down my right leg. I began to feel better when I had taken only one bottle of Compound, but kept on as I was afraid to stop too soon."—Mrs. ADIE MULLEN, 2728 N. B. St., Elwood, Ind.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

Your Liver is Clogged up

TAKE A DOSE OF **PISO'S** THE BEST MEDICINE for COUGHS & COLDS

KEROSENE AS A CLEANSER

Almost an Indispensable Article for Housewife Who is Particular About Her Home.

The soot that coats the frying pan can easily be taken off by sopping it with kerosene and scraping it off shortly afterwards with a pot chain.

To cut the grease on the kitchen range kerosene is indispensable, but the stove should be perfectly cold before applying.

First dampen a rag with the oil and rub over the stove and follow this with a thorough rubbing with old newspapers, after which go over it with a rag dampened with a little benzine to evaporate the oil.

Do not build fire in the stove until this is evaporated, which will be generally a few hours.

Then wipe off nice and clean, after which give a coat of varnish. You will be surprised how little it will need blacking after the stove has been varnished.

The top is about the only part that becomes soiled, and which will need to be attended to with brush and blacking; the rest will need nothing more than wiping off with a soft rag.

Putting kerosene and ammonia in water when washing glass ornaments will give them a brightened appearance.

Washing the window panes with kerosene will keep them from frosting in cold weather, while at the same time giving a brighter light within the rooms.

THREE FLATIRONS IN ONE

New Invention That Will Be Appreciated by Housewife Requiring Different Weights in Irons.

Every housewife appreciates having a pressing iron suited in weight to the garment or cloth being pressed out, and for this reason two or three irons of different weights are often a part of the laundry equipment.

The Van electric iron, however, is designed to make it serviceable in all

Flatiron With Three Weights.

capacities. It is so constructed as to be operated as any one of three irons of different weights. By removing the two top screws on the rear of the iron, then loosening the two bolts at the base of the handles the heater and connection may be pulled out and weights No. 1, 2 and 3, placed on the heater, making either a five, six or seven pound iron. Another special feature is the suiting of the iron to various voltages ranging from 100 to 125 volts by changing heaters in the same manner as the weight of the iron is varied.

Buttermilk Doughnuts.

Put four cups pastry flour into a shallow bowl, sift in one and one-half teaspoonfuls each of soda and cream of tartar, one-half teaspoonful cinnamon and one of salt; add one cup sugar, one egg, unbeaten, and one cup buttermilk (better thick); mix well and proceed as for doughnuts.

Caramel Sauce.

Into a clean saucepan put a cupful of granulated sugar and melt slowly, stirring all the time. When light brown and liquid, add a cup of boiling water and boil very gently for five minutes or until of the desired consistency. Set aside until cool and flavor with vanilla.

LEADING QUESTION.

Grace—What lovely sleighing weather, Jack!

Jack—Yes, it is. Would you like to try it?

Grace—Dear me, I should be delighted!

Jack—Do you think your father would lend me his horse?

Dog Dies From Grief

A dog's striking attachment to his master is recorded from Villeneuve-Saint-Georges. While attending the funeral of a municipal councillor's wife C. Constantin, a resident of that village, contracted congestion of the lungs, from which he died suddenly.

He had a dog, a small fox terrier, which never left him. Since the death of M. Constantin the poor animal refused food and passed whole days at the cemetery moaning on the tomb of his dead master. The other day the terrier was found dead.—le Figaro.

BAD CASE OF GRIP

Caused Sore Throat and Tonsillitis. Restored by Peruna.

Mr. W. H. Housley, Stony Point, Tennessee, writes:

"Five years ago I took a very severe cold which resulted in a gripe. I never was so bad off. I was in bed several weeks, and when I did get up I had tonsillitis and sore throat."

Mr. W. H. Housley.

"I tried to cure this for eighteen months, but it gradually got worse. A doctor advised me to have my tonsils cut out, but I did not like the idea. Another doctor examined me, and told me the same thing. I finally got a bottle of Peruna, and after I had taken one bottle my throat was better. I bought and used a dozen bottles, and saw I was going to get well, and I did."

STATEHOOD LINGERS.

Conditions for the immediate admission of New Mexico have not improved the past week. Indeed, if possible, they have grown worse. This condition has been accentuated by the position of the administration on Arizona, whose fate is inextricably linked with that of New Mexico, and the presence of a New Mexico delegation at Washington who are insisting that the New Mexico constitution be amended before admission.

