HOW IT HAPPENED!

The Terrible Railroad Wreck Near City of Mexico.

Revolution Reported in Republic of Hayti.

Colonization Scheme Hen Rial to New Mexico.

AN ENGLISHMAN SWINDLED.

Laredo, Texas, March 8.—Engineer John Noeller, who is held responsible by many in Mexico for the terrible wreck on the International railroad, February 23, is in the city, and gives the following story of the accident: "The train was running at high speed as charged, the point of the curve the fourth coach from the front, having broken an axle, and set the automatic brakes, and the engine and first three coaches did not go forward more than twenty feet. The fourth coach behind the one which left the track was what is known as an English model, the frame work being of steel and the sides of iron. This coach passed through two coaches in front of it and caused the havoc which cost many passengers their lives. The passengers on the coach all escaped. As soon as the accident occurred I went to the rescue of the sufferers, and while engaged in doing so I had better get away from the scene, as some of the young men threatened to kill me because they had lost their relatives in the wreck. I was first upon an English model in the line. I escaped to Mexico City, whence I came to the United States. Had I not been a person I could never have gotten out of the country. I am in receipt of a telegram from Mr. Jackson, president of the International, to the effect that they do not hold me responsible for the accident. Mr. Sullivan, superintendent, was on the engine with me when the accident occurred. To my knowledge there are no charges pending against me in Mexico."

Revolution in Hayti.

Kingston, Jamaica, March 8.—The revolution in the republic of Hayti reported yesterday to have begun in the north has extended already to the south. Haytian states who have been living in Jamaica waiting for a chance to overthrow the government are preparing to leave. Hayti's minister of war, General Adrien Verene, has fled to San Domingo. The public treasury is empty and the president is unable to raise money by loan.

Bankrupt Chaplain.

London, March 8.—A free discharge from the bankruptcy court has been granted to Rev. Dr. Henry Cecil Fellows, a once time prominent Episcopal minister at Norfolk, and who has also held the position of private chaplain to two families of the nobility. Having been left a small fortune he concluded to "go into trade" and now finds out that he had better stick to his surplice and prayer book. He opened offices in the heart of London as a dealer in American rails, operating in American stocks on the side. It did not take him long to drop \$150,000 and then he found himself at the end of his rope, the pressure of his creditors landing him in the bankruptcy court.

Invaded a Church.

S. 8, Bulgaria, March 8.—During religious services at a Protestant church at Leomaria, the building was invaded by a mob of members of the orthodox Greek church, who assaulted the worshippers, tore up the prayer books and completely wrecked the interior of the church. Several Germans and Americans among the worshippers were seriously injured. The Americans are under British protection.

The Land Court.

Santa Fe, March 8.—A Washington dispatch says that a proviso in the legislative appropriation bill extends the life of the United States court of private land claims two years from December 31, 1890. The business before the court is too great to be disposed of this year.

Sold Him a "Tired Mine."

Zacatecas, Mexico, March 8.—Louis J. Foss, an Englishman representing a wealthy British syndicate, has been swindled out of about \$50,000 by two American mining prospectors, who sold him a "tired mine" in a district west of here.

Railroad Wreck.

Atlanta, Ga., March 8.—The Southern railroad express which left Atlanta last night at 11 p. m. for Brunswick, ran into an open switch at Scotland this morning at 5:30 and was completely wrecked. The switch had been turned and nailed down

by unknown parties. Engineer Moore saw it and reversed the engine and applied the air brakes. The express struck a freight car on the siding, turned two Pullman sleepers over on their sides and tore up the track for a hundred yards. Mrs. C. H. Guber, of Pickens, Miss., and baby were instantly killed. H. O. Hoffer and wife, of Elyria, Ohio, were slightly hurt. Richard Reed and company were on board, bound for Jacksonville. Mr. Reed, Miss leaders Ruch and Mrs. Mary Michaels were injured, but not seriously.

Rebels Defeated.
Madrid, March 8.—A dispatch from Havana says General Carrach, yesterday defeated the rebels at Los Negros, capturing their camp and a quantity of arms. Five rebels were killed.

Attempt to Rob a Bank.
New Orleans, La., March 8.—An attempt was made last night to rob the Service bank here. The explosion around the watchman and others and the robbers were frightened off. They escaped after a number of shots.

His Knack.
East Las Vegas, March 8.—It is rumored here that Messrs. Carson and Kluge have disposed of their interest in the New grant, and that in connection with the Butler estate a large syndicate in the east will soon commence the colonization of the grant, and will put in reservoirs and artesian wells, and bring in a large colony of Swedes and Norwegians. The syndicate has an unlimited amount of capital behind it, and will make a success of the effort. No family of colonists is to be received unless it has \$1,000 clear after arriving in New York City. The syndicate has planted large colonies in other parts of the United States very successfully and they will succeed here.

