## SANTA FE SIFTINGS.

### How the Democrats Captured the Territorial Capital.

### The Anti-Thornton Faction Spend Money and Elect their Ticket.

### Trial of the Murderers of Sheriff Frank Chavez Next Week.

#### INTERESTING PERSONAL ITEMS.

Santa Fe, April 3.—In THE CITIZEN on Monday appeared a special dispatch from Santa Fe to the effect that A. P. Hill had been attacked and shot at night with a view to being assassinated. A good many readers of THE CITIZEN have desired this corrected, both for the good name of the town and because nobody believes the yarn. Regularly before any election this young fellow, Hill, gets up a story that he has been attacked, either shot at or hit over the head or something else of the kind, and then the democratic paper here uses this yarn and makes capital against the republicans. No man at all acquainted with Hill and the crowd he runs with believes the story. It is simply made up for political effect. Your correspondent has been requested by several of your patrons to make this correction.

In the trial of Jesus Valpardo and Feliciano Chavez, which took place last week and wherein the jury rendered a verdict of guilty of murder in the first degree, one of the attorneys for the defense, W. H. Pope, partner of Solicitor General Victory, made a very fine speech in which he accused the sheriff of the brutality and on outrageous conduct shown prisoners in the Santa Fe county jail. An application for a new trial for these defendants has been made and will be argued this week.

On the evening before election about twenty republicans were arrested by the police for no cause whatever and the gang that rules this town tried to keep them in jail to keep them from voting. They were all gotten out though, on writs of habeas corpus, Judge Laughlin issuing writs upon application by Delegate T. Catron. As a prominent democrat expressed it, "If you had not enough votes, you make them," and that was one of the ways in which the gang tried to make them.

At a meeting of the board of penitentiary commissioners on yesterday E. H. Bergman was re-elected superintendent for one year and bids for supplies were awarded. Mr. Bergman has made a good record. He was supported by Governor Thornton for the position Sheriff Cunningham was a candidate, but failed to get any votes. Mr. Bergman's supporters are republicans, but has only democratic employees at the penitentiary and most of the appointments are dictated by Governor Thornton. Some of the republicans on the board were dissatisfied with Bergman's record in the matter of appointments, but they voted for him to stay another year because he has a good record as superintendent.

The cases of Frank Berrogo and brother Alford and Valencia, who have been in jail for a year and a half charged with the murder of the late Frank Chavez, expert of the county, are set for next week Judge Laughlin has declined to try them and will get Chief Justice Smith to have them tried and Delegate Catron, who is attorney for the accused, stated the other day on a trial, making strong argument in favor of such a trial and stating that the accused had been in jail for a year and a half, and a trial a half in the case of the Santa Fe jail was worse than ten years in the penitentiary.

The democrats, in yesterday's election, tried the city for mayor, clerk and ward. One ward, the third, which is strongly American, went republican very good majority. W. K. Griffin, republican candidate for treasurer, was elected by a handsome vote. On yesterday afternoon in the first ward, a democratic county official openly spent a hundred dollars in silver for votes and money was used for the election of Kaseley, democratic candidate for mayor. Kaseley in with the democratic faction that is led by Secretary Miller, Sheriff Cunningham, Postmaster Gable and other federal and county officials and very effort was put forth in order to get him to administer a blow to the republican faction. Mr. Weddle, the republican candidate for mayor, is in every way better fitted for the office than Kaseley, who does not bear a good reputation if he is a surveyor general, but hostile elected the latter, and the pressure of the county officials also got him some votes. Kaseley does not have the respect of the community in any way, as he is known to be in with the hostile gang, and a merchant told your correspondent this morning that he would cash no more city warrants as under the coming democratic city administration there would be no check at all as with Kaseley for mayor and seven democratic aldermen the tax payers would be in the soup and city funds would be squandered if not done away with in a worse manner. The best element in the city regrets the success of the democratic ticket very much.

J. H. Vaughn, cashier of the First National bank here, left this morning for the California to stay a couple of weeks and then he will go to the Pacific coast for a month. He has been ailing for some time, and this is a trip to regain his health, if possible.