In our opinion, there is little excuse for either. The Arizona people framed their constitution and adopted it by an overwhelming majority, and they are the ones who are to reap its benefits or to suffer from its defects. The federal authorities should not interfere. In New Mexico, while its constitution was unsatisfactory to many, a vast majority approved it, and its acceptance by the people of New Mexico should have the same force and is governed by the same principle as that of Arizona. Every man has a right to improve the condition of his people, and to a certain point, if our constitution could be bettered without endangering statehood, well and good, but nothing should be placed in the way of congress giving us immediate statehood; yet we fear such a condition is now confronting us.

CONDITIONS VERY FAVORABLE.

Not in many years have conditions at this season of the year been as favorable as they now are, and certainly not for the past three or four. The ground has been moistened to a depth greater than usual, and grass and other vegetation are springing up everywhere. Everything has a tint of green, which is a joyous prospect over the general appearance of the sear and brown plains for the past few years at this season.

The increase in the sheep flocks this year should approach the maximum. The lambing season is now in full swing, and the green stuff, so necessary for the preservation of the lambs, is conspicuous on every hand. The weather is all that could be wished for, and if the flocks of this section do not enjoy a phenomenal increase, conditions other than climatic will have to be blamed. The cattleman is equally jubilant, and this should be a banner year for those engaged in the propagation of the bovine species. In addition to an abundant moisture, which has caused old Mother Earth to put on her emerald sheen, the stockmen are further benefitted by the fact that the range will not be overcrowded, because so many sheep

and cattle have been shipped out of the country.

And the farmer—the man with the hoe—he's all right. He is willing to forget the past, and has his eye only on the future. His farm is in good condition, his crops are planted, and in many cases already up and growing. He too, is feeling hopeful and anticipates a big crop. And so it may be said, notwithstanding the lean years through which we have passed, we are now, in truth, on the upward climb, and effect of such conditions is bound to produce, and is producing, jubilant spirits among all classes of our people.

Mrs. N. B. Taylor and Mrs. Joe N. White and children returned Sunday from Fort Stockton, Tex. They have been absent since last November, traveling for the benefit of Mrs. White's health, who has been ill for more than a year. She has now practically regained her health, and her friends rejoice with her family over her condition. Mr. White remained at Fort Stockton, where has a lucrative position.

MINING APPLICATION.

Serial Number 024680.

UNITED STATES LAND OFFICE.

Roswell, New Mexico.

April 12, 1911.

Notice is hereby given that Chicago and Santa Fe Smelting and Mining Company, by John Y. Hewitt its attorney-in-fact, whose post office address is White Oaks, Lincoln County, New Mexico, has this day filed its application for a patent for the Hawkeye Group of mining claims consisting of the Hawkeye Lode for 1270.90 feet and the Red Rose Lode for 1254.15 feet of said veins, bearing gold, together with the surface ground as shown on the plat on file in this office situated in Jicarilla Mining District, Lincoln County, New Mexico, and described by the field notes on file in this office as survey No. 1388, in unsurveyed township No. 5 S., Range 12 E., New Mexico Principal Meridian. Said survey No. 1388 being described as follows, to-wit:

HAWKEYE LODGE.

Beginning at corner No. 1, whence the standard 1/4 section corner on the South side of Section 34, Township 5 S., Range 12 E., of New Mexico Principal Meridian, bears S. 27° 53' W. 5573.95 feet.

Thence N. 16° 24' W. 1289.7 feet to corner No. 2; Thence N. 58° 16' E.—Var. 13° 10' E.—477.55 feet to corner No. 3.

Thence S. 22° 36' E.—Var 14° E.—1259.81 feet to corner No. 4;

Thence S. 58° 16' W. 618.50 feet to corner No. 1, the place of beginning.

Area of this the Hawkeye Lode claim 15,090 acres.

RED ROSE LODGE.

Beginning at corner No. 1, whence the 1/4 section corner of the South side of Section 34, Township 5 S., Range 12 E., New Mexico Principal Meridian bears S. 15° 50' W. 6730.11 feet.

Thence N. 16° 53' E. 383.30 feet to corner No. 2; Thence S. 65° 21' E. 1254.15 feet to corner No. 3.

Thence S. 10° 53' W., Var. 14° E., 393.30 feet to corner No. 4.

Thence N. 35° 21' W., 1254.15 feet to corner No. 1, the place of beginning. Saving and excepting from this claim all that portion thereof in conflict with the Hawkeye Lode of this survey. Net area of this the Red Rose Lode 9,112 acres.

Total area of this group 24,202 acres.

Each of said mining claims is of record in the office of the Recorder of said Lincoln County, New Mexico.

The adjoining claims so far as known, are on the East Meadow Lark Lode, Zig Zag Lode and public lands; on the North, Hard Luck Lode and public lands; on the West, Belle of New Mexico Lode, Hard Luck Lode and public lands; on the South, Belle of New Mexico Lode, Ready Cash Lode and public lands.