DEATHS CHAMBER.
Such Was the White Ash Mine Explosion the Verdict.

Hon. Neill B. Field, who represented the miners at the coroner's inquest in regard to the fatal White Ash explosion, wherein twenty-four able-bodied miners lost their lives, returned last night from Corralles, having completed his duties late yesterday afternoon but was compelled to leave for home before a verdict was reached. This morning he was seen at his residence on West Tipton avenue, suffering from a cold contracted while at Corralles, and in regard to the inquest permitted this Citizen to use the following telegram he had received:

CHICAGO, N. M., March 7.
Neill B. Field, Albuquerque.
Verdict in that fatal explosion caused by explosion of gas and effects of after damp. Explosion caused by insufficient air and fourth back air course being obstructed by water.
CHAS. LYON.

The Citizens learn that the evidence showed that the explosion occurred in the fourth F. C. level of the mine, and the only means of ventilating that level was through the main air passage, known as the fourth left air passage. It was shown that that air passage was driven through swampy ground and was drained by a siphon pipe, which was opened periodically to let out the water. The evidence showed that the pipe had not been opened for three weeks, and the first man in the mine after the accident, who got to the air passage, was full of water to the roof, so it was impossible for any air to get through. Hence the fatal explosion.

On the Fly.
Our live stock agent dying out of the city G. L. Brooks, the agent, left this morning for Kansas City, Mo., where he arrives on Sunday morning, and after remaining there two hours will take a train for Fort Worth, Texas, which city he will reach Monday morning, in time to take part in the opening proceedings of the big convention of Texas cattle raisers.

W. C. Denison, the assistant, who just returned from an extended trip to El Paso and Deming, where he will superintend the shipment of several thousand head of cattle to eastern markets.

Chamberlain's Cough Remedy gives the best satisfaction of any cough medicine I handle, and as a seller leads all other preparations in this market. I recommend it because it is the best remedy ever handled for cough, cold and croup.

A. W. Badbridge, Millerville, Ill. For sale by Thos. H. Burgess & Son.

Trying Will Satisfy You.
To be satisfied, you must try for yourself, and after trying you will say that Oregon Kidney Tea is the most wonderful remedy for kidney or urinary troubles that you have ever seen. A trial size package costs 25 cents, so there is no excuse for having a lame back and feeling poorly, when this remedy is within your reach.

CUBAN REBELS!

Why Consul General Williams is not Liked in Cuba.

Hayward Found Guilty of Murdering Miss Gine.

A Noted Diamond Swindler Arrested in Denver.

THE PACIFIC SQUADRON.

Havana, March 8.—Regarding the report that the Spanish government demanded his recall, Consul General Williams said: "There has been much trouble in the past with the government on various matters. I would have resigned long ago but for my family. The latest trouble arises from the prisoners of war, Aguirre, Camillo and Peraza. They all hold citizenships in the United States. The captain general insisted that they be tried by court martial, while I demanded that their cases be determined by the civil courts and they be allowed lawyers to defend them. I am ready to leave at any time, but will protect American citizens as far as possible while I am here. If I had not been defending these men I would have resigned weeks ago."

A Diamond Swindler.
Denver, Colo., March 8.—George W. Rogers, alias George Kennedy, alias George Davis, was arrested by City Detectives Burlew and Leyden on the charge of obtaining money under false pretenses. Rogers is what is known as a "spongy-weighter," and he is one of the most noted diamond swindlers in the country. He secured \$500 from E. Schuyler, of the Golden Eagle dry goods store, \$500 from a victim who refused to divulge his name, and he was about to defraud W. H. Conley out of \$500 when the detective captured him. Rogers is supposed to be wanted in Kansas City, Chicago, Cincinnati and other large cities for similar transactions.

Now the Money Will Fly.
Washington, March 8.—The increase in the enlisted force of the army of 1,000 allowed by congress will, it is estimated at the department, afford the means to put in commission five ships which have been lying idle at the navy yards. They are the Boston, which has been out of commission at the Mare Island navy yard for nearly a year, meanwhile undergoing extensive repairs; the armored cruiser Maine, built at the New York navy yard, but never in service; the double turreted monitor Amphitrite, begun away back in the Chandler administration and only recently finished at the Norfolk navy yard; the Lancaster, a man-of-war with an honorable record, transformed in the New York navy yards last fall into a school ship for gunners; and the Marion, which was repaired at the Mare navy yard last summer, after long service on the China station. The addition of the Boston and the Marion to the Pacific station will greatly aid the department in its efforts to provide a suitable fleet early next summer for service in the Bering sea patrol.

Missionary Society.
Decatur, Mich., March 8.—The Michigan Christian Missionary association convened here in annual session to-day with prominent members of the society from all parts of the state in attendance. The sessions will continue until Sunday and arrangements have been made for addresses by a number of well known speakers.

