Course Reserves are now available for Spring 2022

by Kaylee Nauer on January 14th, 2022 in [Teaching & Learning](#) | [0 Comments](#)

Course reserves at HSLIC are now available for the Spring semester! You can find materials on reserve for your course in the [Course Reserves module](#) in Discovery—search by your course name (e.g. Dental Public Health), abbreviation (e.g. DEHY 422), department (e.g. Dental Hygiene), or instructor (e.g. Smith). Simply click on your course for easy access to electronic material and to see the status of print books.

Print reserves are now available 24/7 by badge access! They are located on the 2nd floor to the left of the elevators and can be checked out at the front desk during library hours (M-F/8am-5pm) or used within the building any time after hours. We also have an overhead scanner available near Course Reserves to scan any material needed.

Contact our [Course Reserves manager](#) if you have any questions or need help accessing your course materials!