Any and all persons claiming adversely the mining ground, veins, lodes, premises or any portion thereof so described, surveyed, platted and applied for, are hereby notified that unless their adverse claims are duly filed, according to law and the regulations thereunder, with the Register of the United States Land Office at Roswell, New Mexico, during the sixty days period of the publication hereof they will be barred by reason of the statutes.

Mrs. Edgar Wilson is preparing a "recital," which she expects to give within two weeks.

Mrs. Dr. Walker returned this week from an extended visit to San Antonio and New Orleans.

Milk Cow—For sale a good fresh milk cow. Apply to O. P. Humphrey, near schoolhouse. 2t

The ladies of the Baptist church wish to thank Mr. Wetmore for contributing towards the painting of the church.

The ladies of the Baptist church will give an ice cream supper on Tuesday evening in the building next the Trading Co's store.

Miss Gracie Chew, of White Oaks, is among the applicants for the eighth grade promotion examination today.

Miss Blanche Murray came up yesterday from Tinnie to be present at the eighth promotion examination today and Saturday.

Wanted:—General Housekeeper for two. Good home and good pay. Mrs. G. L. ULRICK. 4-21-2

W. E. Blanchard was in town yesterday from his ranch on the Macho, below Richardson. He reports good rains and fine grass in his section.

Mrs. W. C. McDonald went to Denver, Colo., yesterday, to be present at closing exercises of Wolf Hall academy, where her daughter, Frances, will graduate.

The eighth grade promotion examinations will be conducted at the Carrizozo school house today and tomorrow. About twelve applicants are expected to take these examinations.

F. W. Brockway came over from Fort Stanton, Monday, for the purpose of moving his household goods to the Fort. He left with his family yesterday morning for Fort Stanton, where his family will remain during the summer.

Latest War News.

There is no war news. The white-winged dove of peace now hovers over Juarez, at least temporarily, pending peace negotiations, both Diaz and Madero using all their wits to bring the war to a close in the most diplomatic manner. Those who have visited Madero's camp opposite El Paso state that it looks more like a circus than a warrior's camp, and many of the insurgents are busy peddling peanuts and popcorn to visitors. However, Madero's bluff, if a bluff it was, worked like a charm.

It is to be hoped that peace will soon be established and Mexico become a republic in fact.

Alleged Dynamiters in Jail.

John J. McMamara, secretary of the International Bridge and Iron Workers Association; his brother, James B. McNamara, and Ortie E. McManigal, the alleged dynamite conspirators accused of having blown up the Times newspaper plant last October, are now in jail at Los Angeles. They were arrested and kidnapped by detectives, who managed to get them through to the coast. The alliance against them is powerful, likewise labor organizations are for them until they are proven guilty and the case not only will be unusually sensational, but the legal battle promises to be one of the most tremendous in the annals of the nation.

WELCH & TITSWORTH.

— CAPITAN, N. M. —

LOCAL NEWS

Chas. Burrell, in the railroad bridge gang service was in town Sunday enroute home to Capitan for a visit.

R. D. Haynie came in from Capitan Sunday and left for El Paso Monday morning to transact business.

A baby girl was born to Mr. and Mrs. Perry Humphrey at their home on Little Creek on the 20th inst.

Bob Ransom and W. Duke have returned from the Three Rivers country, where they have been for several weeks.

Justice of the Peace Ed. Massie last Friday evening united in marriage at the home of the bride in Carrizozo, Pablo Jauregui and Miss Concepcion Gonzales.

D. del Curto, of White Oaks, was in town Wednesday. He says the conditions around White Oaks were never more favorable. The mines are working full time, and the prospects of the sheep and cattlemen exceptionally fine.

The company reservoirs are rapidly filling up, which means that Carrizozo will have good fresh mountain water for many months. The Nogal reservoir three weeks ago was down to eleven feet of dead water. It now has about 25 feet. When full it is 30 feet deep in the center. The reservoir one mile east is down to three feet.

Mrs. R. D. Haynie and family, of Capitan, visited Mrs. May Highfill at the Burrell House the first of the week.

Corner stone laying of the Methodist church has been postponed from next Sunday to Sunday, May 7th. The Masonic Lodge will conduct the ceremonies.

Wm. F. A. Gierke returned Sunday from Albuquerque, where he attended the Masonic convention. He expects go to Albuquerque next week and open a law office there.

The lambing season is well advanced, and reports from the sheep and goat camps in the county are flattering, and to the effect that the rains of Monday and Tuesday had no ill effect on the young lambs. In fact conditions are exceptionally good for a large increase.