Col. Max Frost has returned from Denver, where he has been in the interest of the National Irrigation congress, to be held in Albuquerque in September, and where he has secured the aid of the Denver papers in making it a success and to bring about a large attendance.

Hon. D. P. Carr, ex member of the house of representatives of the last assembly, was in the city for two days. He is looking for a newspaper location, either in proprietary capacity or as editor.

Mrs. R. E. Twitchell has been sick during the past three weeks, and is not mending very fast.

Frank Springer, A. A. Jones, L. C. Fort and E. V. Long, shining lights of the law in Las Vegas, were here yesterday and submitted the Jones-Fort controversy as to who was who and which was which in the district attorneyship for Nan Miguel to Judge Laughlin. The case will be heard at a session to-night.

Gov. O. A. Hadley, W. K. Dame, Richard Hudson, Roman A. Baca and J. M. Valdez have left over the Atchison, Topeka and Santa Fe railroad for their homes, and H. J. Young left for Tase county over the narrow gauge. They all attended the meeting of the penitentiary commission here yesterday. Don Abraham Abeytia, of Socorro, did not attend the meeting.

Mrs. T. B. Catron, wife of Delegate Catron, expects to remain here a couple of weeks longer, and then go east to New Haven, Conn.

Rev. G. G. Smith, who has been pastor of the Presbyterian church here for the past ten years, will resign and leave about the first of May, accompanied by his family, for Pittsburgh, Pa.

Hon. J. F. Hinkle, who made a very good record as a member of the 31st legislature, was a visitor here yesterday. He received a warm welcome from many friends.

Disabling engine.

Engine 771, attached to second 34, Conductor Bullen, leaving Gallup at 9 o'clock yesterday morning, was disabled as she was pulling into Mitchell station. The plug connected with the arch bar blew out, sending forth a cloud of steam and water. Both Engineer Mahoney and Fireman Madam had narrow escapes, the latter's left hand being slightly scalded and the instep of his right foot blistered. The dead engine was pulled in by third 34, Conductor Daven and Engineer Smith and got through as a heavy train in good time, arriving at 7:30 p. m. When these trains passed Summit at 11 o'clock, the working force under Harlow and Robins had the night before, out of sight and the new track about completed. The work was quickly and intelligently consummated.

Penitentiary Board.

Col. Dick Hudson, a member of the Territorial Penitentiary board, came down from Santa Fe last night and will remain in the "metropolis of the southwest" during the day, leaving to-morrow morning for his home at Silver City. The board held a meeting yesterday, and let the contracts for supplies for the ensuing six months, a majority of the contracts being secured by A. Staab, he being the lowest bidder. Col. E. Bergman was retained as superintendent of the penitentiary for another year. The following members of the board were present: O. A. Hadley, of Mora; president; Henry Young, of Tase; J. M. Valdez, of Colfax; Roman A. Baca, of Valencia, and Col. Dick Hudson, of Grant. The only member absent was Abraham Abeytia, of Socorro.

Result at Santa Fe.

Santa Fe, N. M., April 3.—The democratic yesterday elected C. F. Kaseley, mayor; Frank Andrews, clerk; Eugene Bena, Marcellino Garcia and Juan Holmes, aldermen; Richard Gorman, H. N. Luta and Marcus Elvidt, school directors. The republican elected W. K. Griffin, treasurer; W. B. Harcourt, alderman; C. A. Spies, school director.

Republican Victories.

Special to Citizen.

E. Las Vegas, N. M., April 3.—There were 558 votes cast here at election yesterday. F. K. Olney, republican, for mayor, has 86 majority; J. K. Moore, clerk, 17; O. B. Erickson, treasurer, 79. Board of aldermen stands H. V. Forester, B. T. Kline and N. T. Rogers, republicans; J. K. Martin, E. L. Hamblin and L. H. Hoffmeister, democrats; C. Hollingsworth and W. H. Barber, republicans, on both tickets. School board—A. B. Smith, Geo. V. Reed, L. C. Fort, L. D. Webb, Edward Henry, H. W. Kelly, C. V. Hildgcock and J. A. Carruth, all republicans.