A Fair in Austria.
Washington, March 8.—Secretary Morton has been advised through the department of state of an international exhibition of agricultural machinery to be held in Vienna May 5, 6, 7 and 8, 1895. The list of applicants for space from American exhibitors will remain open until April 1, 1895, and all exhibits must be in place the 15th of the same month. Exhibitors whose machinery needs power must supply their own motors, which will be regarded as a part of the exhibit. Arrangements have been made concerning free entry of all exhibits and privilege of transportation over the Austrian railways, and the Austrian government has requested this country to guarantee free re-entry of all exhibits to this country which may not be sold in Austria.

Hayward Case Given to Jury.
Minneapolis, March 8.—The jury in the Hayward murder case have retired to deliberate on a verdict. Erwin finished his argument for the defense to-day. He pointed out that the loan Harry Hayward made Miss Gine had not been attacked in evidence except by the word of Claus Blint. The validity of this loan was the chief defense. It was evident had the police machine been properly set in motion the mystery surrounding Miss Gine's behavior would have been solved in a manner consistent with the noble character of the girl and an innocent man then relieved from the charge under which he now rests. In closing he said this was the most monstrous persecution in history.

It took Judge Douglass Smith forty minutes to read the charge to the jury. He declared the verdict must be guilty, as charged, or not guilty. If the defendant was guilty it was premeditated. He explained the reasonable doubt theory at great length. He continued: "It is

necessary for you to be satisfied that Blint killed Miss Gine and that Hayward incited him. If you retire you are satisfied Blint killed the girl you may proceed; if not do not consider verdict further, but if Harry did incite as charged your verdict will be guilty."

The charge was perfectly satisfactory to both sides and no exception was noted. The ruling passed in Harry Hayward's case was strong in the presence of death. He placed a bet of \$10 this morning that a verdict of acquittal would be reached in a matter of two hours. Court adjourned until 2 o'clock. There is belief among police and deputies on duty at the court room that in case of verdict "not guilty" there will be rioting.

CRIMINALS OF GUITY.
The jury's verdict in the Hayward case is guilty as charged. The verdict is being kept a secret while the prisoner is being conducted back to jail. No one is allowed to leave the court house. Immense crowds are gathering.

TOUCHED IN WHEEL.
Robbers Enter the Residence of Deputy Sheriff Hubbell.

Last night, at 9:30 o'clock, when Mrs. Thos. Hubbell, wife of Deputy Sheriff Hubbell, returned to her home at No. 333 Marquette avenue between Second and Third streets, from a visit to Mrs. Thomas, she was startled to find the front door unlocked. She at once suspected that the house during her absence had been in the hands of robbers, and a hurried investigation proved that her suspicions were well founded. Five hundred dollars in diamonds and jewelry, among these being an old fashioned gold pearl earring, and four suits of clothes, one of which was the wedding suit of her husband, and many other little things were discovered missing.

The robbers were no novices at the business, for every indication reveals the fact that they went about their work systematically, and after getting about the values in the house they later the front door from the inside and quietly sneaked from their criminal pursuit into the darkness and free from capture, by way of the back door.

When the well known deputy sheriff reached home several hours later—he being absent on official business—he was confronted with the cold facts presented above, and took a survey of the premises to justify himself that the robbers, who kindly took possession of his home and helped themselves during his wife's absence, were professional in the art of housebreaking, but that they had first acquainted themselves with the premises before committing the deed.

Mr. Hubbell called at the Citizens of this morning, and stated that it is no time to laugh—he had been touched on the head, and offered a reward of \$500 for the arrest and conviction of the culprits. He was considerably worked up over the robbery, and claimed that some of the diamonds and jewelry taken had been in the family of his wife for years.

With a \$500 reward in hand, and the sleuth hound under Marshal Fornell, the deputy sheriff expects to accomplish the arrest of the robbers in a few days.

The town is well filled with lazy, begging tramps, who are mauling if they can, and are the cause of the robbery in the metropolitan of these undesirable people. They are tramps by inclination and profession, rob and steal at will, and only prevent good men, out of work and with no deserving, from receiving recognition.

DIED ON THE TRAIN.
R. A. McCreck, En Route, Died Last Evening.

Last night, at 8 o'clock, just as the No. 2 passenger train from the west, reached Barry's station, a few miles south of the city, R. A. McCreck, a man of 40 years, his wife and young daughter being present to soothe his last moments on earth. About two months ago Mr. McCreck left Marion, Iowa, his home, for Los Angeles, for his health, accompanied by his family physician, Dr. G. S. McCreck, and he arrived in Los Angeles on the 12th, she and her daughter left Marion for Los Angeles.