S. T. Gray, of Capitan, has the contract to supply the Parsons Mining company with one hundred tons of coal from the Linderman mine. He has already delivered about forty tons. This would indicate that the mines at Parsons will soon be running full blast.

J. B. Burrell and W. S. Bourne have sold the Burrell House to an Arizona party, who, in turn, has leased it to a local man. Mrs. Highfill, the present lessee, however, will continue to run it until the first of June before turning it over to the new owner.

J. P. Bentley, formerly in the railroad service here, and now stationed at Vaughn, is here on a thirty days' visit.

Ben Renfro came over from Capitan Sunday to meet two of his children, Doyle and Era, who have been attending school at Las Cruces. Mrs. Renfro and her elder daughter are expected home as soon as the A. & M. College term closes.

Al'an Johnson, the wild Englishman of Capitan, claims the record for the run in his 40 horse power Buick between Capitan and Carrizozo—23 miles in 55 minutes over a mountain. This does not reach the mark made by Barney Oldfield on a track, or Jack Johnson's "joy rides" on city boulevards, but those who have been over the route will admit that it's going some.

That April showers bring forth May flowers, was exemplified during the present month by many soft showers. Although Monday was ushered in by a fierce wind and sand storm, about noon the clouds got together, and a good, steady soaking rain began falling, which laid the dust, and continued at intervals until the following evening, which guarantees large crops to the farmer and good range for the cattle and sheep men. Similar conditions are reported throughout the whole southwest. If there are not bonnetous crops throughout New Mexico this season, don't blame Nature.

Sheriff Stevens, during the past week has been in every corner of the county rounding up jurors and subpoenaing witnesses for the May term of court. Between riding fifty miles to subpoena one witness and then having to sleep in a sheep camp, he had a more interesting than enjoyable time.

The ladies of the M. E. Woman's Home Mission, who so ably presented the "Recital" on last Friday evening for the benefit of the new Methodist church, will (by special request) repeat it during court week, so that out-of-town friends may have an opportunity to witness it. They have set the date for Thursday evening, May 4, at Real's hall, with an entire change of program, except the laughable farce, "The Sniggles Family," which will be reproduced. General admission 25c., reserved seats 35c., on sale at Rolland's drug store.

Card of Thanks.

We, the Ladies Aid Society, take this opportunity of thanking all assisting us in the entertainment given last Friday night, including the audience who encouraged us by their presence and generous applause. Tickets sold \$63.25; expenses \$10.00; leaving us for our church fund \$53.25.

We also thank all the ladies responding so generously to our call for help in getting out the "Ladies Aid Cook Book." The book will soon be on sale.

Committee.

Work While You Sleep

Millions of people have CAS-CARETS do Health work for them. If you have never tried this great health maker—Get a 10c box—and you will never use any other bowel medicine.

CASCARETS 10c a box for a week's treatment, all druggists. Biggest seller in the world. Million boxes a month.

Is not recommended for everything; but if you have kidney, liver or bladder trouble it will be found just the remedy you need. At druggists in fifty cent and dollar sizes. You may have a sample bottle of this wonderful new discovery by mail free, also pamphlet telling all about it.

Address, Dr. Kilmer & Co., Binghamton, N. Y.

UP TO PAPA.

"Now remember this—the stronger should never do anything to injure the weaker!"

"Then why did you lick me?"

Hustlers.

"A good turkey dinner and mince pie," said Simeon Ford, "always puts us in a lethargic mood—makes us feel, in fact, like the natives of Nola Chucky.

"In Nola Chucky one day I said to a man:

"What is the principal occupation of this town?"

"Wall, boss," the man answered, yawning, "in winter they mostly sets on the east side of the house and follers the sun around to the west, and in summer they sets on the west side and follers the shade around to the east."

A FOOD STORY

Makes a Woman of 70 "One in 10,000."

The widow of one of Ohio's most distinguished newspaper editors and a famous leader in politics in his day, says she is 70 years old and a "stronger woman than you will find in ten thousand," and she credits her fine physical condition to the use of Grape-Nuts:

"Many years ago I had a terrible fall which permanently injured my stomach. For years I lived on a preparation of corn starch and milk, but it grew so repugnant to me that I had to give it up. Then I tried, one after another, a dozen different kinds of cereals, but the process of digestion gave me great pain.

"It was not until I began to use Grape-Nuts food three years ago that I found relief. It has proved, with the dear Lord's blessing, a great boon to me. It brought me health and vigor such as I never expected to again enjoy, and in gratitude I never fail to sound its praises." Name given by Postum Co., Battle Creek, Mich.