## THIEF CAPTURED!

### One of the Robbers of the Oriental Store in Jail.

### About Two Hundred Dollars of the Goods Recovered.

### The General Fire Committee on Tomorrow Hold a Meeting.

#### LETTER CARRIER NO. 4

Capt. R. St. Leon, watchman at the Las Vegas depot for the Santa Fe road, arrived in the city last night, having captured a man giving his name as George Dunn, and for the night the latter slept in a cell at the city jail. This morning he was taken over to the county jail.

On last Saturday night, the Oriental store on First street was broken into and robbed of about \$200 in rings, bracelets, charms, gold pins and many other jewelry articles. Marshal Farnoff the next morning used the wire extensively, telegraphing a description of the missing articles. Officer St. Leon was not notified to watch all trains arriving at Las Vegas from the south, and on Wednesday morning, at about 3 o'clock, he arrested a man for breaking the seal on a car. As he was about to take the man off to jail, he noticed a freight train pulling into the yards and he waited until the train came to a standstill, when a man, who was stealing a ride, jumped off. Officer St. Leon, who had the other man in his care, accosted the latter and marched both to the depot. The fellow who jumped off the train desired to know what he was being held for, and when informed by the officer that he was suspicious, the man drew from his vest a dirk, and backing away, defied the officer to search him. The officer grabbed the right wrist of the man, and secured the dirk, whereupon the fellow's clothing was searched and between \$150 and \$200 of the stolen jewelry found, among which was the dirk—pearl handle and silver case. Face to face with the goods, the man admitted the theft and gave his name as that of George Dunn. He also stated that his partner in the robbery, a man calling himself Frank Arnold, has the balance of the stolen goods and that they separated the morning after the robbery at Cerrillos. The dirk has been identified as belonging to Mrs. W. E. Tallott—her residence being entered and robbed of a number of articles the same night the Oriental store was entered.

This afternoon Judge Collier held the preliminary hearing, and bound Dunn over to the next grand jury in the sum of \$500, in default of which he was remanded to the county jail. He will be given a preliminary hearing on the Tallott robbery next week.

The Fire Committee Meet.

The general fire committee of the Albuquerque fire department, recently appointed to begin the preliminaries in connection with this city being represented at the Territorial Firemen's tournament, to be held at Santa Fe on July 3, 4 and 5, met last night and organized, by the election of a chairman, secretary and treasurer. H. D. Johnson being chosen to fill the two last named offices. Messrs. Yonker and Cundiff were appointed a committee to arrange for a horse running team and get together the team's paraphernalia and to personally grease the cart and see that everything is in condition for a successful meet in July. This important committee will confer with the captain of the team, to be named later on. B. Ruppe will be chosen chairman of the running committee. The members of the committee talked upon several matters pertaining to the tournament, and finally agreed to adjourn to meet again at the office of H. D. Johnson next Thursday night.

Appointments.

P. J. McGrath, formerly distributing clerk at the local postoffice, was this morning appointed by Postmaster Grunfeldt letter carrier No. 4. D. E. Phillips was named as the superintendent of the letter carrying force. The only vacant places now, under the postmaster, are the distributing clerk, vice McGrath, promoted, and two substitute letter carriers, all subject to civil service examination to be held at Albuquerque June 10, and all applications must be handed to the postmaster before that date. In a few days Postmaster Grunfeldt will announce temporary appointments to fill the positions until the June examination.

Republican Victories.

E. Las Vegas, N. M., April 3.—There were 558 votes cast here at election yesterday. F. K. Olney, republican, for mayor, has 86 majority; J. K. Moore, clerk, 17; O. B. Erickson, treasurer, 79. Board of aldermen stands H. V. Forester, B. T. Kline and N. T. Rogers, republicans; J. K. Martin, E. L. Hamblin and L. H. Hoffmeister, democrats; C. Hollingsworth and W. H. Barber, republicans, on both tickets. School board—A. B. Smith, Geo. V. Reed, L. C. Fort, L. D. Webb, Edward Henry, H. W. Kelly, C. V. Hildgcock and J. A. Carruth, all republicans.

