INtricacies of the Law Do Not Interfere with Judge's Own Heart Problem.

By Grace Kieninger

Page 9 of a document titled "The Kenna Record" with the following text: "You don't need me any more. For ten years, we have done each other all the favors of the heart, but my other side. Giving you up to the court was not a decision I've come to with regret, though I am glad that I could help you over the rockies."

The article continues with a humorous and light-hearted tone, discussing various personal and family matters, including a mention of a "little western town in the Buick.

The overall tone of the document is light-hearted and humorous, with a focus on personal stories and experiences. The text is written in a conversational style, with a lot of direct quotes and personal anecdotes. The document is handwritten and appears to be a personal journal or letter to a friend.
CONSTITUTION

PERFECT BABY FOR SUPPRAHARE PEAR

M.M. Young-Paw P fries are unhealthful and unwholesome. They cause the catarrh of the bronchial tubes and can be digested with ease. They rob the body of the vital juices, and when eaten, they do more harm than good. They cause the liver and stom- ach a wear and tear which is absolutely sure to cause an incurable consumptive constitution. Young-Paw P fries are a bane to the feline, bringing on colic. They ferment inside of the body and cause the blood to suffer. A cat that eats Young-Paw P fries is sure to suffer from the nourishment from food that is put into its stomach. All Brought

Little Chance That Valve Culture

Aunt Attempted to Graffiti Old

Palatable the old gentleman had been sitting through the ordeal of losing the valve-culture studio in the hall below. Practicing with a real left leg for reaction, but with a talent by no means so kindly described.

Finally, he crept down the stairs and found himself in the same woman's room.

"Come in," he said in real cordiality. She came to call on a friend of mine, but I have no idea how to get to the place.

"I have given up smoking, but a look at the sign before you enter. It has band back to her inscribed and said of gratitude to the expert who invented the tea."

EXCELLENT

The Army of Madero Revolts

NUTIOUS TROOPS SET FELIX DIAZ AT LIBERTY

The City of Mexico—The army moves. To the City of Mexico, presently expected to press the capital.

The day was marked by four sep- arate engagements. The most con- sequent of them took place in front of the national palace. The most im- portant was that which terminated in the formal surrender of the troops in the artillery barracks. Madero's army, which had taken refuge at the national palace, was surrendered to the French army.

The infantry were led by the national guard, the National Guard, and the Artillery. They had taken refuge at the national palace, and were surrendered to the French army.

Sick to His Stomach

As You Subject
To Constipation

Here is a Simple Way of Correcting It Instantaneously It Becomes Chronic.

You are probably wondering what causes your difficulties. It may be because of unbridled eating habits, or because of a constitutional weakness. It may be due to a nervous system that is out of balance. It may be the result of overwork or underwork. It may have been caused by the use of certain drugs. It may be due to a faulty diet. Whatever the cause, it is certain that if you are not taking care of your system, you will not be able to get over it.

The first step is to take an enema daily. This will help to clear out the accumulated waste matter. The second step is to eat a well-balanced diet, and to drink plenty of water. The third step is to take a constitutional medicine that will help to strengthen the system. The fourth step is to exercise regularly.

The result of these steps will be a more healthful body and a better state of mind. If you follow these instructions, you will find that your system will become more efficient and your health will improve.

Are You Subject to Constipation?

To learn more about this condition, please read the article "What Causes Constipation?" in the May issue of "Health and Home" magazine. This article will give you valuable information and advice on how to overcome your problems.

Winter Storms
Sprains, Bruises

Sprains and bruises are common injuries that can happen to anyone at any time. They are caused by a variety of factors, including accidents, slips, and falls. The severity of a sprain or bruise can vary from mild to severe, and they may require medical attention. Fortunately, there are many ways to prevent and treat sprains and bruises, and you can take steps to minimize the risk of injury and recover quickly.

PREVENTION TIPS

1. Wear proper shoes and footwear to provide support and stability.
2. Use caution when walking on slippery or uneven surfaces.
3. Warm up and stretch before engaging in physical activity.
4. Refrain from participating in high-impact activities if you are feeling unwell or fatigued.
5. Stay hydrated and maintain a balanced diet to support overall health and resilience.

TREATMENT OPTIONS

1. Rest: Avoid any physical activity or weight-bearing until the pain subsides.
2. Ice: Apply an ice pack or cold compress to the affected area for 10-15 minutes, several times a day.
3. Compression: Use an elastic bandage or support wrap to reduce swelling.
4. Pain relief: Over-the-counter medications such as ibuprofen can help alleviate pain and inflammation.
5. Physical therapy: Consult a healthcare professional for a customized treatment plan.

Remember, prevention is key in avoiding sprains and bruises. By taking the necessary precautions and following these tips, you can minimize the risk of injury and recover more quickly from any sprain or bruise that may occur.

Most Important Measure Future New Mexico... Still Hardest Hit by Drought...Pine Forest.

Western Newspapers' Three News Service
New Mexico in Brief

No new mining legislation has been introduced during the session of the New Mexico House of Representatives, which began January 11, but the legislature is expected to take up the subject soon. The New Mexico House of Representatives has introduced a number of bills which would affect the mining industry in the state. The bills include measures to change mining laws in order to make them more effective and to protect the rights of miners. The legislature is also expected to consider matters related to water rights and conservation, as well as measures to address the effects of the ongoing drought on the state's economy.

VALENTINE

A VALENTINE.

CUPID'S ESPECIAL DAY IS THAT OF GOOD-OLD VALENTINE.

CUPID, some person that no other authority knows of, was born on this day, and has been the object of much argument among the learned, as to whether he is a deity, a spirit, or a shadow. It is generally agreed that he is of the nature of an intelligent being, and that he has been known by various names in different countries. He is sometimes called Cupid, and sometimes Saint Valentine; but both names are equally applicable to the same person. He is said to be a native of Rome, and to have been a priest in that city, and to have been put to death for his faith. His feast is observed on February 14th, and is celebrated by the presentation of valentines or cards to each other. These cards are usually decorated with hearts, flowers, and other appropriate symbols of love and affection.

VALENTINE BIRD

The Valentine Bird is a species of bird that is native to the United States and Canada. It is a small, brightly-colored bird that is known for its distinctive appearance. The Valentine Bird is commonly found in parks and gardens, and is often seen perching on fences and bird feeders. It is a symbol of love and affection, and is often associated with the holiday of Valentine's Day.

VALENTINE CARD

Valentine Cards, which are a symbol of love and affection, are exchanged on February 14th, the day that is traditionally celebrated as Valentine's Day. The tradition of giving Valentine Cards dates back to ancient times, and is believed to have originated in ancient Rome, where it was customary to exchange gifts and tokens of love on the feast day of Saint Valentine. Today, Valentine Cards are exchanged all over the world, and are often decorated with hearts, flowers, and other appropriate symbols of love and affection. They are a popular way to express love and appreciation to loved ones, and are often sent to friends, family, and significant others as a gesture of love and affection.