"There's a Reason."

Look for it in the little book, "The Road to Wellville," to be found in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

TO REMOVE STAINS

ENGLISH WAYS OF TAKING OUT VARIOUS SPOTS.

Soft Soap and Paste of Salt and Water for Fruit Stains—Pure Alcohol Will Take Out Grass Stains.

Fruit stains should be treated at once, says an English writer in the Queen, for if allowed to set they are difficult to remove. Rub the stain with soft soap or good yellow soap, well wetted, then cover it with a paste of salt and water. Or rub the stain well on both sides with a good yellow soap, and then tie over it a little pearl ash, and let it all soak in hot water, boiling it if necessary; rinse well and dry in the open air.

If the stain is very persistent try the following: Crush four ounces of chloride of lime in a basin and work it to a smooth paste with a little cold water; when perfectly mixed, add to this from one and a half to one and three-quarter pints more cold water, using in all two pints of water, now stir the lime well, cover closely, and let it stand for a day or two, stirring it occasionally. Now leave it till quite settled, when you skim it, pour off the clear liquid, straining it into a bottle, and keep tightly stoppered.

To remove the stains rub the spot with a rag dipped in the mixture, rinsing it at once after the spot is removed in clean cold or tepid water. Should the article be badly stained soak it in cold water to which you have added sufficient of the mixture to make the water smell slightly of lime; watch this, and directly the stains are removed lift out the linen, rinse well, and dry in the open air in the sun if possible. Care must be taken with this, for if the linen be left in too long the bleach will rot it. This remedy will remove almost any stains.

If grass stains on cotton are rubbed with pure alcohol they will disappear, but this should be done at once.

To make balls for removing grease stains mix well 1½ ounces of powdered French chalk and 5 ounces of powdered pipeclay, then work them to a paste with 2 ounces of spirits of wine, shape this paste into balls and leave them to dry. To use, moisten the grease stains well with warm water, then rub them thoroughly with the ball; now let dry, if possible in the sun; then brush well and sponge with a little water if any stain be left.

To clean discolored hearths mix whiting to a thin paste with skim milk, adding a drop or two of liquid blue or a morsel of stone blue. Put it on the hearthstone with a paint brush. This does not crack off.

White stains on polished wood caused by upsetting any spirit or by over-hot dishes or plates may be removed by applying to these spots a feather dipped in spirits of camphor. This must be used very sparingly and the furniture rubbed well at once with a cloth dipped in sweet oil, repeating the process if necessary. When the stain is completely removed polish well with beeswax and turpentine or any good furniture polish.

To clean ivory rub the stains with lemon juice, then with whiting made into a soft paste with lemon juice; allow this to dry on, and when perfectly dry wipe off with a soft cloth.

For mildew stains first brush off any loose mildew, then well rub in a little common salt, sprinkling it with powdered French chalk and thoroughly moistening it with clean cold water; after this dry slowly in the open air and then rinse well. This may require to be repeated. Mildew on leather may be removed by rubbing the place well with a clean, dry and very soft cloth to remove any fungus that may be on the surface of the leather, then rub over with a rag just moistened with pyroligneous acid.

Hood's Sarsaparilla

For

All Spring Blood Diseases and Ailments

Possesses medicinal merit Peculiar to Itself and has an unequalled record of cures. Take it this spring, in usual liquid form or tablets known as Sarsatabs.

Spring Humors are due to the impure, impoverished, devitalized condition of the blood brought about by the unhealthful modes of living during the winter, too close confinement, too little outdoor air and exercise, too heavy diet. Hood's Sarsaparilla cures them and builds up the whole system.

Hood's Sarsaparilla has no equal for cleansing the blood and expelling the humors that accumulate during the winter. It effects its wonderful cures because it combines the utmost remedial values of more than twenty different ingredients. Insist on having Hood's. It has no substitute.

COLT DISTEMPER

Can be handled very easily. The sick are cured, and all others in same stable, no matter how "exposed," kept from having the disease, by using SPOHN'S LIQUID DISTEMPER CURE. Give on the tongue, or in feed. Acts on the blood and expels germs of all forms of distemper. Best remedy ever known for mares in foal. One bottle guaranteed to cure one case. 50c apiece a bottle; \$5 and \$10 dozen of druggists and harness dealers, or sent express paid by manufacturers. Cut shows how to poultice throats. Our free booklet gives everything. Local agents wanted. Largest selling horse remedy in existence—twelve years.

SPOHN MEDICAL CO., Chemists and Bacteriologists, Goshen, Ind., U. S. A.

Unfortunate Allusion.