#### THE ALBUQUERQUE ELECTION.

The election yesterday was almost a repetition of last spring—a genuine Watson defeat for the democracy—except the Clevelandites pulled out of the ruble the alderman and school trustee in ward 4, the school trustee in ward 1, and the city treasurer. Otherwise the defeat is as disastrous, if not more so, than the famous spring election of 1894.

The vote of the city by wards is told in the following pleasing republican figures:

WARD 1.

For mayor—Baldrige—105

## BUILDING BLOWN UP!

### Explosion in New Orleans Causes Terrible Disaster.

### Four Persons Killed in a Railroad Wreck in Ohio.

### Indian Territory Bandits Shot to Death by a Marshal's posse.

#### MURDERER CONVICTED AT SANTA FE.

New Orleans, April 5.—About 2 o'clock this morning an explosion from some unknown cause occurred at the corner of Decatur and Tremaine streets, in a two-story brick building containing two stores on the ground floor. One was occupied by Knott Bonlett as a drinking saloon and the other by Charles Salathie as a grocery and ship chandlery. The building was near the lower end of the French market, separated from it by a narrow street. Little tongue of flames began shooting up from the debris, and by this time the onlookers had recovered from the shock and set about to think of some means of rescue for the unfortunate who were imprisoned in the smoking mass of brick and timber. Alarm of fire was sounded and the firemen did effective work saving the adjoining buildings. The firemen poured water on the debris to save the dead from cremation. Archbishop Janssen and a number of his clergy were among the first on the scene.

At 2 o'clock this morning two bodies were recovered. They were identified as those of Charles Salathie and wife. At daylight the work of removing the ruins began. At 8 o'clock the workmen came across the mangled body of Felix Rigot, barkeeper. Near where Rigot was lying the body of James Edwards, employee of a fish stand in the market, was found. It was ascertained that he entered the saloon a few minutes before the explosion, with a basket of shrimps.

While police are inclined to believe the explosion was the result of accident, people residing in the vicinity of the wrecked building are of entirely different opinion. They state openly that the explosion was an attempt to kill Bonlett, who had such a notorious escape.

Bonlett is the Frenchman who two years ago shot and killed one of the wealthiest Italians doing business in the vicinity of the French market. This man, Aristide Balistracci, and Bonlett were in the saloon business together. Bonlett's wife contracted a liaison with Balistracci, which caused Bonlett to leave her. Balistracci would consequently taunt Bonlett with dishonor but was always surrounded by friends when doing so. The Italian also threatened to kill the Frenchman. Two years ago they met in the French market and Balistracci, who was carrying a cane, drew from its sheath a large sword with which he attacked Bonlett. The latter drew a revolver, fired and killed the Italian. The trial resulted in Bonlett's acquittal. Ever since then Bonlett has been looked upon as a marked man. His friends tried to persuade him to leave the city, or at least stay away from the market, but he refused.

Last night he occupied a room in the barroom on the second floor and it is believed the explosion was done for the simple purpose of killing him. A private watchman standing opposite the market when explosion occurred believes the explosion was an accident. The dead so far recovered are: Charles Salathie, grocer, Mrs. Salathie, his wife and the 14-month-old infant of Mr. and Mrs. Salathie; Felix Rigot, bar keeper for Abs. Descent; James Edwards, employed by Bartholme.

Injured: Felix Rigot, aged 5, badly bruised; Edward Salathie, aged 4, bruised; Charles Reese, driver, jaw fractured; I. Valiente, skull fractured; Tom Anderson, colored, slightly injured.

C. H. Witty, collector of the French market, was standing on the corner opposite a saloon when the explosion took place. Witty said the explosion was accompanied by a terrible sound, apparently half smothered, as if blown up from the bottom of the building. The office trembled and then went up with a tremendous convulsion, throwing parts of the building high in the air, tearing down the Tremaine street wall and part of the Decatur street wall. The explosion was followed by a big blaze that went high into the air and then subsided somewhat. The walls and debris came down with a crash and immediately the air was full of smoke and dust blown every where from the grocery store. People in the two buildings, as far as known, were as follows: C. J. Salathie, owner grocery store, with wife and four children; two of the latter were saved; Felix Rigot, barkeeper, 15-year-old boy, missing; Knott Bonlett, who slept over a saloon, and who escaped; Joseph Grunwaldt and Mike Borel, frequenters of saloon, supposed to be there at the time and who are missing.