She—Too many men expect their wives to run their homes on practically nothing. They forget that no one can make bricks without straw. He—My wife does—out of flour.

Thousands of Consumptives die every year. Consumption results from a neglected cold on the lungs. Hamlin's Wizard Oil will cure these colds. Just rub it into the chest and draw out the inflammation.

Life is a stage play; it matters not how long we act, so long as we act well.—Bacon.

Constipation, indigestion, sick-headache and bilious conditions are overcome by a course of Garfield Tea. Drink on retiring.

Cleanliness is next to godliness.—John Wesley.

You can't sow thistles and reap figs. If you plant Perry's Seeds you grow exactly what you expect and in a profusion and perfection never excelled.

FERRY'S SEEDS

Fifty years of study and experience make them reliable. For sale everywhere. Perry's 1911 Seed Annual free on request.

D. M. FERRY & CO., Detroit, Mich.

PATENTS Fortunes are made in patents. Protect your ideas. Our 64 page book free. Fitzgerald & Co., Box K, Washington, D. C.

W. N. U., DENVER, NO. 12-1911.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. World's Dispensary Medical Association, Props., Buffalo, N. Y.

"For Tea You Can't Beat Lipton's"

It Has Stood the Test of Time While Others Have Been Buried in the Ashes of Antiquity. It's the Recognized World's Standard

LIPTON'S TEA

Over 2 Million Packages Sold Weekly.

Try This for Colds

Prescription Known for Results
Rather than Large Quantity.

Go to your druggist and get "Two ounces of Glycerine and half an ounce of Concentrated Pine compound. Mix these with half a pint of good whisky. Shake well. Take one to two teaspoonfuls after each meal and at bed time. Smaller doses to children according to age." Any one can prepare this at home. This is said to be the quickest cough and cold cure known to the medical profession. Be sure to get only the genuine (Globe) Concentrated Pine. Each half ounce bottle comes in a tin screw-top sealed case. If the druggist is out of stock he will quickly get it from his wholesale house. Don't fool with uncertain mixtures. It is risky.

Exercise.

"I'm afraid you don't get enough exercise," said the physician.

"That," replied Senator Sorghum, "is because you never saw me at home with my fellow citizens lined up to shake hands with me."

Dr. Pierce's Pleasant Pellets first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Sugar-coated tiny granules.

Even a little trial is a big one if you have no others.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Doest thou love life? Then do not squander time, for time is the stuff life is made of.—Franklin.

Nature's laxative, Garfield Tea, is made of clean, sweet, health-giving Herbs.

There never was a good war or a bad peace.—Franklin.

"Cured
Neuralgia
Pain"

"I
take
pleasure
in
writing
to you

that I had a neuralgia pain in my arm for five years, and I used your Liniment for one week and was completely cured. I recommend your Liniment very highly."—MRS. J. MCGRAW, 1216 Mandeville St., New Orleans, La.

Cured Quinsy Sore Throat

MR. HENRY L. CAULK, of 1242 Wilson St., Wilmington, Del., writes:—"I bought a bottle of Sloan's Liniment for the quinsy sore throat and it cured me. I shall always keep a bottle in the house."

SLOAN'S LINIMENT

gives instant relief from rheumatism, lumbago, sciatica, neuralgia, croup, sore throat, tonsillitis, hoarseness and chest pains.

Prices, 25c., 50c. & \$1.00

Sloan's book on horses, cattle, sheep and poultry sent free. Address

HOW TO COOK RICE

CREOLE MAMMY'S METHOD MAKES PROCESS EASY.

Takes Place of Potatoes, is Easier to Prepare and Four Times as Nutritious—Should Never Be Mushy

If you want to know the right way to cook rice read how an old creole mammy does it. After you have learned to cook rice you will then be able to utilize and serve it in many different ways. Your household will like it and you will serve it often, instead of bread, with all gravies, especially the brown meat gravies, and with peas and beans. Used with gravy it will take the place of potatoes, and is much easier to prepare, easier to digest, and four times as nutritious. It should be served dry, steaming hot, not mushy, and every grain separate. One cupful of rice well washed, three cupfuls of boiling water, one scant teaspoonful of salt, and a saltspoonful of lard. Wash the rice through at least six waters, or until all cloudiness is removed. Drain thoroughly. Bring to the boiling point three brimful cupfuls of water, add the salt, and the tiny bit of lard. When the water is boiling briskly add the rice gradually, so as not to stop the boiling. Don't stir. The grains should be kept moving by the boiling water. It will take about 15 minutes for the rice fully to absorb the water. During this time keep the cover on, but slightly pushed to one side. At the end of the 15 minutes the grains should be soft, not the least gritty. Remove the cover and at the same heat let dry out for five minutes. If cooking on a gas stove, at the end of the five minutes lower the gas and let the drying out process continue for 20 to 30 minutes longer. If cooking on a wood or coal stove, at the end of five minutes place the cooked rice on the back of the stove or in the oven to dry out. By cooking rice in this manner every bit of nutriment is retained at a minimum cost of effort. Each grain will be puffed to almost three times the size of the uncooked grain. Always cook rice with a lid over the flame. On gas stoves, an asbestos lid is recommended. Never stir rice while cooking. A sharp knife passed around the side of the pot after the drying process starts is recommended. If lard is objected to it may be omitted; it is supposed to lessen the danger of burning, to prevent the water boiling over, and lends a brilliancy to the cooked rice.

Stewed Pigeons.

Pick clean and wash the pigeons. Put them into a pot with a cup of water to keep from burning and a tablespoonful of butter for each one. Shut the lid down tightly and subject to a slow heat until they are a nice brown, about nut color. Once in a great while turn them and see that each is well wet with the liquor. Take them out and cover in a warm place, a colander set over a pot of hot water is best, while you make the gravy. Chop the giblets of the pigeons very small, with a little onion and parsley. Put into the gravy pepper and salt; boil up and thicken with browned flour. Return the pigeons to the pot, cover again tightly and cook slowly until tender. If there should not be liquor enough in the pot to make the gravy add boiling water before the giblets go in.

Nougats.

Grease a square shallow pan with butter, fill with hickory nut kernels, almonds cut in thin slices, coconut chopped fine and a few bits of candied orange peel. Boil 2 pounds of granulated sugar and 1 cup of water together without stirring until it hardens, then add a tablespoon lemon juice and pour it in pan over the nuts. When cool mark in narrow strips.

CURE THAT SORE THROAT

Sore throat is inflammation of the mucous membrane of the throat, and if this membrane happens to be at all sensitive a predisposition to sore throat will exist.

Paxtine Toilet Antiseptic is both a preventative and a cure for sore throat because it possesses extraordinary cleansing, healing and germicidal qualities. Just a little in a glass of water, used as a gargle, will quickly relieve all soreness and strengthen the mucous membrane of the throat, and thus overcome all tendency to sore throat.

Paxtine is far superior to liquid antiseptics or Peroxide for all toilet and hygienic uses.

Paxtine may be obtained at any drug store, 25 and 50c a box, or sent postpaid upon receipt of price by The Paxton Toilet Co., Boston, Mass. Send for a free sample.

Barmalids in South Australia.

South Australia is suffering from a barmalid famine. Two years ago barmalids were abolished in that state by act of parliament. No more could be legally engaged, but those already employed could remain on condition that they registered themselves.

There are now only 400 of them left, and the competition for their services is such that their wages have jumped from 25 shillings to £3 a week. The hotels that have had to employ barmen report a considerable change for the worse in their receipts.

EYES WOULD BURN AND STING

"It is just a year ago that my sister came over here to us. She had been here only a few weeks when her eyes began to be red, and to burn and sting as if she had sand in them. Then we used all of the home remedies. She washed her eyes with salt water, used hot tea to bathe them with, and bandaged them over night with tea leaves, but all to no purpose. She went to the drug store and got some salve, but she grew constantly worse. She was scarcely able to look in the light. At last she decided to go to a doctor, because she could hardly work any more. The doctor said it was a very severe disease, and if she did not follow his orders closely she might lose her eyesight. He made her eyes burn and applied electricity to them, and gave her various ointments. In the two and a half or three months that she went to the doctor, we could see very little improvement.

"Then we had read so much how people had been helped by Cuticura that we thought we would try it, and we cannot be thankful enough that we used it. My sister used the Cuticura Pills for purifying the blood, bathed only with Cuticura Soap, and at night after washing, she anointed her eyes very gently on the outside with the Cuticura Ointment. In one week, the swelling was entirely gone from the eyes, and after a month there was no longer any mucus or watering of the eyes. She could already see better, and in six weeks she was cured." (Signed) Mrs. Julia Csepicska, 2005 Utah St., St. Louis, Mo., Aug. 25, 1910.

Professional Foresight.

"That fellow has a fearful nerve," said the dealer in firearms.

"Who is he?"

"An alienist. He says he will give me a commission on his business if I will hand his card to every wild-eyed person who comes in and buys a revolver."

Important to Mothers

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the

The Kind You Have Always Bought.

The breath of scandal is responsible for much breezy conversation.

Going the Pace.

"I understand they are up to date people?"