Water was pumped on the debris, and a large force of men started to clear away the debris under which it was supposed the bodies lay. Bonlett was unconscious when dug out of the debris, but not hurt except a few scratches.

Right: With Bonlett.  
Hennessy, O. T., April 5.—Part of the

prison in pursuit of the bandits who robbed the Rock Island train near Denver Wednesday night, came upon the gang 35 miles west of Hennessy at 3 o'clock yesterday afternoon. A fight ensued, in which one of the robbers was killed and two others wounded. As soon as the robbers were sighted, the posse jumped from their horses and used them as breasting. While the robbers made an attempt to retreat, the posse fired and were shot from under their horses. One man was killed. Another fell from his horse, but he managed to get away. Another was badly hurt, but he was not needed in getting away. The posse gave chase to the retreating and law and finally cornered them in a bunch of timber about two miles from the scene of battle.

The dead man was found this morning at 11 o'clock last night and was positively identified as Dick Yates, alias "Big Wyatt," on whose head there is an aggregate reward of \$5,000, including \$1,000 offered yesterday by each of the robbers of the Rock Island. It was identified by United States Marshal Timmes and G. C. Kemper, a farmer, who was acquainted with Wyatt. It was also identified as one of the Denver robbers by the entire train crew the morning as they passed here. Constable Mack says he was the leader. In his possession was found a sack which the posse was compelled to hold while the possemen deposited the bodies in it.

Protecting American Citizens.

Washington, April 5.—The United States ship Marblehead, now at Gibraltar, was called yesterday by Secretary Herbert to proceed with dispatch to Smyrna, Syria. The commander-in-chief of the European station, who will sail immediately on the San Francisco, now at Palermo, for Smyrna, was instructed to order the vessels of his command also to visit Alexandria and confer with the United States consuls and resident American citizens, and if found there are good grounds for apprehensions expressed in these quarters concerning a probable massacre of Christians, to intimate to the responsible authorities that this government will afford full protection to American citizens living peacefully in that part of the world under its treaty guarantees.

Another Frightful Wreck.

Alton, Ill., April 5.—A fearful wreck occurred this morning at Wood River bridge, on the Chicago and Alton cutoff, about half a mile north of East Alton. A long, heavy freight train was coming down the grade, when the middle of the train bogged out and fifteen cars were piled on top of each other. Four men were killed outright and two fatally injured. None are known, but they are supposed to be tramps stealing a ride. The incident is being held at East Alton. The wreck was caused by the train being too heavily loaded behind, and when the brakes were put on the front cars, the weight behind was broken on to the flat car in the middle of the train, crushing it to atoms and wrecking the other cars.

Memorial on a Battle Field.

Pittsburg Landing, Tenn., April 5.—The national reunion of the survivors of the army of the Tennessee, the Ohio and the Mississippi, opened today on the battle field of Shiloh. The attendance, so far, is not large, but heavy contingents are expected this afternoon and to-morrow, when the formal exercises will be held. Illinois, Iowa, Indiana and other northern states are represented by delegations officially appointed by the respective governors, and so are Tennessee, Mississippi, Kentucky and other southern states. To-morrow there will be a general fraternization between the men who wore the blue and those who wore the grey.

Fatal Railroad Wreck.

Zanesville, Ohio, April 5.—Four persons were killed outright and a fifth fatally injured in a wreck on the Bellefonte, Zanesville and Cincinnati narrow gauge at a trestle five miles west of Sumnerfield this morning. A coach jumped the track as the train was approaching a trestle situated on a curve. The coach ran on the tie half way across and then the engine also left the rails, carrying down five tons of ties to the ravine below. El. Lucas, engineer, whose family reside in this city, was instantly killed. Mrs. E. Young and little daughter, of Sumnerfield, and a resident of Bellefonte suffered the same fate. Jesse Jones, fireman, is fatally injured.

Lord Is nominator.

Pomery, Ohio, April 5.—An attempt was made at Minerva, early this morning to blow up with dynamite the family boat of John Fortes, a miner injured to take the place of striking miners. The boat was badly shattered but no lives were lost. Fourteen men have taken the places of old miners in the Williams mine and serious trouble is feared. The situation is desperate in Minerva.

Indian Murderer Halted.

Winnepeg, Man., April 5.—A Glenshen dispatch says the Indian murderer of Government Officer Skynner, of the Blackfoot reservation, was finally captured and shot dead by a mounted posse of police last night. The murderer made a desperate fight to the last.

Verdict of Guilty.

Santa Fe, April 5.—At 12 o'clock last night the jury returned a verdict of murder in the first degree against Roberto Forster, for the murder of Nathan Baca at Cerrillos, October 14, 1893.

## AYER'S Cherry Pectoral

SAVED HIS LIFE

So says Mr. T. M. Reed, a highly-respected Merchant of Middletown, Ill., of a Young Man who was supposed to be in Consumption.

"One of my customers, some years ago, had a son who had all the symptoms of consumption. The usual medicine afforded him no relief, and he lay in bed until he was unable to leave his bed. His mother applied to me for some remedy, and I recommended Ayer's Cherry Pectoral. The young man took it according to directions, and soon began to improve until he became well and strong."—T. M. Reed, Middletown, Ill.

"Some time ago, I caught a severe cold, my throat was very badly inflamed, and I had a terrible cough. It was supposed that I was a victim of consumption, and my friends had little hope of recovery. But I bought a bottle of Ayer's Cherry Pectoral, took it, and was entirely cured. No doubt, it saved my life."—J. Jones, Everts Cove, Tenn.

CANNING FACTORY.

A Company Organized Last Night—Ready in a Short Time.

Last night, a canning factory company was organized in this city, with K. Mandell, of New York, president; David Weiler, secretary and treasurer, and C. D. Anderson, manager. Articles of incorporation are being drawn up, and will be sent to the territorial secretary at Santa Fe in a few days.

The company has secured the lease of the frame house on First street, opposite the Windsor hotel and which face the railroad track, and will put them in proper condition for the commencement of work on the ripening of vegetables and fruits.

This is an enterprise which will be hailed with delight by farmers, fruit raisers and gardeners of central New Mexico, and will afford them a market, at their doors, where they can dispose of their surplus produce, which heretofore has been allowed to rot for want of purchasers.

THE CITIZEN wishes the promoters success, and can vouch for the fact that this bit of enterprise on the part of Mr. Mandell and the firm of Weiler & Anderson will be received with genuine approval by the citizens of this city and the Rio Grande valley.

Las Vegas Tonnage.

Our base ball boys should get a hump on themselves. Las Vegas has some of the best base ball talent in the territory and can win a team in the field that would be hard to beat. Just lay professional jealousy aside, boys, and see what you can do.

This above is from the Las Vegas Examiner. The Albuquerque club were re-organized for the coming season the other day, and the young local tonners are getting themselves in trim to tackle any club coming this way. They would like to arrange a series of games with the Las Vegas club, and hope that the "Meadow City" boys will organize at an early date.

## Weak, Irritable, Tired

"I Was No Good on Earth."

Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease.

"About one year ago I was afflicted with nervousness, sleeplessness, constant nervousness, and a feeling of great weakness. My head was very sore, and I was unable to do any work. I was very weak, irritable and tired. My weight was reduced to 100 lbs. In fact I was no good on earth. A friend brought me Dr. Miles' Nervine, and I finally decided to try a bottle of it. I was very nervous, and I had taken one bottle I could sleep as well as a boy-old boy. My appetite was coming, and I was feeling better. I was very weak, irritable and tired. My weight was reduced to 100 lbs. In fact I was no good on earth. A friend brought me Dr. Miles' Nervine, and I finally decided to try a bottle of it. I was very nervous, and I had taken one bottle I could sleep as well as a boy-old boy. My appetite was coming, and I was feeling better. I was very weak, irritable and tired. My weight was reduced to 100 lbs. In fact I was no good on earth. A friend brought me Dr. Miles' Nervine, and I finally decided to try a bottle of it.