Decidedly so. They stand off the butcher, the baker and the candlestick maker, so they can live continuously in an atmosphere of dust and gasoline."

What He Slipped On.

"And you say you had a bad fall, Pat?"

"Indade I did, sir."

"What did you slip on?"

"Shure, I think it was on a Monday, sir."—Yonkers Statesman.

Blew Too Hard.

"Do you remember the fat man who used to live across the way and practice on a trombone every morning?"

"Yes."

"He's dead."

"Serves him right!"

"Oh, he wasn't murdered. He ruptured a blood vessel."

For Girls.

Booth Tarkington, at a dinner in Indianapolis, praised wittily the husband of domestic tastes.

"A great match," he said smiling toward a group of pretty Indianapolis girls—"a good match, ladies, is one who never goes c."—Cincinnati Inquirer.

How She Scored.

Mrs. Urban—I threw a stone at an old hen this morning, and I hit her, too.

Urban—With the stone?

Mrs. Urban—N-no, but the stone jarred an apple off the limb of a tree, and the apple fell on the hen.—Chicago News.

NOTES FROM JICARILLA.

C. L. Kennedy is holding the post office job down.

Mr. Reasoner and son J. C., are starting up the rocks on the Ettie claim.

Mr. Nagle, of Dallas, Texas, is bossing the mill work for the Littell company, and Mr. Gorglein of Cripple Creek is assayer.

Sheriff Chas. Stevens was in camp last week looking up jurors for the May term of court.

Allen Lane and Mr. Peterson came out Sunday to investigate the mines, and to sample the good roads and mountain air.

Harry Gallaher passed through from Ancho to White Oaks last Friday. He is preparing for the lambing season at his ranch.

Joe Swain, forest ranger, and daughter, were riding through the woods Saturday posting notices for the benefit of the trespassing variety.

E. E. Wilson and family were visiting in camp Saturday and Sunday, and report fine range and plenty of water on the east side, and that the competitors for the range are all good humored.

Arley Stuart went to work last week for the Littell company on the Goldstain property, and R. P. and Bivian Brookin were added to the force Monday.

W. F. Littell, of the Littell Mining and Reduction company, arrived here last week from Colorado to look after business pertaining to the company's work in Jicarilla.

It is reported that there will be a dance at the schoolhouse next Saturday evening, and that they will be given every alternate week throughout the summer.

There is a probability of the school starting soon. A gentleman teacher is expected next week.

BONITO RIPPLES.

Nature has seldom been more lavish in her dispensations to the Bonito country than this season. Everything looks beautiful. The orchards are in full bloom, and the fields are putting on their annual emerald dress. Grass is from two to six inches high; the wild flowers, in their varied colored hats, are popping up their pretty little heads along the highways, as if to say that spring has certainly come.

Johnny Greer has returned from the seat of war in Mexico. He is very modest in speaking of his experience on the firing line, further than to say that he had an interesting time at the battle of Casas Grandes.

Tom Zumwalt and Joe Hurley have left for the Elephant Butte dam.

The new schoolhouse at Parsons is a neat and well-built little structure, nestling among the pine trees. There is a good attendance of pupils, some of whom travel several miles every morning on burros, the gentle little animals await patiently in the vicinity until school is dismissed, when they are ready to carry their

charges home. The school is governed by Miss Emma Grafton.

Jim Robinson has moved from his old home on the Creek to his brother Ira's place in Krout Gulch and is building a new residence.

There has been some dissatisfaction between the farmers along the Creek and the Parsons Mining company on account of the tailings from the mine occasionally washing into the creek, later finding its way into the ditches, leaving a deposit of silt on the lands irrigated. The company has appealed from the justice court, and the case will come up before the district court next week.

Felix Braune, who has been visiting his brother in El Paso during the winter, is expected to return next week.

Considerable activity is apparent around the Parsons mines. Several interested parties from the east were looking the proper-

The Carrizozo Trading Company.

ty over lately—measuring the ore deposits and tailings and testing the same. It is believed the mills will soon start grinding ore. The tailings alone will keep the cyanide tanks busy for years.

Henry Cronsbrack has moved into his new two-room log house, which he calls "The Castle," in blissful anticipation of the mining boom which he believes is due when New Mexico becomes a state and Carrizozo a county seat.

Ira Robinson and family have moved from the Bonito to the two-story Bird residence near Parsons.

The road from Nogal to Parsons is being graded and put in shape for an automobile route. The road from Parsons along the Bonito to Angus could be made an ideal drive at small expense.

The grand jury will be empaneled on Monday, and the petit jury one week later.

We are paying 25c per doz. for strictly fresh eggs, and can handle all you can bring us.—The Carrizozo Trading Co.
